GAYLORD HOTELS ADVANCE BOOKINGS PACING AHEAD OF 2002;  
SHAREHOLDER VOTE TO APPROVE RESORTQUEST ACQUISITION SCHEDULED FOR NOV. 18;  
LIQUIDITY ENHANCED WITH COMMITMENT FOR \$65 MILLION REVOLVING CREDIT FACILITY

NASHVILLE, TENN. (Nov. 4, 2003) — Gaylord Entertainment Company (NYSE: GET) today reported its financial results for the third quarter of 2003.

For third-quarter 2003, consolidated revenues from continuing operations were \$98.1 million, a decrease of 2.3% from \$100.4 million in the same period last year. Consolidated operating loss for third-quarter 2003 was \$7.9 million compared to operating income of \$18.3 million in third-quarter 2002. Operating income for third-quarter 2002 includes a pre-tax gain of \$20.0 million related to the Company's sale of its interest in the Opry Mills shopping center. For third-quarter 2003, the Company recorded net income of \$10.7 million, or \$0.32 per diluted share, down from net income of \$100.0 million, or \$2.96 per diluted share, for third-quarter 2002. The third-quarter and year-to-date 2003 net income figures include an approximate \$35.5 million after-tax gain from the sale of WSM-FM and WWTN-FM radio stations. Adjusted EBITDA<sup>(1)</sup> was \$11.8 million in third-quarter 2003 compared to \$16.0 million in the same quarter of 2002.

For the nine months ended Sept. 30, 2003, consolidated revenues from continuing operations were \$318.0 million, an increase of 7.4% from \$296.0 million in the same period last year. Consolidated operating loss for the first nine months of 2003 was \$4.5 million compared to operating income of \$11.4 million in the first nine months of 2002. Operating income for the first nine months of 2002 includes a \$30.5 million pre-tax gain related to the Company's sale of its interest in the Opry Mills shopping center. The Company had net income in the nine-month period ending Sept. 30, 2003, of \$15.6 million, or \$0.46 per diluted share. This compares to net income of \$97.8 million, or \$2.89 per diluted share, in the first nine months of 2002. Adjusted EBITDA for the first nine months of 2003 was \$51.8 million compared to \$39.8 million in the same period of 2002, an increase of 29.9%.

Commenting on the Company's results, Colin Reed, president and chief executive officer of Gaylord Entertainment, said, "After the closing of the acquisition of ResortQuest International, we will have under our stewardship three nationally recognized brands — including Gaylord Hotels and the Grand Ole Opry — in the hospitality and entertainment segments and will be poised to accelerate growth and create additional value for our shareholders. These businesses all have significant potential to grow on their own. In addition, we will actively cultivate the cross-marketing opportunities that exist among them. As we develop these brands more fully and cross-market them to our large customer base, we expect to grow our cash flow significantly."

## SEGMENT OPERATING RESULTS

### HOSPITALITY

Consistent with the Company's expectations and as discussed in the second-quarter 2003 earnings call, Hospitality revenue per available room(2) ("RevPAR") and total revenue per available room(3) declined during the third-quarter 2003 due to both a customer mix shift, and accommodations to groups needing to move their meetings from third-quarter 2003 to 2004. As a result, RevPAR decreased 3.3% to \$93.90 in third-quarter 2003 compared to third-quarter 2002. Occupancy rose 1.4 percentage points to 70.5% while average daily rate ("ADR") declined \$7.36 to \$133.26. In addition, total revenue per available room, which includes items such as food and beverage, decreased 2.8% to \$196.07 in third-quarter 2003 compared to third-quarter 2002. Hospitality revenues were \$82.8 million in third-quarter 2003, a decrease of 2.7% over third-quarter 2002. Hospitality operating income was \$1.9 million in third-quarter 2003 compared to an operating income of \$6.6 million for third-quarter 2002.

Hospitality Adjusted EBITDA was \$18.7 million for third-quarter 2003, a decrease of \$2.7 million over the same period last year. Hospitality Adjusted EBITDA margins decreased from 25.1% in third-quarter 2002 to 22.6% in third-quarter 2003 primarily due to a lower ADR and an unfavorable shift in customer mix, which resulted in lower food and beverage revenue per room. Pre-opening expenses were \$3.3 million and \$1.9 million for the third quarters of 2003 and 2002, respectively. Due to the effect of GAAP straight-line lease payment recognition on the Gaylord Palms ground lease, non-cash lease expense included in operating income was \$1.6 million for third-quarter 2003 and third-quarter 2002.

At the property level, Gaylord Opryland Nashville generated RevPAR of \$93.46 in third-quarter 2003 versus \$96.71 in third-quarter 2002. Occupancy increased 2.0 percentage points to 70.7% while ADR decreased 6.1% from third-quarter 2002 to \$132.25. Total revenue per available room was \$186.45 in third-quarter 2003, an increase of 1.5% from the same period in 2002.

Gaylord Palms generated RevPAR of \$103.00 in third-quarter 2003, a 3.5% decrease from \$106.72 in the same period of 2002. Total revenue per available room at Gaylord Palms was \$243.58 in third-quarter 2003, a 9.0% decrease from third-quarter 2002. The property achieved an improved occupancy rate during third-quarter 2003 of 70.0%, up from 68.6% in third-quarter 2002, which partially offset the impact of a 5.4% decrease in ADR. According to Smith Travel Research, Gaylord Palms posted a 124% and 119% fair share RevPAR index in third-quarter and year-to-date periods of 2003, respectively. Gaylord Palms' year-to-date 2003 RevPAR ranks it No. 1 among its in-market competitive set of convention properties.

For third-quarter 2003, Gaylord Hotels recorded bookings of approximately 308,000 net definite room nights for all future periods with 37% of all large group bookings being rotational in nature as compared to 29% in the same period of 2002. Net room nights booked during the first nine months of 2003 were 21% greater than those booked during the same period of 2002. "The leading indicators for our business continue to strengthen. The number of advance booking contracts entered into this quarter, our exceptional

customer service delivery and the significant presence of rotational bookings indicate that our focus on large group meetings is resonating with the meeting planner,” Reed said.

Customer satisfaction levels at both Gaylord Palms and Gaylord Opryland Nashville are now consistently meeting or exceeding internal benchmarks. In third-quarter 2003, employees at both properties achieved the highest tier of customer satisfaction incentive bonus payouts. These strong service levels and advance bookings indicate strong occupancies for future periods.

Both properties received a number of industry accolades during third-quarter 2003. Gaylord Opryland Nashville and Gaylord Palms were winners of Meetings and Conventions magazine’s “Gold Key” and “Gold Platter” awards for 2003. Both resorts also won Association Meetings’ Inner Circle Award, which is bestowed upon only 30 properties nationwide for delivering exceptional service, excellent room-rate value, flexible function space, and superior food and beverage quality.

Gaylord Opryland Texas Resort & Convention Center, which is scheduled to open in April 2004, has completed the assembly of its executive management team. The Company remains confident that the property will open on time and on budget. As of third-quarter 2003, the Company had invested approximately \$330.3 million in cash on the project and expects to invest an additional \$151.0 million to complete construction and open the project.

## ATTRACTIONS

Attractions revenues were flat at \$15.3 million in third-quarter 2003, compared to third-quarter 2002. Operating income in the Attractions segment was \$0.8 million in third-quarter 2003 compared to operating income of \$1.4 million in third-quarter 2002. Attractions Adjusted EBITDA decreased to \$2.0 million in the latest quarter from \$2.7 million in the same period last year.

Grand Ole Opry revenues increased modestly in third-quarter 2003 over the same period last year. The Grand Ole Opry continues to draw large audiences and is benefiting from extensive marketing efforts and expanded distribution avenues. Last month, the Company began its partnership with Great American Country network (GAC), which now broadcasts its popular show, Grand Ole Opry Live, six times weekly to a national cable audience. The Grand Ole Opry incurred nonrecurring consulting expenses in third-quarter 2003 related to the development of its merchandise program and its transition of cable distribution to GAC. The Company expects the Grand Ole Opry to benefit financially from these changes in future periods.

“Our strategy is to increase distribution of the Opry’s valuable content, which creates value for both the artists who play on the Opry stage and the millions of fans who experience the music around the world,” Reed said. “Moving Grand Ole Opry Live to GAC increases the frequency of overall and prime time television airings. In addition, America’s Grand Ole Opry Weekend can now be heard nationwide on approximately 205 radio stations and worldwide on the Armed Forces Radio Network. I am very pleased with the progress we have made on our various syndication and distribution agreements — particularly given one year ago the Opry’s radio distribution was limited to our single WSM-AM radio station.”

## CORPORATE AND OTHER

Corporate and Other operating loss totaled \$10.7 million for third-quarter 2003, compared to an operating income of \$10.2 million for third-quarter 2002. The third-quarter 2002 operating income included an approximate \$20.0 million gain related to the Company's sale of its interest in the Opry Mills shopping center. Corporate and Other operating losses included non-cash and non-recurring charges of \$1.8 million and \$1.7 million for the third quarters of 2003 and 2002, respectively. These charges account for items such as depreciation, amortization and the non-cash portion of the Gaylord Entertainment Center naming-rights agreement expense.

## PENDING RESORTQUEST INTERNATIONAL ACQUISITION

The Company's announced acquisition of ResortQuest International is proceeding ahead of schedule. Gaylord has already received all necessary regulatory approvals, and both companies have scheduled shareholder votes for Nov. 18, 2003, to approve the transaction. The Company now expects this acquisition to close in fourth-quarter 2003. The acquisition of ResortQuest International will broaden Gaylord's hospitality offering within the leisure market, and leverage Gaylord's brand development expertise and multiple distribution channels.

## LIQUIDITY

At Sept. 30, 2003, the Company had total long-term debt, including current portion of long-term debt, outstanding of \$468.4 million and total unrestricted and restricted cash of \$175.3 million.

The Company has received a commitment from certain of its bank lenders to provide a \$65 million revolving credit facility following repayment of amounts outstanding under the Company's current senior secured credit facility. It is expected that the revolving credit facility will be for a term of two-and-a-half years, and borrowings will bear interest at a rate of LIBOR plus 3.50% or prime rate plus 2.25%. The revolving credit facility is being arranged by Deutsche Bank Securities Inc. and Banc of America Securities LLC. Effectiveness of the revolving credit facility, which will replace the Company's existing \$25 million revolving credit facility, is subject to customary closing conditions.

The Company expects to exercise the first of the two one-year extension options on its \$201.2 million senior loan to extend beyond the stated maturity date of March 31, 2004.

"Our recently announced financing transactions provide us with increased liquidity and a flexible capital structure," said David Kloeppel, chief financial officer of Gaylord Entertainment. "We are now better positioned to capitalize on growth opportunities that fit within our strategic plans."

## OUTLOOK

1 Adjusted EBITDA (defined as earnings before interest, taxes, depreciation, amortization, pre-opening costs, non-cash lease and naming rights agreement expenses, as well as other unusual or non-recurring or non-cash items) is presented supplementally herein because the Company believes it allows for a more complete analysis of operating performance by presenting an analysis of operations separate from the earnings impact of capital transactions and without non-cash items and items that do not impact our ongoing operations such as pre-opening costs, restructuring charges, gains on the sale of assets, and impairment and other charges. The Company also believes Adjusted EBITDA provides an additional measure of its ability to service debt, fund capital expenditures and grow its business. This information should not be considered as an alternative to any measure of performance as promulgated under accounting principles generally accepted in the United States (such as operating income, net income or cash from operations), nor should it be considered as an indicator of overall financial performance. Adjusted EBITDA does not fully consider the impact of investing or financing transactions, as it specifically excludes depreciation and interest charges, which should also be considered in the overall evaluation of results of operations. The Company's method of calculating Adjusted EBITDA may be different from the method used by other companies and therefore comparability may be limited. A reconciliation of Adjusted EBITDA to net income or segment operating income is presented in the Supplemental Financial Results of this release.

2 The Company calculates revenue per available room ("RevPAR") by dividing room sales for comparable properties by room nights available to guests for the period.

3 The Company calculates total revenue per available room by dividing the sum of room sales, food & beverage, and other ancillary services revenue for comparable properties by room nights available to guests for the period.

**RESORTQUEST INTERNATIONAL ANNOUNCES THIRD QUARTER 2003 FINANCIAL RESULTS**

***Company Reports 3.7% Increase in RevPAU as Third Quarter Rebounds***

Destin, FL, November 4, 2003 – ResortQuest International, Inc. (NYSE: RZT), the nation's leading property manager of vacation condos, homes and villas, today announced financial results for the third quarter ended September 30, 2003.

**Third Quarter Highlights**

The following are operational highlights from the third quarter:

- Revenue per available unit ("RevPAU") comparisons increased 3.7% in the third quarter 2003 as compared to prior year.
- Third quarter 2003 occupancy increased 2.8 percentage points over the prior year quarter.
- The Hawaii market continued its strong rebound, evidenced by a 10.1% increase in gross lodging revenues driven by an 11.3 percentage point improvement in occupancy.
- ResortQuest announced three new resort management agreements, two in southwest Florida and one in Telluride, Colorado.
- Company launched its "Catch More Air" promotion in October designed to drive existing customers to ResortQuest's winter destinations.
- The previously announced acquisition of ResortQuest by Gaylord Entertainment Company (NYSE:GET) has received necessary regulatory approvals and both companies have scheduled special meetings of their shareholders for November 18, 2003 to vote on the transaction. The Company now expects the transaction to close in the fourth quarter of this year.

**Third Quarter Results**

ResortQuest reported revenues of \$58.2 million for the third quarter of 2003, which are slightly higher than revenues of \$58.0 million for the prior year third quarter. Included in both periods is other revenue from managed entities that primarily relates to reimbursed payroll expense and related benefits. The Company reported net income for the third quarter of 2003 of \$3.2 million, compared to net income of \$5.4 million in 2002. This translates to diluted earnings per share of \$0.16 in the third quarter of 2003, as compared to diluted earnings per share of \$0.28 in the third quarter of 2002. The number of ResortQuest diluted shares outstanding for the third quarter of 2002 and 2003 was 19.3 million and 19.4 million, respectively. Included in the third quarter of 2003 are \$2.0 million of general and administrative expenses related to the Company's relocation to Destin, Florida, and transaction costs associated with the Company's pending acquisition by Gaylord Entertainment. Third quarter 2003 net income was also adversely impacted by a 51.6% increase in net interest expense over the comparable prior year period, primarily due to a 1.4% debt amendment fee agreed upon in the first quarter of 2003. Included in the third quarter of 2002 are \$625,000 of general and administrative expenses associated with the Company's evaluation of Gaylord Entertainment's earlier proposal to acquire the Company during 2002 as discussed in detail in Gaylord Entertainment's Form S-4, as filed with the Securities and Exchange Commission, in conjunction with its proposed acquisition of ResortQuest. The Company reported EBITDA<sup>(1)</sup> of \$11.2 million in the third quarter of 2003 compared to \$12.1 million in the third quarter of 2002, a 7.5% decline.

---

For the nine months ended September 30, 2003, total revenues declined 1.7% to \$153.2 million. EBITDA for the nine-month period declined 14.8% to \$21.8 million compared to \$25.6 million in the first nine months of 2002. Net income for the nine-month period was \$5.2 million, and diluted earnings per share was \$0.27. Included in the nine months ended September 2003 are \$2.7 million of general and administrative expenses related to the Company's relocation to Destin, Florida, and transaction costs associated with the Company's pending acquisition by Gaylord Entertainment. The first nine months of 2003 net income was also adversely impacted by a 41.6% increase in net interest expense over the comparable prior year period, primarily due to a 1.4% debt amendment fee agreed upon in the first quarter of 2003. Included in the nine months ended September 30, 2002 are \$1.1 million of items that management considers as other charges comprised of \$625,000 associated with the Company's evaluation of Gaylord Entertainment's earlier proposal to acquire the Company, \$427,000 relating to a study to explore financing and strategic growth alternatives, and \$75,000 for professional fees resulting from employee-related matters. Additionally, in the first quarter of 2002, the Company recorded, upon the adoption of a new accounting principle, an after-tax non-cash goodwill charge of \$6.3 million related to its Desert resorts.

"The third quarter realized a rebound of our lodging business as occupancy and RevPAU trended upwards over the prior year," said Jim Olin, President and Chief Executive Officer of ResortQuest. "Improved occupancy in Hawaii and strong average daily rate ("ADR") in Northwest Florida were the primary growth drivers, and we are excited to see the early signs of a broad industry turnaround. Not including our relocation and Gaylord Entertainment transaction costs, we realized \$13.2 million in Adjusted EBITDA, our strongest quarter since the third quarter of 2000. We also are currently forecasting significant improvement in RevPAU trends for the fourth quarter of 2003 as compared to prior year. We estimate company-wide RevPAU improvement in the 6-8% range for the fourth quarter of 2003."

### **Third Quarter Operating Highlights**

Total gross lodging revenues were \$136.2 million for the third quarter of 2003, compared to \$135.3 million in the third quarter of 2002, representing a 0.7% increase. Total occupancy for the quarter increased to 58.7% from 55.9% in the third quarter of 2002, while average daily rate for all lodging in the quarter decreased 1.3% to \$161.58, as compared to \$163.72 in 2002. During the quarter, the Beach resorts, which include the majority of the drive-to destinations, experienced a 2.8% decrease in gross lodging revenues to \$84.8 million primarily driven by a 3% decline in units under management. The Hawaii resorts' gross lodging revenues increased 10.1% to \$41.8 million in the third quarter of 2003 from \$38.0 million in the third quarter of 2002 as Hawaii continued to experience a strong rebound in occupancy levels. The Company experienced a 4.6% decline in the Mountain resorts' gross lodging revenues primarily due to a 4.7% decrease in units under management, while its Desert properties recorded a slight increase in gross lodging revenues.

---

## Balance Sheet

At September 30, 2003, the Company had \$15.8 million in total cash and total debt of \$83.9 million, which generated a debt to total capitalization of 39%. As of November 3, 2003, the Company had yet to draw on a \$10 million working capital line of credit provided by Gaylord Entertainment in conjunction with its previously announced acquisition of ResortQuest.

## Gaylord Entertainment Acquisition Update

The transaction has received necessary regulatory approvals, and both companies have scheduled special meetings of their shareholders for November 18, 2003 to vote on the transaction. The Company now expects the transaction to close in the fourth quarter of this year.

- (1) EBITDA, defined as earnings before interest, taxes, depreciation and amortization, is presented as supplemental information in the discussion of operating results above and in the accompanied financial tables because the Company believes that analysis of EBITDA (a non-GAAP measure), along with other GAAP measurements, provides a more comprehensive representation of the Company's financial performance. EBITDA is commonly used in the lodging industry as a measure of performance and as a basis for valuation of lodging companies. EBITDA should not be regarded as an alternative or replacement to any GAAP measurement of performance. All companies do not calculate EBITDA in the same manner. As a result, EBITDA as presented by our Company may not be comparable to similar titles presented by other companies. See the following reconciliation of EBITDA to net income.
