Company Highlights

Total Stockholder Return

As shown in the table below, we have delivered significant value to our stockholders over the last one, three and five years, based on total stockholder return, or TSR⁽¹⁾.

⁽¹⁾ TSR is equal to stock price appreciation plus dividends, with dividends reinvested quarterly. For more information with respect to the comparison of our TSR with that of the S&P 500 Index and the FTSE NAREIT Equity REITs Index over the applicable time periods, please see the *Compensation Discussion and Analysis* on page 33.

Financial Highlights

We believe that our results in 2017 reflect the continued overall strength of our Hospitality business segment, particularly the group meetings sector in which we focus. In addition, the growth in our Entertainment business segment in 2017 continued to reflect our strategic focus on expanding this business and the continued popularity of the country music genre and Nashville as a tourist destination. Our 2017 financial highlights included:

<i>Increased Revenues</i>	<i>Increased Profitability</i>	<i>Dividend Growth</i>
\$1.06 billion of Hospitality segment revenue (up 1.9% from 2016)	\$176.1 million of net income (up 10.5% from 2016)	\$3.20 per share annual cash dividend in 2017 (up 6.7% from 2016)
\$125.1 million of Entertainment segment revenue (up 14.1% from 2016)	\$360.8 million of Consolidated Adjusted EBITDA (up 3.0% from 2016) ⁽²⁾	\$163.7 million in total cash dividends (paid for 2017 fiscal year)

We believe that, as a result of our efforts in 2017, we are better able to meet our corporate objectives of increasing funds available for distribution to our stockholders and creating long-term stockholder value. You can find more information about our 2017 financial and operating performance in the *Compensation Discussion and Analysis* beginning on page 33.

⁽²⁾ Consolidated Adjusted EBITDA is a non-GAAP financial measure. For a definition of Consolidated Adjusted EBITDA and a reconciliation of this non-GAAP financial measure to consolidated net income (the most comparable GAAP financial measure), and an explanation of why we believe Consolidated Adjusted EBITDA presents useful information to investors, see Appendix A.

Compensation Highlights

Objectives

In order to achieve our corporate strategic objectives and to attract, retain and motivate a team of qualified, talented and knowledgeable executives who are capable of performing their responsibilities, we design our executive compensation with the intent of providing competitive compensation programs which reward strong performance and limit compensation when our performance objectives are not achieved. We believe that our compensation programs provide a suitable balance between long- and short-term compensation and have an appropriate performance-based and "at risk" component.

Compensation Program Summary

The key elements of the compensation program for our named executive officers, or NEOs, are:

Compensation Element	Key Characteristics	2017 Compensation Decisions	Percentage of 2017 Target Total Compensation⁽³⁾
Base Salary	<ul style="list-style-type: none"> Fixed compensation. Payable in cash. Reviewed annually and adjusted when appropriate. 	<p>Our CEO received an 8.8% increase in base salary, and our other NEOs (on average) received a 5.7% increase in base salary.</p>	<ul style="list-style-type: none"> 19% of our CEO's target total compensation. 31% of our other NEOs' target total compensation (on average).
Short-Term Cash Incentive Compensation	<ul style="list-style-type: none"> Variable compensation. Payable in cash based on performance against annually established performance objectives. 	<p>Annual short-term cash incentives were paid at 123% of the target payout level due to our financial performance (and, also, in the case of our CEO, the achievement of designated strategic objectives). Our CEO also received additional cash incentive compensation in recognition of his contribution to our operating and financial performance.</p>	<ul style="list-style-type: none"> 27% of our CEO's target total compensation. 32% of our other NEOs' target total compensation (on average).
Long-Term Equity Incentive Compensation	<ul style="list-style-type: none"> Variable compensation. Performance-based RSUs vesting over a three-year performance period. Time-based RSUs vesting ratably over four years. 	<p>Annual long-term equity incentive compensation to our NEOs was approximately 50% in the form of performance-based RSUs and 50% in the form of time-based RSUs.</p>	<ul style="list-style-type: none"> 52% of our CEO's target total compensation. 35% of our other NEOs' target total compensation (on average).
Executive-Level Perquisites	<ul style="list-style-type: none"> Fixed compensation. Participation in broad-based plans at same cost as other employees. Certain executive-level perquisites not paid generally to our other employees. 	<p>Our NEOs received only modest executive-level perquisites.</p>	<ul style="list-style-type: none"> 2% of our CEO's target total compensation. 2% of our other NEOs' target total compensation (on average).

⁽³⁾ Calculated in the manner described in the *Compensation Discussion and Analysis* beginning on page 33.

Our Compensation Practices

We also are mindful of the risks to our stockholders that may be inherent in our compensation programs, and we attempt to utilize compensation practices that mitigate these risks. Some of these compensation practices are:

What We Do

- ✓ **We Pay for Performance**—We tie pay to performance in a manner that we believe advances our stockholders' interests by paying a significant portion of our NEOs' total compensation opportunities in the form of variable compensation.
- ✓ **Our Performance-Based RSUs are Tied to TSR**—The long-term performance-based awards to our NEOs are in the form of RSUs which vest based on our achievement of TSR compared to the TSR of a designated peer group and other comparable companies. We believe these awards incentivize our NEOs and align the interests of our NEOs with our stockholders.
- ✓ **We Hold an Annual Say on Pay Vote**—Consistent with the views of our stockholders, initially expressed in 2011 and reiterated in 2017, we currently conduct an annual "say-on-pay" advisory vote to solicit our stockholders' views on our compensation programs.
- ✓ **We Solicit Independent Compensation Advice**—Our Human Resources Committee retains Aon Hewitt, a leading independent compensation consultant.
- ✓ **We Require Meaningful Levels of Stock Ownership by Our Executives and Directors**—Our stock ownership guidelines require meaningful levels of stock ownership by our executives (including 5x base salary for our CEO) and directors. All NEOs and non-employee directors are currently in compliance with the guideline applicable to them, after taking into account the applicable grace period for our recently appointed directors.
- ✓ **We Have Implemented Meaningful Stock Retention Guidelines**—Any officer or director who does not meet the applicable stock ownership guideline (regardless of any compliance grace period) must hold at least 50% of the net shares received in any stock option exercise or RSU vesting.

What We Don't Do

- **We Don't Provide Excessive Levels of Guaranteed Compensation**—Our short-term cash incentive plan and the terms of the performance-based RSUs issued to our NEOs (which are tied to TSR) do not have minimum payout levels. All of this compensation is performance-based and "at risk".
- **We Don't Make "Single Trigger" Cash Payments Upon a Change of Control**—The employment and severance arrangements with our NEOs require a "double trigger" (requiring both a change of control and termination of employment) for cash severance payments following a change of control.
- **We Don't Pay "Gross Ups" For Severance Payments**—We do not provide excise or other tax "gross up" payments in connection with any severance payment made to an NEO.
- **We Don't Allow Hedging or Significant Pledging of Company Securities by Officers and Directors**—Directors and executive officers are prohibited from engaging in hedging transactions designed to offset decreases in the market value of our securities, and directors and executive officers may not pledge a significant amount of company securities without prior approval.

Corporate Governance Highlights

Our Board of Directors has adopted governance policies that we believe are in the best interests of our stockholders, including:

- **Annual election of all directors.**
- **Non-management director retirement at age 75.**
- **Average board tenure.**
 - Since 2015 the Board of Directors has added 4 new independent directors, which has reduced the average tenure of our independent directors from 15 years to 7 years and which has reduced the average age of our independent directors from 67 to 57 (in each case as compared to 2015).
- **Majority vote standard in uncontested elections.**
- **Independent, involved and informed Board of Directors.**
 - All directors currently serving as directors, other than our CEO, are independent.
 - All of our incumbent directors who served on the Board during 2017 attended more than 75% of the meetings of the Board and those committees of which the director was a member, during the period in which he or she served as a director, in the aggregate during 2017 (all incumbent directors had an attendance percentage with respect to such meetings of 94% or higher).
 - Board orientation for new members and ongoing director education.
- **Lead Independent Director.**
- **Independent Board committees.**
 - Our three active standing Board committees are comprised solely of independent directors.
- **Executive sessions of independent directors are held at each regularly scheduled Board meeting.**
- **Annual Board and committee self-evaluations.**
- **Board oversight of risk management.**
- **No stockholder rights plan.**
- **Common stock is the only class of voting securities outstanding.**

Questions and Answers About How to Vote Your Shares

Below are instructions on how to vote, as well as information on your voting rights as a stockholder. Some of the instructions vary depending on how your stock is held. It's important to follow the instructions that apply to your situation.

Q. Who can vote at the Annual Meeting?

A. You may vote if you owned shares of our common stock at the close of business on March 16, 2018 (the record date).

Q. How do I vote at the Annual Meeting?

A. **Electronically.** You may vote using the Internet or by phone. To use the Internet, go to www.proxyvote.com to transmit your voting instructions up until 11:59 p.m. Eastern time on May 2, 2018 (for shares in our 401(k) plan, the voting deadline is 11:59 p.m. Eastern time on May 1, 2018). Have your proxy card in hand when you access the web site and follow the instructions to obtain your records and to create an electronic voting instruction form.

To vote by phone, dial 1-800-690-6903 up until 11:59 p.m. Eastern time on May 2, 2018 (for shares in our 401(k) plan, the voting deadline is 11:59 p.m. Eastern time on May 1, 2018). Have your proxy card in hand when you call and then follow the instructions.

In Person or by Mail. If you hold the shares in your own name, you may also vote in person at the meeting or by signing and dating each proxy card you receive and returning it in the enclosed prepaid envelope. If you vote by proxy, the proxies identified on the back of the proxy card will vote your shares in accordance with your instructions. If you submit a signed proxy card but do not mark the boxes showing

how you wish to vote, the proxies will vote your shares in accordance with the recommendations of the Board.

Q. What is the purpose of the Annual Meeting?

A. At the Annual Meeting, you and your fellow stockholders will vote on the following matters:

Proposal	Matter
1	Election of the nine nominees for director identified in this proxy statement
2	Advisory vote on executive compensation
3	Ratification of independent registered public accounting firm for 2018
4	Stockholder proposal requesting a spin-off of our Entertainment business

You and your fellow stockholders will also be asked to transact any other business that may properly come before the meeting or any adjournment or postponement.

Q. What if my shares are held in "street name" by a broker?

A. If you do not own your shares directly, but instead are the beneficial owner of shares held in "street name" by a broker, bank or other nominee, your broker, bank or other nominee, as the record holder of the shares, must vote those shares in accordance with

your instructions. If you do not give instructions to your broker, bank or other nominee, your broker, bank or other nominee can vote your shares with respect to “discretionary” items, but not with respect to “non-discretionary” items. On non-discretionary items for which you do not give instructions, your shares will be counted as “broker non-votes.”

Q. Which matters to be presented at the Annual Meeting are discretionary items and may be voted upon by a broker?

A. A discretionary item is a proposal that is considered routine under the rules of the New York Stock Exchange, or NYSE. Shares held in street name may be voted by your broker, bank or other nominee on discretionary items in the absence of voting instructions given by you.

The matters presented in Proposal 1 (Election of Directors), Proposal 2 (Advisory Vote on Executive Compensation) and Proposal 4 (Stockholder Proposal Requesting a Spin-off of our Entertainment Business) are not considered routine under the rules of the NYSE. Therefore, brokers, banks or other nominees will not have the ability to vote shares held in street name with respect to those proposals unless the broker, bank or other nominee has received voting instructions from the beneficial owner of the shares held in street name. Broker non-votes will not impact the outcome of Proposals 1, 2 or 4. It is therefore important that you provide instructions to your broker, bank or other nominee if your shares are held in street name by a broker, banker or other nominee so that you are able to vote with respect to Proposals 1, 2 or 4.

Proposal 3 (Ratification of Independent Registered Public Accounting Firm) is considered routine and therefore may be voted upon by your broker, bank or other nominee if you do not give instructions for the shares held in street name by your

broker, bank or other nominee. If any other matter that properly comes before the meeting is not considered routine under the rules of the NYSE, broker non-votes will not impact the outcome of this matter.

Q. What shares are included on my proxy card?

A. Your proxy card represents all shares registered in your name with the transfer agent on the record date, including those shares owned pursuant to our 401(k) plan.

Q. How are shares in the Company’s 401(k) Plan voted?

A. Participants in our 401(k) plan are entitled to vote the shares held under the plan in their name. To do this, you must sign and return the proxy card you received with this proxy statement no later than May 1, 2018. Your proxy card will be considered your confidential voting instructions, and the plan trustee will direct your vote in the manner you indicate. The voting results for all shares held in the plan will be tabulated by our transfer agent for all participants and reported to the plan trustee on an aggregate basis. The overall vote tallies will not show how individual participants voted. The trustee will vote the shares at the meeting through the custodian holding the shares. If a plan participant’s voting instructions are not received by our transfer agent before the meeting, or if the proxy is revoked by the participant before the meeting, the shares held by that participant will be considered unvoted. All unvoted shares in the plan will be voted at the meeting by the plan trustee in direct proportion to the voting results of plan shares for which proxies are voted.

Q. How many shares must be present to hold the Annual Meeting?

A. The holders of a majority of the shares of our common stock outstanding on the record date, or 25,607,283 shares, in person or by a valid proxy, must be present at the meeting for any business to be conducted, known as a “quorum.” Proxies received but marked as

“abstain,” as well as shares that are counted as broker non-votes, will be counted as shares that are present for purposes of determining the presence of a quorum.

Q. What if a quorum is not present at the Annual Meeting?

A. If a quorum is not present at the scheduled time of the meeting, we may adjourn the meeting, either with or without a vote of the stockholders. If we propose to have the stockholders vote whether to adjourn the meeting, the people named in the enclosed proxy will vote all shares of our common stock for which they have voting authority in favor of the adjournment.

We also may adjourn the meeting if for any reason the Board determines that adjournment is necessary or appropriate to enable our stockholders to (i) consider fully information which the Board determines has not been sufficiently or timely available to stockholders or (ii) otherwise effectively exercise their voting rights. An adjournment will have no effect on the business that may be conducted at the meeting.

Q. How does the Board recommend I vote on each of the proposals?

A. The Board recommends that you vote as follows on each of the following proposals:

Proposal	Matter
1	FOR election of the nine nominees for director identified in this proxy statement
2	FOR approval of the advisory vote on executive compensation
3	FOR ratification of independent registered public accounting firm for 2018
4	NO RECOMMENDATION ON the stockholder proposal requesting a spin-off of our Entertainment business

Q. How do I change my vote?

A. You can revoke your proxy at any time before the meeting by:

- Submitting a later-dated proxy card by mail or transmitting new voting instructions via internet or phone;
- Giving written notice to Scott J. Lynn, our corporate secretary, stating that you are revoking your proxy; or
- Attending the meeting and voting your shares in person.

If you hold your shares in “street name” your broker, bank or other nominee will provide you with instructions on how to revoke your proxy.

Q. Who will count the votes?

A. Representatives of Broadridge will count the votes and act as the independent inspector of elections.

Q. What if I send in my proxy card and do not specify how my shares are to be voted?

A. If you send in a signed proxy card but do not give any voting instructions, your shares will be voted as follows on each of the following proposals:

Proposal	Matter
1	FOR election of the nine nominees for director identified in this proxy statement
2	FOR approval of the advisory vote on executive compensation
3	FOR ratification of independent registered public accounting firm for 2018
4	NOT VOTED FOR OR AGAINST the stockholder proposal requesting a spin-off of our Entertainment business and will be treated as ABSTENTIONS , and thus will have the same effect as a vote AGAINST this proposal

Q. How will the proxies vote on any other business brought up at the Annual Meeting?

A. We are not aware of any other business to be considered at the meeting other than the proposals described in this proxy statement. If any other business is properly presented at the meeting, your signed proxy card authorizes Colin V. Reed, Michael I. Roth and Scott J. Lynn to use their discretion to vote on these other matters.

Q. What are my voting options on Proposal 1 (Election of Directors)?

- A.** You may:
- Vote FOR all of the director nominees;
 - Vote FOR specific director nominees;
 - Vote AGAINST all director nominees;
 - Vote AGAINST specific director nominees;
 - ABSTAIN from voting with respect to all of the director nominees; or
 - ABSTAIN from voting with respect to specific director nominees.

A nominee will be elected as a director if the number of votes cast "FOR" such nominee's election exceeds the number of votes cast "AGAINST" such nominee's election (with abstentions and broker non-votes not counted as votes cast either for or against such election). Proxies may not be voted for more than nine directors, and stockholders may not cumulate votes in the election of directors.

Under our Corporate Governance Guidelines and Bylaws, each incumbent nominee for director agrees that if he or she fails to receive the required majority vote in a director election, the director will tender a resignation for consideration by the Nominating and Corporate Governance Committee and, ultimately, the Board. If the resignation is accepted, the nominee will no longer serve on the Board. If the resignation is rejected, the nominee will continue to serve on the

Board. Under our Corporate Governance Guidelines and Bylaws, any new nominee will not be elected to the Board if he or she fails to receive the required majority vote in an election.

Q. What are my voting options on the other proposals?

A. When voting on either Proposal 2 (Advisory Vote on Executive Compensation) or Proposal 3 (Ratification of Independent Registered Public Accounting Firm) or Proposal 4 (Stockholder Proposal Requesting a Spin-off of our Entertainment Business), you may:

- Vote FOR the proposal;
- Vote AGAINST the proposal; or
- ABSTAIN from voting.

If you abstain from voting on Proposal 2, Proposal 3 or Proposal 4, your shares will be counted as present in person or represented by proxy and entitled to vote on such proposal, and thus the abstention will have the same effect as a vote AGAINST such proposal.

Q. Is my vote confidential?

A. Yes. All proxy cards and vote tabulations that identify an individual stockholder are kept confidential. Board Meetings in 2017 and Director Attendance

In 2017 the Board met four times. All directors who served on the Board during 2017 (except Michael D. Rose, who did not stand for re-election at our 2017 Annual Meeting) attended at least 75% of the total number of meetings of the Board and those committees of which the director was a member during the period in which he or she served as a director in the aggregate during 2017.

Company Voting Recommendation

The Board unanimously recommends that our stockholders vote FOR each of our nominees.

Our Corporate Governance Guidelines and Bylaws provide for a majority voting standard in uncontested director elections. A director nominee will be elected to the Board only if the number of votes cast "FOR" such nominee's election exceeds the number of votes cast "AGAINST" such nominee's election (with abstentions and broker non-votes not counted as votes cast either for or against such election). If an incumbent nominee for director fails to receive the required majority vote in a director election, he or she will tender his or her resignation as a director for consideration by the Nominating and Corporate Governance Committee and, ultimately, the Board.

In the event any incumbent nominee for director does not receive the requisite majority vote, our Corporate Governance Guidelines and Bylaws provide that our Nominating and Corporate Governance Committee will evaluate the circumstances of the failed election and will make a recommendation regarding how to act upon the tendered resignation to the full Board, in light of the best interests of the company and its stockholders. The full Board will then act upon the resignation, taking into account the recommendation of the Nominating and Corporate Governance Committee, and will publicly disclose its decision regarding the tendered resignation and its rationale within 90 days of the certification of the election results. If the Board accepts the resignation, the nominee will no longer serve on the Board. If the Board rejects the resignation, the nominee will continue to serve until his or her successor has been duly elected and qualified or until his or her earlier disqualification, death, resignation or removal.

Proposal 2 (Advisory Vote on Executive Compensation)

We are asking stockholders to cast an advisory (non-binding) vote on our executive compensation for our named executive officers, or NEOs. Please read the *Compensation Discussion and Analysis* beginning on page 33 and the related compensation tables and narrative discussion appearing on pages 48 through 55, which provide more information on the compensation paid to our NEOs for 2017.

Our executive compensation programs are designed to attract, retain and motivate qualified, knowledgeable and talented executives who are capable of performing their responsibilities. We believe that the leadership and performance of our executives contributed significantly to our strong operating and financial results in 2017, which included:

- **Company Revenues Were at Record Levels.** In 2017 our total revenues were \$1.18 billion, the highest level in our history and a 3.1% increase from 2016. Our Hospitality segment revenue increased 1.9% from 2016 to \$1.06 billion, and our Entertainment segment revenue increased 14.1% from 2016 to \$125.1 million.
- **We Saw Increased Net Income and AFFO.** In 2017, our net income increased 10.5% to \$176.1 million, and our AFFO⁽¹⁾ increased 1.4% to \$285.5 million, as compared to 2016.

Our Hospitality segment operating income decreased 13.5% from 2016 to \$188.3 million, and our Hospitality segment Adjusted EBITDA⁽¹⁾ increased 2.7% from 2016 to \$346.1 million. Our Entertainment segment operating income increased 14.3% from 2016 to \$32.0 million, and our Entertainment segment Adjusted EBITDA⁽¹⁾ increased 15.4% from 2016 to \$41.2 million.

- **We Continued to Increase Dividends to Stockholders.** In 2017 we increased our annual cash dividend by 6.7% (as compared to 2016) to \$3.20 per share, paying approximately \$163.7 million in dividends to our stockholders in 2017 (including the dividends paid in January 2018 to holders of record as of December 29, 2017).

Company Voting Recommendation

For the reasons discussed above and in the *Compensation Discussion and Analysis* beginning on page 33, we are asking our stockholders to vote "FOR" the following resolution at the Annual Meeting:

"**RESOLVED**, that the company's stockholders approve, on an advisory basis, the compensation paid to the company's named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the *Compensation Discussion and Analysis*, compensation tables and narrative discussion, in this proxy statement."

Approval of this proposal requires the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote on this matter. If you abstain from voting on this matter, your abstention will have the same effect as a vote against the proposal. Broker non-votes will not impact the outcome of this matter. While this vote is advisory and therefore not binding on us, our Board and our Human Resources Committee value the opinions of our stockholders and will take into consideration the outcome of this vote when making future decisions regarding our executive compensation programs.

The Board unanimously recommends that the stockholders vote FOR the approval of the advisory resolution relating to the compensation of our NEOs as disclosed in this proxy statement.

⁽¹⁾ AFFO and segment-level Adjusted EBITDA are non-GAAP financial measures. For a definition of the non-GAAP financial measures used herein, a reconciliation of each non-GAAP financial measure to the most directly comparable GAAP financial measure, and an explanation of why we believe these measures present useful information to investors, see Appendix A.

Proposal 3 (Ratification of Independent Registered Public Accounting Firm for 2018)

Proposal 3 asks that our stockholders vote to ratify the Audit Committee's appointment of Ernst & Young LLP as the independent registered public accounting firm to audit our financial statements and internal control over financial reporting for the 2018 fiscal year. You can find more information about our relationship with Ernst & Young LLP on page 66 of this proxy statement.

Proposal 3 asks that our stockholders vote to ratify the Audit Committee's appointment of Ernst & Young LLP as the independent registered public accounting firm to audit our financial statements for the 2018 fiscal year. In the event the stockholders fail to ratify the appointment, the Audit Committee will reconsider this appointment. The Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any

time during the year if the Audit Committee determines that such a change would be in our and our stockholders' best interests.

Ernst & Young LLP has served as our independent registered public accounting firm since 2002. Representatives of Ernst & Young LLP will be present at the meeting. They will be available to respond to your questions and may make a statement if they desire.

Company Voting Recommendation

Approval of this proposal requires the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote on the matter. If you abstain from voting on the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, your abstention will have the same effect as a vote against the proposal.

The Board and the Audit Committee unanimously recommend that the stockholders vote FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2018.

Proposal 4 (Stockholder Proposal Requesting a Spin-off of our Entertainment Business)

The Company received from GAMCO Asset Management Inc. (“GAMCO”) the following stockholder proposal (the “GAMCO Proposal”) for action at the Annual Meeting. GAMCO is located at One Corporate Center, Rye, New York, 10580, and GAMCO and its various affiliated entities collectively own 5,308,623 shares (10.4%) of our outstanding common stock as of March 16, 2018, as described in more detail in *Stock Ownership* on page 31 below.

The following text of the GAMCO Proposal and supporting statement appears exactly as received by the Company. All statements contained in the GAMCO Proposal are the sole responsibility of GAMCO:

STOCKHOLDER PROPOSAL

RESOLVED: *that the stockholders of Ryman Hospitality Properties, Inc. (the “Company” or “Ryman”) request that the Board of Directors and management effectuate a tax-deferred spin-off of the Company’s Entertainment business into a separate publicly-traded C-corporation.*

SUPPORTING STATEMENT

Ryman addressed the potential spin-off of the Entertainment segment from the Real Estate Investment Trust during the Company’s second quarter 2016 earnings call:

Jeff Donnelly – Wells Fargo Securities – Analyst

...and I’m just wondering is there a time frame in your mind or a potential in your mind that the entertainment sector can be so large and so successful it might ultimately have to be separated from the REIT?

Colin Reed – Ryman – Chairman & CEO

We love this business and, Jeffrey, I can’t count the amount of times we’ve had this conversation every time we are together. The way we look at it is this. We’ve got a lot of projects that are coming at us and we really haven’t talked about publicly through the eyes of developers the potential to do more projects outside of Nashville. And we are going to start that process in New York City with a press conference that we are going to hold on the development they were doing in Time Square. But our goal I think as you know and most of our investors who talk to us about this know is at some point this business has to be unhitched from the Real Estate Investment Trust. It should not be residing in the Real Estate Investment Trust and that’s why we are working very hard on locking the growth opportunities at this business, and when our bankers tell us that the strategy that we have for growth and the growth curve of this business warrants this business standing on its own and that business will trade well because of the growth characteristics of it, then we will unlock it and we will do it. And that’s – right now, we are focused on the growth curve and the activity, and when we get there in the market, conditions are right, we will absolutely move in that direction.

Mark Fioravanti – Ryman – President & CFO

Certainly in the near term, Jeff, it's not an issue for us from a compliance perspective. Keep in mind that the business is held in a taxable REIT subsidiary, so it doesn't affect the income tests. It does affect the asset test, but given the size of our hotel assets, we have plenty of headroom and a regulatory issue wouldn't force our hand to have to do something that wasn't appropriate for the business or for value for shareholders.

GAMCO believes that the spin-off will allow each company to pursue its own objectives and realize its own valuation in the marketplace.

WE URGE ALL STOCKHOLDERS TO VOTE **"FOR"** THIS PROPOSAL.

Company Response to Stockholder Proposal

The Board and management regularly evaluate the strategic direction and structure of the company and its businesses, including the Entertainment business segment. In connection with this evaluation, the Board and management consider a wide range of options to deliver value for our stockholders. In this regard, the company has evaluated and publicly discussed the possibility that the company's Entertainment business segment would be spun off into a separate public company at some point in time. However, there are various considerations that would be taken into account by the Board in relation to considering whether a spin-off is in the best interests of the company at any point in time, including various initiatives and projects that the company is pursuing or considering, market conditions, the scale of any spun-off public company, and legal and timing considerations. In this regard, the Board would pursue the separation of the Entertainment business segment from the company if the Board believed such course of action would be in the best interests of the company and its stockholders.

We remain committed to a strategy that positions us to deliver long-term value to our stockholders, including creating value for our stockholders with the assets of the Entertainment business segment.

We believe that our commitment to growing our Entertainment business segment can be demonstrated by the fact that, for the last four fiscal years, the segment has experienced double-digit revenue, operating income and Adjusted EBITDA growth. While this growth has primarily been through increased attendance at and reinvestment in our existing entertainment venues (including the Grand Ole Opry and the Ryman Auditorium), we are committed to expanding the Entertainment business segment, including through the development of the following new entertainment venue concepts:

- our "Ole Red" concept, with our "flagship" Ole Red Nashville music and entertainment venue scheduled to open in May 2018; and
- our Opry City Stage concept, with the first Opry City Stage, a joint venture project comprising a four-level entertainment complex in New York's Times Square, which opened in late 2017.

In addition to these expansions of the Entertainment business segment, we continue to evaluate additional strategic growth opportunities within the Entertainment business segment, as well as in the Hospitality business segment.

Based on the company's stock performance and other metrics, the Board and management have a proven track record of executing on the company's strategic initiatives and delivering stockholder value to investors. Moreover, the Board and management have exhibited a willingness and ability to enter into transformative transactions when deemed appropriate, as evidenced by the decision to convert to a REIT and contract with Marriott for the operation of the company's hotels in 2012.

The directors of the company have a fiduciary duty to act in the best interests of the company and its stockholders, including with respect to any decision as to whether and when it might be advisable to effect a spin-off of the company's Entertainment business segment into a separate public company. However, the Board values the opinions of the company's stockholders and recognizes that the company's stockholders may have differing perspectives on the merits of the stockholder proposal. As such, the Board desires to use this stockholder proposal as an opportunity for stockholders to express their views on this subject without being influenced by any recommendation that the Board might otherwise make.

We believe this proposal by GAMCO was made with the sincere belief that it would benefit the company and its stockholders, and we invite and welcome continued input from, and engagement with, our stockholders. The Board will take the results of the vote into consideration, together with any other input from stockholders and other relevant factors, including the Board's fiduciary obligations to act in the best interests of the company and its stockholders, in making any decision regarding whether and when a spin-off of the company's Entertainment business segment is in the best interests of the company and its stockholders.

Company Voting Recommendation

Approval of this proposal requires the affirmative vote of a majority of the shares represented in person or by proxy and entitled to vote on the matter. If you abstain from voting on this matter, your abstention will have the same effect as a vote against the proposal.

The Board makes no recommendation with respect to voting on this proposal.

Company Information

Corporate Governance

Our business is managed under the direction of our Board of Directors. The Board delegates the conduct of the business to our senior management team. The Board held four meetings during 2017. All directors who served on the Board during 2017 attended at least 75% of the total number of meetings of the Board and those committees of which the director was a member during the period in which he or she served as a director in the aggregate during 2017 (except Mr. Rose, who did not stand for re-election at our 2017 Annual Meeting).

We have adopted Corporate Governance Guidelines governing the conduct of our Board. The charters of our Audit Committee, Human Resources Committee and Nominating and Corporate Governance Committee, as well as our Corporate Governance Guidelines, are all posted on our web site at www.rymanhp.com (under "Corporate Governance" on the Investor Relations page).

We have also adopted a Code of Business Conduct and Ethics which is applicable to all employees, officers and directors, including the principal executive officer, the principal financial officer and the principal accounting officer. The Code of Business Conduct and Ethics is available on our web site at www.rymanhp.com (under "Corporate Governance" on the Investor Relations page). We intend to post amendments to or waivers from our Code of Business Conduct and Ethics (to the extent applicable to our directors, principal executive officer, principal financial officer or principal accounting officer) at this location on our website.

We will provide a copy of our Corporate Governance Guidelines, our committee charters or our Code of Business Conduct and Ethics (and any amendments or waivers) to any stockholder or other person upon receipt of a written request addressed to:

Board Leadership Structure

The Board believes that Mr. Reed's service as both Chairman of the Board and CEO is in the best interests

of the company and its stockholders. Mr. Reed possesses a detailed knowledge of our industry as well as an understanding of both the opportunities and challenges we face. The Board thus believes that Mr. Reed is best positioned to develop agendas that ensure that the Board's time and attention are focused on the most important matters facing the company. The Board also believes that Mr. Reed's combined role ensures clear accountability, enhances our ability to articulate our strategy and message to our employees, stockholders and business partners and enables decisive overall leadership.

The Board has determined that it is also important to have an independent Lead Director who will play an active role and oversee many of the functions that an independent chair would otherwise perform. The Board has adopted a description of the duties of the Lead Director, which is posted on our website at www.rymanhp.com (under "Corporate Governance" on the Investor Relations page). Pursuant to this description, the Chairman of the Nominating and Corporate Governance Committee serves as the company's Lead Director, and that individual is currently Michael Roth.

Some of the primary functions of our Lead Director are:

- To call, convene and chair meetings of the non-management directors or independent directors and other meetings as may be necessary from time to time and, as appropriate, provide prompt feedback to the CEO;
- To coordinate and develop the agenda for and chair executive sessions of the independent directors;
- To coordinate feedback to the CEO on behalf of independent directors regarding business issues and management;
- To be available, as appropriate, for direct communication with major stockholders who request such a communication; and
- To perform such other duties as may be necessary for the Board to fulfill its responsibilities or as may be requested by the Board as a whole, by the non-management directors, or by the Chairman of the Board.

Each of the directors other than Mr. Reed is independent, and the Board believes that the independent directors coupled with the Lead Director provide effective oversight of management. Our non-management directors meet regularly in scheduled executive sessions, and the Lead Director presides at these executive sessions. Following an executive session of our non-management directors, the Lead Director acts as a liaison between the non-management directors and the Chairman regarding any specific feedback or issues, provides the Chairman with input regarding agenda items for Board and committee meetings, and coordinates with the Chairman regarding information to be provided to our non-management directors in performing their duties. The Board believes that this approach appropriately and effectively complements the combined CEO/Chairman structure.

Although we believe that the combination of the Chairman and CEO roles is appropriate in the current circumstances, the Board retains the authority to modify our current combined CEO/Chairman structure to best address our circumstances, if and when appropriate.

Board Attendance at Annual Meeting

We strongly encourage each member of the Board to attend the Annual Meeting of Stockholders. All of our directors then serving as directors attended the 2017 Annual Meeting of Stockholders.

Independence of Directors

Pursuant to our Corporate Governance Guidelines, the Board undertook its annual review of director independence in February 2018. Our Board determines the independence of its members through a broad consideration of all relevant facts and circumstances, including an assessment of the materiality of any relationship between the company and a director. In making this assessment, the Board looks not only at relationships from the director's standpoint, but also from the standpoint of persons or organizations with which the director has an affiliation. In making its determination, the Board adheres to the requirements of, and applies both the objective and subjective standards set forth by, the NYSE (as set forth in Section 303A.02 of the NYSE listed company manual), as well as the requirements and standards of the SEC and other applicable laws and regulations.

During this review, the Board considered whether there are or have been any transactions and relationships between each director, or any member of his or her immediate family, and the company and its subsidiaries and affiliates. The Board also examined whether there are or have been any transactions and relationships between the incumbent directors, or their affiliates, and members of the company's senior management or their affiliates. The purpose of this review was to determine whether any of these relationships or transactions were inconsistent with a determination that the director is independent. The Board concluded that no such transactions existed during the relevant period. As a result of this review, the Board affirmatively determined that, with the exception of Colin Reed, all of our incumbent directors are independent of the company and its management.

Committees of the Board

The Board maintains three standing committees, an Audit Committee, Human Resources Committee and Nominating and Corporate Governance Committee, to facilitate and assist the Board in the execution of its responsibilities.

Audit Committee

The current members of the Audit Committee are Patrick Moore (Chair), Rachna Bhasin, Alvin Bowles, Fazal Merchant (Financial Expert) and Robert Prather (Financial Expert).

The committee is a separately designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The committee is responsible for, among other things:

- overseeing the integrity of our financial information, the performance of our internal audit function and system of internal controls and compliance with legal and regulatory requirements relating to preparation of financial information;
- appointing, compensating, retaining and overseeing our independent registered public accounting firm;
- evaluating the qualifications, independence and performance of our independent registered public accounting firm;

- meeting with our independent registered public accounting firm and with our director of internal audit concerning, among other things, the scope of audits and reports;
- reviewing the work programs of our independent registered public accounting firm and the results of its audits; and
- assessing our risk assessment and risk management policies.

The Board has determined that all the members of the committee are financially literate pursuant to the NYSE rules. The Board also has determined that Mr. Merchant and Mr. Prather are "audit committee financial experts" within the meaning stipulated by the SEC.

In 2017, the committee met seven times.

Human Resources Committee

The current members of the Human Resources Committee are Michael Bender (Chair), Ellen Levine, Robert Prather and Michael Roth.

The committee is responsible for, among other items:

- reviewing and approving all compensation policies and programs that benefit employees, including employment and severance agreements, incentive programs, benefits and retirement programs;
- reviewing and approving annually the corporate goals and objectives relative to the CEO's compensation, evaluating the CEO's performance in light of those objectives, and determining and approving the CEO's compensation level based on this evaluation;
- reviewing, approving and administering, and granting awards under, cash- and equity-based incentive plans; and
- reviewing and approving compensation for executive officers and directors (subject to, in the case of director compensation, approval by the full Board).

The committee has also delegated to the CEO the authority to make limited equity grants to new members of our management team to allow such grants to be made in a timely manner, as the committee generally only meets on a quarterly basis. Equity grants under this delegation of authority

may only be made as initial equity grants to newly hired executives (other than officers subject to Section 16 of the Securities Exchange Act of 1934) and on the same terms and conditions as were applied by the committee in its most recent prior equity grants. In addition, equity grants under this delegation of authority to any one executive are limited to 6,250 RSUs and must be ratified by the committee.

The committee has engaged Aon Hewitt as its compensation consultant since 2013. The committee has determined that no conflict of interest exists between Aon Hewitt and the company (including the company's Board members and company management) pursuant to Item 407(e)(3)(iv) of SEC Regulation S-K. In 2017 neither Aon Hewitt nor any affiliate of Aon Hewitt provided any services to the company or its affiliates apart from its engagement by the committee described above.

Aon Hewitt assisted the committee in determining if its strategies and plans were advisable based on our current financial position and strategic goals, as well as developments in corporate governance and compensation design. At the committee's request, Aon Hewitt also performed several analyses, including updates to the executive salary structure and modeling of executive compensation levels at different levels of company performance, to assist the committee in its review.

For additional information regarding the committee's processes and procedures for considering and determining executive compensation, including the role of executive officers in determining the amount or form of executive compensation, see *Compensation Discussion and Analysis* below.

In 2017, the committee met four times.

Compensation Committee Interlocks and Insider Participation

The Human Resources Committee (which functions as our compensation committee) is comprised entirely of independent directors. In addition, there are no relationships among our executive officers, members of the committee or entities whose executives serve on the Board or the committee that require disclosure under applicable regulations of the SEC.

Nominating and Corporate Governance Committee

The current members of the Nominating and Corporate Governance Committee are Michael Roth (Chair), Ellen Levine and Robert Prather.

The committee is responsible for, among other things:

- developing and recommending criteria for the selection of new directors and recommending to the Board nominees for election as directors and appointment to committees;
- developing and recommending changes and modifications to our corporate governance guidelines and our code of conduct to the Board;
- monitoring and enforcing compliance with our corporate governance guidelines, certain provisions of our code of conduct and other policies; and
- advising the Board on corporate governance matters, including as appropriate obtaining updates on corporate governance developments from professional advisors.

In 2017, the committee met four times.

A formal Board evaluation covering Board operations and performance, with a written evaluation from each Board member, is conducted annually by the committee to enhance Board effectiveness. Recommended changes are considered by the full Board. In addition, each Board committee conducts an annual self-evaluation.

The committee annually reviews with the Board the company's "Statement of Expectations of Directors." This review includes an assessment of independence, diversity, age, skills, experience and industry backgrounds in the context of the needs of the Board and the company, as well as the ability of current and prospective directors to devote sufficient time to performing their duties in an effective manner. Directors are expected to actively participate in Board discussions and exemplify the highest standards of personal and professional integrity. In particular, the committee seeks directors with established strong professional reputations and expertise in areas relevant to the strategy and operations of our businesses.

While our Corporate Governance Guidelines do not prescribe specific diversity criteria for selection of

directors, as a matter of practice, the committee considers diversity in the context of the Board as a whole and takes into account diversity, including the personal characteristics (such as gender, ethnicity or age) and experience (such as industry, professional or public service) of current and prospective directors, when selecting new directors to facilitate Board deliberations that reflect a broad range of viewpoints. The committee's charter gives it responsibility to develop and recommend criteria for the selection of new directors to the Board, including but not limited to diversity, age, skills, experience, time availability and such other criteria as the committee shall determine to be relevant at the time.

The committee also considers the impact of any changes in the employment of existing directors. In this regard, if a director changes employment, the director is required to submit a letter of resignation to the committee. The committee then reviews the director's change of employment and determines whether the director's continued service on the Board would be advisable as a result of such change. After completing this evaluation, the committee makes a recommendation to the full Board as to whether to accept the director's resignation, and the Board makes a final determination of whether to accept the director's resignation.

The committee considers candidates for Board membership recommended by its members and other Board members, as well as by management and stockholders. From time to time the committee may also engage a third party search firm to identify prospective Board members. The committee will only consider stockholder nominees for Board membership submitted in accordance with the procedures set forth in *Submitting Stockholder Proposals and Nominations for 2019 Annual Meeting* beginning on page 68.

Once the committee has identified a prospective nominee, the committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the committee with the recommendation of the prospective candidate, as well as the committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or

expand the size of the Board and the likelihood that the prospective nominee can satisfy the evaluation factors described below. If the committee determines, in consultation with the Chairman of the Board and other Board members as appropriate, that additional consideration is warranted, it may request additional information about the prospective nominee's background and experience. The committee then evaluates the prospective nominee against the following standards and qualifications:

- the ability of the prospective nominee to represent the interests of our stockholders;
- the prospective nominee's standards of integrity, commitment and independence of thought and judgment;
- the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other boards; and
- the extent to which the prospective nominee contributes to the range of knowledge, diversity, skill and experience appropriate for the Board.

The committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board and the evaluations of other prospective nominees. In connection with this evaluation, the committee determines whether to interview the prospective nominee, and if warranted, one or more members of the committee, and others as appropriate, will interview the prospective nominee in person or by telephone. After completing this evaluation and interview, the committee makes a recommendation to the full Board as to whether this prospective nominee and any other prospective nominees should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the committee.

Mr. Merchant was initially identified to the committee by a third party search firm, along with other potential candidates. The committee then interviewed Mr. Merchant and other candidates, reviewed the qualifications, expertise and experience of such candidates, and ultimately recommended to the full Board that Mr. Merchant become a nominee for director.

New directors participate in an orientation program that includes discussions with senior management,

their review of background materials on our strategic plan, organization and financial statements and visits to our facilities. We encourage each director to participate in continuing educational programs that are important to maintaining a director's level of expertise to perform his or her responsibilities as a Board member.

Majority Voting Standard for Director Elections

Our Corporate Governance Guidelines and Bylaws provide for a majority voting standard in uncontested director elections. Under these provisions, any director nominee in an uncontested election will be elected to the Board if the votes cast for such nominee's election exceed the votes cast against such nominee's election at any meeting for the election of directors at which a quorum is present (with abstentions and broker non-votes not counted as votes cast either for or against such election). In addition, under our Corporate Governance Guidelines, each director agrees, by serving as a director or by accepting nomination for election as a director, that if while serving as a director he or she fails to receive the required majority vote in a director election, he or she will tender his or her resignation as a director for consideration by the Nominating and Corporate Governance Committee and, ultimately, the Board, as described below.

In the event any incumbent director nominee does not receive the requisite majority vote, our Corporate Governance Guidelines provide that our Nominating and Corporate Governance Committee will evaluate the circumstances of the failed election and will make a recommendation regarding the director's resignation to the full Board and will evaluate the resignation in light of the best interests of the company and its stockholders in determining whether to recommend accepting or rejecting the tendered resignation, or whether other action should be taken. Thereafter, the Board will act upon the resignation, taking into account the recommendation of the Nominating and Corporate Governance Committee, and will publicly disclose (by a press release, a filing with the SEC or other broadly disseminated means of communication) its decision regarding the tendered resignation and the rationale behind the decision within 90 days of the certification of the election results. In such event, if the Board accepts the resignation, the nominee will no longer serve on the Board, and if the Board rejects the

resignation, the nominee will continue to serve until his or her successor has been duly elected and qualified or until his or her earlier disqualification, death, resignation or removal.

Director Retirement Policy

Our Corporate Governance Guidelines include a non-management director retirement policy, which requires any non-management director who reaches the age of 75 to either (at the option of the director):

(1) retire effective as of the date of the annual meeting of stockholders next following the director's 75th birthday; or (2) not stand for re-election at the next annual meeting of stockholders.

The Board's Corporate Governance Committee considered, at its February 2018 meeting, whether to recommend to the full Board a waiver of the mandatory retirement policy for a period of one year with respect to Ms. Levine, who has met the mandatory retirement age. The Board and the Corporate Governance Committee believe that it is important to exercise judgment when implementing this policy to avoid eliminating otherwise qualified and engaged Board members. In addition, the Board and the Corporate Governance Committee believe that the mandatory retirement policy should be applied in connection with an analysis of the overall composition and tenure of the Board to ensure that the Board maintains an appropriate balance of experience, skills and independence.

With respect to whether the mandatory retirement policy should be waived for Ms. Levine for a period of one year, the Corporate Governance Committee considered numerous factors, including the following:

- Ms. Levine's record as an active and engaged director (since 2013 Ms. Levine has attended 98.6% of all Board and applicable committee meetings in the aggregate);
- The addition of four new independent directors to the Board since 2015, which has resulted in a reduction in the average tenure of the independent directors from 15 years to 7 years and a reduction in the average age of the independent directors from 67 to 57 (in each case as compared to 2015);
- The need to maintain continuity among the Board, particularly as the Board continues to review the opportunities and challenges facing the company in 2018;

- Ms. Levine has a unique knowledge of, and experience in, the media and entertainment industry, including as a result of her involvement with Hearst's media properties; and
- Ms. Levine is in excellent mental and physical health and continues to remain actively employed by Hearst. The Corporate Governance Committee was informed by Ms. Levine that in early 2018 she and Hearst agreed to extend her position for an additional two years.

Based on the foregoing factors, upon the recommendation of the Corporate Governance Committee, the Board, at its February 2018 meeting, concluded that, due to Ms. Levine's experience, skill set and record of active engagement as a Board member, her service on the Board has been particularly valuable to the company and its stockholders and will be difficult to replace. Accordingly, the Board concluded a one-year waiver of the mandatory retirement age policy for Ms. Levine would be in the best interests of the company and its stockholders. As a result, the Board approved the Corporate Governance Committee's recommendation of Ms. Levine as a director nominee at the 2018 Annual Meeting.

CEO Pay Ratio

The Dodd-Frank Act requires that we disclose the ratio of CEO pay to the median employee pay of all our employees, other than the CEO, in 2017, calculated in accordance with Item 402(u) of SEC Regulation S-K. In making this calculation, we first identified the company's median employee by examining the 2017 total cash compensation for all individuals, excluding our CEO, who were employed by us on December 31, 2017, the last day of our payroll year. We included all employees, whether employed on a full-time, part-time or seasonal basis (for purposes of this calculation, a total of 877 employees). We did not make any assumptions, adjustments or estimates with respect to total cash compensation, except that we annualized the compensation for any individual who was not employed by us for all of 2017 (excluding employees in temporary or seasonal positions). We selected total cash compensation for all employees as our compensation measure because we do not widely distribute annual equity awards to employees. We then identified the company's median employee based on total cash compensation, and we determined that such median employee served as a

part-time employee within our Entertainment business segment and averaged an approximately nine-hour work week during 2017.

In addition to the pay ratio disclosure required by the Dodd-Frank Act, we believe that it is also important to take into consideration:

- the nature of our overall employee base, which contains a small number of full-time employees in our Hospitality business segment and a large number of full- and part-time employees in our Entertainment business segment (with many of our part-time employees only working a few hours each week at various times to service the numerous concerts and other events at our entertainment venues); and
- the fact that, unlike many chief executives, our CEO oversees two lines of business, a hospitality REIT and an entertainment operating company.

As a result, we believe that it is appropriate to also provide two additional supplemental calculations that reflect the pay ratio of the total compensation of our CEO to (1) the total compensation of the median of all full-time employees, and (2) the total compensation of the median of the full-time employees of our REIT entity (comprising our Hospitality business segment).

Accordingly, we determined that the following were reasonable estimates of the pay ratio required to be disclosed by Item 402(a) of SEC Regulation S-K, as well as the supplemental pay ratios described above:

Dodd-Frank Act Pay Ratio Information⁽¹⁾	
CEO to Median Employee Pay Ratio (Calculated in Accordance with Item 402(u) of SEC Regulation S-K)	503:1
Supplemental Pay Ratio Information⁽²⁾	
CEO to Median Employee Pay Ratio (Full-Time Employees Only) ⁽³⁾	132:1
CEO to Median Employee Pay Ratio (Full-Time REIT Employees Only) ⁽⁴⁾	58:1

(1) As required by SEC rules, for purposes of calculating this pay ratio, pay for the median employee and for our CEO were determined using the methodology set forth in our *2017 Summary Compensation Table* on page 48 below. Using this methodology, we determined that a reasonable estimate of the 2017 total compensation of our median employee was \$11,574 and determined that the total compensation of our CEO was \$5,825,018.

- (2) The supplemental ratios listed above were calculated based on the total compensation paid to our CEO and to the median employees identified above using the methodology set forth in our *2017 Summary Compensation Table* on page 48 below.
- (3) For purposes of calculating this supplemental pay ratio, only full-time employees of the company as of December 31, 2017 (a total of 364 employees) were included in the determination of the median company employee.
- (4) For purposes of calculating this supplemental pay ratio, only full-time employees employed by our REIT entity (comprising our Hospitality business segment) as of December 31, 2017 (a total of 67 employees) were included in the determination of the median company employee.

In designing our CEO's compensation in 2017, our Human Resources Committee was mindful of the need to provide a market-competitive compensation package with a significant element of equity-based and performance-based compensation (not generally available to our employee base), which the committee believes is in the best interests of the company and its stockholders. Additionally, the committee monitors management's determination of compensation at all levels of the company (including through pay surveys and other market assessments), based on each employee's position, skill level and experience, and the committee believes that our compensation practices as a whole are fair and competitive with others in the marketplace.

Compensation Clawback

In 2015 the SEC issued proposed rules regarding the adoption of "clawback" policies by publicly listed companies in accordance with the requirements of Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"). When final SEC rules implementing these requirements have become effective, publicly listed companies will be required to adopt a "clawback" policy providing for the recovery of certain incentive-based compensation from the executive officers of the company in the event the company is required to restate its financials as a result of material noncompliance of the company with any financial reporting requirements under the securities laws.

In order to ensure full compliance with these SEC rules, we intend to adopt our own formal clawback policy applicable to our executive officers complying with such rules once these final rules have been

adopted by the SEC. In addition, Section 304 of the Sarbanes-Oxley Act of 2002 requires the recovery of incentive awards in certain circumstances. If we are required to restate our financials due to material noncompliance with any financial reporting requirements as a result of misconduct, our CEO and CFO will be required under Section 304 of the Sarbanes-Oxley Act to reimburse us for (1) any bonus or other incentive- or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and (2) any profits realized from the sale of our securities during such 12 month period. Our omnibus incentive plan also provides that any award made to a participant under the plan will be subject to mandatory repayment by the participant to us to the extent required by (a) any award agreement, (b) any “clawback” or recoupment policy adopted by the company to comply with the requirements of any applicable laws, rules or regulations, including final SEC rules adopted pursuant to Section 954 of the Dodd-Frank Act, or otherwise, or (c) any applicable laws which impose mandatory recoupment, under circumstances set forth in such applicable laws, including the Sarbanes-Oxley Act of 2002.

Board’s Role in Risk Oversight

The Board as a whole has responsibility for oversight of the company’s enterprise risk management function, with reviews of certain areas being conducted by the relevant Board committees that report on their deliberations to the Board. The oversight responsibility of the Board and its committees is made possible by a management report process that is designed to provide both visibility and transparency to the Board about the identification, assessment and management of critical risks and management’s risk mitigation strategies. In this regard, each committee meets in executive session with key management personnel and representatives of outside advisors (for example, our director of internal audit meets in executive session with the Audit Committee). The areas of focus of the Board and its committees include competitive, economic, operational, financial (accounting, credit, liquidity and tax), legal, compliance, information technology security programs (including cybersecurity), political and reputational risks.

The Board and its committees oversee risks associated with their respective principal areas of focus, as outlined below:

Board/ Committee	Primary Areas of Risk Oversight
Board of Directors:	Enterprise risk management, including strategic, financial and execution risks associated with the annual operating plan and the long-term plan; major litigation and regulatory exposures; acquisitions and divestitures; senior management succession planning; information technology security programs (including cybersecurity) and other current matters that may be material risks to the company.
Audit Committee:	Risks and exposures associated with financial matters, including financial reporting, tax, accounting, disclosure, internal control over financial reporting, financial policies, investment guidelines and credit and liquidity.
Nominating and CG Committee:	Risks and exposures relating to corporate governance and director succession planning.
Human Resources Committee:	Risks and exposures associated with leadership assessment, management succession planning and compensation programs.

We believe that the Board’s role in risk oversight is facilitated by the leadership structure of the Board. In this regard, we believe that, by combining the positions of Chairman of the Board and CEO, the Board gains a valuable perspective that combines the operational experience of a member of management with the oversight focus of a member of the Board. We also believe that the division of risk management-related roles among the company’s full Board, Audit Committee, Nominating and Corporate Governance Committee and Human Resource Committee as noted above fosters an atmosphere of significant involvement in the oversight of risk at the Board level and complements our risk management policies. The Board, in executive sessions of non-management directors (which are presided over by the company’s independent Lead Director), also considers and discusses risk-related matters. This provides a forum

for risk-related matters to be discussed without management or the Chairman of the Board and CEO present. The company's independent Lead Director acts as a liaison between the company's Chairman of the Board and CEO and the company's independent directors to the extent that any risk-related matters discussed at these executive sessions require additional feedback or action.

In setting compensation, the Human Resources Committee also considers the risks to our stockholders that may be inherent in our compensation programs. We believe that our compensation programs are appropriately structured and provide for a suitable balance between long-term and short-term compensation and have an appropriate performance-based and "at risk" component. We also believe that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the company.

Restrictions on Hedging and Pledging of Company Stock

Our insider trading policy restricts our executive officers and directors from engaging in any transactions designed to hedge or otherwise offset any decrease in the fair market value of our equity securities. Our insider trading policy also prohibits executive officers and directors from pledging or otherwise encumbering a significant amount of equity securities (generally defined as the lesser of 0.50% of our outstanding equity securities or 10% of the equity securities owned by the individual) without prior approval of the Human Resources Committee.

Proxy Solicitation

We will bear the cost of soliciting proxies for the meeting. We have retained Morrow Sodali LLC to assist in the solicitation and will pay them

approximately \$6,000. Our officers may also solicit proxies by mail, telephone, e-mail or facsimile transmission, but we will not reimburse them for their efforts. Upon request, we will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials.

Compensation Discussion and Analysis

Executive Summary

Overview

Our executive compensation programs are designed to attract, retain and motivate qualified, knowledgeable and talented executives who are capable of performing their responsibilities. In designing our executive compensation programs, our goals are to ensure that:

- A significant portion of the total compensation paid to each named executive officer, or NEO, is in the form of “at risk” pay in order to **create proper incentives** for our executives to achieve corporate and individual objectives and to both **maximize stockholder value** over the long-term and to **align pay with stockholders’ interests**;
- A strong **pay-for-performance** philosophy synchronizes incentive payments with actual financial and business results relative to performance expectations;

- Our pay decisions are **transparent** to all stakeholders and tethered to **sound governance measures**; and
- Total compensation opportunity throughout our organization is **market competitive** to support recruitment and retention.

Our corporate objectives are to continue to increase funds available for distribution to our stockholders and to create long-term stockholder value. Consistent with these goals and objectives, the Human Resources Committee, which acts as our compensation committee, has developed and approved an executive compensation program providing for a range of compensation levels for our NEOs with the intent of rewarding strong performance and reducing compensation when our performance objectives are not achieved.

Company Highlights—2017 Financial and Operating Highlights

We believe that our results in 2017 reflect the continued overall strength of our Hospitality business segment, particularly the group meetings sector in which we focus. In addition, the growth in our Entertainment business segment in 2017 continued to reflect our strategic focus on expanding this business and the continued popularity of the country music genre and Nashville as a tourist destination. Our 2017 financial and operating highlights include:

We Increased Company Revenues to New Highs

- ✓ **Company Total Revenues**—Our total revenues for 2017 were \$1.18 billion, an increase of 3.1% from 2016. This represents the highest level of revenues in our history.

Compensation Summary

The charts below illustrate the balance of the elements of target total compensation⁽²⁾ during 2017 for Mr. Reed, our CEO, and the average of the other NEOs.

As the charts above indicate, a significant portion of our NEOs' target total compensation is performance-based and is also aligned with the interests of our stockholders. Target total compensation for our CEO is weighted more toward long-term incentives than the other NEOs, as the Human Resources Committee wants to encourage our CEO, in particular, to focus on our long-term growth.

⁽²⁾ Percentage of total compensation as calculated above is based on the 2017 base salary and the value of executive-level perquisites paid to the NEO which were not paid generally to all employees, the 2017 short-term incentive compensation award (assuming achievement at the target level (such award was ultimately paid at 123% of the target payout level for the NEOs, as more fully described below, in addition to a discretionary cash award to Mr. Reed as described below)), the grant date fair value of the performance-based RSU awards granted in February 2017 (assuming vesting at the target achievement level) and the grant date fair value of the time-based RSU awards granted in February 2017. Each compensation element is outlined in more detail in the *2017 Summary Compensation Table* set forth on page 48 below.

2017 Compensation Decisions

Our Human Resources Committee (which functions as our compensation committee) annually reviews our executive compensation program to determine how well actual compensation targets and levels meet our overall compensation philosophy and to compare our compensation programs to our peers. The committee also oversees our compensation programs.

Compensation Peer Group

For 2017, the committee used a compensation peer group of the following 13 companies:

American Campus Communities, Inc.	LaSalle Hotel Properties
Ashford Hospitality Trust, Inc.	Mid-America Apartment Communities, Inc.
Chatham Lodging Trust	Pebblebrook Hotel Trust
Chesapeake Lodging Trust	RLJ Lodging Trust
Diamondrock Hospitality Co.	Summit Hotel Properties, Inc.
FelCor Lodging Trust Inc.	Sunstone Hotel Investors, Inc.
Kilroy Realty Corp.	

These companies were selected based on their industry focus and their status as a REIT, enterprise value, revenue size and debt to capital ratio. This peer group was identical to the 2016 peer group, except that Post Properties, Inc. was removed due to its acquisition by Mid-America Apartment Communities, Inc. during 2016.

The committee annually determines whether our overall executive compensation program is consistent with our business strategy and promotes our compensation philosophy. In determining target total annual compensation for each NEO, the committee relies on its general experience and subjective considerations of various factors, including our strategic business goals, information with respect to the peer group set forth above, proprietary and publicly available compensation surveys and data with respect to REITs and other public companies provided by Aon Hewitt, and each executive officer's position, experience, level of responsibility, individual job performance, contributions to our corporate performance, job tenure and future potential.

The committee does not set specific targets or utilize any formulaic benchmarks for overall compensation or for allocations between fixed and performance-based compensation, cash and non-cash compensation or short-term and long-term compensation. In addition, the committee uses proprietary and publicly available compensation surveys and data with respect to REITs

and other public companies provided by our compensation consultant, Aon Hewitt, to obtain a general understanding of current compensation practices, including to confirm that the base salary and other elements of target total compensation opportunity for our executive officers is at a market-competitive level. The committee does not specifically target or benchmark in any formulaic manner any element of compensation or the total compensation payable to NEOs based on these factors.

Base Salary

Base salary is designed to compensate our NEOs for their roles and responsibilities and to provide a secure level of guaranteed cash compensation. We have employment agreements with Mr. Reed, Mr. Fioravanti and Mr. Westbrook that provide for a minimum base salary. We have severance agreements with Mr. Chaffin and Mr. Lynn that do not provide for any minimum base salary.

Each NEO's base salary was set based on:

- the executive's roles and responsibilities; and
- the executive's skills, experience and performance.

In 2017, base salary represented approximately 19% of our CEO's total compensation package and (on average) approximately 31% of our other NEOs' total compensation package (calculated in the manner described on page 35). The committee annually reviews the base salaries of each NEO and may make adjustments based on individual performance and changes in roles and responsibilities.

At its February 22, 2017 meeting, the committee reviewed the existing base salaries and perquisites for our NEOs. Specifically, the committee considered each NEO's current base pay, taking into account base salary levels paid to persons holding similar positions at peer companies. With respect to Mr. Reed, the committee considered the complexity associated with his oversight of the company's Entertainment business segment operations and his oversight of the strategic initiatives currently being undertaken at this business. With respect to Mr. Chaffin and Mr. Lynn, the committee determined that a larger percentage adjustment to base salary was necessary to maintain a market-competitive level of compensation for these executives.

Based on its review of the factors described above, the committee determined that the base salary amounts for the NEOs should be set at the following levels:

	<u>2017 Base Salary (\$)</u>	<u>% Change from 2016 Base Salary</u>
Colin Reed	925,000	8.8%
Mark Fioravanti	515,000	3.0%
Bennett Westbrook	386,250	3.0%
Patrick Chaffin	325,000	8.3%
Scott Lynn	325,000	8.3%

Short-Term Cash Incentive Compensation

We provide annual cash incentive compensation designed to reward achievement of specific previously established short-term financial and strategic goals.

2017 Performance Goals

For 2017 the committee determined that the NEOs would have the opportunity to earn the following percentage of their base salary based on the achievement of the financial performance goals (and, in the case of Mr. Reed, designated strategic objectives) described below.

The 2017 percentages of base salary at the threshold, target and stretch levels for each NEO were set at the following percentages:

	<u>Threshold Level</u>	<u>Target Level</u>	<u>Stretch Level</u>
Mr. Reed	75%	150%	300%
Mr. Fioravanti	62.5%	125%	250%
Mr. Westbrook	50%	100%	200%
Mr. Chaffin	50%	100%	200%
Mr. Lynn	50%	100%	200%

The percentage of salary awarded for performance falling between the threshold and target achievement levels and the target and stretch achievement levels was to be determined using straight-line interpolation.

In 2017, assuming performance at the target level of achievement, short-term cash incentive compensation represented approximately 27% of our CEO's total compensation package and (on average) approximately 32% of our other NEOs' total compensation package (calculated in the manner described on page 35).

In 2017, the performance targets, measured using AFFO as reported, excluding income tax expense or benefit ("Further Adjusted AFFO"), established by the committee were:

- **Threshold Performance Goal:** Further Adjusted AFFO of \$251.1 million.
- **Target Performance Goal:** Further Adjusted AFFO of \$273.4 million.
- **Stretch Performance Goal:** Further Adjusted AFFO of \$306.9 million.

The committee selected this performance metric because it is a measure of our operations without regard to specified non-cash items such as real estate depreciation and amortization, gain or loss on sale of assets and certain other items which we believe are not indicative of the performance of our underlying hotel properties, and as such AFFO is one of the principal tools used by our management and the investment community in evaluating our financial performance as a REIT. These performance levels were set by the committee at the beginning of 2017 after thorough discussion with management regarding our anticipated financial performance. In choosing this goal, the committee considered the general economic climate expected in 2017, the expected conditions in the hospitality industry and our expected financial performance, including our guidance for 2017, as reflected in our earnings release issued in the first quarter of 2017. The committee intended the target performance goal to be a challenging level of achievement. The committee attempted to set the threshold, target and stretch performance goals to ensure that the relative level of difficulty of achieving these performance levels would be generally consistent with prior years.

The awards to the NEOs (other than Mr. Reed) were based solely on our level of achievement of Further Adjusted AFFO. The award to Mr. Reed was based 75% on our achievement of Further Adjusted AFFO and 25% on our achievement of the strategic objectives, approved in advance by the committee, of achieving effective capital allocation and balance sheet management, specifically including maintaining leverage with a designated range, ensuring compliance with applicable debt covenants and managing interest rate risk associated with floating rate indebtedness.

When the committee established these targets at the beginning of 2017, it made a determination to adjust Further Adjusted AFFO for the year to exclude losses or expense related to certain unusual or infrequently occurring events as set forth in our omnibus incentive plan (and that the committee would have the discretion whether to exclude any such items of income or gain). In addition, under the terms of our omnibus incentive plan, the committee may exercise negative discretion in determining the final amounts of the short-term cash incentive awards payable at any given level of performance to ensure that such awards accurately reflect our actual performance. The committee also had the option of lowering the amount of, or not awarding, annual cash incentive compensation otherwise payable to an executive under the plan for 2017 if the executive did not attain a minimum-level annual performance rating under the company's employee evaluation program, which is a prerequisite to receiving cash incentive compensation under the plan.

2017 Short-Term Incentive Compensation Awards

In analyzing our results for purposes of determining the level of achievement under the short-term incentive compensation plan, the committee reviewed our operating and financial results for 2017.

In performing its review, the committee made note of the following financial and operating highlights:

- The financial results of our Hospitality business segment, which the committee believed reflected the continued strength of that business, particularly the group meetings sector in which we focus.
- The continued increases in the revenues and Adjusted EBITDA associated with our Entertainment business segment.
- Our continued focus on returning capital to our stockholders, as evidenced by the 6.7% increase in the amount of our annual dividend in 2017 (as compared to 2016), which resulted in the payment of approximately \$163.7 million in dividends on our common stock (including the fourth quarter dividend paid in early 2018 to holders of record as of December 29, 2017).

The committee determined that the company's 2017 Further Adjusted AFFO for purposes of our short-term incentive compensation plan was \$289.0 million, which using straight-line interpolation was equivalent

to a payout level of 123% of the "target" performance goal. There were no gains or losses related to unusual or infrequent events that were excluded in the determination of Further Adjusted AFFO for 2017. The committee also determined that Mr. Reed had met the individual strategic performance objectives described above, which combined with the Further Adjusted AFFO achievement level described above, resulted in a payout level equal to 123% of the "target" payout level for Mr. Reed. The committee also determined that Mr. Reed should receive an additional amount of cash incentive compensation, as listed below, due to his contributions to the company's operating and financial performance in 2017, including the Company's refinancing activities and the successful commencement of the indoor/outdoor luxury waterpark project at Gaylord Opryland (and the procurement of a tax incentive relating to the project).

The committee also reviewed the annual performance rating of each NEO and determined that each NEO met the minimum level performance rating. As a result, the committee approved the following short-term cash incentive compensation awards:

	<u>Calculated</u> <u>Short-Term</u> <u>Cash</u> <u>Incentive</u> <u>Compensation</u> <u>(1)</u> <u>(\$)</u>	<u>Additional</u> <u>Short-Term</u> <u>Cash</u> <u>Incentive</u> <u>Compensation</u> <u>(1)</u> <u>(\$)</u>	<u>Total</u> <u>Short-Term</u> <u>Cash</u> <u>Incentive</u> <u>Compensation</u> <u>(1)</u> <u>(\$)</u>
Mr. Reed	1,998,831	250,000	2,248,831
Mr. Fioravanti	937,480	-	937,480
Mr. Westbrook	562,488	-	562,488
Mr. Chaffin	468,426	-	468,426
Mr. Lynn	468,426	-	468,426

- (1) The estimated threshold, target and stretch payout levels for each NEO established under the short-term cash incentive plan for 2017 are listed in *2017 Grants of Plan-Based Awards* below.

2017 Long-Term Equity Incentive Compensation

Our long-term equity incentive compensation plan is designed to align the interests of our NEOs and stockholders and focus our NEOs on long-term objectives over a multi-year period. Long-term equity incentive awards are also intended to attract and retain our NEOs through long-term vesting. In 2017, long-term equity incentive compensation represented approximately 52% of our CEO's total compensation

package and (on average) approximately 35% of our other NEOs' total compensation package (calculated in the manner described on page 35).

Long-Term Equity Incentive Compensation Plan Components

Our long-term equity incentive plan components are:

Performance-Based RSUs:

- Vest over a three-year period based on our TSR over the award cycle, as compared to our peers.
- Awards settled in stock, with cash dividends on RSUs being paid only upon RSUs that ultimately vest upon the achievement of performance goals.
- Granted only to the NEOs and senior executives.

Time-Based RSUs:

- Annual time-based RSU awards vest in equal amounts over four years, beginning on the first anniversary of the grant date. In certain cases, in connection with a promotional RSU grant or to aid in retention, the committee may designate that certain time-based RSU awards will vest in equal installments over two years, beginning on the third anniversary of the grant date.
- Awards settled in stock, with dividends on RSUs held by our NEOs being paid in additional RSUs only upon RSUs that ultimately vest.
- Granted to the NEOs, as well as to other eligible employees.

2017 Long-Term Equity Incentive Compensation Awards

For 2017, the committee discussed with Aon Hewitt the most appropriate way to motivate and retain our executives. The committee believed it was important to continue to use RSU awards instead of stock options to better align the interests of our executives with our stockholders, to encourage executive retention and to conform to compensation practices in the REIT industry.

As a result of these discussions, the committee decided to structure long-term equity incentive compensation awards in 2017 as a combination of performance-based RSUs and time-based RSUs. The determination of the number of RSUs to award to each NEO was based on a number of factors including but not limited to corporate and individual

performance, historical grants and competitive practices.

As a result of the determinations discussed above, on February 22, 2017, the committee made the following long-term incentive compensation awards to the NEOs:

	Performance-Based RSU Awards⁽¹⁾ (#)	Annual Time-Based RSU Awards⁽²⁾ (#)
Mr. Reed	18,811	18,882
Mr. Fioravanti	5,813	5,835
Mr. Westbrook	2,906	2,917
Mr. Chaffin	2,445	2,455
Mr. Lynn	2,445	2,455

- (1) Up to 150% of the performance-based RSUs listed above will vest on March 15, 2020 based on our TSR performance over the three-year award cycle (January 1, 2017 – December 31, 2019) relative to the median of the TSR performance of the 2017 Performance Peer Groups described below.
- (2) These RSUs vest ratably over four years, beginning on March 15, 2018.

2017 Performance-Based RSU Awards (2017-2019 Performance Period)

The amount of the performance-based RSUs which will ultimately vest on March 15, 2020 will be determined by comparing our TSR performance during the performance period (January 1, 2017 – December 31, 2019) relative to the median of the TSR performance of the following two peer groups (the "2017 Performance Peer Groups"), weighted equally: (1) our 2017 compensation peer group listed above; and (2) the following companies within the FTSE NAREIT Lodging Resorts Index (which were selected by the committee based on their industry focus and their status as a REIT, enterprise value, revenue size, debt to capital ratio and TSR performance over a three year period):

- | | |
|---------------------------------|--------------------------------|
| Apple Hospitality REIT, Inc. | Hospitality Properties Trust |
| Ashford Hospitality Prime | Host Hotels & Resorts, Inc. |
| Ashford Hospitality Trust, Inc. | LaSalle Hotel Properties |
| Chatham Lodging Trust | Pebblebrook Hotel Trust |
| Chesapeake Lodging Trust | RLJ Lodging Trust |
| Condor Hospitality Trust, Inc. | Sotherly Hotels, Inc. |
| Diamondrock Hospitality Co. | Summit Hotel Properties, Inc. |
| FelCor Lodging Trust Inc. | Sunstone Hotel Investors, Inc. |
| Hersha Hospitality Trust | Xenia Hotels & Resorts, Inc. |

Specifically, the awards will vest as follows:

<u>Company TSR Performance</u>	<u>% of Award Vesting</u>
Greater than 15 percentage points above the median TSR performance of the 2017 Performance Peer Groups	150%
Equal to the median TSR performance of the 2017 Performance Peer Groups	100%
15 percentage points below the median TSR performance of the 2017 Performance Peer Groups	50%
Greater than 15 percentage points below the median TSR performance of the 2017 Performance Peer Groups	0%

If the performance achieved falls in between the established performance goal levels, the percentage of the award earned by the NEO will be determined using straight-line interpolation and rounding to the nearest full share. The awards also provide that if our TSR is negative, on an absolute basis, the committee may, in its discretion, reduce by 25% the number of awards ultimately vesting. In no event will the final value of the award exceed 500% of the fair market value of our common stock on the grant date of February 22, 2017. The committee believes that limiting the maximum value of the award ensures the NEOs are not disproportionately awarded for performance.

The committee re-evaluates the 2017 Performance Peer Groups for each fiscal year to take into account changes to the composition of the 2017 Performance Peer Groups (i.e., corporate changes such as mergers or delistings), or to otherwise modify the terms of the award to take into account such other factors which the committee in its sole discretion has determined. The committee has not exercised this discretion in connection with the 2017 performance-based RSU awards except to reflect certain corporate changes in the peer group companies.

The committee believed the amount of these awards was appropriate given our compensation philosophy and objectives, specifically noting that achievement of greater than “target” level performance would have also resulted in higher than average TSR to our stockholders, as compared to our peers. In 2017, performance-based RSUs represented approximately 27% of our CEO’s total compensation package and (on average) approximately 18% of our other NEOs’ total compensation package (calculated in the manner described on page 35).

2017 Time-Based RSU Awards

The time-based RSUs granted to the NEOs reflected in the chart above vest ratably over four years, beginning on March 15, 2018. The committee believed the amount of the time-based RSU awards made to our NEOs was appropriate given our compensation philosophy and objectives, including the need to retain our executives. In 2017, time-based RSUs represented approximately 25% of our CEO’s total compensation package and (on average) approximately 17% of our other NEOs’ total compensation package (calculated in the manner described on page 35).

Vesting of 2015 Performance-Based RSU Awards in March 2018 (2015-2017 Performance Period)

In February 2015 we awarded performance-based RSUs to each NEO, which ultimately were to vest based on the company’s TSR performance over the 3-year award cycle (2015-2017), as compared to the TSR for the designated performance peer groups during the same performance period.

Specifically, the awards were to vest as follows:

<u>Company TSR Performance</u>	<u>% of Award Vesting</u>
Greater than 15 percentage points above the median TSR performance of the 2015 Performance Peer Groups	150%
Equal to the median TSR performance of the 2015 Performance Peer Groups	100%
15 percentage points below the median TSR performance of the 2015 Performance Peer Groups	50%
Greater than 15 percentage points below the median TSR performance of the 2015 Performance Peer Groups	0%

Our TSR over the performance period, calculated pursuant to the terms of the performance-based RSU agreements, was approximately 57 percentage points above the median TSR performance of the designated performance peer groups.

As a result, the 2015 performance-based RSUs ultimately vested at the 150% level in March 2018 as follows:

Based RSU Awards

Benefits and Perquisites

Our benefit programs are based upon an assessment of competitive market factors and a determination of what is needed to attract and retain qualified executives. Our primary benefits for executives include participation in our broad-based plans at the same cost as other employees. These plans include a tax qualified 401(k) savings plan (with matching contributions up to four percent of a participant's pay), health and dental plans and various disability and life insurance plans.

We also provide a limited amount of executive-level perquisites to our NEOs and other designated senior executives, including the ability to participate in our unfunded, unsecured, supplemental deferred compensation plan, or SUDCOMP, with a company matching component. Details about our SUDCOMP may be found under *Other Compensation Information—Nonqualified Deferred Compensation* on page 54.

Our directors, NEOs and other employees routinely use commercial air service for business travel, and we generally reimburse them only at the coach or business class rate.

Although we do not own a corporate airplane, we do maintain a limited aircraft program to provide our executives with timely and cost-effective travel alternatives in connection with our business activities. We do not operate any aircraft, own or lease a hangar or employ pilots. Instead, we have purchased a fractional interest in an aircraft. We pay a fixed monthly fee, plus a variable charge for hours actually flown. Our directors, NEOs and other employees use this aircraft for selected business trips when commercial air service is unavailable or otherwise impractical, based on the availability and cost of commercial air service, the travel time involved, the number of employees traveling and the need for

flexible travel arrangements. All travel under this program must be approved by our CEO.

Mr. Reed's employment agreement provides that he is entitled to a limited amount of personal aircraft usage on an annual basis. We also make the aircraft available to our other executives for limited personal use, which is typically limited to permitting the executive's spouse or other family member to accompany the executive on required business travel. We believe allowing limited personal use of our aircraft program serves to reduce our executives' personal travel time and to increase the time they can conduct company business on our behalf.

For more information about this perquisite, and amounts reported as income in 2017 for each NEO, see the *All Other Compensation* table on page 49.

These executive-level perquisites represented approximately 2% of our CEO's total compensation package and (on average) approximately 2% of our other NEOs' total compensation package (calculated in the manner described on page 35).

As part of our REIT restructuring transactions in 2012, in addition to their voluntary reductions in base pay, Mr. Reed, Mr. Fioravanti and Mr. Westbrook voluntarily agreed to amend their employment agreements to remove the car allowance and annual financial planning cash perquisites previously paid to them. The severance agreements for Mr. Chaffin and Mr. Lynn do not provide for any perquisites.

When we recruited Mr. Reed to join our company in 2001, we agreed to pay Mr. Reed a retirement benefit pursuant to a Custom Mid-Career Supplemental Employee Retirement Plan, or SERP.

This benefit, which is described in *Other Compensation Information—Nonqualified Deferred Compensation* below, was in the committee's view essential to attracting Mr. Reed to employment with us and has also proved valuable in securing his extended employment. The company has fully satisfied its funding obligations under the SERP by previously paying, in total, \$3.5 million to Mr. Reed's SERP account (as described below), and the current balance in Mr. Reed's SERP account in excess of such amount is attributable to investment gains and losses associated with the assets in the SERP account (currently shares of our common stock).

Stock Ownership and Retention Guidelines

The committee has adopted stock ownership guidelines for our senior executives. These guidelines are designed to encourage our executives to have a meaningful equity ownership in our company, thereby linking their interests with those of our stockholders. These guidelines provide that within five years of becoming a senior executive, each executive must own (by way of shares owned directly or indirectly (including through our 401(k) plan) and shares represented by unvested time-based RSUs, but not including unexercised stock options or performance-based RSUs) common stock with a value of either five times (5x) base salary for Mr. Reed, three times (3x) base salary for Mr. Fioravanti and Mr. Westbrook, and two times (2x) base salary for the other NEOs and other executives subject to these guidelines. The guidelines also provide that if an executive is not currently in compliance with this guideline (regardless of the compliance grace period), the executive must retain 50% of the net shares (after satisfying any tax obligations and any required payments upon exercise) received upon vesting of RSUs or the exercise of stock options.

As of January 31, 2018 (the annual compliance date) all of the NEOs were in compliance with the guidelines, as follows:

	<u>Required Ownership as of January 31, 2018⁽¹⁾</u>	<u>Shares Owned</u>
Colin Reed	60,418	1,255,851 ⁽²⁾
Mark Fioravanti	20,183	178,662 ⁽³⁾
Bennett Westbrook	15,137	25,701 ⁽³⁾
Patrick Chaffin	8,491	27,117 ⁽³⁾
Scott Lynn	8,491	14,975 ⁽³⁾

- (1) The number of shares required to be owned by an NEO is an amount equal to (i) the product obtained by multiplying the NEO's base salary times the applicable multiple (5x for Mr. Reed, 3x for Mr. Fioravanti and Mr. Westbrook, and 2x for the other NEOs) *divided by* (ii) the closing market price of our common stock on January 31, 2018 (\$76.55).
- (2) Includes 573,303 shares credited to Mr. Reed's SERP and 55,800 shares of common stock issuable upon the vesting of time-based RSUs.
- (3) Includes the following number of shares of common stock issuable upon the vesting of time-based RSUs: Mr. Fioravanti: 29,312; Mr. Westbrook: 10,957; Mr. Chaffin: 8,848; and Mr. Lynn: 8,756.

Post-Termination Benefits

The committee believes that severance and change of control benefits assist in attracting and retaining qualified executives. The committee believes these benefits have proven particularly important in providing for continuity of management during the period following our REIT conversion and transition-related efforts. The levels of payments and benefits upon termination were set to be at a market-competitive level based upon each executive's experience and level in the organization.

Mr. Reed, Mr. Fioravanti and Mr. Westbrook have employment agreements that provide for cash severance payments and certain other benefits if termination occurs without "cause" or if the executive leaves for "good reason" (as defined in their employment agreement). These agreements also provide for cash compensation and certain other benefits in the event of termination following a "change of control" of the company (i.e., a "double trigger"). Mr. Chaffin and Mr. Lynn have severance agreements that provide for cash compensation and certain other benefits only in the event of termination following a "change of control" of the company (i.e., a "double trigger").

In addition, no tax gross-ups are provided in connection with any severance payments to our NEOs. Information regarding these payments, including a definition of key terms and the amount of benefits that would have been received by our NEOs had termination occurred on December 31, 2017, is found under *Potential Payments on Termination or Change of Control* on page 56.

Tax Deductibility Considerations

The committee's policy is to consider the tax treatment of compensation paid to our executive officers with appropriate rewards for their performance. Section 162(m) of the Internal Revenue Code generally disallows public companies a tax deduction for their compensation in excess of \$1.0 million paid to their chief executive officers and certain of their other executive officers. Prior to the enactment of the Tax Cuts and Jobs Act ("TCJA"), signed into law on December 22, 2017, this limitation did not apply to "qualified performance-based compensation" within the meaning of Section 162(m). Prior to the enactment of the TCJA, we generally endeavored to design and administer our executive

compensation programs in a manner that would preserve the deductibility of performance-based compensation paid to our executive officers, but the committee also believed that stockholder interests would best be served if we retained discretion and flexibility in awarding compensation to our NEOs, even where the compensation paid under such programs may not be fully deductible (and the committee has approved the payment of compensation that is outside of the deductibility limitations of Section 162(m)).

As the result of the TCJA, the full deductibility of “qualified performance-based compensation” will no longer apply to compensation paid after January 1, 2018 unless paid pursuant to a written binding contract, such as certain long-term equity incentive compensation awards that the committee granted prior to November 2, 2017. The committee will continue to retain the flexibility to design and maintain our executive compensation programs in a manner that is most beneficial to our stockholders, including the payment of compensation that may not be deductible under Section 162(m).

Because we qualify as a REIT for Federal income tax purposes, we expect to distribute at least 100% of our net taxable income each year and therefore will not pay Federal income tax on our REIT taxable income. As a result, based on the level of cash compensation paid to our executive officers, we do not expect that the possible loss of a Federal income tax deduction would materially impact our income tax liability. The committee will continue to monitor the tax and other consequences of our executive compensation programs as part of its primary objective of ensuring that compensation paid to our executives is reasonable, performance-based and consistent with our goals.

Equity Grant Practices

Our omnibus incentive plan allows the committee to grant various types of equity awards to any eligible employee, including the NEOs. Annual equity awards to executives are approved by the committee and occur on the date of our first quarterly committee meeting of each year. Consistent with the terms of our omnibus incentive plan, the committee has also delegated to the CEO the authority to make limited equity grants to new members of our management team, which are then ratified by the committee.

These awards are granted pursuant to a formula based on a specified dollar amount, with the number of shares for each RSU award determined by dividing the dollar amount by the closing market price of our stock on the date immediately prior to the grant date. Annual RSU awards for directors are approved by the committee and are granted on the date the director is elected to the Board. These awards are granted pursuant to a formula based on a specified dollar amount, with the number of shares for each RSU grant determined by dividing the dollar amount by the closing market price of our stock on the date immediately prior to the grant date.

Role of the Human Resources Committee and Management

The committee awards compensation to our NEOs and other executives consistent with our philosophy that compensation paid to our executives be fair, reasonable and competitive. The committee establishes and monitors compliance with our compensation philosophy, and the committee also oversees the development and administration of our compensation programs. Our management is responsible for the administration of our compensation programs once approved by the committee.

The committee makes all compensation decisions with respect to our NEOs, which are ratified by our Board. Our CEO annually reviews the performance of, and provides compensation recommendations for, each NEO (other than the CEO). In the case of the CEO, the CEO provides the committee with a self-assessment of his performance. The committee then reviews these items and discusses and approves compensation for each NEO based on the considerations previously discussed.

For a complete description of the committee’s members and its responsibilities, as well as information regarding the authority of our CEO to make limited equity grants to new members of our management team, see *Committees of the Board* on page 23. You may also view the committee’s charter on our website at www.rymanhp.com (under “Corporate Governance” on the Investor Relations page).

Role of the Compensation Consultant

The committee has retained Aon Hewitt as its outside compensation consultant since 2013. During 2017, Aon Hewitt regularly attended committee meetings and reported directly to the committee on matters relating to compensation for our executives. During 2017 the committee requested that Aon Hewitt:

- Analyze the compensation for our NEOs and other executives and assess how target and actual short-term incentive compensation aligned with our compensation philosophy and objectives.
- Develop recommendations for the committee on the size and structure of long-term incentive compensation awards.
- Assist the committee in the review of this proxy statement and this Compensation Discussion and Analysis.
- Provide the committee with ongoing advice and counsel on market compensation practices, trends and legal and regulatory changes and their impact on our compensation programs.

Advisory Vote on Executive Compensation

At our annual meeting in May 2017, we held a stockholder advisory vote on the compensation of our NEOs, commonly referred to as a “say-on-pay” vote. In our say-on-pay vote, approximately 96.4% of the stockholder votes, excluding broker non-votes, were cast in favor of the say-on-pay resolution. As the committee reviewed our compensation practices, it was mindful of the level of support our stockholders had previously expressed for our compensation programs, including our “pay for performance” philosophy and emphasis on variable compensation.

The committee intends to continue to consider the outcome of future advisory say-on-pay votes when making executive compensation decisions.

2018 NEO Compensation

At its February 21, 2018 meeting, the committee reviewed and approved the compensation to be paid to the NEOs for 2018, in light of our compensation philosophy described above.

Base Salary

The committee determined that base salaries for 2018 should be increased as follows:

	<u>2018 Base Salary</u> (<u>\$</u>)	<u>% Increase from 2017 Base Salary</u>
Colin Reed	925,000	-
Mark Fioravanti	530,450	3.0%
Bennett Westbrook	397,838	3.0%
Patrick Chaffin	334,750	3.0%
Scott Lynn	344,500	6.0%

Short-Term Cash Incentive Compensation

The committee also established criteria for short-term cash incentive compensation pursuant to our omnibus incentive plan.

The committee determined that each NEO will have the opportunity to earn the following percentage of his base salary based on the achievement of the AFFO goals (and, in the case of Mr. Reed, designated strategic objectives) established by the committee, at the following threshold, target and stretch levels:

	<u>Threshold Level</u>	<u>Target Level</u>	<u>Stretch Level</u>
Colin Reed	75%	150%	300%
Mark Fioravanti	62.5%	125%	250%
Bennett Westbrook	50%	100%	200%
Patrick Chaffin	50%	100%	200%
Scott Lynn	50%	100%	200%

These percentages were unchanged from 2017. In choosing the AFFO “target” performance goal for 2018, the committee considered the general economic climate expected in 2018, the expected conditions in the hospitality industry and our expected financial performance, including our guidance for 2018, as reflected in our earnings release issued in the first quarter of 2018. In setting these goals, the committee attempted to set performance goals to ensure that the relative level of difficulty of achieving these levels was consistent with prior years.

In establishing these targets for 2018, the committee has made a determination that it will have the discretion to adjust AFFO for the year to exclude losses or expense, or income or gain, related to certain unusual or infrequently occurring events as set forth in our omnibus incentive plan.

In addition, under the terms of our omnibus incentive plan, the committee may exercise negative discretion in determining the final amounts of the short-term cash incentive awards payable at any given level of performance to ensure that such awards accurately reflect our actual performance. The committee also has retained the discretion to lower the amount of, or not award, annual cash incentive compensation otherwise payable to an executive under the plan for 2018 if the executive does not attain a minimum-level annual performance rating under the company's employee evaluation program, which is a prerequisite to receiving cash incentive compensation under the plan.

Long-Term Equity Incentive Compensation

The committee also made the following long-term equity incentive compensation awards to the NEOs:

	<u>Performance- Based RSU Awards⁽¹⁾</u> (#)	<u>Time- Based RSU Awards⁽²⁾</u> (#)
Colin Reed	16,823	17,929
Mark Fioravanti	5,360	5,712
Bennett Westbrook	2,680	2,856
Patrick Chaffin	2,255	2,403
Scott Lynn	2,320	2,473

- (1) Up to 150% of the performance-based RSUs listed above will vest on March 15, 2021 based on our TSR performance over the three-year award cycle (January 1, 2018 – December 31, 2020) relative to the median of the TSR performance of the designated performance peer groups for such awards.
- (2) The time-based RSUs vest ratably over four years, beginning March 15, 2019.

(1) Amounts shown are not reduced to reflect the NEO's contributions to our 401(k) plan or elections to defer receipt of salary under our SUDCOMP plan. Amounts shown are the amounts actually paid to the NEO during the year and reflect, to the extent applicable, any changes in the base salary during the year.

(2) Represents a discretionary cash bonus award paid to the NEO in recognition of their contributions to the company's operating and financial performance for the applicable fiscal year as described in the *Compensation Discussion and Analysis* above. Cash incentive

compensation paid to each NEO pursuant to our short-term cash incentive compensation plan is reflected in the column above entitled *Non-Equity Incentive Plan Compensation*.

(3) Represents a non-cash amount equal to the grant date fair value of the time-based RSU awards and performance-based RSU awards granted to the NEO, determined in accordance with FASB ASC Topic 718, disregarding for this purpose estimated forfeitures. See Note 7 to our consolidated financial statements for the three years ended December 31, 2017, included in our

Annual Report on Form 10-K for the year ended December 31, 2017, filed with the SEC on February 27, 2018, for the assumptions made in determining grant date fair value. The maximum dollar value of the performance-based RSU awards granted in 2017 (based on the grant-date fair value and assuming vesting at the stretch (150% performance level) are as

follows: Mr. Reed: \$1,972,898; Mr. Fioravanti: \$609,668; Mr. Westbrook: \$304,782; Mr. Chaffin: \$256,431; and Mr. Lynn: \$256,431.

- (4) Represents amounts paid under our short-term cash incentive compensation plan.
- (5) The table below lists the components of the *All Other Compensation* amount for each NEO listed above:

- (b) We make matching contributions to the SUDCOMP accounts of the NEOs as described in *Nonqualified Deferred Compensation* below. Does not include company matching amounts for SUDCOMP deferrals with respect to 2016 short-term cash incentive plan payments made in 2017.
- (c) Represents the cost associated with the executive group term life insurance not made available generally to other employees.
- (d) Represents the cost associated with the executive long term disability insurance not made available generally to other employees.
- (e) Represents, for Mr. Reed, \$30,636 in personal usage of aircraft and \$2,212 in physical examination fees. Represents, for Mr. Fioravanti, Mr. Westbrook, Mr. Chaffin and Mr. Lynn, personal usage of aircraft. For purposes of reporting the value of personal usage of aircraft in this table, we use the incremental cost of such personal usage, calculated by estimating the direct variable operating cost of the aircraft on a per mile basis. These costs include the cost of fuel, maintenance, landing and parking fees, crew travel expenses and supplies. For trips by NEOs that involved mixed personal and business usage, we include the incremental cost of such personal usage (i.e., the excess of the cost of the actual trip over the cost of a hypothetical trip without the personal usage). For income tax purposes, the amounts included in NEO income are calculated based on the standard industry fare level valuation method. No tax gross-ups are provided for this imputed income.

(1) Represents threshold, target and stretch performance goal achievement payout levels established under our annual short-term cash incentive plan for 2017 performance. See the Non-Equity Incentive Plan Compensation column of the 2017 Summary Compensation Table above for the amount actually paid to each NEO for 2017 performance.

(2) Consists of performance-based RSUs awarded under our long-term equity incentive compensation plan. Each RSU is equivalent to one share of our common stock on the date of grant. The RSUs are earned for achieving specified calculated TSR targets over a three-year performance period beginning January 1, 2017 and ending December 31, 2019. See *Compensation Discussion and Analysis—2017 Compensation Decisions—Long-Term Equity Incentive Compensation* for a discussion of the terms of these RSUs.

(3) Consists of time-based RSUs awarded under our long-term equity incentive compensation plan. Each RSU is equivalent to one share of common stock on the date of grant. The RSUs reflected in the chart above vest 25% on each of the first through fourth anniversaries of the grant date.

(4) Grant date fair value of the RSU awards to the NEOs is determined in accordance with FASB ASC Topic 718, disregarding for this purpose estimated forfeitures. See Note 7 to our consolidated financial statements for the three years ended December 31, 2017, included in our Annual Report on Form 10-K for the year ended December 31, 2017, filed with the SEC on February 27, 2018, for the assumptions made in determining grant date fair value.

2/24/2015(a)	3/15/2018	25,589	9,116	4,100	2,687	2,591
2/24/2016(b)	3/15/2019	23,850	8,418	3,765	3,367	3,367
2/22/2017(b)	3/15/2020	18,811	5,813	2,906	2,445	2,445

- (a) The number of shares listed above with respect to the February 24, 2015 performance-based RSU grant assume vesting at the stretch (150%) performance level. The RSUs ultimately vested at this payout level based on our achievement of TSR over the applicable performance period, as determined by the Human Resources Committee. See *Compensation Discussion and Analysis—2017 Compensation Decisions—Long-Term Equity Incentive Compensation* for a discussion of the terms of these RSUs.
(b) The number of RSUs listed above with respect to the February 24, 2016 grant assume vesting at the target (100%) performance level, and the number of RSUs listed above with respect to the February 22, 2017 grant

assume vesting at the target (100%) performance level, in each case taking into account performance to date with respect to the performance metrics under the award agreement. Each RSU is equivalent to one share of our common stock on the date of grant. The RSUs are earned for achieving specified calculated TSR targets over a three-year performance period (a period from January 1, 2016 to December 31, 2018 for the February 24, 2016 awards; and a period from January 1, 2017 to December 31, 2019 for the February 22, 2017 awards). See *Compensation Discussion and Analysis—2017 Compensation Decisions—Long-Term Equity Incentive Compensation* for a discussion of the terms of these RSUs.

2017 Option Exercises and Stock Vested

The table below shows information about the exercise of stock options by the NEOs and the vesting of the NEOs' RSU awards in 2017.

(1) Equal to the number of shares of common stock issued upon exercise of the stock option multiplied by the difference between (1) the fair market value of our common stock upon exercise and (2) the option exercise price.

(2) Equal to the number of shares of common stock issued upon vesting of RSUs multiplied by the closing market price of our common stock on the NYSE on the day prior to the vesting date.

Other Compensation Information

Pension Benefits

No NEOs participate in our frozen defined benefit plan.

Nonqualified Deferred Compensation

Supplemental Deferred Compensation

Our supplemental deferred compensation plan, or SUDCOMP, is a nonqualified plan that allows eligible participants, including NEOs (whose ability to contribute amounts to our 401(k) plan may be limited by IRS regulations), to defer up to 40% of their base salary, less amounts deferred under our 401(k) plan, and up to 100% of their short-term cash incentive compensation. We contribute one dollar for each dollar contributed by the participant, up to four percent of the participant's contributions (less matching amounts under our 401(k) plan).

Participants elect hypothetical investment options mirroring the funds in our 401(k) plan, with the exception of company stock. Participants can change their investment selections on a daily basis in the same manner as the 401(k) plan. Deferred amounts are credited with earnings or losses based on the rate of return of the investment options selected by the participant. When participants elect to defer amounts into the SUDCOMP, they also select when the amounts will be distributed to them.

Distributions may either be made in a specific year (whether or not employment has then ended) or at a time that begins at or after termination of employment. Distributions can be made in a lump sum or up to 15 annual installments. However, after a participant's employment ends, his or her account balance is automatically distributed in a lump sum (without regard to his or her election) if the balance is \$10,000 or less.

Supplemental Executive Retirement Plan

When we recruited Mr. Reed to join us in 2001, we agreed to establish a supplemental executive retirement plan, or SERP, for Mr. Reed with an initial retirement benefit of \$2.5 million. We believed at the time (and continue to believe) that the SERP was a material factor in Mr. Reed's agreement to give up benefits at his former employer and to begin working for us. We believe that the SERP benefit was

necessary to attract and retain a highly qualified executive such as Mr. Reed. Mr. Reed's April 23, 2001 employment agreement with us established the SERP, which fully vested on April 23, 2005.

In 2004, as part of an amendment to Mr. Reed's employment agreement extending his employment term, we agreed to adjust the initial SERP benefit for hypothetical investment earnings or losses, based on the performance of one or more mutual funds selected by Mr. Reed. At that time, we also agreed to pay Mr. Reed an additional retirement benefit under the SERP of \$1.0 million, as adjusted beginning April 23, 2005 for hypothetical investment earnings or losses, based on the performance of one or more mutual funds selected by Mr. Reed. This additional SERP benefit fully vested on May 1, 2010. Mr. Reed is entitled to receive all of his SERP benefit upon any termination of employment. Mr. Reed has elected to receive his SERP benefits, as adjusted, in the form of one lump sum payment.

On February 4, 2008, we entered into a new employment agreement with Mr. Reed which did not modify the terms of the SERP. On December 18, 2008, we amended Mr. Reed's employment agreement to allow him to make an irrevocable election to invest his SERP benefit in our common stock. We established an independent rabbi trust and transferred cash in an amount equal to the then-current balance of the SERP benefit, and the independent trustee of the rabbi trust purchased shares of our common stock in the open market.

Mr. Reed is now only entitled to a distribution of our stock and any accrued cash dividends held by the rabbi trust in satisfaction of his SERP benefit. We believe that the ownership of shares of common stock by the rabbi trust and the distribution of those shares and any accrued cash dividends to Mr. Reed in satisfaction of his SERP benefit meets requirements necessary so that we will not recognize any increase

or decrease in expense as a result of subsequent changes in the value of our common stock. The terms of the rabbi trust provide that, to the extent that the

shares owned by the rabbi trust are entitled to vote on any matter, the rabbi trustee will be entitled to vote such shares.

2017 Nonqualified Deferred Compensation Table

The table below shows each NEO's salary deferrals, company matching obligations, earnings and account balances in the SUDCOMP (and, in the case of Mr. Reed, his SERP), as of December 31, 2017.

Name (a)	Plan (b)	Executive Contributions in Last FY ⁽¹⁾ (\$)(c)	Registrant Contributions in Last FY (\$)(d)	Aggregate Earnings (Losses) in Last FY ⁽²⁾ (\$)(e)	Aggregate Withdrawals/ Distributions in Last FY (\$)(f)	Aggregate Balance at Last FY ⁽³⁾ (\$)(g)
Colin Reed	SUDCOMP	230,038	30,172	2,100,490	-	20,481,851
Colin Reed	SERP ⁽⁴⁾	-	-	5,046,212 ⁽⁵⁾	-	39,155,598 ⁽⁶⁾
Mark Fioravanti	SUDCOMP	20,555	16,691	209,527	-	1,200,675
Bennett Westbrook	SUDCOMP	38,455	12,491	164,060	-	939,063
Patrick Chaffin	SUDCOMP	12,781	12,781	30,459	-	209,373
Scott Lynn	SUDCOMP	38,308	12,192	35,818	-	247,694

(1) Amounts in this column are reported as compensation in the 2017 *Summary Compensation Table* above. Amounts in this column do not include deferrals of cash incentive compensation amounts with respect to the 2016 fiscal year paid in 2017 (in the case of Mr. Fioravanti, \$24,727) or company matching amounts with respect to such deferral (in the case of Mr. Fioravanti, \$17,636).

(2) None of the amounts in this column are included as compensation in the 2017 *Summary Compensation Table* above because above-market or preferential earnings are not available.

(3) Of the amounts listed in this column with respect to the SUDCOMP, the following amounts have been reported as compensation in the 2017 *Summary Compensation Table* above or previous years (or would have been reported if the NEO had been included in our proxy statement in those years): Mr. Reed: \$8,512,299; Mr. Fioravanti: \$444,820; Mr. Westbrook: \$380,024; Mr. Chaffin: \$72,761; and Mr. Lynn: \$131,180. With respect to Mr. Reed's SERP, no amounts have been reported as compensation in the *Summary Compensation Table* for 2017 or previous years.

(4) We have summarized the SERP benefit using the disclosure format prescribed by the SEC for

nonqualified deferred compensation (under Item 402(i) of SEC Regulation S-K) rather than pension benefits due to the fact that this SERP benefit more closely resembles a "defined contribution" award than a "defined benefit" award. This determination was based on the fact that the value of the SERP benefit in 2017 was based solely on the amounts previously contributed.

(5) Represents the change in market value of our common stock from December 31, 2016 to December 31, 2017, plus the reinvestment of cash dividends received on the shares of common stock held in the SERP. This amount has not been reported as compensation in the *Summary Compensation Table* for 2017 or previous years since above-market or preferential returns are not available with respect to the SERP.

(6) Represents the value of both the initial SERP benefit and the additional SERP benefit as of December 31, 2017, which is calculated by multiplying the 567,308 shares of our common stock held by the rabbi trust on such date by the December 29, 2017 NYSE closing price of our common stock (\$69.02), which was the last trading day of the year.

Potential Payments on Termination or Change of Control

Employment and Severance Agreements

Mr. Reed, Mr. Fioravanti and Mr. Westbrook each have employment agreements with us, originally entered into in February 2008, with an initial two-year term and automatically renewing two-year terms (unless either party provides notice of non-renewal). Mr. Reed's employment agreement was amended in December 2008 and September 2010. Mr. Fioravanti's employment agreement was amended in February 2010 and September 2010. Mr. Westbrook's employment agreement was amended in September 2010. In November 2012, Mr. Reed's, Mr. Fioravanti's and Mr. Westbrook's employment agreements were amended in connection with our REIT restructuring. Mr. Fioravanti's employment agreement was amended in March 2015. Mr. Westbrook's employment agreement was amended in July 2016. Mr. Reed's, Mr. Fioravanti's and Mr. Westbrook's employment agreements, together with each of their equity incentive award agreements and the terms of our incentive and other benefit plans, provide for cash payments and other benefits in connection with their termination of employment in various circumstances, including in the event of a Change of Control (as

defined below). Payment of these amounts generally is conditioned upon compliance with the other provisions of the agreement, which include confidentiality obligations and nonsolicitation and noncompetition provisions.

Mr. Chaffin and Mr. Lynn each have restated severance agreements with us, entered into in February 2018 (replacing severance agreements entered into in October 2010 and February 2013, respectively), with a one-year term and automatic renewals of one year following the initial term (unless either party provides notice of non-renewal). The severance agreements provide for cash payments and other benefits only in connection with Mr. Chaffin's and Mr. Lynn's termination of employment in the event of a Change of Control. Payment of these amounts generally is conditioned upon compliance with the other provisions of the severance agreement, which include confidentiality obligations. In addition, Mr. Chaffin's and Mr. Lynn's equity incentive award agreements, and the terms of our incentive and other benefit plans, provide for other benefits in connection with their termination of employment in various circumstances, including in the event of a Change of Control.

Description of Potential Payments on Termination or Change of Control

The discussion below outlines our obligations to our NEOs upon a termination or Change of Control. Except as otherwise noted, the discussion applies to each NEO.

Payments Made on Any Termination of Employment

Regardless of the manner in which any NEO's employment with us is terminated, the NEO would be entitled to receive amounts which have been earned by the NEO pursuant to the terms of our incentive and other benefit plans⁽¹⁾.

Payments Made on Termination With Cause or Resignation Without Good Reason

Mr. Reed's, Mr. Fioravanti's and Mr. Westbrook's employment agreements each provide that if the executive is terminated for Cause⁽²⁾ or if he resigned without Good Reason⁽³⁾ he would not be entitled to receive any payments (other than as listed under *Payments Made on Any Termination of Employment*).

57

- (1) These amounts consist of: (1) accrued but unpaid base salary through the date of termination; (2) any unpaid portion of any annual short-term cash incentive compensation bonus for prior calendar years; (3) accrued but unpaid vacation pay, unreimbursed employment-related expenses and other benefits owed to the NEO under our general employee benefit plans or policies; (4) all vested 401(k) plan and SUDCOMP account balances; and (5) in the case of Mr. Reed, his SERP benefit.
- (2) Under Mr. Reed's, Mr. Fioravanti's and Mr. Westbrook's employment agreements, the term "Cause" is defined as: fraud, self-dealing, embezzlement or dishonesty in the course of employment, or any conviction of a crime involving moral turpitude; a failure to comply with any valid or legal company directive, or any material uncured breach of obligations under the employment agreement; or the executive's failure to adequately perform his responsibilities, as demonstrated by objective and verifiable evidence showing that the business operations under his control have been materially harmed as a result of gross negligence or willful misconduct.
- (3) Under Mr. Reed's, Mr. Fioravanti's and Mr. Westbrook's employment agreements, the term "Good Reason" is defined as: any adverse change in the executive's position or title (whether or not approved by our Board), any assignment over the executive's reasonable objection to any duties materially inconsistent with his current status or a substantial adverse alteration in the nature of his responsibilities; a reduction in the executive's annual base salary; a failure to pay any portion of the executive's current compensation, or a failure to continue in effect any material compensatory plan (or equivalent) in which the executive may participate; permanent relocation of the executive's principal place of employment to a location other than our corporate headquarters; a failure to provide, or a material reduction of, any insurance, retirement savings plan or other employee benefits package substantially similar to those enjoyed by other senior executives in which the executive is entitled to participate; or a material uncured breach of the company's obligations under the executive's employment agreement (or the company's failure to renew it).

Payments Made on Death or Disability

Mr. Reed's, Mr. Fioravanti's and Mr. Westbrook's employment agreements, together with their equity incentive award agreements and the terms of our incentive and other benefit plans, provide for the following payments and other benefits (in addition to payments under our disability or life insurance plans) if the executive dies or becomes "permanently disabled" (defined as a physical or mental incapacity rendering him unable to perform job duties for 90 consecutive days or for a total of 180 days in any 12 month period):

- all amounts under *Payments Made on Any Termination of Employment* above;
- a pro rata portion of his annual cash bonus in the year of termination;
- the immediate vesting of all time-based RSUs;
- for all performance-based RSUs, a pro rata (based on length of service during the performance period) portion of the awards actually vesting to the extent of satisfaction of the applicable performance criteria;
- the accelerated vesting of all outstanding stock option awards (with an exercise period ending on the option expiration date); and
- in the case of Mr. Reed, continuation of health care coverage at employee rates for Mr. Reed and his spouse until the earlier of their election to terminate coverage (or their non-payment of premiums), their death or until we stop providing health care coverage to our employees.

In the event of Mr. Chaffin's or Mr. Lynn's death or permanent disability, the executive would be entitled, under the terms of his equity incentive award agreements and the terms of our incentive and other benefit plans, to the following (in addition to payments under our disability or life insurance plans):

- all amounts under *Payments Made on Any Termination of Employment* above;
- the immediate vesting of all time-based RSUs;
- for all performance-based RSUs, a pro rata (based on length of service during the performance period) portion of the awards actually vesting to the extent of satisfaction of the applicable performance criteria; and
- the accelerated vesting of all outstanding stock option awards (with an exercise period ending on the option expiration date).

Payments Made on Termination Without Cause or Resignation for Good Reason (Other Than Following a Change of Control)

Mr. Reed's, Mr. Fioravanti's and Mr. Westbrook's employment agreements, together with their equity incentive award agreements and the terms of our incentive and other benefit plans, provide for the following payments and other benefits if the executive is terminated without Cause (or resigned for Good Reason), other than following a Change of Control:

- all amounts under *Payments Made on Any Termination of Employment* above;
- the following severance payment:

<u>Mr. Reed</u>	<u>Mr. Fioravanti & Mr. Westbrook</u>
2x base salary plus 2x last year's annual short-term cash incentive compensation and bonus	1x base salary plus 1x last year's annual short-term cash incentive compensation and bonus
- in the case of Mr. Fioravanti and Mr. Westbrook, a pro rata portion of his annual cash bonus in the year of termination;
- immediate vesting of RSUs as follows (in the case of performance-based RSUs, to the extent of the satisfaction of applicable performance criteria):

<u>Mr. Reed</u>	<u>Mr. Fioravanti & Mr. Westbrook</u>
all awards scheduled to vest within 2 years of termination	all awards scheduled to vest within 1 year of termination
- the accelerated vesting of the following stock option awards:

<u>Mr. Reed</u>	<u>Mr. Fioravanti & Mr. Westbrook</u>
all unvested stock options scheduled to vest within 2 years of termination	all unvested stock options scheduled to vest within 1 year of termination

Mr. Reed would have 2 years from termination to exercise the awards, while Mr. Fioravanti and Mr. Westbrook would have 1 year from termination to exercise the awards; and
- in the case of Mr. Reed, continuation of health care coverage at employee rates for Mr. Reed and his spouse until the earlier of their election to terminate coverage (or their non-payment of premiums), their death or until we stop providing health care coverage to our employees.

Payments Made on Termination Without Cause or Resignation for Good Reason Following a Change of Control

Mr. Reed's, Mr. Fioravanti's and Mr. Westbrook's employment agreements (and Mr. Chaffin's and Mr. Lynn's severance agreements), together with their equity incentive award agreements and the terms of our incentive and other benefit plans, provide for payments and other benefits in the event of a termination in a designated period⁽³⁾ following a "Change of Control". With respect to the employment agreements with Mr. Reed, Mr. Fioravanti and Mr. Westbrook (and the severance agreements with Mr. Chaffin and Mr. Lynn), a "Change of Control" is deemed to occur if:

- any person, other than us, our benefit plan or our designated affiliates, becomes the beneficial owner of 35% or more of our outstanding voting stock;
- a majority of the incumbent members of our Board cease to serve on our Board without the consent of the incumbent Board;
- following a merger, tender or exchange offer, other business combination or contested election, the holders of our stock prior to the transaction hold less than a majority of the combined voting power of the combined entity; or
- we sell all or substantially all of our assets.

If any of our NEOs were terminated without Cause⁽⁴⁾ (or resigned for Good Reason⁽⁵⁾) following a Change of Control within the designated period, the executive would be entitled to receive:

- all amounts under *Payments Made on Any Termination of Employment* above;

- the following severance payment:

<u>Mr. Reed, Mr. Fioravanti & Mr. Westbrook</u>	<u>Mr. Chaffin & Mr. Lynn</u>
3x base salary plus 3x highest short-term cash incentive compensation and bonus in last 3 years	2x base salary plus 2x last year's annual short-term cash incentive compensation and bonus

- immediate vesting of all RSUs, with performance-based RSUs vesting at the target level;
- the accelerated vesting of all outstanding stock option awards. Each NEO would have 2 years from termination to exercise the awards;
- continuation of health care coverage at employee rates: for Mr. Reed and his spouse, until the earlier of their election to terminate such coverage (or non-payment of premiums), their death or until we stop providing health care coverage to our employees; for Mr. Fioravanti and Mr. Westbrook, for 3 years from termination; and for Mr. Chaffin and Mr. Lynn, for 2 years from the Change of Control; and
- in the case of Mr. Fioravanti and Mr. Westbrook, executive physical examination fees for 3 years.

In addition, under the terms of our omnibus incentive plans and the award agreements issued thereunder, in the event of a Change of Control⁽⁶⁾, irrespective of any termination of employment, all outstanding RSU awards held by our NEOs and other employees would vest immediately, with performance-based RSUs vesting at target level, and all outstanding stock option awards held by our NEOs and other employees would automatically accelerate and become exercisable.

⁽³⁾ For Mr. Reed, Mr. Fioravanti and Mr. Westbrook, this period is one year. For Mr. Chaffin and Mr. Lynn, this period is two years.

⁽⁴⁾ The severance agreements for Mr. Chaffin and Mr. Lynn provide that the executive may be terminated for Cause if he was terminated for gross misconduct.

⁽⁵⁾ The severance agreements for Mr. Chaffin and Mr. Lynn provide that the executive may terminate his employment for Good Reason following a Change of Control if: his salary is reduced, there is a material reduction in his benefits or there is a material change in his status, working conditions or management responsibilities; or he is required to relocate his residence more than 100 miles from our corporate headquarters.

⁽⁶⁾ Under our 2016 and 2006 omnibus incentive plans, a "Change of Control" is deemed to occur if: (i) any person (subject to certain exceptions) becomes the beneficial owner of 35% or more of the combined voting power of our then outstanding voting securities; (ii) two-thirds of the incumbent members of our Board cease to serve on our Board without the consent of the incumbent Board; (iii) following the consummation of a merger, consolidation or reorganization, (a) the holders of our voting securities immediately prior to the transaction hold less than a majority of the combined voting power of the resulting entity in substantially the same proportion as their ownership prior to such merger, consolidation or reorganization, (b) the individuals who were members of the incumbent Board immediately prior to the execution of the agreement providing for such transaction constitute less than two-thirds of the members of the board of directors of the resulting entity, and (c) no person (subject to certain exceptions) has beneficial ownership of 35% or more of the resulting entity's then outstanding voting securities; (iv) we completely liquidate or dissolve the company; or (v) we sell substantially all of our assets to any person, other than a transfer to a subsidiary of the company.

- (2) Amount equal to three times base salary in effect at December 31, 2017, plus three times short-term cash incentive compensation and bonus for the 2014 fiscal year (the highest short-term cash incentive compensation and bonus for the last three fiscal years).
- (3) Amount equal to one times base salary in effect at December 31, 2017, plus one times short-term cash incentive compensation and bonus for the 2016 fiscal year.

- (5) Calculated by multiplying the number of shares of common stock to be issued on the vesting of such award(s) by the December 29, 2017 NYSE closing price of our common stock (\$69.02), which was the last trading day of the year, assuming vesting at the target (100%) performance level. The 2015 performance-based RSUs ultimately vested in February 2018 at the 150% payout level based on our achievement of TSR over the applicable performance period, as determined by the Human Resources Committee. The number of shares of common stock to be issued upon vesting of the remaining performance-based RSUs will ultimately be based upon the actual achievement of the performance goals stated in the applicable award agreement.
- (6) Calculated by multiplying the number of shares of common stock to be issued on the vesting of such award(s) by the December 29, 2017 NYSE closing price of our common stock (\$69.02), which was the last trading day of the year.

- (9) Represents health insurance coverage for a period of two years.

Director Compensation

Cash Compensation

Each non-employee director receives the following annual cash compensation:

<u>Compensation Item</u>	<u>Amount (\$)</u>
Annual Retainer (Independent Directors)	60,000
Lead Independent Director	30,000
Audit Committee Chairman	25,000
Human Resources Committee Chairman	20,000
Nominating and CG Committee Chairman	15,000
Audit Committee Members	10,000
Other Committee Members	7,500

Directors may elect to defer their cash compensation in the form of RSUs, the receipt of which will be deferred until either a specified date or the director's retirement or resignation from the Board. In 2017, one director elected to defer cash compensation pursuant to this deferred compensation plan.

All directors are reimbursed for expenses incurred in attending meetings. Mr. Reed does not receive cash compensation for his service as a director.

Equity-Based Compensation

Each non-employee director receives, as of the date of the first board meeting following the annual meeting of stockholders, an annual grant of RSUs having a fixed dollar value of \$80,000 (based upon the fair market value of our common stock on the grant date). The RSUs vest fully on the first anniversary of the date of grant and are settled in shares of our common stock on such date, unless receipt of such shares is deferred by the director.

Until shares of common stock are issued in conversion of the RSUs, the director does not have any rights as a stockholder with respect to such RSUs, other than the right to receive additional RSUs equal to any dividends paid on our common stock.

Director Stock Ownership Guidelines

We have adopted stock ownership guidelines for our non-employee directors, which require directors to hold a minimum of 6,000 shares of our common stock, with a five-year time period to comply. Shares of common stock issuable upon the vesting of RSUs are credited toward this requirement. If a non-employee director is not currently in compliance with these guidelines (regardless of the applicable grace period for compliance) the non-employee director must retain 50% of the net shares (after satisfying any tax obligations and any required payments upon exercise) received upon vesting of RSUs or the exercise of stock options. As of January 31, 2018 (the annual compliance date), after taking into account the applicable grace period, all of our non-employee directors then serving in office met this requirement, as follows:

	<u>Required Ownership (#)</u>	<u>Shares Owned⁽¹⁾ (#)</u>
Michael Bender	6,000	23,871

Due to the timing of payments and changes in committee assignments in 2017, these amounts may not correspond to the amounts listed above under *Cash Compensation*.
- (2) Represents the grant date fair value of the annual grant of 1,266 RSUs to the non-employee directors then serving as directors on May 4, 2017, determined in accordance with FASB ASC Topic 718. See Note 7 to our consolidated financial statements for the three years ended December 31, 2017 filed with the SEC on February 27, 2018 for the assumptions made in determining grant date fair value. As of December 31, 2017, the non-employee directors then serving as directors held the following RSUs (consisting of annual RSU grants, including RSUs previously deferred, and

RSUs granted pursuant to the directors deferred compensation plan, as adjusted for dividends paid on our common stock):

Certain Transactions

Since January 1, 2017, there have not been any related person transactions that are required to be disclosed pursuant to Item 404(a) of Regulation S-K under the Securities Exchange Act of 1934.

Our policies and procedures for the review, approval or ratification of related person transactions (including those required to be disclosed under Item 404(a) of SEC Regulation S-K) are referenced in the charter of the Audit Committee of the Board and are as follows: Possible related person transactions are first screened by the company's legal department for

materiality and then sent to the Audit Committee of the Board (or, if otherwise determined by the Board, another committee of the Board) for review, discussion with the company's management and independent registered public accounting firm and approval. In its discretion, the Audit Committee (or other committee) may also consult with our legal department or external legal counsel. Audit Committee (or other committee) review and approval of related person transactions would be evidenced in the minutes of the applicable Audit Committee (or other committee) meeting.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors and persons who beneficially own more than 10% of the outstanding shares of our common stock to file reports of ownership and changes in ownership with the SEC and the NYSE. Based solely on our review of

those reports and written representations from our executive officers and directors, we believe that in 2017 all of our executive officers, directors and greater than 10% beneficial owners were in compliance with all applicable filing requirements.

Our Independent Registered Public Accounting Firm

Appointment of Ernst & Young LLP

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm. The committee has appointed Ernst & Young LLP as our independent registered public accounting firm, who will audit our consolidated financial statements for 2018 and the effectiveness of our internal control over financial reporting as of December 31, 2018. This appointment has been submitted for your ratification. The committee and the Board believe that the continued retention of Ernst & Young LLP as our independent registered public accounting firm is in the best interests of the company and its stockholders. If you do not ratify the appointment of Ernst & Young LLP, the committee will reconsider their appointment. Ernst & Young LLP has served as our independent registered public accounting firm since 2002. Representatives of Ernst & Young LLP will attend the 2018 Annual Meeting and will have an opportunity to speak and respond to your questions.

Fee Information

We paid the following amounts as audit, audit-related, tax and other services fees to Ernst & Young LLP for the years ended December 31, 2017 and 2016:

<u>Description of Services</u>	<u>2017 Fees</u> <u>(\$)</u>	<u>2016 Fees</u> <u>(\$)</u>
Audit Fees	1,374,274	1,245,557
Audit-Related Fees	66,411	191,998
Tax Fees	317,930	281,630
All Other Fees	-	-
Total:	1,758,615	1,719,185

Audit and Audit-Related Services

The fees for audit services during 2017 and 2016 include fees associated with the audit of our consolidated financial statements, including the audit of internal control over financial reporting under

Section 404 of the Sarbanes-Oxley Act, issuances of comfort letters and assistance with documents filed with the SEC and reviews of our 2017 and 2016 quarterly financial statements.

The fees for audit-related services during 2017 and 2016 represent fees related to a stand-alone audit of our Entertainment business segment and other projects. Ernst & Young LLP did not provide professional services during 2017 or 2016 related to financial information systems design and implementation.

Tax Services

In 2017, approximately 17% of fees for tax services related to general tax compliance matters, tax advice and planning, and tax assistance, including with respect to our REIT compliance efforts. The remaining 83% of fees for non-recurring tax services in 2017 related primarily to tax advice and planning with respect to the renewal of the intracompany leases associated with our REIT structure and an intracompany entity restructuring. In 2016, approximately 34% of fees for tax services related to general tax compliance matters, tax advice and planning, and tax assistance, including with respect to our REIT compliance efforts. The remaining 66% of fees for non-recurring tax services in 2016 related primarily to tax advice and planning with respect to our Gaylord Rockies joint venture investment. We expect that, due to our REIT status and the nature of our assets (including the Gaylord Rockies joint venture project), tax services fees paid to Ernst & Young LLP in a given year may be higher than those tax services fees paid to Ernst & Young LLP than in years when we were operating as a taxable operating company. However, we believe that the selection of Ernst & Young LLP to provide these REIT-related services, and the amount of fees paid to Ernst & Young LLP in 2017 and 2016 to provide these services, was appropriate and in the best interests of the company and our stockholders given Ernst & Young LLP's expertise and historical knowledge of our company and its organizational structure. We believe this expertise is critical to our ongoing REIT compliance efforts.

Audit Committee Pre-Approval Policy

All audit, audit-related, tax and other services were pre-approved by the committee, which concluded that the provision of such services by Ernst & Young LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The committee's pre-approval policy provides for pre-approval of audit, audit-related, tax and other services specifically described by the committee on an annual

basis, and individual engagements anticipated to exceed pre-established thresholds must be separately approved. The policy also requires specific approval by the committee if total fees for audit-related and tax services would exceed total fees for audit services in any fiscal year. The policy authorizes the committee to delegate to one or more of its members pre-approval authority with respect to permitted services.

Audit Committee Report

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of our filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent we specifically incorporate this report by reference therein.

The committee operates under a written charter originally adopted by the Board on February 4, 2004, as amended, which can be found on our website at www.rymanhp.com under "Corporate Governance" on the Investor Relations page. The charter is also available in print to any stockholder who requests it by making a written request addressed to:

Ryman Hospitality Properties, Inc.
Attn: Corporate Secretary
One Gaylord Drive
Nashville, Tennessee 37214

All members of the committee meet the SEC and NYSE definitions of independence and financial literacy for audit committee members. In addition, the Board has determined that Mr. Prather and Mr. Merchant are "audit committee financial experts" for purposes of SEC rules. During the fall of 2017 the committee conducted its annual self-evaluation in order to assess its effectiveness, and at its December 2017 meeting the committee members discussed the results of its self-evaluation process.

The committee reviews the financial information provided to stockholders and others, oversees the performance of the internal audit function and the

system of internal control over financial reporting which management and the Board have established, oversees compliance with legal and regulatory requirements by the company and its employees relating to the preparation of financial information and reviews the independent registered public accounting firm's qualifications, independence and performance.

As part of its oversight of our financial statements, the committee has:

- reviewed and discussed our audited financial statements for the year ended December 31, 2017, and the financial statements for the three years ended December 31, 2017, with management and Ernst & Young LLP, our independent registered public accounting firm;
- discussed with Ernst & Young LLP the matters required to be discussed by applicable requirements of the Public Company Accounting Oversight Board; and
- received the written disclosures and the letter from Ernst & Young LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with the committee, and has discussed with Ernst & Young LLP its independence.

The committee also has considered whether the provision by Ernst & Young LLP of non-audit services described under *Our Independent Registered Public Accounting Firm* above is compatible with maintaining Ernst & Young LLP's independence.

The committee's review and discussion of the audited financial statements with management included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the committee asked for management's representations that our audited consolidated financial statements have been prepared in conformity with generally accepted accounting principles. In performing these functions, the committee acts in an oversight capacity. The committee does not complete all of its reviews prior to our public announcements of financial results and, necessarily, in its oversight role, the committee relies on the work and assurances of management, which has the primary responsibility for financial statements and reports, and of Ernst &

Young LLP, which in its report expresses an opinion on the conformity of our annual financial statements with generally accepted accounting principles.

In reliance on these reviews and discussions and the report of the independent registered public accounting firm, the committee recommended to the Board that the audited financial statements be included in the company's Annual Report on Form 10-K for the year ended December 31, 2017, for filing with the SEC.

Submitting Stockholder Proposals and Nominations for 2019 Annual Meeting

Stockholder Proposals

If you would like to submit a proposal for inclusion in our proxy statement for the 2019 annual meeting under SEC Rule 14a-8, your proposal must be in writing and be received by us at our principal executive offices prior to the close of business on November 29, 2018 and otherwise comply with the requirements of Rule 14a-8.

If you want to bring business before the 2019 annual meeting which is not the subject of a proposal submitted for inclusion in the proxy statement under Rule 14a-8 (excluding director nominations, which are discussed below under *Nominations of Board Candidates*), our Bylaws require that you deliver a notice in proper written form (and provide all information required by our Bylaws) to our Secretary by February 2, 2019, but not before January 3, 2019 (or, if the annual meeting is called for a date that is not within 30 days of May 3, 2019, the notice must be received not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following

the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs). If the presiding officer at an annual meeting determines that business was not properly brought before the annual meeting in accordance with the procedures set forth in our Bylaws, then the presiding officer will declare to the meeting that your business was not properly brought before the meeting, and your business will not be transacted at that meeting.

Nominations of Board Candidates

If you wish to nominate an individual to serve as a director, our Bylaws require that you deliver timely notice of the nomination in proper written form, as provided by our Bylaws. The notice must include certain biographical information regarding the proposed nominee, a completed written questionnaire with respect to each proposed nominee setting forth the background and qualifications of such proposed nominee (which questionnaire will be provided by the Secretary upon written request), the proposed nominee's written consent to nomination and the additional information as set forth in our Bylaws.

For a stockholder's notice to the Secretary to be timely under our Bylaws, it must be delivered to or mailed and received at our principal executive offices: (a) in the case of a nomination to be voted on at an annual meeting, by February 2, 2019, but not before January 3, 2019 (or, if the annual meeting is called for a date that is not within 30 days of May 3, 2019, the notice must be received not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs); and (b) in the case of a

special meeting of stockholders called for the purpose of electing directors, not earlier than the close of business on the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day on which notice of the date of the special meeting was mailed or public disclosure of the date of the special meeting was made, whichever first occurs. If the presiding officer at a meeting determines that a nomination was not properly made in accordance with the procedures set forth in our Bylaws, then the presiding officer will declare to the meeting that the nomination was defective, and the defective nomination shall be disregarded.

Discretionary Voting of Proxies on Other Matters

We do not intend to bring any proposals to the 2018 Annual Meeting other than Proposals 1, 2, 3 and 4. As noted above, our Bylaws require stockholders to give advance notice of any proposal intended to be presented at an annual meeting. The deadline for this notice has passed, and we did not receive any such notice made in compliance with our Bylaws. If any other matter properly comes before our stockholders for a vote at the 2018 Annual Meeting, the persons named in the accompanying proxy card intend to vote the shares represented by them in accordance with their best judgment.

- (1) We calculate Adjusted Funds From Operations, or AFFO, to mean Net Income (Loss) (computed in accordance with generally accepted accounting principles, or GAAP), excluding, to the extent the following adjustments occurred during the periods presented: non-controlling interests, and (gains) and losses from sales of property; depreciation and amortization (excluding amortization of deferred financing costs and debt discounts) and certain pro rata adjustments from joint ventures (which equals Funds From Operations, or FFO). We then exclude, to the extent the following adjustments occurred during the periods presented, impairment charges, write-offs of deferred financing costs, non-cash ground lease expense, amortization of debt discounts and amortization of deferred financing costs, pension settlement charges, additional pro rata adjustments from joint ventures, (gains) losses on other assets, and (gains) losses on extinguishment of debt and warrant settlements. Beginning in 2016, we exclude the impact of deferred income tax expense (benefit). We have also presented FFO and AFFO per basic share and diluted share. Each of these measures is a non-GAAP financial measure. We believe that the presentation of these non-GAAP financial measures provides useful information to investors regarding the performance of our ongoing operations because such presentation is a measure of our operations without regard to specified non-cash items such as real estate depreciation and amortization, gain or loss on sale of assets and certain other items which we believe are not indicative of the performance of our underlying hotel properties. We believe that these items are more representative of our asset base than our ongoing operations. We also use AFFO as one measure in determining our results after taking into account the impact of our capital structure.
- (2) Represents furniture, fixtures and equipment reserve for managed properties and maintenance capital expenditures for non-managed properties.

(1) To calculate Adjusted EBITDA, we determine Operating Income, which represents Net Income (Loss) determined in accordance with GAAP, plus to the extent the following adjustments occurred during the periods presented: loss (income) from discontinued operations, net; provision (benefit) for income taxes; other (gains) and losses, net; loss on extinguishment of debt; (income) loss from joint ventures; and interest expense, net. Adjusted EBITDA is then calculated as Operating Income, plus, to the extent the following adjustments occurred during the periods presented: depreciation and amortization; preopening costs; non-cash ground lease expense; equity-based compensation expense; impairment charges; any closing costs of completed acquisitions; interest income on Gaylord National bonds; other gains and (losses), net; (gains) losses on warrant settlements; pension settlement charges; pro-rata Adjusted EBITDA from joint ventures; (gains) losses on the disposal of assets; and any other adjustments we may identify. We believe Adjusted EBITDA is useful to investors in evaluating our operating performance because this measure helps investors evaluate and compare the results of our operations from period to period by removing the impact of our capital structure (primarily interest expense) and our asset base (primarily depreciation and amortization) from our operating results.
