FORM 10-K

(Mark One)

- ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the fiscal year ended December 31, 2024
- TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
For the transition period from _____ to _____

Commission File No. 1-13079

RYMAN HOSPITALITY PROPERTIES, INC.

(Exact Name of Registrant as Specified in Its Charter)

Delaware

(State or Other Jurisdiction of Incorporation or Organization)

73-0664379

(I.R.S. Employer Identification No.)

One Gaylord Drive, Nashville, Tennessee

(Address of Principal Executive Offices)

37214

(Zip Code)

Registrant's Telephone Number, Including Area Code: (615) 316-6000

Securities Registered Pursuant to Section 12(b) of the Act:

Title of Each Class	Trading Symbol(s)	Name of Each Exchange on Which Registered
Common stock, par value \$.01	RHP	New York Stock Exchange

Securities Registered Pursuant to Section 12(g) of the Act:

NONE

(Title of Class)

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes No

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Non-accelerated filer

Accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant has filed a report on and attestation to its management's assessment of the effectiveness of its internal control over financial reporting under Section 404(b) of the Sarbanes-Oxley Act (15 U.S.C. 7262(b)) by the registered public accounting firm that prepared or issued its audit report

If securities are registered pursuant to Section 12(b) of the Act, indicate by check mark whether the financial statements of the registrant included in the filing reflect the correction of an error to previously issued financial statements.

Indicate by check mark whether any of those error corrections are restatements that required a recovery analysis of incentive-based compensation received by any of the registrant's executive officers during the relevant recovery period pursuant to §240.10D-1(b).

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes No

The aggregate market value of the shares of Common Stock held by non-affiliates of the registrant based on the closing price of the Common Stock on the New York Stock Exchange on June 28, 2024 of \$99.86 per share was approximately \$5,799,975,051 (assuming for this purpose that shares beneficially owned by persons other than officers or directors of the registrant, and their affiliates, are held by non-affiliates).

As of January 31, 2025 there were 59,903,401 shares of Common Stock outstanding.

DOCUMENTS INCORPORATED BY REFERENCE

Portions of the registrant's definitive Proxy Statement for the 2025 Annual Meeting of Stockholders to be filed with the Securities and Exchange Commission are incorporated by reference into Part III of this Form 10-K.

PART I

Throughout this report, we refer to Ryman Hospitality Properties, Inc., a Delaware corporation (“Ryman”), together with its subsidiaries, as “we,” “us,” “our,” or the “Company.” For each year discussed, our fiscal year ends on December 31. All of the discussion and analysis in this report should be read with, and is qualified in its entirety by, the Consolidated Financial Statements and related notes included in this Annual Report on Form 10-K.

Forward-Looking Statements

This report contains “forward-looking statements” intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. These forward-looking statements concern our goals, beliefs, expectations, strategies, objectives, plans, future operating results and underlying assumptions, and other statements that are not necessarily based on historical facts. Without limitation, you can identify these statements by the fact that they do not relate strictly to historical or current facts, and these statements may contain words such as “may,” “will,” “could,” “should,” “might,” “projects,” “expects,” “believes,” “anticipates,” “intends,” “plans,” “continue,” “estimate,” or “pursue,” or the negative or other variations thereof or comparable terms. In particular, they include statements relating to, among other things, future actions, strategies, future performance, the outcome of contingencies such as legal proceedings and future financial results. These also include statements regarding (i) the future performance of our business, anticipated business levels and our anticipated financial results during future periods, and other business or operational issues; (ii) the effect of our election to be taxed as a real estate investment trust (“REIT”) and maintain REIT status for federal income tax purposes; (iii) the holding of our non-qualifying REIT assets in one or more taxable REIT subsidiaries (“TRSs”); (iv) our dividend policy, including the frequency and amount of any dividend we may pay; (v) our strategic goals and potential growth opportunities, including future expansion of the geographic diversity of our existing asset portfolio through acquisitions and investment in joint ventures; (vi) the ability of Marriott International, Inc. (“Marriott”) to effectively manage our hotels and other properties; (vii) our anticipated capital expenditures and investments; (viii) the potential operating and financial restrictions imposed on our activities under existing and future financing agreements including our credit facility and other contractual arrangements with third parties, including management agreements with Marriott; (ix) our ability to borrow available funds under our credit facility; (x) our expectations about successfully amending the agreements governing our indebtedness should the need arise; (xi) the effects of inflation and increased costs on our business and on our customers, including group customers at our hotels; and (xii) any other business or operational matters.

Although we believe that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, beliefs and expectations, our actual results could differ materially from the results anticipated by the forward-looking statements as a result of many known and unknown factors including, but not limited to, those discussed in Item 1A, “Risk Factors,” Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” and elsewhere in this Annual Report on Form 10-K. Any forward-looking statement made in this Annual Report on Form 10-K speaks only as of the date on which the statement is made. New risks and uncertainties may arise from time to time, and it is impossible for us to predict these events or how they may affect us. We have no duty to, and do not intend to, update or revise the forward-looking statements we make in this report, except as may be required by law.

Risk Factors Summary

Our business faces significant risks and uncertainties. If any of the following risks are realized, our business, financial condition and results of operations could be materially and adversely affected. You should carefully review and consider the full discussion of our risk factors in the section titled “Risk Factors” in Part I, Item 1A of this Annual Report on Form 10-K. Set forth below is a summary list of the principal risk factors as of the date of the filing of this Annual Report on Form 10-K:

- If Marriott or any future third-party hotel manager does not manage our hotel properties or other businesses successfully, our financial condition, results of operations and our ability to service debt and make distributions to our stockholders may be negatively impacted. Further, the operation and management of our current hotel properties, the operation of which generates substantially all of our Hospitality segment revenue, is concentrated in Marriott.
- Restrictive covenants and other provisions in our hotel management agreements with third-party hotel managers could limit our ability to sell or lease our hotel properties or refinance our existing debt. In addition, Marriott and any future third-party hotel manager may own or operate hotels that compete with our hotel properties.
- Our concentration in the hospitality industry, and in particular the group-oriented meetings sector of the hospitality industry, exposes us to certain risks outside of our and Marriott’s control. In addition, the geographic concentration of our current hotel properties subjects us to a greater degree of risk to certain factors.
- Inflation may adversely affect our financial condition and results of operations.
- The hotel business is capital-intensive, and our inability to obtain financing or successfully complete acquisitions or capital improvements, or the disruption associated with them, could limit our growth or impact our performance.
- Our TRS lessee structure subjects us to the risk of increased hotel operating expenses and the inability of our TRS lessees to make lease payments to us.
- We and our third-party hotel manager rely on information technology in our operations, and any material failure, inadequacy, interruption, or security failure could harm our business. In addition, changes in privacy and data security laws could increase our operating costs and increase our exposure to fines and litigation, and cyber security incidents could have a disruptive effect on our business.
- Our real estate assets are subject to numerous risks, including environmental regulations that could impose significant financial liability on us and illiquidity of real estate investments. Moreover, compliance with the Americans with Disabilities Act could require us to incur substantial costs.
- As an owner of hotel properties and operator of leisure businesses, we are subject to risks relating to acts of God, outbreaks of pandemic disease, terrorist activity and war. Our operating results and ability to service debt and make distributions to stockholders may be adversely affected by operating risks common to the lodging industry.
- We are subject to risks associated with our hotel managers’ employment of hotel personnel, particularly with hotels whose managers employ unionized labor, which could increase our hotels’ operating costs, including, but not limited to, an increase in wages and benefit costs, reduce the flexibility of our third-party hotel managers to adjust the size of the workforce at our hotel properties and impair our ability to make distributions to our stockholders. Our business could suffer if our hotel managers cannot attract and retain qualified hotel personnel.
- Any failure to protect the trademarks and intellectual property used in our business could reduce the value of our brand names and harm our business.
- We conduct the operations of our Entertainment segment through OEG, and our ownership is subject to the terms of agreements with A-OEG Holdings, LLC, an affiliate of Atairos (as defined below in Part I, Item 1). Any disagreement with Atairos or its affiliate may adversely affect our interest in OEG.

- Hospitality companies have been the target of class actions and other lawsuits alleging violations of federal and state law and other claims, and we may be subject to legal claims.
- If we fail to remain qualified as a REIT, we would be subject to tax at corporate income tax rates and would not be able to deduct distributions to stockholders when computing our taxable income. As a REIT, failure to make required distributions to our stockholders would subject us to federal and state corporate income tax.
- Even though we are conducting our business as a REIT, certain of our business activities will be subject to corporate level income tax, which will continue to reduce our cash flows, and we will have potential deferred and contingent tax liabilities.
- Complying with REIT requirements may limit our ability to hedge effectively and increase the costs of our hedging, may cause us to incur tax liabilities, and may limit our flexibility or cause us to forego otherwise attractive opportunities. Further, we may be required to borrow funds, sell assets, or issue equity to satisfy our REIT distribution requirements or maintain the asset ownership tests.
- Taxation of dividend income could make our stock less attractive to certain investors and reduce the market price of our stock.
- Legislative or other actions affecting REITs could have a negative effect on us or our stockholders, and even as a REIT, changes in federal, state, or local tax law, interpretations of existing tax law or agreements with tax authorities could affect our profitability and financial condition by increasing our tax costs or reduce the market price of our stock by making an investment in us less attractive to certain investors.
- The ability of our board of directors to revoke our REIT qualification, without stockholder approval, may cause adverse consequences to our stockholders.
- Our planned use of TRSs may cause us to fail to qualify as a REIT, and if our leases of our hotel properties to TRS lessees are not true leases for federal income tax purposes, we may fail to qualify as a REIT.
- If Marriott or any future third-party hotel manager fails to qualify as an “eligible independent contractor,” or if our hotels are not “qualified lodging facilities” (as each such term is defined in the U.S. Internal Revenue Code), we may fail to qualify as a REIT.
- Our cash distributions are not guaranteed and may fluctuate.
- We have invested in, and in the future may invest in, joint ventures, certain minority equity interests, mortgage loans or mezzanine debt over which we may not have significant control, to or for which we may owe significant funding or obligations and for which there is no readily available market, and these investments may not be profitable.
- Our substantial debt could reduce our cash flow and limit our business activities, and our indebtedness is secured by a substantial portion of our assets. In addition, we could be required to refinance our debt before it matures and there is no assurance that we will be able to refinance our debt on acceptable terms.
- We are a holding company and depend on our subsidiaries’ cash flow to meet our debt service obligations. To service our debt and pay other obligations, we will require a significant amount of cash, which may not be available to us.
- The agreements governing our debt contain various covenants that may limit our ability to operate our business and impair our ability to make distributions to our stockholders in accordance with our announced intended dividend policy or otherwise.
- The ownership limitations in our charter may restrict or prevent stockholders from engaging in certain transfers of our common stock.

Item 1. Business

Overview

Ryman is the successor to Gaylord Entertainment Company (“Gaylord”), a Delaware corporation originally incorporated in 1956. As part of the plan to restructure our business operations to facilitate our qualification as a REIT for federal income tax purposes, Gaylord merged with and into its wholly-owned subsidiary, Ryman, on October 1, 2012, with Ryman as the surviving corporation, and Ryman succeeded to and began conducting, either directly or indirectly, all of the business conducted by Gaylord immediately prior to the merger. Ryman is a Delaware corporation that began operating as a self-advised and self-administered REIT for federal income tax purposes on January 1, 2013. We specialize in group-oriented, destination hotel assets in urban and resort markets. As a REIT, we generally will not be subject to federal corporate income taxes on that portion of our capital gain or ordinary income from our REIT operations that is distributed to our stockholders. This treatment substantially eliminates the federal “double taxation” on earnings from our REIT operations, or taxation once at the corporate level and again at the stockholder level, that generally results from investment in a regular C corporation. Our non-REIT operations, which consist of the activities of our TRSs that lease or sublease our hotels from our Operating Partnership (as defined below) and its subsidiaries, as well as businesses within our Entertainment segment, continue to be subject, as applicable, to federal and state corporate income taxes.

Our owned assets include a network of five upscale, meetings-focused resorts totaling 9,917 rooms that are managed by Marriott under the Gaylord Hotels brand. These five resorts, which we refer to as our Gaylord Hotels properties, consist of the Gaylord Opryland Resort & Convention Center in Nashville, Tennessee (“Gaylord Opryland”), the Gaylord Palms Resort & Convention Center near Orlando, Florida (“Gaylord Palms”), the Gaylord Texan Resort & Convention Center near Dallas, Texas (“Gaylord Texan”), the Gaylord National Resort & Convention Center near Washington D.C. (“Gaylord National”), and the Gaylord Rockies Resort & Convention Center near Denver, Colorado (“Gaylord Rockies”). Our other owned hotel assets managed by Marriott include the JW Marriott San Antonio Hill Country Resort & Spa (“JW Marriott Hill Country”) (effective June 30, 2023), the Inn at Opryland, an overflow hotel adjacent to Gaylord Opryland, and the AC Hotel at National Harbor, Washington D.C. (“AC Hotel”), an overflow hotel adjacent to Gaylord National.

We also own a controlling 70% equity interest in a business comprised of a number of entertainment and media assets, known as the Opry Entertainment Group (“OEG”), which we report as our Entertainment segment. These assets include the Grand Ole Opry, the legendary weekly showcase of country music’s finest performers for 99 years; the Ryman Auditorium, the storied live music venue and former home of the Grand Ole Opry located in downtown Nashville; WSM-AM, the Opry’s radio home; Ole Red, a brand of Blake Shelton-themed bar, music venue and event spaces; Category 10, a Luke Combs-themed bar, music venue and event space that opened in November 2024; as of May 31, 2022, Block 21, a mixed-use entertainment, lodging, office, and retail complex located in Austin, Texas (“Block 21”); and as of January 3, 2025, a majority equity interest in Southern Entertainment, a Charlotte, North Carolina-based national music festival and events production company. Prior to June 16, 2022, we owned 100% of OEG.

Our operations are organized into three principal business segments: (i) Hospitality, which includes our Gaylord Hotels properties, JW Marriott Hill Country (effective June 30, 2023), the Inn at Opryland and the AC Hotel; (ii) Entertainment, which includes the entertainment and media assets comprising OEG; and (iii) Corporate and Other, which includes corporate expenses. These three business segments — Hospitality, Entertainment, and Corporate and Other — represented approximately 85%, 15% and 0%, respectively, of our total revenues for the fiscal year ended December 31, 2024.

Financial information by business segment and for each of our Gaylord Hotels properties as of December 31, 2024 and for each of the three years then ended appears in Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” and in “Note 13 – Financial Reporting by Business Segments” to our consolidated financial statements included in this Annual Report on Form 10-K.

Our Long-Term Strategic Plan

Our goal is to be the nation's premier hospitality REIT for group-oriented, destination hotel assets in urban and resort markets.

- *Existing Hotel Property Design.* Our Gaylord Hotels properties focus on the large group meetings and regional leisure transient markets in the United States and incorporate meeting and exhibition space, signature guest rooms, food and beverage offerings, fitness and spa facilities and other attractions within a large hotel property so attendees' needs are met in one location. This strategy creates a better experience for both meeting planners and guests and has led to our current Gaylord Hotels properties claiming a place among the leading convention hotels in the country.
- *Expansion of Hotel Asset Portfolio.* Part of our long-term growth strategy includes acquisitions or developments of other hotels, particularly in the group meetings sector of the hospitality industry, either alone or through joint ventures or alliances with one or more third parties. We will consider attractive investment opportunities which meet our acquisition parameters, specifically, group-oriented large hotels and overflow hotels with existing or potential leisure appeal. We are generally interested in highly accessible upper-upscale or luxury assets with over 400 hotel rooms in urban and resort group destination markets. We also consider assets that possess significant meeting space or present a repositioning opportunity and/or would significantly benefit from capital investment in additional rooms or meeting space. We are consistently considering acquisitions that would expand the geographic diversity of our existing asset portfolio. To this end, we purchased JW Marriott Hill Country in June 2023.
- *Continued Investment in Our Existing Properties.* We continuously evaluate and invest in our current portfolio and consider enhancements or expansions as part of our long-term strategic plan. In 2022, we completed a re-concepting of the food and beverage options at Gaylord National and began a \$98 million multi-year interior and exterior enhancement project at Gaylord Rockies to better position the property for our group customers. In early 2024, we identified over \$1 billion in capital investment opportunities across our entire hotel portfolio, comprised of projects that we anticipate completing in phases through 2027, and in January 2025, we announced plans for the latest portion of a nearly \$225 million multi-phase capital improvement plan at Gaylord Opryland that includes an expansion of approximately 108,000 square feet of premium, carpeted meeting space, which is in addition to the ongoing renovation of multiple ballrooms and pre-function space and a sports bar, event lawn and pavilion currently under construction.
- *Leverage Brand Name Awareness.* We believe the Grand Ole Opry is one of the most recognized entertainment brands in the United States. We promote the Grand Ole Opry name through various media, including our WSM-AM radio station, the Internet and television, and through performances by the Grand Ole Opry's members, many of whom are renowned country music artists. As such, we have alliances in place with multiple distribution partners in an effort to foster brand extension. We believe that licensing our brand for products may provide an opportunity to increase revenues and cash flow with relatively little capital investment. We are continuously exploring additional products, such as television specials and retail products, through which we can capitalize on our brand affinity and awareness. To this end, OEG has invested in six Ole Red locations, purchased Block 21, opened Category 10 in November 2024, and purchased a majority interest in Southern Entertainment in January 2025. Further, in 2022, we completed a strategic transaction to sell a minority interest in OEG to an affiliate of Atairos Group, Inc. ("Atairos") and its strategic partner NBCUniversal, who we believe will continue to help us expand the distribution of our OEG brands.
- *Short-Term Capital Allocation.* Our short-term capital allocation strategy is focused on returning capital to stockholders through the payment of dividends, in addition to investing in our assets and operations. Our dividend policy provides that we will make minimum dividends of 100% of REIT taxable income annually, subject to our board of directors' future determinations as to the amount of any distributions and the timing thereof.

Description of our Hotel Portfolio

Our Gaylord Hotels properties incorporate meeting, convention and exhibition space with a large hotel property so the attendees never have to leave the location during their meetings. This concept of a self-contained destination dedicated primarily to the meetings industry has placed our Gaylord Hotels properties among the leading convention hotels in the country. Our Gaylord Hotels properties are routinely recognized by many industry and commercial publications, including being named the 2023 and 2024 STELLA Award Gold Winner for best hotel chain by Northstar Meetings Group.

Marriott is responsible for the day-to-day management of our Gaylord Hotels properties, the JW Marriott Hill Country, the Inn at Opryland, and the AC Hotel. We believe that our Gaylord Hotels properties have benefitted and will continue to benefit from Marriott’s expansive sales force and popular frequent traveler program, as well as its ability to manage group business.

Based on our information, publicly available information, and information and data obtained from Smith Travel Research, the top 10 non-gaming hotels within the United States with the highest square footage of self-contained exhibit and meeting space as of January 2025 are as follows:

Facility (1)	Location	Hotel Rooms	Total Exhibit and Meeting Space (sq. ft.)
Gaylord Opryland Resort & Convention Center	Nashville, TN	2,888	640,000
Gaylord National Resort & Convention Center	National Harbor, MD	1,996	501,000
Gaylord Texan Resort & Convention Center	Grapevine, TX	1,814	488,000
Gaylord Palms Resort & Convention Center	Kissimmee, FL	1,718	467,000
Rosen Shingle Creek	Orlando, FL	1,501	445,000
Gaylord Rockies Resort & Convention Center	Aurora, CO	1,501	409,000
Orlando World Center Marriott	Orlando, FL	2,010	360,000
Hilton Anatole	Dallas, TX	1,606	360,000
Marriott Walt Disney World Dolphin	Orlando, FL	1,514	349,000
Hyatt Regency Orlando	Orlando, FL	1,641	315,000

(1) Bolded facilities are owned by the Company.

Gaylord Opryland Resort & Convention Center — Nashville, Tennessee. Gaylord Opryland is one of the leading convention destinations in the United States based upon number of rooms, exhibit space and conventions held. Designed with lavish gardens and expansive atrium areas, the resort is situated on approximately 172 acres in the Opryland complex. Gaylord Opryland has a number of themed restaurants, retail outlets, and a full-service spa with 27,000 square feet of dedicated space. It also serves as a destination resort for vacationers due to its proximity to the Grand Ole Opry, the Ryman Auditorium, the General Jackson Showboat, Gaylord Springs Golf Links (“Gaylord Springs”) – our 18-hole championship golf course with a 40,000 square-foot antebellum-style clubhouse offering meeting space for up to 500 guests – and other attractions in the Nashville area. Gaylord Opryland has 2,888 signature guest rooms, four ballrooms with approximately 127,000 square feet, 111 banquet/meeting rooms, and total meeting, exhibit and pre-function space of approximately 640,000 square feet. In January 2025, we announced plans for the latest portion of a nearly \$225 million multi-phase capital improvement plan at Gaylord Opryland that includes an expansion consisting of approximately 108,000 square feet of premium, carpeted meeting space, which is in addition to the ongoing renovation of multiple ballrooms and pre-function space and a sports bar, event lawn and pavilion currently under construction. Gaylord Opryland was named a 2024 Award of Excellence Recipient from *Corporate & Incentive Travel* magazine and has been recognized as a member of *Meeting & Conventions’* Hall of Fame.

Gaylord Palms Resort & Convention Center — Kissimmee, Florida. Gaylord Palms has 1,718 signature guest rooms, five ballrooms with approximately 115,000 square feet, 111 banquet/meeting rooms, and total meeting, exhibit and pre-function space of approximately 467,000 square feet. The resort is situated on a 65-acre site in Osceola County, Florida, which we have leased pursuant to a 75-year ground lease with a 24-year renewal option. The resort is approximately a five-minute drive from the main gate of the Walt Disney World® Resort complex. Gaylord Palms has a number of

themed restaurants, retail outlets, a new resort rapid river, and a full-service spa with 20,000 square feet of dedicated space. Hotel guests also have golf privileges at Celebration Golf Club, located approximately two miles from the property. Gaylord Palms is rated as a AAA Four-Diamond Hotel and has been recognized as a member of *Meeting & Conventions* Hall of Fame.

Gaylord Texan Resort & Convention Center — Grapevine, Texas. Gaylord Texan is situated on approximately 85 acres and is located approximately six minutes from the Dallas/Fort Worth International Airport. Of the 85 acres, we own 75 acres and lease approximately 10 acres pursuant to a ground lease. The hotel features a lavish and expansive atrium, 1,814 signature guest rooms, four ballrooms with approximately 115,000 square feet, 88 banquet/meeting rooms, and total meeting, exhibit and pre-function space of approximately 488,000 square feet. The property also includes a number of themed restaurants, retail outlets, a resort pool, a full-service spa with 25,000 square feet of dedicated space, and an entertainment complex consisting of an approximately 39,000 square foot venue with a performance stage, dance floor, and a two-story outdoor deck. Guests also have access to the adjacent Cowboys Golf Club. Gaylord Texan is rated as a AAA Four-Diamond Hotel.

Gaylord National Resort & Convention Center — National Harbor, Maryland. Gaylord National is situated on approximately 42 acres of land located on the Potomac River in Prince George's County, Maryland, eight miles south of Washington, D.C. The hotel has 1,996 signature guest rooms, four ballrooms with approximately 103,000 square feet, 82 conference and breakout rooms, and total meeting, exhibit and pre-function space of approximately 501,000 square feet. The hotel complex includes an 18-story glass atrium, a 20,000 square foot spa and fitness center, a freestanding 24,000-square foot ballroom building offering 16,000 square feet of meeting space on the banks of the Potomac River, and entertainment options such as restaurants, shops, and a two-story rooftop nightclub. Gaylord National is rated as a AAA Four-Diamond Hotel.

Gaylord Rockies Resort & Convention Center — Aurora, Colorado. Gaylord Rockies is situated on approximately 85 acres and is located approximately 10 minutes from Denver International Airport. The hotel features a lavish and expansive atrium, 1,501 signature guest rooms, including 114 suites, four ballrooms with up to approximately 60,000 square feet, up to 81 breakout rooms, indoor meeting, exhibit and pre-function space of approximately 409,000 square feet, and additional outdoor meeting space of approximately 76,000 square feet. The property also includes a number of themed restaurants, retail outlets, a full-service spa, five outdoor event spaces and an indoor/outdoor pool complex. Gaylord Rockies is rated as a AAA Four-Diamond Hotel. In 2024, we completed a \$98 million multi-year interior and exterior enhancement project at Gaylord Rockies to better position the property for our group customers.

JW Marriott San Antonio Hill Country Resort & Spa — San Antonio, Texas. We purchased JW Marriott Hill Country June 30, 2023. The property is situated on approximately 600 acres in the Texan Hill Country region outside of San Antonio. The hotel features 1,002 guest rooms and indoor and outdoor meeting and event space of approximately 268,000 square feet. The property also includes eight food and beverage outlets, a full-service spa with 26,000 square feet of dedicated space, a nine-acre water experience, and TPC San Antonio, which features two 18-hole golf courses. JW Marriott Hill Country is rated as a AAA Four-Diamond Hotel and was named a 2024 STELLA Award Bronze Winner for each of best food and beverage, best golf resort and best on-site support staff by Northstar Meetings Group.

Inn at Opryland. The Inn at Opryland is located across the street from Gaylord Opryland. The hotel has 303 rooms and approximately 14,000 square feet of meeting space.

AC Hotel. The AC Hotel is located near Gaylord National. The hotel has 192 rooms and approximately 3,700 square feet of meeting space.

Description of our Entertainment Portfolio

The Grand Ole Opry. The Grand Ole Opry, which will celebrate its 100th anniversary in 2025, is one of the most widely known platforms for country music in the world. The Opry features a live country music show with performances every Friday and Saturday night, as well as additional weekly performances on a seasonal basis. The Grand Ole Opry House, home of the Grand Ole Opry, seats approximately 4,400 and is located in the Opryland complex. The Grand Ole Opry moved to the Opry House in 1974 from its most famous home in the Ryman Auditorium in downtown Nashville. Each

week, the Grand Ole Opry is broadcast live to millions of country lifestyle consumers on radio via WSM-AM and Sirius/XM Radio and streamed on the Internet. The show has been broadcast since 1925 on WSM-AM, making it the longest running live radio program in the United States. In addition to performances by its members, the Grand Ole Opry presents performances by many other country music artists and other acts.

Ryman Auditorium. The Ryman Auditorium, which was built in 1892 and seats approximately 2,300, is designated as a National Historic Landmark. The former home of the Grand Ole Opry, the Ryman Auditorium was renovated and re-opened in 1994 for concerts and musical productions. The Grand Ole Opry returns to the Ryman Auditorium periodically, most recently in January 2025. Ryman Auditorium has won numerous awards, including “Theatre of the Year” by Pollstar Concert Industry Awards, “Venue of the Year” by the Country Music Association, and “Venue of the Year – Small Capacity” by the Academy of Country Music, winning each on several occasions.

Block 21. On May 31, 2022, we purchased Block 21, a mixed-use entertainment, lodging, office, and retail complex located in Austin, Texas. Block 21 is the home of the Austin City Limits Live at the Moody Theater (“ACL Live”), a 2,750-seat entertainment venue that serves as the filming location for the Austin City Limits television series. The Block 21 complex also includes the 251-room W Austin, which Marriott manages, the 3TEN at ACL Live club and approximately 53,000 square feet of other Class A commercial space.

Ole Red. Since 2018, we have opened six Ole Red locations, multi-level entertainment venues with locations in downtown Nashville, Tennessee; Gatlinburg, Tennessee; Orlando, Florida; Tishomingo, Oklahoma; at the Nashville International Airport; and Las Vegas, Nevada (which opened in January 2024). Each of these restaurant, bar and live music venues showcase curated country music talent alongside concert-quality production and sound capabilities.

Category 10. In November 2024, we opened Category 10 after renovating and repositioning the Wildhorse Saloon, our country music performance venue in downtown Nashville. This 67,000 square foot, three-story venue includes a concert hall available for ticketed events, a honky-tonk, a sports bar, an upscale lounge, the largest rooftop venue in downtown Nashville (which opened in February 2025), and numerous food and beverage options.

WSM-AM. WSM-AM commenced broadcasting in 1925. The involvement of Ryman’s predecessors with country music dates back to the creation of the radio program that became The Grand Ole Opry, which has been broadcast live on WSM-AM since 1925. WSM-AM is broadcast from the Grand Ole Opry House plaza in Nashville and has a country music format. WSM-AM is one of the nation’s “clear channel” stations, meaning that no other station in a 750-mile radius uses the same frequency for night time broadcasts. As a result, the station’s signal, transmitted by a 50,000-watt transmitter, can be heard at night in much of the United States and parts of Canada.

The General Jackson Showboat. We own the General Jackson Showboat, a 300-foot, four-deck paddle wheel showboat on the Cumberland River, which flows past the Gaylord Opryland complex in Nashville. Its Victorian Theatre can seat 600 people for banquets and 1,000 people for theater-style presentations. The showboat stages Broadway-style shows and other theatrical productions. The General Jackson is one of many sources of entertainment that is available to conventions held at Gaylord Opryland. During the day, it operates cruises, primarily serving tourists visiting the Gaylord Opryland complex and the Nashville area. Marriott manages the day-to-day operations of the General Jackson.

Corporate and Other Segment

Our Corporate and Other segment includes operating and general and administrative expenses related to the overall management of the Company which are not allocated to the other reportable segments, including certain costs for our retirement plans, equity-based compensation plans, information technology, human resources, accounting, and other administrative expenses.

Corporate History and Structure

We were originally incorporated in 1956 and were reorganized in connection with a 1997 corporate restructuring. Prior to our REIT conversion, we operated as a C corporation. In 2012, we completed restructuring transactions intended to facilitate our qualification as a REIT for federal income tax purposes, which included the merger, effective on October 1, 2012, of our predecessor, Gaylord, with and into its wholly-owned subsidiary, Ryman, with Ryman surviving the merger, at which time Ryman succeeded to and began conducting, directly or indirectly, all of the business conducted by Gaylord immediately prior to the merger. Prior to Marriott's assumption of the day-to-day management of our hotels and certain of our Nashville attractions, we managed such assets. We elected REIT status effective January 1, 2013.

All of our assets are held by, and all of our operations are conducted through, RHP Hotel Properties, LP, a Delaware limited partnership (the "Operating Partnership"), of which we own, directly or indirectly, 99.3% of the partnership interests (collectively, the "OP Units"), including all of the general partnership interests. The Operating Partnership's limited partnership agreement provides that the OP Units held by other persons may be exchanged on a one-for-one basis for shares of our common stock. Under certain circumstances, we may issue such OP Units as consideration to acquire hotel properties. By offering OP Units, the seller of such hotel property could defer federal income tax on any of the seller's gains on sale, and this tax advantage may enable us to acquire hotel properties in the future which otherwise may not be available for sale.

As a REIT, at least 75% of our gross income for each taxable year must generally be derived from "rents from real property" or other income permitted by the Internal Revenue Code of 1986, as amended (the "Code"). To meet this requirement, our hotel properties are owned or leased by certain subsidiaries of the Operating Partnership, which are disregarded entities for federal income tax purposes, and these subsidiaries lease or sublease our hotels to our TRS lessees pursuant to leases that contain economic terms which are similar to leases between unrelated parties. The rent that we receive from our TRS lessees qualifies as "rents from real property" as long as the property is operated on behalf of our TRS lessees by a person who qualifies as an "independent contractor" (as defined in the Code) and who is, or is related to a person who is, actively engaged in the trade or business of operating "qualified lodging facilities" (as defined in the Code) for any person unrelated to us and our TRS lessees (an "eligible independent contractor"). Our TRS lessees have engaged Marriott to manage the day-to-day operations of our hotels as an eligible independent contractor.

In addition, we own our Entertainment businesses in TRSs, and certain of those TRSs have engaged Marriott to manage their assets, as described above.

Tax Status

As a REIT, we generally are not subject to corporate federal income tax on that portion of our REIT taxable income that we distribute to our stockholders. In addition to the requirement that 75% of our gross income for each taxable year be derived from "rents from real property" discussed above, we are subject to other organizational and operational requirements including the requirement that we distribute at least 90% of our REIT taxable income each year and the requirement that no more than 50% in value of our outstanding shares may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include various kinds of entities). We will be subject to federal and state income tax on our taxable income at regular corporate rates to the extent we distribute less than 100% of our REIT taxable income in any taxable year or if we fail to qualify as a REIT for federal income tax purposes in any taxable year. In that latter event, we will also not be permitted to qualify for treatment as a REIT for federal income tax purposes until the fifth year following any year in which qualification is lost. Our non-REIT operations, which consist of the activities of our TRSs that lease or sublease our hotels from the Operating Partnership, as well as businesses within our Entertainment segment, will continue to be subject, as applicable, to federal and state corporate income taxes.

Human Capital

We create unique destination and entertainment experiences for our customers. To serve our customers, we have built a strong, people-centric corporate culture that provides opportunities for growth and improves our local communities. Providing competitive compensation and benefits to our employees is fundamental to the success of our organization. We believe that caring for the people who work in our businesses and communities leads to a more positive experience for our guests and gives us a competitive advantage in the industries in which we operate.

Our goal is to employ a highly engaged, high-performing and satisfied workforce.

Our Workforce

As of December 31, 2024, we employed 1,929 people, including 1,047 full-time and 882 part-time and on-call employees in our Entertainment and Corporate segments. Fifty-three percent of our population were female and 47% were male. Women held 49% of leadership positions as of December 31, 2024. We do not have any employees in our direct employment represented by collective bargaining agreements.

Our Hotels and Managed Attractions

Our hotel operator, Marriott, is responsible for hiring and managing the workforce at our Gaylord Hotels properties, as well as JW Marriott Hill Country, the Inn at Opryland, the AC Hotel, Gaylord Springs, the General Jackson and the W Austin. We receive periodic updates from Marriott concerning Marriott's policies, and we believe they reflect our people-first approach.

Philosophy and Culture

Our people-first philosophy centers around creating a workplace culture where all employees feel respected, valued and inspired. We prioritize communication to ensure our employees feel connected to our company's goals and engaged in the communities we serve. Our commitment to an inclusive work environment is a top priority. Additionally, our benefits philosophy includes resources to help employees live happier, healthier lives, while rewarding performance and encouraging retention. In the last three years, despite rising healthcare costs, we have kept employee healthcare premium increases at or below 5%, this year capping the premium increase at 2.5%. Our people-first culture and our benefits offerings contribute to our ability to remain an employer of choice in each of our markets.

Programs in place to reinforce our people-centric culture include, among others:

- *Inclusion:* We are committed to building an inclusive workforce through recruitment initiatives to attract, employ and develop candidates from all backgrounds. We continue to focus on engaging our existing workforce through policies and programs promoting workplace inclusion, and we have also implemented online and in-person learning programs that promote the importance of this work within our organization. We have created additional opportunities for employees to be involved in this important work in our communities through our Volunteer Paid Time Off Policy where full-time employees can receive up to 8 hours of paid time off to volunteer outside the organization.
- *Pay Equity:* We conduct regular compensation studies with a third-party to make our positions competitive for the markets in which we operate and to address such issues as compensation level parity between male and female or minority and non-minority employees.
- *Succession Planning and Performance Management:* Our employees receive annual performance reviews. Certain full-time, exempt and non-exempt employees set annual goals and are evaluated on these goals and core competencies. We also conduct periodic talent review processes with all departments to identify high-potential individuals and create individualized development plans. Our Performance Management tool allows employees to comment on their progress toward their goals and also allows leaders to track this progress and provide coaching and mentoring in response to their individual needs.

- *Training and Development:* We conduct robust onboarding, training and development for all levels of employees focused on our guiding principles (Passion, Respect, Winning Attitude, Integrity, Service, Teamwork, Pride, Creativity and Fun). Through Ryman Hospitality University, we have a physical training space and an online learning portal open to all employees. Courses offered include mandatory annual workplace harassment and safety training for all levels, leadership development programs for various levels of leaders, and numerous professional skills and personal development courses for all employees. Our Spotlight leadership development program provides opportunities for managers to continue developing their skills as they grow their careers with us. We also offer our Perspectives series, which is an opportunity for employees to network with and learn from our leaders about their unique perspectives and expertise.
- *Employee Engagement:* The Company provides regular opportunities for employee engagement, including update meetings where full-time employees can hear directly from senior leadership about business performance and vision for the future. The meetings also celebrate employees demonstrating our workplace values. Weekly and monthly newsletter communications reinforce our people-centric culture, while regular communications from senior leaders ensure all employees have first-hand access to company updates between meetings. Two-way communication is encouraged through employee satisfaction surveys, senior leader-led Think Tanks and focus groups designed to solicit candid feedback from employees. We have also invested in a mobile app that allows our venue employees easier access to quick updates and the ability to interact with one another in a centralized location. In addition to our current peer-to-peer recognition program that is celebrated quarterly, we offer employee appreciation which includes the Chairman’s Award and Leadership Excellence Award. Both awards recognize exemplary performance throughout different levels of the organization. Finalists for both awards are selected by our Executive Chairman and are recognized at an annual reception.
- *Total Wellbeing/Total Rewards:* We offer a competitive and comprehensive pay and benefits package that meets the various needs of our employees. We continually review our programs to ensure they are cost-effective and continue to offer our employees high-quality benefit options that support their physical, emotional and financial health and promote a healthy work-life balance. Offerings include health and welfare plans for full-time employees, a competitive 401(k) plan with employer match, and employee assistance programs offering counseling services and financial literacy for our entire employee population. We also offer tuition reimbursement for full-time employees, on-site wellness events, flu shot clinics and wellness fairs and complimentary tickets for our venue offerings. Additionally, part- and full-time employees are also eligible for annual performance-based financial bonuses. In addition, we offer a paid parental leave policy that allows eligible full-time employees who welcome a child four weeks of leave at full pay. We have also expanded our benefits to include adoption assistance and family planning assistance for eligible employees.

Environmental, Social and Governance (“ESG”)

We have made ESG a priority throughout our organization and the communities in which we operate. As our portfolio evolves over time, sustainability will continue to increase in significance as we adapt and develop existing assets. We seek to execute any future changes to our portfolio, including with respect to new development, major renovation and ongoing operations, in a socially and environmentally responsible manner. Our asset management team works directly with Marriott for the Marriott-managed properties to develop a short-term and long-term ESG strategy. In addition, we have made firm commitments to strengthening the local communities in which we operate. The RHP Foundation was established in 2005 to formalize our charitable commitments and to help elevate our impact in these communities.

In September 2024, we published our Sustainability Report, which highlights the environmental and social performance of the Company and includes ongoing initiatives and historical performance in alignment with the Global Reporting Initiative Index and the Sustainability Accounting Standards Board Real Estate Infrastructure Segment Standard. This report is available on our website at <https://ir.rymanhp.com/sustainability/sustainability-reports>. The information included in, referenced to, or otherwise accessible through our website, is not incorporated by reference in, or considered to be part of, this Report on Form 10-K or any document unless expressly incorporated by reference therein.

Competition

Hospitality

Our current hotel properties compete with numerous other hotels throughout the United States and abroad, particularly the approximately 100 convention hotels that, on average, have over 1,000 rooms and a significant amount of meeting and exhibit space. We believe that competition among convention hotels is based on, among other things: (i) the hotel's reputation, (ii) the quality of the hotel's facility, (iii) the quality and scope of a hotel's meeting and convention facilities and services, (iv) the desirability of a hotel's location, (v) travel distance to a hotel for meeting attendees, (vi) a hotel facility's accessibility to a recognized airport, (vii) the amount of entertainment and recreational options available in and in the vicinity of the hotel, (viii) service levels at the hotel, and (ix) price. Our hotels also compete against large municipal convention centers, including those in Orlando, Las Vegas, Chicago, Atlanta, Dallas, Nashville, Washington, D.C., Denver and San Antonio. We believe that our hotels' expansive spaces and quality meeting and convention facilities and services provide a competitive advantage over other hotels and convention centers.

The hotel business is management and marketing intensive. Our current hotel properties compete with other hotels throughout the United States for high quality management and marketing personnel. We believe that Marriott's international brand, marketing scale and ability to manage group business have improved our hotels' competitive position. However, there can be no assurance that Marriott will be able to continue to attract and retain employees with the requisite managerial and marketing skills.

Additionally, as a REIT, we compete for investment opportunities in the hospitality industry, particularly the group-oriented meetings sector of the hospitality industry, with entities that may have substantially greater financial and other resources than we have. These entities generally may be able to accept more risk than we can prudently manage. Our focus on acquiring hotels in the large group meetings sector of the hospitality industry and the competition in this sector may generally limit the number of hotel properties that we are able to acquire. This competition may also increase the bargaining power of property owners seeking to sell to us, making it more difficult for us to acquire new properties on attractive terms.

Entertainment

OEG and its entertainment and media assets compete with all other forms of entertainment and recreational activities. The success of the Entertainment group is dependent upon certain factors beyond our control, including economic conditions, the amount of available leisure time, transportation cost, public taste, customer demand for live music and entertainment, and weather conditions.

Management Agreements

Gaylord Hotels. We are a party to a management agreement with Marriott for each of our Gaylord Hotels properties, as well as a pooling agreement with Marriott with respect to our Gaylord Hotels properties other than Gaylord Rockies, on an aggregate basis. Each of the management agreements other than Gaylord Rockies has a term expiring in 2047, with three automatic 10-year renewal periods (provided the applicable hotel has met certain performance thresholds). Each of these management agreements requires us to pay Marriott a base management fee of approximately 2% of gross revenues from the applicable property for each fiscal year or portion thereof. Additionally, the pooling agreement requires us to pay to Marriott an incentive fee of 10% of the first \$15.0 million of pooled available cash flow (which is generally operating profit for the pooled hotels less an owner's priority) plus 20% of any additional pooled available cash flow over such threshold. The owner's priority is collectively \$240 million, plus certain additional amounts, including 10% of certain non-routine capital expenditures and conversion work, and 10% of replacements of furniture, fixtures, and equipment and routine capital expenditures in excess of a reserve. If one or more of our Gaylord Hotels properties other than Gaylord Rockies were not a "pooled hotel" (i.e., if we cease to own the hotel or we lease the hotel to a third party), the thresholds used to calculate the incentive fee in the pooling agreement will be adjusted, and the incentive fee for the non-pooled hotel will be based on such hotel's performance. The management agreements and pooling agreement also contain certain restrictions on our incurring indebtedness that encumber our Gaylord Hotels properties other than Gaylord Rockies on an individual or aggregate basis. The management agreements may be

terminated earlier than the stated term if certain events occur, including the failure of Marriott to satisfy certain performance standards. The management agreements prohibit us from selling the Gaylord Hotels properties other than Gaylord Rockies to certain persons, including any person who does not, in Marriott's reasonable judgment, have sufficient financial resources and liquidity to fulfill our obligations under the management agreements, or any person who owns a controlling interest in a hotel brand (e.g., Hilton or Hyatt) totaling at least ten full-service hotels that are not affiliated with a brand but that are marketed and operated as a collective group, if such brand or group of hotels compete with Marriott. In addition, we may not sell a Gaylord Hotels property other than Gaylord Rockies if we are then in breach of the applicable management agreement.

Gaylord Rockies. Marriott manages the day-to-day operations of Gaylord Rockies pursuant to a management agreement that requires us to pay Marriott a base management fee of approximately 3% of gross revenues of Gaylord Rockies for each fiscal year or portion thereof. This management agreement expires in 2053, with two automatic 20-year renewal periods (provided the hotel has met certain performance thresholds). Additionally, this management agreement requires us to pay Marriott an incentive fee of 20% of available cash flow (as defined in the management agreement). The owner's priority is \$81.4 million, plus certain additional amounts, including 10.75% of certain non-routine capital expenditures.

JW Marriott Hill Country. Marriott manages the day-to-day operations of JW Marriott Hill Country pursuant to a management agreement that requires us to pay Marriott a base management fee of approximately 3.5% of gross revenues for each fiscal year or portion thereof. This management agreement expires in 2060, with three automatic 10-year renewal periods (provided the hotel has met certain performance thresholds). Additionally, this management agreement requires us to pay Marriott an incentive fee of 20% of available cash flow (as defined in the management agreement). The owner's priority is \$52.9 million, plus certain additional amounts, including 10.5% of certain non-routine capital expenditures.

Inn at Opryland. Marriott manages the day-to-day operations of the Inn at Opryland pursuant to a management agreement that requires us to pay Marriott a base management fee of approximately 2% of gross revenues for each fiscal year or portion thereof. This management agreement expires in 2034, with five five-year renewal options, so long as neither party terminates the agreement. Additionally, this management agreement requires us to pay to Marriott an incentive fee of 20% of the excess of available cash flow (as defined in the management agreement) over a certain threshold.

AC Hotel. Marriott manages the day-to-day operations of the AC Hotel pursuant to a management agreement that requires us to pay Marriott a base management fee of 7% of gross revenues. This management agreement expires in 2040, with two ten-year renewal options so long as neither party terminates the agreement. Additionally, this management agreement requires us to pay to Marriott an incentive fee of 20% of the excess of available cash flow (as defined in the management agreement) over a certain threshold.

Certain Nashville Attractions. Marriott manages the General Jackson and Gaylord Springs pursuant to management agreements. Each of these management agreements requires us to pay Marriott a base management fee of approximately 2% of total revenues. Additionally, the management agreements require us to pay to Marriott an incentive fee of 20% of the excess of available cash flow (as defined in the management agreements) over a certain threshold. The original term of the management agreement for the General Jackson concluded during 2023 but the management agreement includes indefinite one-year renewal options so long as neither party terminates the agreement. The management agreement for Gaylord Springs expires in 2028.

W Austin. Marriott manages the day-to-day operations of the W Austin pursuant to a management agreement that requires us to pay Marriott a base management fee of 3.5% of gross revenues for the first year post-sale, 3.75% of gross revenues for the second year post-sale, and 4.0% of gross revenues thereafter. This management agreement expires in 2030, with two five-year renewal options so long as neither party terminates the agreement. Additionally, this management agreement requires us to pay to Marriott an incentive fee of 15% of incentive income (as defined in the management agreement) over a certain threshold.

Total Marriott base management fees incurred for our applicable assets during 2024, 2023 and 2022 were \$48.0 million, \$42.8 million and \$35.1 million, respectively. Total incentive fees incurred during 2024, 2023 and 2022 were \$30.0 million, \$28.5 million, and \$13.5 million, respectively. Management fees are presented in the accompanying financial information net of the amortization of the deferred management rights proceeds discussed further in “Note 5 – Deferred Management Rights Proceeds” to our consolidated financial statements included in this Annual Report on Form 10-K.

Seasonality

Portions of our business are seasonal in nature. The group convention business at our Gaylord Hotels properties is subject to reduced levels of demand during the year-end holiday periods.

Regulation and Legislation

Hospitality

Our current hotel properties are subject to certain federal, state, and local governmental laws and regulations including, without limitation, capacity restrictions, labor regulations, health and safety laws and environmental regulations applicable to hotel and restaurant operations. Additionally, various federal and state laws, payment card industry security standards, and other information privacy and security standards are applicable to our hotel business. The hotels are also subject to the requirements of the Americans with Disabilities Act and similar state laws, as well as regulations pursuant thereto. We believe that our hotel properties and our attractions are in substantial compliance with such regulations. In addition, the sale of alcoholic beverages by a hotel requires a license and is subject to regulation by the applicable state and local authorities. The agencies involved have the power to limit, condition, suspend or revoke any such license, and any disciplinary action or revocation could have an adverse effect upon the results of operations of our Hospitality segment. Pursuant to management agreements with Marriott, we do not control many of these activities at our hotel properties, and we rely on Marriott to comply with all such federal, state and local governmental laws and regulations with respect to such properties. However, under the terms of our management agreements with Marriott, we may be required to bear the cost of any capital expenditures necessary to comply with a legal requirement.

Entertainment

WSM-AM is subject to regulation under the Communications Act of 1934, as amended. Under the Communications Act, the Federal Communications Commission (“FCC”), among other things, assigns frequency bands for broadcasting; determines the frequencies, location, and signal strength of stations; issues, renews, revokes, and modifies station licenses; regulates equipment used by stations; and adopts and implements regulations and policies that directly or indirectly affect the ownership, operation, and other practices of broadcasting stations. Licenses issued for radio stations have terms of eight years. Radio broadcast licenses are renewable upon application to the FCC and in the past have been renewed except in rare cases. Competing applications will not be accepted at the time of license renewal, and will not be entertained at all unless the FCC first concludes that renewal of the license would not serve the public interest. A station will be entitled to renewal in the absence of serious violations of the Communications Act or FCC regulations or other violations which constitute a pattern of abuse. WSM-AM’s current radio station license will expire in August 2028; however, we are not aware of any reason why WSM-AM’s radio station license should not be renewed.

Our entertainment attractions are also subject to the requirements of the Americans with Disabilities Act and similar state laws, as well as the laws and regulatory activities and standards associated with information privacy and security and the sale of alcoholic beverages, in each case as described above. Pursuant to management agreements with Marriott, we do not control many of these activities with respect to the W Austin and the General Jackson, and we rely on Marriott to comply with all such federal, state and local governmental laws and regulations with respect to such businesses. However, under the terms of our management agreements with Marriott, we may be required to bear the cost of any capital expenditures necessary to comply with a legal requirement.

Additional Information

Our website address is www.rymanhp.com. We make available free of charge through our website our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, definitive proxy statements, and all amendments to those reports as soon as reasonably practicable after such material is electronically filed with or furnished to the Securities and Exchange Commission (the “SEC”). The information provided on our website is not part of this report, and is therefore not incorporated by reference unless such information is otherwise specifically referenced elsewhere in this report. The public may also read and copy any materials that we file with the SEC on its website at www.sec.gov.

Information About Our Executive Officers

The following table sets forth certain information regarding the executive officers of the Company at January 1, 2025. All officers serve at the discretion of the Board of Directors (subject to, in the case of officers who have entered into employment agreements with the Company, the terms of such employment agreements).

NAME	AGE	POSITION
Colin V. Reed	77	Executive Chairman of the Board of Directors
Mark Fioravanti	63	Director, President and Chief Executive Officer
Patrick Chaffin	51	Executive Vice President and Chief Operating Officer – Hotels
Scott J. Lynn	51	Executive Vice President, General Counsel and Secretary
Jennifer Hutcheson	46	Executive Vice President, Chief Financial Officer and Chief Accounting Officer

The following is additional information with respect to the above-named executive officers.

Colin V. Reed has served as Executive Chairman of the Board of Directors since January 1, 2023 and as a director of the Company since April 2001. Mr. Reed previously served as the Company’s Chief Executive Officer from April 2001 through December 2022, and was first elected Chairman of the Board of Directors in May 2005. Until November 2008, and again from November 2012 to March 2015, Mr. Reed also served as President of the Company. Prior to joining the Company, Mr. Reed had served as a member of the three-executive Office of the President of Harrah’s Entertainment, Inc. (now Caesar’s Entertainment) since May 1999, and he had served as Harrah’s Chief Financial Officer since April 1997. Mr. Reed also was a director of Harrah’s from 1998 to May 2001. Mr. Reed served in a variety of other management positions with Harrah’s and its predecessor, Holiday Corp., since 1977. Mr. Reed is a director of First Horizon National Corporation.

Mark Fioravanti is President and Chief Executive Officer of the Company. Mr. Fioravanti has served as President since March 2015, was appointed Chief Executive Officer as of January 1, 2023, and has served as a director of the Company since February 2022. Mr. Fioravanti previously served as Executive Vice President and Chief Financial Officer of the Company from August 2011 to March 2015 and as Senior Vice President and Chief Financial Officer from June 2009 to August 2011. Until June 2009, Mr. Fioravanti served as Senior Vice President of Finance and Treasurer of the Company, a position he had held since June 2007. Prior to such time, Mr. Fioravanti had served as Executive Vice President of the Company and President of ResortQuest International since March 2004. From August 2002 to March 2004, Mr. Fioravanti was the Company’s Senior Vice President of Marketing. Prior to joining the Company in August 2002, Mr. Fioravanti spent nine years in a variety of roles with casino operator Harrah’s Entertainment, Inc., where he was most recently Vice President of Finance and Administration of Harrah’s New Orleans. Mr. Fioravanti graduated from The Ohio State University, where he earned his B.S. degree. He also holds an MBA from the University of Tennessee.

Patrick Chaffin is Executive Vice President and Chief Operating Officer – Hotels of the Company, a position he has held since May 2019. In this role, Mr. Chaffin leads our asset management function, state and local government relations, product enhancement and site selection for our hotel portfolio’s growth. From April 2018 to May 2019, he was Executive Vice President of Asset Management for the Company. From January 2013 to March 2018, he was the Senior Vice President of Asset Management. From January 2007 to December 2012, he led the strategic planning, operations analysis and investor relations functions for the Company. Prior to its sale in June 2007, Mr. Chaffin served as the head of finance for ResortQuest International, formerly a division of the Company. Prior to joining the Company in

January 2005, Mr. Chaffin worked for General Motors Corporation for 9 years serving in a variety of corporate and manufacturing positions. Mr. Chaffin earned a B.S. degree from Lipscomb University and an MBA from the Owen Graduate School of Management at Vanderbilt University.

Scott J. Lynn is Executive Vice President, General Counsel and Secretary of the Company, a position he has held since May 2018. From January 2013 to April 2018, he was the Company's Senior Vice President, General Counsel and Secretary. From August 2003 to January 2013, he served as the Company's Associate General Counsel. From May 2002 to August 2003, Mr. Lynn was Senior Counsel at Progeny Marketing Innovations, a subsidiary of Cendant Corporation. From August 1998 to May 2002, Mr. Lynn was an associate at the law firm of Stokes & Bartholomew, P.A. Mr. Lynn is a graduate of the Vanderbilt University School of Law and Tennessee Technological University.

Jennifer Hutcheson is Executive Vice President, Chief Financial Officer and Chief Accounting Officer. Ms. Hutcheson has served as the Company's Chief Financial Officer since March 2022. Prior to such time, she served as Executive Vice President, Corporate Controller and Chief Accounting Officer of the Company, a position she held since March 2020. From May 2018 to February 2020, she was Senior Vice President, Corporate Controller and Chief Accounting Officer. From January 2013 to April 2018, she was the Senior Vice President and Corporate Controller of the Company. From March 2006 to December 2012, she served as the Company's Vice President of Accounting and Tax. From May 2004 to March 2006, she served as the Company's Director of Corporate Accounting. From August 2002 to April 2004, she was the Corporate Accounting Manager at Private Business Inc. Prior to that time, she was an auditor with Ernst & Young LLP and Arthur Andersen. Ms. Hutcheson, who is a certified public accountant, has a B.S. degree in accounting from Tennessee Technological University and an MBA from the Owen Graduate School of Management at Vanderbilt University.

Item 1A. Risk Factors

You should carefully consider the following specific risk factors as well as the other information contained or incorporated by reference in this Annual Report on Form 10-K as these are important factors, among others, that could cause our actual results to differ from our expected or historical results. It is not possible to predict or identify all such factors. Consequently, you should not consider any such list to be a complete statement of all our potential risks or uncertainties. Some statements in the "Business" section and elsewhere in this Annual Report on Form 10-K are "forward-looking statements" and are qualified by the cautionary language regarding such statements. See "Forward-Looking Statements" above.

Risks Relating to Our Business

If Marriott or any future third-party hotel manager does not manage our hotel properties or other businesses successfully, our financial condition, results of operations and our ability to service debt and make distributions to our stockholders may be negatively impacted.

Due to federal income tax laws that restrict REITs from operating and managing hotels, we do not operate or manage the day-to-day functions of any of our hotel properties as a REIT. We lease or sublease our hotel properties to our TRS lessees, and such TRS lessees have engaged Marriott as a third-party hotel manager pursuant to hotel management agreements. Marriott manages the day-to-day operations of our Gaylord Hotels properties and JW Marriott Hill Country, as well as the Inn at Opryland, the AC Hotel, Gaylord Springs, the W Austin and the General Jackson. We will identify third-party hotel managers to operate and manage any hotels that we acquire in the future. Our third-party hotel managers are responsible for the day-to-day management of our hotel properties, including, but not limited to, implementing significant operating decisions, setting rates for rooms and meeting space, controlling revenue and expenditures, collecting accounts receivable, and recruiting, employing and supervising employees at our hotel properties. We do not have the authority to require our third-party hotel managers to operate our hotel properties in a particular manner, although we have consent and approval rights for certain matters under our hotel management agreements with Marriott, subject to the limitations described therein. As a result, our financial condition, results of operations and our ability to service debt and make distributions to our stockholders are largely dependent on the ability of our third-party hotel managers to operate our hotel properties successfully. Any failure by our third-party hotel managers to provide quality services and amenities or to maintain and protect a quality brand name and reputation could

have a negative impact on their ability to operate and manage our hotel properties successfully and could negatively impact our financial condition, results of operations and our ability to service debt and make distributions to our stockholders.

We cannot assure you that our third-party hotel managers will operate and manage our hotel properties in a manner that is consistent with their obligations under the hotel management agreements, that our third-party hotel managers will not be negligent in their performance or engage in other criminal or fraudulent activity, or that they will not otherwise default on their management obligations to us.

Even if we believe our hotel properties are being operated inefficiently or in a manner that does not result in satisfactory operational metrics, we will have limited ability to require our third-party hotel managers to change their method of operation of our hotel properties. We generally will attempt to resolve issues with third-party hotel managers through discussions and negotiations. However, if we are unable to reach satisfactory results through discussions and negotiations, we may choose to litigate the dispute or submit the matter to third-party dispute resolution or arbitration. We would be able to seek redress only if a third-party hotel manager violates the terms of the applicable hotel management agreement, and then only to the extent of the remedies provided for under the terms of the hotel management agreement. Additionally, in the event we need to replace any of our third-party hotel managers, we may experience significant business disruptions at the affected hotel properties, and may be liable, under certain circumstances, for significant damages and/or be required to make certain payments to our third-party managers.

The operation and management of our current hotel properties, the operation of which generates substantially all our Hospitality segment revenue, is concentrated in Marriott.

Our current hotel properties, the operation of which generates substantially all our Hospitality segment revenue, are operated and managed by Marriott. As a result, our operational risk is concentrated in one third-party hotel manager, which makes us more vulnerable economically to any weakness of Marriott than if we entered into hotel management agreements with several third-party hotel managers. We cannot assure you that Marriott will satisfy its obligations to us or successfully operate and manage our current hotel properties. Any adverse developments in Marriott's business and affairs, financial strength or ability to operate and manage our current hotel properties successfully could materially reduce our revenues and net income, which could in turn reduce the amount of distributions to our stockholders. If market recognition or the positive perception of Marriott is reduced or compromised, the goodwill associated with the Gaylord Hotels and JW Marriott hotel in our portfolio may be adversely affected, which could materially reduce our revenues and net income, which could in turn reduce the amount of distributions to our stockholders. Additionally, we rely on the resources of and financial information provided by Marriott to report the financial results of our hotel properties. A failure by Marriott to accurately report the financial results of our hotel properties could materially affect our understanding of the hotel properties' performance as well as our ability to accurately report on the hotel properties' performance. Further, Marriott owns the Gaylord Hotels and JW Marriott brands and trademarks, and a failure on their part to maintain quality standards, including at any future projects that we do not own an interest in, could harm the brands and damage our business.

Revenue growth, cost synergies and containment strategies for our hotel operations are largely dependent on the efforts of Marriott. Historically, Marriott's efforts to leverage its rewards program, customer channels and brands, as well as its management of demand for rooms, meeting space and banquets, resulted in revenue growth and Marriott's efforts to reduce hotel-level costs yielded cost savings. There can be no assurance that such improvements in revenue or cost savings achieved by Marriott will continue in future periods.

Restrictive covenants and other provisions in our hotel management agreements with third-party hotel managers could limit our ability to sell or lease our hotel properties or refinance our existing debt.

Our hotel management agreements with Marriott contain, and we anticipate that hotel management agreements with our future third-party hotel managers will contain, restrictive covenants that limit our flexibility to sell or lease our hotel properties. For example, we may not sell or lease our current hotel properties to a competitor of Marriott (as defined in our management agreements with Marriott), and any purchaser or lessee must have, in Marriott's judgment, sufficient financial resources and liquidity to fulfill our obligations under the hotel management agreements. Such restrictions on

our ability to sell or lease our hotel properties could negatively affect the marketability of our hotel properties and restrict our ability to refinance our existing debt secured by our hotel properties.

Marriott and any future third-party hotel manager may own or operate hotels that compete with our hotel properties.

Our third-party hotel managers may own or operate hotels that compete with our current hotel properties and any hotel properties that we acquire, which may result in a conflict of interest. For example, Marriott and its affiliates own, have invested in, operate, and have provided credit support or operating guarantees to hotels that compete or will compete with our current hotel properties, including the Marriott Orlando World Center, which competes with Gaylord Palms, the Washington Marriott Marquis, which competes with Gaylord National, and the Gaylord Pacific Resort & Convention Center (“Gaylord Pacific”), which we do not own, but is scheduled to open in Spring 2025. As a result, our third-party hotel managers may make decisions regarding competing hotel properties that are not or would not be in our best interest. In addition, such third-party hotel managers’ operation of other hotels may divert attention away from the operation and management of our hotel properties.

Our concentration in the hospitality industry, and in particular the group-oriented meetings sector of the hospitality industry, exposes us to certain risks outside of our and Marriott’s control.

Our primary business is hotel-related, and our current hotel properties, the operation of which generates substantially all our Hospitality segment revenue, are concentrated in the group-oriented meetings sector of the hospitality industry. Therefore, a downturn in the lodging industry, in general, and the group-oriented meetings sector, in particular, would have a material adverse effect on our financial condition, results of operations, the market price of our common stock and our ability to service debt and make distributions to our stockholders. Additionally, our group room rates may be contracted several years in advance, and we are subject to increases in operating costs over time that may not be offset by these group room rates, which may result in reduced margins and lower financial results.

The group-oriented meetings sector has suffered, and may in the future suffer, as a result of pandemic or epidemic disease outbreaks, and while we believe meeting planners would, in the case of widespread or severe outbreaks of pandemic or epidemic disease, rebook large group meetings to future periods, there can be no assurance as to the timing and pace of any recovery.

The ability of Marriott to successfully operate and manage our current hotel properties and convention business is subject to factors beyond our and their control, which could reduce the revenue and operating income of these properties. These factors include:

- the desirability and perceived attractiveness of the Nashville, Tennessee; Orlando, Florida; Dallas, Texas; San Antonio, Texas; Washington D.C. and Denver, Colorado areas as tourist and convention destinations;
- adverse changes in the national economy, its effects on us and our customers and in the levels of tourism and convention business that affect our current hotel properties;
- Marriott’s ability to attract group convention business;
- Marriott’s ability to contract for and collect attrition and cancellation fees from groups that do not fulfill minimum stay or spending requirements;
- the opening of other new hotels could impact the group convention business at our current hotel properties, including the Spring 2025 opening of Gaylord Pacific, which we do not own;
- the highly competitive nature of the hotel, tourism and convention business in which our hotel properties operate, including the fact that we compete for convention business with publicly-financed civic convention centers;

- the susceptibility of group convention business to reduced levels of demand during the year-end holiday periods, which Marriott may not be able to offset by attracting sufficient general tourism guests;
- the level of governmental group business, which has decreased at times in the past due to uncertainty surrounding the U.S. government budget;
- the financial condition of the airline and other transportation-related industries and the resulting impact on travel; and
- increases in our operating costs due to labor costs associated with labor shortages, wage increases, any increases in the federal, or any state or local, minimum wage rate, workers' compensation, healthcare-related costs, and organized labor activities, the last of which, in addition to increasing labor costs, could cause a diversion of business from our hotels involved in labor negotiations and loss of group business.

These factors could reduce the revenues and net operating profits of our TRS lessees, which in turn could adversely affect our financial condition, results of operations, the market price of our common stock and our ability to service debt and make distributions to our stockholders.

The geographic concentration of our current hotel properties subjects us to a greater degree of risk to certain factors.

Due to the geographic concentration of our current hotel properties, we are subject to a greater degree of risk to factors including:

- local economic and competitive conditions;
- natural and other disasters;
- a decline in air passenger travel due to higher ticket costs or fears concerning air travel;
- a decline in the attractiveness of the areas in which our hotels are located as a convention and tourism destination; and
- a decrease in convention and meeting business at any of our properties.

Any of these could negatively affect our financial condition, results of operations and our ability to service debt and make distributions to our stockholders.

Inflation may adversely affect our financial condition and results from operations.

Inflation, which has risen to levels not experienced in recent decades, has caused, and could continue to cause, broad price increases. A prolonged inflationary environment, and any fiscal, monetary or other policy interventions by the U.S. government or the Federal Reserve in reaction to such an environment, including increases in federal interest rates, could adversely affect our operating costs, customer spending and bookings, and ability to access the debt markets on favorable terms. If the cost to operate and maintain our hotels and other properties increases faster or at a rate greater than our ability to pass on costs by increasing amounts charged to guests and customers, our financial condition, results of operations and cash flows could be materially and adversely affected.

The hotel business is capital-intensive, and our inability to obtain financing or successfully complete acquisitions or capital improvements, or the disruption associated with them, could limit our growth or impact our performance.

Acquisitions of hotels will require significant capital expenditures, and hotels that we acquire may need renovations and capital improvements at the time of acquisition. All of our hotel properties will require periodic capital expenditures and renovation to remain competitive. We may also undertake hotel expansions or new features at our existing hotel

properties that involve significant capital expenditures, such as our recently announced Gaylord Opryland expansion. If any hotels that we acquire are subject to franchise agreements, the franchisors of these hotels may also require periodic capital improvements as a condition to our maintaining the franchise licenses. We may not be able to fund capital improvements or acquisitions solely from cash provided from our operating activities because we must distribute at least 90% of our REIT taxable income (determined before the deduction for dividends paid and net of capital gains) each year to maintain our qualification as a REIT for federal income tax purposes. As a result, our ability to fund acquisitions or capital expenditures through any retained earnings or operating cash flow will be limited. Consequently, we will rely upon the availability of debt or equity capital to fund hotel acquisitions and improvements. Our ability to grow through acquisitions will be limited if we cannot obtain satisfactory debt or equity financing, which will depend on market conditions. We cannot assure you that we will be able to obtain additional equity or debt financing or that we will be able to obtain such financing on favorable terms.

In addition, capital improvements may give rise to the following risks:

- possible environmental problems;
- construction cost overruns and delays, including those associated with the availability of material and labor;
- the possibility that revenues will be reduced while rooms, restaurants or other facilities are out of service due to capital improvement projects;
- a possible shortage of available cash to fund capital improvements and the related possibility that financing for these capital improvements may not be available to us on attractive terms; and
- uncertainties as to market demand or a loss of market demand after capital improvements have begun.

The costs of renovations and capital improvements could adversely affect our financial condition, results of operations, the market price of our common stock and our ability to service debt and make distributions to our stockholders.

Our TRS lessee structure subjects us to the risk of increased hotel operating expenses and the inability of our TRS lessees to make lease payments to us.

Our leases with our TRS lessees require our TRS lessees to make lease payments to us based in part on gross revenues from our hotel properties. Our operating risks include decreases in revenues at our hotel properties and increases in operating expenses at our hotel properties. Decreases in revenues or increases in operating expenses could adversely affect our TRS lessees' ability to make lease payments due under the leases, including, but not limited to, increases in wage and benefit costs, repair and maintenance expenses, property taxes, insurance costs, and other operating expenses. Increases in those operating expenses can have a significant adverse impact on our financial condition, results of operations, the market price of our common stock, and our ability to service debt and make distributions to our stockholders.

In addition, our TRS lessees' ability to make lease payments will be affected by factors beyond their control, such as changes in general economic conditions, the level of demand for hotels and the related services of our hotel properties, competition in the lodging and hospitality industry, the third-party managers' ability to maintain and increase gross revenue at our hotel properties and other factors relating to the operations of our hotel properties.

We and our third-party hotel manager rely on information technology in our operations, and any material failure, inadequacy, interruption, or security failure could harm our business.

We and our third-party hotel manager rely on information technology systems, including networks and the Internet, to process, transmit, and store electronic information, and to manage or support a variety of business processes, including financial transactions and records, personal identifying information, reservations, billing and operating data. Our businesses require collection of large volumes of internal and customer data, including credit card numbers and other

personally identifiable information of our customers in various information systems and those of our service providers. The integrity and protection of customer, employee, and company data is critical to us. If that data is inaccurate or incomplete, we or the hotel managers could make faulty decisions. Customers and employees also have a high expectation that we and our third-party service providers and processors will adequately protect their personal information. Despite implementation of various measures designed to protect our information systems and records, including those we maintain with our service providers, we, the hotel managers and/or our third-party service providers may be subject to security breaches, system failures, viruses, operator error, employee misuse, and unauthorized or inadvertent releases of data. A significant theft, loss, or fraudulent use of customer, employee, or company data maintained by us or by a service provider or failure to comply with the various U.S. and international laws and regulations applicable to the protection of such data, including the California Consumer Privacy Act (“CCPA”), or with Payment Card Industry (PCI) data security standards, could divert our attention, adversely impact our reputation, result in remedial and other fines or litigation, cause us to incur substantial liabilities or costs, or result in a loss of valuable data or of consumer confidence. A breach in the security of our information systems or those of our service providers, or the unauthorized use of such data by us or our third-party providers, could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits.

Changes in privacy and data security laws could increase our operating costs and increase our exposure to fines and litigation.

We are subject to numerous, complex, and frequently changing laws, regulations, and contractual obligations designed to protect personal information. Various U.S. federal and state laws, payment card industry security standards, and other information privacy and security standards are all applicable to us. Many states have passed laws regulating how businesses collect and use consumer personal data, and other states are considering enacting similar laws. Significant legislative, judicial or regulatory changes have been and could be issued in the future. These legal requirements are rapidly changing and are not consistent across jurisdictions. Violations of these new laws may subject us to civil monetary penalties, and the CCPA, as amended by the California Privacy Rights Act, provides for a private cause of action for data breaches. Compliance with changes in applicable data security and privacy laws and regulations and contractual obligations has increased, and may in the future increase, our operating costs and may restrict our business operations, increase our exposure to fines and litigation in the event of alleged noncompliance, and adversely affect our reputation. Moreover, many jurisdictions are considering and adopting regulations governing the use of artificial intelligence and machine learning applications and tools. Compliance with these regulations may be difficult or costly to implement and result in a burden on our operations that use artificial intelligence or machine learning applications and tools. Any failure or perceived failure to comply with these regulations could subject us to enforcement actions, fines, and penalties, or may adversely affect our reputation.

Cybersecurity incidents, including the failure to protect the integrity or availability of IT systems or the security of confidential information, or the introduction of malware or ransomware, could harm our business.

While we have implemented security measures to safeguard our systems and data, our measures or the measures of our service providers or hotel manager may not be sufficient to maintain the confidentiality, integrity, or availability of the data collected, stored, and used to manage our businesses. Efforts to hack or circumvent security measures, efforts to gain unauthorized access to data, failure of systems or software to operate as designed or intended, viruses, “ransomware” or other malware, “supply chain” attacks, “phishing” or other types of business email compromises, operator error, or inadvertent releases of data may materially impact our information systems and records of those of our owners, licensees, service providers, or others on which we rely. Our reliance on computer, Internet-based, and mobile systems and communications, and the frequency and sophistication of efforts by third parties to gain unauthorized access to such systems, have greatly increased in recent years. Like most large multinational corporations, our hotel manager and its service providers have experienced cyber attacks, and attempts to disrupt access to their systems and data or those of properties our hotel manager manages and the frequency and sophistication of such efforts could continue to increase. The rapid evolution and increased adoption of artificial intelligence technologies, by us and our third-party service providers, may also heighten our cybersecurity risks by making cyber attacks more difficult to detect, contain and mitigate. We and our third-party service providers, including our third-party hotel manager, have increasingly relied on cloud-based services and on remote access to information systems in recent years, which has increased our exposure to potential cybersecurity incidents. Any theft, loss, loss of access to, or fraudulent use of guest, associate, owner, licensee,

or company data could adversely impact our reputation or the reputation of our hotel manager and could result in remedial and other expenses, fines, or litigation. Depending on the nature and scope of the event, compromises in the security of our information systems or those of our owners, licensees, or service providers or other disruptions in data services could lead to an interruption in the operation of our systems or our hotel manager's systems, resulting in operational inefficiencies and a loss of profits, and negative publicity, resulting in tangible adverse effects on our business, including consumer boycotts, cancellations, lost sales or litigation, all of which could affect our market share, reputation, business, financial condition, or results of operations. These events may also cause us to incur substantial costs, including but not limited to, costs associated with remediation for or recovery of stolen assets or information, including ransom costs paid to cyber attackers, costs for sending legally required notifications to customers or other affected individuals, and increased cyber protection costs to guard against opportunities for re-occurrence of a breach. Although we or our manager carry cyber/privacy liability insurance that is designed to protect us against certain losses related to cyber risks, that insurance coverage may not be sufficient to cover all losses or all types of claims that may arise in connection with cyber attacks, security compromises, and other related incidents. Furthermore, in the future such insurance may not be available on commercially reasonable terms, or at all.

Our real estate assets are subject to numerous risks.

Because we own hotels and attractions properties, we are subject to the risks that generally relate to investments in real property. The investment returns available from equity investments in real estate depend in large part on the amount of income earned and capital appreciation generated by the related properties, as well as the expenses incurred. In addition, a variety of other factors affect income from properties and real estate values, including governmental regulations, insurance, zoning, tax and eminent domain laws, interest rate levels and the availability of financing. For example, new or existing real estate zoning or tax laws can make it more expensive and/or time-consuming to develop real property or expand, modify or renovate properties. When interest rates increase, the cost of acquiring, developing, expanding or renovating real property increases, particularly as the cost of borrowing increases, and real property values may decrease as the number of potential buyers decreases. Similarly, as financing becomes less available, it becomes more difficult both to acquire and to sell real property. Finally, governments can, under eminent domain laws, take real property. Sometimes this taking is for less compensation than the owner believes the property is worth. Any of these factors could have a material adverse impact on our results of operations or financial condition. In addition, equity real estate investments, such as the investments we hold and any additional properties that we may acquire, are relatively difficult to sell quickly. If our properties do not generate revenue sufficient to meet operating expenses, including debt service and capital expenditures, our income will be reduced.

Our properties are subject to environmental regulations that could impose significant financial liability on us.

Environmental laws, ordinances and regulations of various federal, state, local and foreign governments regulate certain of our properties and could make us liable for the costs of removing or cleaning up hazardous or toxic substances on, under or in the properties we currently own or operate or those we previously owned or operated. Those laws could impose liability without regard to whether we knew of, or were responsible for, the presence of hazardous or toxic substances. The presence of hazardous or toxic substances, or the failure to properly clean up such substances when present, could jeopardize our ability to develop, use, sell or rent the real property or to borrow using the real property as collateral. If we arrange for the disposal or treatment of hazardous or toxic wastes, we could be liable for the costs of removing or cleaning up wastes at the disposal or treatment facility, even if we never owned or operated that facility. Other laws, ordinances and regulations could require us to manage, abate or remove lead- or asbestos-containing materials. Similarly, the operation and closure of storage tanks are often regulated by federal, state, local and foreign laws. Finally, certain laws, ordinances and regulations, particularly those governing the management or preservation of wetlands, coastal zones and threatened or endangered species, could limit our ability to develop, use, sell or rent our real property. Existing governmental laws and regulations may be revised or new laws and regulations relating to climate change, air quality or other environmental and health concerns may be adopted or become applicable to us, which could affect the operations of our hotels and/or result in significant additional expense and operating restrictions. The costs to clean up a contaminated property, to defend a claim, or to comply with environmental laws could be material and could adversely affect our financial condition, results of operations, the market price of our common stock and our ability to make distributions to our stockholders. Additionally, because we rely on third-party managers to operate our hotel

properties and certain attractions, we have limited control over ensuring compliance at those locations with applicable environmental laws or regulations or approving certain remediation action taken by the manager to resolve such issues.

Compliance with the Americans with Disabilities Act could require us to incur substantial costs.

Under the Americans with Disabilities Act of 1990, as amended (the “ADA”), all public accommodations must meet various federal requirements related to access and use by disabled persons. Compliance with the ADA’s requirements could require removal of access barriers, and non-compliance could result in the U.S. government imposing fines or in private litigants winning damages. Although we believe that our hotel properties substantially comply with present requirements of the ADA, we may be subject to audits or investigations of, or litigation brought against, one or more of our hotels to determine our compliance, and one or more hotels may not be fully compliant with the ADA. Noncompliance with the ADA could result in the incurrence of additional costs to attain compliance. The obligation to make readily achievable accommodations is an ongoing one, and we will continue to assess our hotel properties and to make alterations as appropriate in this respect. If we are required to make substantial modifications to our hotel properties, whether to comply with the ADA or other changes in governmental rules and regulations, our financial condition, results of operations, the market price of our common stock and amount of cash available for debt service or distributions to our stockholders could be adversely affected. Additionally, because we rely on third-party managers to operate our hotel properties and certain attractions, we have limited control over ensuring compliance at those locations with applicable ADA requirements or approving certain remediation action taken by the manager to resolve such issues.

As an owner of hotel properties and operator of leisure businesses, we are subject to risks relating to acts of God, outbreaks of pandemic disease, terrorist activity and war.

Our operating income and ability to make distributions to our stockholders may be reduced by acts of God, outbreaks of pandemic disease, or acts of terrorism in locations where we own and/or operate significant properties and areas of the world from which we draw a large number of customers. Gaylord Opryland, which is located adjacent to the Cumberland River and is protected by levees built to sustain a 100-year flood, suffered flood damage on May 3, 2010 as the river rose to levels that over-topped the levees. We have completed enhancements to the levees that protect the hotel to increase the height of the levees, and we also maintain a prudent level of flood insurance in an amount which we believe is sufficient to respond to any potential flood losses at Gaylord Opryland. While we believe these steps are reasonable given the likelihood of flood damage at Gaylord Opryland, there can be no assurances that flooding will not occur at Gaylord Opryland in the future and that actual flood losses will not be in excess of insurance limits. Some types of losses, such as from flood, earthquake, hurricane, tornado, terrorism and environmental hazards, may be either uninsurable, subject to sublimit, or too expensive to justify fully insuring against. Should an uninsured loss or a loss in excess of insured limits occur, we could lose all or a portion of the capital we have invested in a hotel, as well as the anticipated future revenue from the hotel. In that event, we might nevertheless remain obligated for any mortgage debt or other financial obligations related to the property. Similarly, outbreaks of pandemic disease, wars or armed conflicts (including the potential for war or armed conflicts), terrorist activity (including threats of terrorist activity), political unrest and other forms of civil strife as well as geopolitical uncertainty, may cause our future results to differ materially from anticipated results.

We are subject to risks associated with our hotel managers’ employment of hotel personnel, particularly with hotels whose managers employ unionized labor, which could increase our hotels’ operating costs, reduce the flexibility of our third-party hotel managers to adjust the size of the workforce at our hotel properties and impair our ability to make distributions to our stockholders.

Our third-party hotel managers are responsible for hiring and maintaining the labor force at each of our hotel properties. Although we do not employ or manage employees at our hotel properties, we are subject to many of the costs and risks generally associated with the hotel labor force, including at those of our hotels with unionized labor. From time to time, hotel operations may be disrupted as a result of strikes, lockouts, public demonstrations or other negative actions and publicity. We also may incur increased legal costs and indirect labor costs as a result of contract disputes or other events. The resolution of labor disputes or re-negotiated labor contracts could lead to increased labor costs, either by increases in wages or benefits or by changes in work rules that raise hotel operating costs. Furthermore, labor agreements may limit the ability of our third-party hotel managers to reduce the size of hotel workforces during an economic downturn

because collective bargaining agreements are negotiated between the third-party hotel managers and labor unions. We do not have the ability to control the outcome of these negotiations.

Our operating costs could increase if we and our hotel managers cannot attract and retain talented personnel or as the result of the loss of the services of our senior executives.

We and our third-party hotel managers compete with other companies both within and outside of the hospitality and entertainment industries for personnel. We and our hotel managers have experienced challenges hiring qualified personnel due to various factors, such as increasing wage expectations and competition for labor from other industries, including and continuing after the COVID-19 pandemic and in the current inflationary environment, and these circumstances could continue or worsen in the future to an extent and for durations that we are not able to predict. If we and our hotel managers cannot recruit, train, develop and retain sufficient numbers of associates, we could experience significant negative impacts to our operations, including low employee morale, high employee turnover and low guest satisfaction. Insufficient numbers of personnel could also limit our ability to grow and expand our businesses. Labor shortages have resulted in and could continue to result in higher wages and initial hiring costs, increasing our labor costs and those of our third-party hotel managers, which could reduce our profits and ultimately impair our ability to make distributions to our stockholders. In addition, the efforts and ability of our senior executives are important elements of maintaining our competitive position and driving future growth, and the loss of the services of one or more of our senior executives could result in challenges executing our business strategies or other adverse effects on our business.

Any failure to protect the trademarks and intellectual property used in our business could reduce the value of our brand names and harm our business.

Third-party infringement of the Gaylord Hotels or JW Marriott marks owned by Marriott or the marks we own and use in our entertainment business, or the failure to enforce rights to the marks, could be damaging to our business.

The reputation and perception of the brands we use is critical to our success. If trademarks or intellectual property are misappropriated or used without authorization, the value of those brands, their reputation, our competitive advantages and our goodwill could be harmed. We regularly apply to register our trademarks in the United States. However, we cannot be certain that those trademark registrations will be granted or that the steps we take to protect our trademarks or intellectual property in the United States will be adequate to prevent others, including third parties or former employees, from copying or using our trademarks or intellectual property without authorization. Our intellectual property is also vulnerable to unauthorized use in some countries outside the United States, where local laws may not adequately protect it. Marriott owns and maintains the marks used in the Gaylord Hotels and JW Marriott operations and uses the brands at properties that we do not own, including Gaylord Pacific, and accordingly, we are reliant on Marriott to enforce the rights to these marks and to protect the value of those brands.

Monitoring the unauthorized use of our intellectual property is difficult. As we have in the past, we may need to resort to litigation to enforce our intellectual property rights. Litigation of this type could be costly, force us to divert our resources, lead to counterclaims or other claims against us, result in adverse publicity to us or otherwise harm our business. Any failure to maintain and protect trademarks and other intellectual property used in our business could reduce the value of our brands and harm our business.

Illiquidity of real estate investments could significantly impede our ability to respond to adverse changes in the performance of our hotel properties and harm our financial condition.

Because real estate investments are relatively illiquid, our ability to promptly sell one or more of our hotel properties in response to changing economic, financial and investment conditions may be limited. The real estate market is affected by many factors that are beyond our control, including:

- adverse changes in international, national, regional and local economic and market conditions;
- changes in interest rates and in the availability, cost and terms of debt financing;

- changes in governmental laws and regulations, fiscal policies and zoning ordinances and the related costs of compliance with laws and regulations, fiscal policies and ordinances;
- the ongoing need for capital improvements, particularly in older structures;
- changes in operating expenses; and
- civil unrest, acts of God, including earthquakes, tornadoes, floods and other natural disasters, which may result in uninsured losses, and acts of war or terrorism, including the consequences of the terrorist acts.

We may decide in the future to sell one or more of our hotel properties. We cannot predict whether we will be able to sell any hotel property for the price or on the terms set by us, or whether any price or other terms offered by a prospective purchaser would be acceptable to us. We also cannot predict the length of time needed to find a willing purchaser and to close the sale of a hotel property. Further, as a REIT, we are subject to a 100% excise tax on net income derived from prohibited transactions, including the sale of property (other than foreclosure property) held primarily for sale to customers in the ordinary course. There can be no assurances that the IRS will not contend that the sale of a hotel is subject to this 100% excise tax.

We may be required to expend funds to correct defects or to make improvements before a hotel property can be sold. We cannot assure you that we will have funds available to correct those defects or to make those improvements. In acquiring a hotel, we may agree to lock-out provisions that materially restrict us from selling that hotel for a period of time or impose other restrictions, such as a limitation on the amount of debt that can be placed or repaid on that hotel. These factors and any others that would impede our ability to respond to adverse changes in the performance of our hotel properties could have a material adverse effect on our operating results and financial condition, as well as the amount of cash available for distributions to our stockholders.

Our operating results and ability to service debt and make distributions to our stockholders may be adversely affected by various operating risks common to the lodging industry.

Our hotel properties have different economic characteristics than many other real estate assets, and a hotel REIT is structured differently than many other types of REITs. A typical office property owner, for example, has long-term leases with third-party tenants, which provide a relatively stable long-term stream of revenue. Our TRS lessees, on the other hand, do not enter into a lease with a third-party hotel manager. Instead, our TRS lessees engage our third-party managers pursuant to hotel management agreements and pay the third-party hotel managers fees for managing our hotel properties. The TRS lessees receive all the operating profit or losses at our hotel properties, net of fees and reimbursements. Moreover, virtually all hotel guests stay at a hotel for only a few nights at a time, so the rate and occupancy at each of our hotel properties may change every day. As a result, we may have highly volatile earnings.

In addition, our hotel properties are subject to various operating risks common to the lodging industry, many of which are beyond our or a manager's control, including the following:

- competition from other hotel properties and publicly-financed civic convention centers in our markets;
- over-building of hotels in our markets, which could adversely affect occupancy and revenues at our hotel properties;
- dependence on business and commercial travelers, including the market for large group meetings, and tourism;
- increases in energy costs and other expenses affecting travel, which may affect travel patterns and reduce the number of business and commercial travelers and tourists;
- increases in operating costs, including, but not limited to, wages and food and beverage costs, due to inflation and other factors that may not be offset by increased room rates;

- changes in interest rates and in the availability, cost and terms of debt financing;
- changes in governmental laws and regulations, fiscal policies and zoning ordinances and the related costs of compliance with laws and regulations, fiscal policies and ordinances;
- adverse effects of international, national, regional and local economic and market conditions;
- the impact of the use of Internet travel intermediaries by consumers;
- unforeseen events beyond our control, such as terrorist attacks, travel-related health concerns including pandemics and epidemics, political instability, regional hostilities, imposition of taxes or surcharges by regulatory authorities, travel-related accidents and unusual weather patterns, including natural disasters, such as hurricanes, earthquakes and tornadoes;
- adverse effects of a downturn in the lodging industry; and
- risks generally associated with the ownership of hotels and real estate.

Our group room rates may be contracted several years in advance, and we are subject to increases in operating costs over time that may not be offset by these group room rates, which may result in reduced margins. Further, our disclosed future hotel bookings may not be fulfilled. These factors could reduce the net operating profits of our TRS lessees, which in turn could adversely affect the amount and frequency of distributions we make to our stockholders and our ability to service our debt.

We conduct the operations of our Entertainment segment through OEG and our ownership is subject to the terms of agreements with A-OEG Holdings, LLC, an affiliate of Atairos. Any disagreement with Atairos or its affiliate may adversely affect our interest in OEG.

The limited liability company agreement for OEG gives A-OEG Holdings, LLC, an affiliate of Atairos (the “OEG Investor”), certain rights, including consent rights regarding certain major decisions, which may limit our flexibility with respect to OEG. The OEG Investor may have economic or other business interests or goals which are inconsistent with ours, and we could become engaged in a dispute or disagreement with them that might affect our ability to develop or operate the Entertainment business in any manner in which we see fit, thereby adversely affecting our ownership interest in OEG.

Hospitality companies have been the target of class actions and other lawsuits alleging violations of federal and state law and other claims, and we may be subject to legal claims.

Our operating income and profits may be reduced by legal or governmental proceedings brought by or on behalf of our employees, customers or other third parties. In recent years, a number of hospitality companies have been subject to lawsuits, including class action lawsuits, alleging violations of federal and state law regarding workplace and employment matters, discrimination, customer privacy breaches and other alleged violations of law. A number of these lawsuits have resulted in the payment of substantial damages by the defendants. Similar lawsuits have been instituted against us from time to time and were resolved in an immaterial manner, but we cannot assure you that we will not incur substantial damages and expenses resulting from future lawsuits of this type or other claims, which could have a material adverse effect on our business, financial condition and results of operations. Additionally, because we rely on third-party managers to operate our hotel properties and certain attractions, we have limited control over defending lawsuits of this type or other claims.

Risks Relating to Our Status as a REIT

If we fail to remain qualified as a REIT, we would be subject to tax at corporate income tax rates and would not be able to deduct distributions to stockholders when computing our taxable income.

If, in any taxable year, we fail to qualify for taxation as a REIT, and are not entitled to relief under the Internal Revenue Code of 1986, as amended (the “Code”):

- we would not be allowed a deduction for distributions to stockholders in computing our taxable income; and
- we would be subject to federal and state income tax on our taxable income at regular corporate rates.

Any such corporate tax liability could be substantial and would reduce the amount of cash available for other purposes. This adverse impact could last for five or more years. Unless we are entitled to relief under certain statutory provisions, we would be taxable as a C corporation beginning in the year in which the failure occurs, and we would not be allowed to re-elect to be taxed as a REIT for the following four years.

If we fail to qualify for taxation as a REIT, we may need to borrow additional funds or liquidate certain assets to pay any additional tax liability. Accordingly, funds available for investment or distribution to stockholders would be reduced.

REIT qualification involves the application of highly technical and complex provisions of the Code to our operations, as well as various factual determinations concerning matters and circumstances not entirely within our control. There are limited judicial or administrative interpretations of these provisions. Although we plan to operate in a manner consistent with the REIT qualification rules, we cannot assure you that we will so qualify or remain so qualified.

As a REIT, failure to make required distributions to our stockholders would subject us to federal and state corporate income tax.

Prior to 2012, we had not paid a cash distribution on our common stock since 1999. Beginning in 2013 we declared, and we intend to continue to declare when appropriate, cash dividends, the amount of which will be determined, and will be subject to adjustment, by our board of directors. Our board of directors has approved a dividend policy pursuant to which we will make minimum dividends of 100% of REIT taxable income annually, subject to the board of directors’ future determinations as to the amount of any distributions and the timing thereof. Our dividend policy may be altered at any time by our board of directors, and certain provisions of our debt agreements may prohibit us from paying dividends in accordance with any policy we may adopt. To qualify as a REIT, we are generally required to distribute at least 90% of our REIT taxable income (determined without regard to the dividends paid deduction and excluding net capital gains) each year to our stockholders. If our cash available for distribution falls short of our estimates, we may be unable to maintain the proposed quarterly distributions that approximate our taxable income and may fail to qualify for taxation as a REIT. In addition, our cash flows from operations may be insufficient to fund required distributions as a result of differences in timing between the actual receipt of income and the recognition of income for federal and state income tax purposes, or the effect of nondeductible expenditures.

To the extent that we satisfy the 90% distribution requirement but distribute less than 100% of our REIT taxable income, we will be subject to federal and state corporate income tax on our undistributed taxable income. In addition, we will be subject to a 4% nondeductible excise tax if the actual amount that we pay out to our stockholders for a calendar year is less than a minimum amount specified under the Code.

Even though we are conducting our business as a REIT, certain of our business activities will be subject to corporate level income tax, which will continue to reduce our cash flows, and we will have potential deferred and contingent tax liabilities.

Even though we are conducting our business as a REIT, we may be subject to certain federal, state, and local taxes on our income and assets, taxes on any undistributed income, and state or local income, franchise, property and transfer taxes. In addition, we could in certain circumstances be required to pay an excise or penalty tax, which could be

significant in amount, to utilize one or more relief provisions under the Code to maintain qualification for taxation as a REIT.

Our business related to the non-real estate assets of our Hospitality segment and the assets of our Entertainment segment is conducted through wholly-owned TRSs because these activities could generate non-qualifying REIT income as historically structured and operated. Those TRS assets and operations continue to be subject, as applicable, to federal and state corporate income taxes in the jurisdictions in which those assets and operations are located. Any of these taxes would decrease our earnings and our available cash. In addition, net operating losses in any of our TRSs generally will not provide any tax benefit, except for use against current or future taxable income in the TRSs.

Complying with REIT requirements may limit our ability to hedge effectively and increase the costs of our hedging and may cause us to incur tax liabilities.

The REIT provisions of the Code limit our ability to hedge liabilities. Generally, income from hedging transactions that we enter into to manage risk of interest rate changes with respect to borrowings made or to be made to acquire or carry real estate assets and income from certain currency hedging transactions related to any non-U.S. operations do not constitute “gross income” for purposes of the REIT gross income tests. To the extent that we enter into other types of hedging transactions, the income from those transactions is likely to be treated as non-qualifying income for purposes of the REIT gross income tests. As a result of these rules, we may need to limit our use of advantageous hedging techniques or implement those hedges through a TRS. This could increase the cost of our hedging activities because our TRSs would be subject to tax on income or gains resulting from hedges entered into by them or expose us to greater risks associated with changes in interest rates than we would otherwise want to bear.

Legislative or other actions affecting REITs could have a negative effect on us or our stockholders.

At any time, the federal income tax laws governing REITs or the administrative interpretations of those laws may be amended. Federal and state tax laws are constantly under review by persons involved in the legislative process, the IRS, the United States Department of the Treasury and state taxing authorities. Changes to the tax laws, regulations and administrative interpretations, which may have retroactive application, could adversely affect us. We cannot predict with certainty whether, when, in what forms, or with what effective dates, the tax laws, regulations and administrative interpretations applicable to us may be changed. Accordingly, we cannot assure you that any such change will not significantly affect our ability to qualify for taxation as a REIT or the federal income tax consequences to us of such qualification.

Taxation of dividend income could make our stock less attractive to certain investors and reduce the market price of our stock.

The maximum tax rate applicable to “qualified dividend income”, which includes income from dividends paid by domestic C corporations to non-corporate stockholders, is 20.0% plus a 3.8% “Medicare tax” applicable to individuals, trusts and estates whose income exceeds certain thresholds. Dividends payable by REITs generally do not qualify for the reduced tax rate applicable to qualified dividend income. Under the Tax Cuts and Jobs Act of 2017 (the “TCJA”), however, a non-corporate taxpayer may deduct 20% of the ordinary dividends (e.g. dividends that are not “capital gain dividends” or “qualified dividend income”) received from a REIT for taxable years beginning before January 1, 2026. Although this deduction reduces the effective U.S. federal income tax rate applicable to certain dividends paid by REITs (generally 29.6% based on the current maximum U.S. federal income tax rate for individuals of 37%), such tax rate is still higher than the tax rate applicable to corporate dividends that constitute qualified dividend income. Moreover, there can be no assurance that Congress will extend the availability of the 20% deduction described above to subsequent tax years, and if Congress does not act, the difference in effective tax rates applicable to ordinary dividends paid by REITs and the tax rates applicable to qualified dividend income will become even greater for tax years beginning on or after January 1, 2026. The more favorable tax rates applicable to regular corporate qualified dividends could cause investors who are taxed at individual rates to perceive investments in REITs to be relatively less attractive than investments in the stocks of non-REIT corporations that pay dividends, which could adversely affect the value of our stock.

Even as a REIT, changes in federal, state, or local tax law, interpretations of existing tax law or agreements with tax authorities could affect our profitability and financial condition by increasing our tax costs or reduce the market price of our stock by making an investment in us less attractive to certain investors.

We are subject to taxation at the federal, state and local levels in the United States. Our future tax rates could be affected by changes in the composition of earnings in jurisdictions with differing tax rates, changes in the valuation of our deferred tax assets and liabilities, or changes in determinations regarding the jurisdictions in which we are subject to tax. From time to time, the U.S. federal, state and local governments make substantive changes to tax rules and the application thereof, which could result in materially higher corporate taxes than would be incurred under existing tax law or interpretations and could adversely impact profitability. State and local tax authorities have increased their efforts to increase revenues through changes in tax law and audits. Such changes and proposals, if enacted, could increase our future effective income tax rates, as well as other taxes, including property taxes. New legislation, regulations, administrative interpretations, or court decisions could significantly and negatively affect the federal income tax consequences of an investment in us. Also, the law relating to the tax treatment of other entities, or an investment in other entities, could change, making an investment in such other entities more attractive relative to an investment in a REIT.

The ability of our board of directors to revoke our REIT qualification, without stockholder approval, may cause adverse consequences to our stockholders.

Our Amended and Restated Articles of Incorporation (“Charter”) provides that the board of directors may revoke or otherwise terminate the REIT election, without the approval of our stockholders, if it determines that it is no longer in our best interest to continue to qualify as a REIT. If we cease to be a REIT, we will not be allowed a tax deduction with respect to distributions to our stockholders in computing our taxable income, and we will be subject to federal and state income tax at regular corporate rates and state and local taxes, which may have adverse consequences on our stock price, distributions, and total return to our stockholders.

We may be required to borrow funds, sell assets, or issue equity to satisfy our REIT distribution requirements or maintain the asset ownership tests.

To meet the REIT distribution requirements and maintain our qualification and taxation as a REIT, we may need to borrow funds, sell assets or issue equity, even if the then-prevailing market conditions are not favorable for these borrowings, sales or offerings. Any insufficiency of our cash flows to cover our REIT distribution requirements could adversely impact our ability to raise short- and long-term debt, to sell assets, or to offer equity securities to fund distributions required to maintain our qualification and taxation as a REIT. Furthermore, the REIT distribution requirements may increase the financing we need to fund capital expenditures, future growth and expansion initiatives. This would increase our total leverage. In addition, we may distribute taxable dividends that are payable in cash and common stock at the election of each stockholder, subject to certain limitations, including that the cash portion be at least 20% of the total distribution. If we make such a taxable dividend payable in cash and common stock, taxable stockholders receiving such dividends generally will be required to include the full amount of the dividend as ordinary income. As a result, taxable stockholders may be required to pay income taxes with respect to such dividends in excess of the cash dividends received. Moreover, if a significant number of our stockholders sold shares of our common stock in order to pay taxes owed on dividends, it may put downward pressure on the trading price of our common stock. We do not currently intend to pay taxable dividends of our common stock, although we may choose to do so in the future.

If we fail to comply with certain REIT asset ownership tests at the end of any calendar quarter, we must correct the failure within 30 days after the end of the calendar quarter or qualify for certain statutory relief provisions to avoid losing our REIT qualification. As a result, we may be required to liquidate otherwise attractive assets. These actions may reduce our income and amounts available for distribution to our stockholders.

Complying with REIT requirements may limit our flexibility or cause us to forego otherwise attractive opportunities.

To qualify as a REIT for federal income tax purposes, we must continually satisfy tests concerning, among other things, the sources of our income, the nature and diversification of our assets, the amounts we distribute to our stockholders, and

the ownership of our common stock. Thus, compliance with these tests will require us to refrain from certain activities and may hinder our ability to make certain attractive investments, including the purchase of non-qualifying assets, the expansion of non-real estate activities, and investments in the businesses to be conducted by our TRSs, and to that extent limit our opportunities and our flexibility to change our business strategy. Furthermore, acquisition opportunities may be adversely affected if we need or require the target company to comply with certain REIT requirements prior to closing. In addition, as a REIT, we may face investor pressures to forego growth opportunities that are not immediately accretive.

We hold our non-qualifying REIT assets in one or more TRSs. These non-qualifying REIT assets consist primarily of non-real estate assets related to our Hospitality segment and the assets related to our Entertainment segment as historically structured and operated. We conduct a significant portion of our business activities through these TRSs. Under the Code, no more than 20% of the value of the assets of a REIT may be represented by securities of one or more TRSs, and no more than 5% of the value of the assets of a REIT may be represented by other non-qualifying assets. These limitations may affect our ability to make additional investments in our Entertainment segment as historically structured and operated or in other non-REIT qualifying operations or assets. To meet our annual distribution requirements, we may be required to distribute amounts that may otherwise be used for our operations, including amounts that may otherwise be invested in future acquisitions, capital expenditures or repayment of debt, and it is possible that we might be required to borrow funds, sell assets or issue equity to fund these distributions, even if the then-prevailing market conditions are not favorable for these borrowings, sales or offerings.

Our planned use of TRSs may cause us to fail to qualify as a REIT.

The net income of our TRSs is not required to be distributed to us, and income that is not distributed to us generally will not be subject to the REIT income distribution requirement. However, there may be limitations on our ability to accumulate earnings in our TRSs and the accumulation or reinvestment of significant earnings by our TRSs could result in adverse tax treatment. In particular, if the accumulation of cash in our TRSs causes the fair market value of our securities in our TRSs and certain other non-qualifying assets to exceed 25% of the fair market value of our assets, we would fail to qualify as a REIT.

If our leases of our hotel properties to TRS lessees are not true leases for federal income tax purposes, we may fail to qualify as a REIT.

In order for the lease payments by our TRS lessees to our property-owning subsidiaries to qualify for purposes of the gross income tests, the lease or sublease must be considered a true lease for federal income tax purposes and must not be treated as a service contract, joint venture, or some other type of arrangement. We believe we have structured our leases and subleases of our hotel properties to our TRS lessees so that the leases will be considered true leases for federal income tax purposes, but there can be no assurance that the IRS will agree with this characterization.

If Marriott or any future third-party hotel manager fails to qualify as an “eligible independent contractor,” or if our hotels are not “qualified lodging facilities,” we may fail to qualify as a REIT.

Rent paid by a lessee or sublessee that is a “related party tenant” of ours will not be qualifying income for purposes of the two gross income tests applicable to REITs. An exception is provided, however, for leases of “qualified lodging facilities” to a TRS so long as the hotels are managed by an “eligible independent contractor” and certain other requirements are satisfied. We lease or sublease our hotel properties to TRS lessees, and such TRS lessees have engaged Marriott as a third-party hotel manager. We believe Marriott and any other third-party hotel manager that our TRS lessees may engage in the future will qualify as “eligible independent contractors” for federal income tax purposes. Among other requirements, to qualify as an “eligible independent contractor,” the third-party hotel manager must not own, directly or through its stockholders, more than 35% of our outstanding shares, and no person or group of persons can own more than 35% of our outstanding shares and the shares (or ownership interest) of the third-party hotel manager, taking into account certain ownership attribution rules. The ownership attribution rules that apply for purposes of these 35% thresholds are complex, and monitoring actual and constructive ownership of our shares by the third-party hotel manager and their owners may not be practical. Accordingly, there can be no assurance that these ownership limits will not be exceeded.

In addition, for a third-party hotel manager to qualify as an “eligible independent contractor,” such company or a related person must be actively engaged in the trade or business of operating “qualified lodging facilities” (as defined below) for one or more persons not related to the REIT or its TRSs at each time that such company enters into a hotel management contract with a TRS lessee. We believe that Marriott operates “qualified lodging facilities” for certain persons who are not related to us or our TRSs, and Marriott has agreed in the hotel management agreements that it, or its affiliates, are eligible independent contractors and will maintain such status. However, no assurances can be provided that Marriott or any other hotel managers that we may engage in the future will in fact comply with this requirement. Failure to comply with this requirement would require us to find other third-party hotel managers for future contracts, and, if we hired a third-party hotel manager without knowledge of the failure, it could jeopardize our status as a REIT.

Finally, each property with respect to which our TRS lessees pay rent must be a “qualified lodging facility.” A “qualified lodging facility” is a hotel, motel or other establishment more than one-half of the dwelling units in which are used on a transient basis, including customary amenities and facilities, provided that no wagering activities are conducted at or in connection with such facility by any person who is engaged in the business of accepting wagers and who is legally authorized to engage in such business at or in connection with such facility. We believe that our current hotel properties are “qualified lodging facilities.” Although we intend to monitor future acquisitions and improvements of properties, REIT provisions of the Code provide only limited guidance for making determinations under the requirements for “qualified lodging facilities,” and there can be no assurance that these requirements will be satisfied.

Risks Relating to Our Capital Structure

Covenants in our current and future debt instruments may limit our ability to make required distributions to our stockholders in accordance with our announced intended dividend policy.

Our credit facility imposes, and future financing agreements are likely to impose, operating and financial restrictions on our activities, including restrictions on the payment of dividends. These restrictions may prevent us from making distributions to our stockholders in accordance with our announced intended dividend policy.

Our cash distributions are not guaranteed and may fluctuate.

A REIT generally is required to distribute at least 90% of its REIT taxable income to its stockholders. Generally, our board of directors, in its sole discretion, will determine on a quarterly basis whether to pay a cash dividend and the amount of cash to be distributed to our stockholders based on a number of factors including, but not limited to, our results of operations, cash flow and capital requirements, economic conditions, tax considerations, borrowing capacity and other factors, including debt covenant restrictions that may impose limitations on cash payments and plans for future acquisitions and divestitures. Our board of directors approved a dividend policy pursuant to which we will make minimum dividends of 100% of REIT taxable income annually, subject to the board of directors’ future determinations as to the amount of any distributions and the timing thereof. The dividend policy may be altered at any time by our board of directors (as otherwise permitted by our credit agreement) and certain provisions of our agreements governing our other indebtedness may prohibit us from paying dividends in accordance with any policy we may adopt. Consequently, our distribution levels may be minimal and may fluctuate.

We have invested in, and in the future may invest in, joint ventures, certain minority equity interests, mortgage loans, or mezzanine debt over which we may not have significant control, to or for which we may owe significant funding or obligations and for which there is no readily available market, and these investments may not be profitable.

We may invest with third parties through partnerships, joint ventures or other entities, by acquiring non-controlling interests in or sharing responsibility for managing the affairs of a property, partnership, joint venture or other entity. Further, we may invest in mortgage loans or mezzanine financing for a property, and any such investments may be second liens and lower in priority than any first lien lender. Any of the foregoing types of investments may not be liquid and we may have little or no rights, or ability, to exercise the direction or control of the respective enterprises. In connection with these investments, we may have obligations under certain guarantees related to such investments. The ultimate value of any debt investments, joint ventures or minority investments will be dependent upon the efforts of others over an extended period of time. The nature of our interests and the absence of a readily available market for

those interests restrict our ability to dispose of them. Our lack of control over the management of any business in which we are a creditor, joint owner or minority investor and the lack of a readily available market to sell our interest in these businesses may cause us to recognize a loss on our investment in these businesses or to incur costs or liabilities that we do not control, but for which we may be required to contribute capital or satisfy financial commitments. These arrangements are subject to uncertainties and risks, including those related to credit risk, conflicting joint venture partner interests, including with respect to competition in other markets, and to our joint venture partners failing to meet their financial or other obligations.

Our substantial debt could reduce our cash flow and limit our business activities.

We currently have a significant amount of debt. At December 31, 2024, we had approximately \$3.4 billion of total debt. We may incur additional debt in connection with acquisitions of properties or businesses, development, investment in new projects, renovations, or capital improvement.

Our substantial amount of debt could have important consequences. For example, it could:

- increase our vulnerability to general adverse economic and industry conditions;
- require us to dedicate a substantial portion of our cash flow from operations to make interest and principal payments on our debt, thereby limiting the availability of our cash flow to make distributions to our stockholders and to fund future capital expenditures, working capital and other general corporate requirements;
- limit our flexibility in planning for, or reacting to, changes in our business and the hospitality industry, which may place us at a competitive disadvantage compared with competitors that are less leveraged;
- limit our ability to borrow additional funds, even when necessary to maintain adequate liquidity; and
- limit our ability to obtain additional financing for various projects, including possible expansions of our existing properties and acquisitions of additional properties.

In addition, the terms of our credit agreements allow, and instruments governing any new debt may allow, us to incur substantial amounts of additional debt subject to certain limitations. Any such additional debt could increase the risks associated with our substantial leverage. At the time any principal amount of our indebtedness is due, we may not have cash available to pay this amount, and we may not be able to refinance our indebtedness on favorable terms, or at all.

We could be required to refinance our debt before it matures and there is no assurance that we will be able to refinance our debt on acceptable terms.

Our ability to refinance each of our agreements governing our indebtedness on acceptable terms will be dependent upon a number of factors, including our degree of leverage, the value of our assets, borrowing restrictions which may be imposed by lenders and conditions in the credit markets at the time we refinance. Rising interest rates may make future refinancing more difficult to obtain on favorable terms. In addition, although we have previously been successful in negotiating amendments to our credit agreement, we may be unsuccessful in negotiating any further amendments or modifications to the agreements governing our indebtedness as we may deem necessary. To the extent we are unable to refinance our debt on acceptable terms, we may be forced to choose from a number of unfavorable options, including agreeing to otherwise unfavorable financing terms, selling one or more hotel properties at unattractive prices or on disadvantageous terms, or defaulting on mortgages and allowing our lenders to foreclose. Any one of these options could have a material adverse effect on our business, financial condition, results of operations and our ability to make distributions to our stockholders.

To service our debt and pay other obligations, we will require a significant amount of cash, which may not be available to us.

Our ability to make payments on, repay or refinance our debt, including our obligations under our senior notes and any future debt we may incur, and to fund planned capital expenditures will depend largely upon our future operating performance and our ability to generate cash from operations. Our future performance, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. In addition, our ability to borrow funds in the future to make payments on our debt and other obligations will depend on the satisfaction of the covenants and financial ratios in our senior credit facility and our other debt agreements, including other agreements we may enter into in the future. Our business may not generate sufficient cash flow from operations or we may not have future borrowings available to us under our credit facility or from other sources in an amount sufficient to enable us to pay our debt or to fund our other liquidity needs.

The agreements governing our debt contain various covenants that may limit our ability to operate our business and impair our ability to make distributions to our stockholders.

Our existing financial agreements, including our revolving and term loan B credit facilities and the indentures governing our senior unsecured notes, impose, and future financing agreements are likely to impose, operating and financial restrictions on our activities, including our ability to make distributions to any stockholder. Our credit facility has required and in the future will require us to comply with or maintain certain financial tests and ratios, including minimum fixed charge coverage ratio, minimum implied debt service coverage ratio and maximum funded debt to asset value ratio, and we expect will require us to comply with these tests in the future. Our financial agreements may prohibit or limit our ability to, among other things, in certain circumstances:

- incur additional debt, issue guarantees of debt and issue preferred stock;
- create liens;
- sell assets;
- sell equity interests in our restricted subsidiaries;
- redeem and/or prepay certain debt;
- pay dividends on our stock to our stockholders or repurchase our stock or other equity interests;
- make certain investments;
- enter new lines of business;
- engage in consolidations, mergers and acquisitions;
- enter into transactions with affiliates; or
- agree to restrictions on our subsidiaries' ability to pay dividends and make other distributions to us.

If we fail to comply with these covenants, we would be in default under our credit facility and the indentures governing our senior unsecured notes, and the outstanding principal and accrued interest on such debt would become due and payable.

Various risks, uncertainties and events beyond our control could affect our ability to comply with these covenants and maintain applicable financial tests and ratios. Failure to comply with any of the covenants in our existing or future financing agreements could result in a default under those agreements and under other agreements containing cross-

default provisions. A default would permit lenders to accelerate the maturity for the debt under these agreements and to foreclose upon any collateral securing the debt, including, in the case of our existing credit facility, our subsidiaries that are the fee owners of Gaylord Opryland and Gaylord Texan, their respective direct and indirect parent entities, and the equity of Ryman Hotel Operations Holdco, LLC, a wholly-owned indirect subsidiary of the Company; in the case of the OEG term loan, the OEG assets; and in the case of the Block 21 loan, Block 21 assets. Under these circumstances, we might not have sufficient funds or other resources to satisfy all of our obligations. In addition, the limitations imposed by financing agreements on our ability to pay dividends, incur additional debt and to take other actions might significantly impair our ability to obtain other financing and to make distributions to our stockholders in accordance with any dividend policy.

Our indebtedness is secured by a substantial portion of our assets.

Subject to applicable laws and certain agreed-upon exceptions, our revolving credit facility and term loan B are secured by equity pledges of our subsidiaries that are the fee owners of Gaylord Opryland and Gaylord Texan, their respective direct and indirect parent entities, and the equity of Ryman Hotel Operations Holdco, LLC, a wholly-owned indirect subsidiary of the Company. The OEG term loan and OEG revolver are secured by substantially all of the assets of OEG Finance, other than Block 21 and Southern Entertainment. The Block 21 loan is secured by all of the assets of Block 21. In the event of a default under our credit facility, or if we experience insolvency, liquidation, dissolution or reorganization, the holders of our secured debt instruments would first be entitled to payment from their collateral security, and only then would holders of our unsecured debt be entitled to payment from our remaining assets.

We are a holding company and depend upon our subsidiaries' cash flow to meet our debt service obligations.

We are a holding company, and we conduct our operations through our subsidiaries, including our TRSs. As a result, our ability to meet our debt service obligations substantially depends upon our subsidiaries' cash flows and payments of funds to us by our subsidiaries as dividends, loans, advances, leases or other payments. The payment of dividends and/or making of loans, advances, leases or other payments by our subsidiaries will be subject to the approval of those subsidiaries' boards. Our subsidiaries' ability to pay such dividends and/or make such loans, advances, leases or other payments may also be restricted by, among other things, applicable laws and regulations, current and future debt agreements, and management agreements into which our subsidiaries may enter.

Our variable rate indebtedness subjects us to interest rate risk, which could cause our indebtedness service obligations to increase significantly.

Certain of our indebtedness bears interest at variable interest rates that use Adjusted Term Secured Overnight Financing Rate ("SOFR"). SOFR is calculated based on short-term repurchase agreements, backed by U.S. Treasury securities, and Adjusted Term SOFR is a forward-looking term rate currently published by CME Group Benchmark Administration Limited. As a result of such variable interest rates, our interest expense may increase, our ability to refinance some or all of our existing indebtedness may be affected, and our available cash flow may be adversely affected.

Our organizational documents and Delaware law could make it difficult for a third party to acquire control of us.

Our Charter and our Second Amended and Restated Bylaws contain provisions that could delay, deter or prevent a change in control of our company or our management. These provisions could also discourage proxy contests and make it more difficult for stockholders to elect directors and take other corporate actions. These provisions:

- impose restrictions on transfer and ownership of our common stock that are designed to assist us in maintaining our status as a REIT;
- authorize us to issue "blank check" preferred stock, which is preferred stock that can be created and issued by our board of directors, without stockholder approval, with rights senior to those of common stock;
- establish advance notice requirements for submitting nominations for election to our board of directors and for proposing matters that can be acted upon by stockholders at meetings;

- provide that special meetings of stockholders may be called only by our chairman or by a majority of the members of our board of directors;
- prohibit stockholder actions taken on written consent; and
- impose restrictions on ownership of common stock by certain persons (including non-United States persons) due to our ownership of a radio station.

We are subject to anti-takeover provisions under Delaware law, which could also delay or prevent a change of control. Together, our Charter, Second Amended and Restated Bylaws, and Delaware law may discourage transactions that otherwise could provide for the payment of a premium over prevailing market prices for our common stock, and also could limit the price that investors are willing to pay in the future for shares of our common stock.

The ownership limitations in our Charter may restrict or prevent stockholders from engaging in certain transfers of our common stock.

To qualify and remain qualified as a REIT, no more than 50% in value of our outstanding shares may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include various kinds of entities) during the last half of any taxable year. To assist us in qualifying as a REIT, our Charter contains a share ownership limit. Generally, any of our shares owned by affiliated owners will be added together for purposes of the share ownership limit. This share ownership limit provides that (subject to certain exceptions) no person may beneficially own, or be deemed to own by virtue of the attribution provisions of the Code, more than 9.8%, in value or in number of shares, whichever is more restrictive, of the outstanding shares of our capital stock, or any class or series of our capital stock. If anyone transfers shares in a manner that would violate the share ownership limit or prevent us from qualifying as a REIT, those shares instead will be transferred to a trust for the benefit of a charitable beneficiary and will be either redeemed by us or sold to a person whose ownership of the shares will not violate the share ownership limit or we will consider the transfer to be null and void from the outset, and the intended transferee of those shares will be deemed never to have owned the shares.

Our Charter also prohibits the ownership of shares by any person or entity if such ownership would violate or otherwise be inconsistent with federal communications laws or regulations pertaining to the ownership of television or radio stations, cable television or other radio authorizations by (i) foreign persons or entities, (ii) persons or entities having interests in television or radio broadcast stations, newspapers or cable television systems, and (iii) entities seeking direct or indirect control of us without prior federal regulatory approval. In the event of a transfer that would result in a violation or inconsistency with federal communications laws or regulations, we may refuse to permit the transfer, suspend the rights of share ownership as necessary to prohibit the violation or inconsistency, or redeem the shares. Anyone who acquires shares in violation of the share ownership limit or the other restrictions on transfer in our Charter bears the risk of suffering a financial loss when the shares are redeemed or sold if the market price of our shares falls between the date of purchase and the date of redemption or sale. In addition, these ownership limitations may prevent an acquisition of control of us by a third party without the approval of our board of directors, even if our stockholders believe the change of control is in their interest.

The market price of our common stock may vary substantially based on changes in market interest rates and other factors.

The trading prices of equity securities issued by REITs have historically been affected, including in recent quarters, by changes in market interest rates and other factors. One of the factors that may influence the market price of our common stock is the annual yield from distributions on our common stock as compared to yields on other financial instruments. The U.S. has experienced, and may continue to experience, increases in market interest rates. Further increases in market interest rates, or a decrease in our distributions to stockholders, may lead prospective purchasers of our shares to demand a higher annual yield and choose other investments, which could reduce the market price of our common stock. Further, rising interest rates may reduce our available cash flow and diminish our ability to reinvest in our assets, which may harm our business.

Other factors that could affect the market price of our common stock include the following:

- actual or anticipated variations in our quarterly results of operations;
- changes in market valuations of companies in the hotel or real estate industries;
- changes in expectations of future financial performance or changes in estimates of security analysts;
- fluctuations in stock market prices and volumes;
- issuances of common stock or other securities in the future;
- disputes with our hotel managers;
- the addition or departure of key personnel;
- announcements by us or our competitors of acquisitions, investments or strategic alliances; and
- unforeseen events beyond our control, such as terrorist attacks, travel related health concerns including pandemics and epidemics, political instability, regional hostilities, increases in fuel prices, imposition of taxes or surcharges by regulatory authorities, travel related accidents and unusual weather patterns, including natural disasters, such as hurricanes, earthquakes and tornadoes.

Item 1B. *Unresolved Staff Comments*

None.

Item 1C. *Cybersecurity*

We have strategically integrated cybersecurity risk management into our broader enterprise risk management function to promote a company-wide culture of cybersecurity risk management. Our board of directors has general oversight responsibility for our enterprise risk management function, which includes specific areas of focus including competitive, economic, operational, financial (accounting, credit, liquidity and tax), legal, compliance, information technology security programs (including cybersecurity), ESG/corporate social responsibility, political and reputational risks. Our board of directors has delegated oversight of certain of these areas to the committees of our board of directors, including delegating the oversight of our information technology security programs (including cybersecurity) to the risk committee of our board of directors (the “Risk Committee”). We believe this division of risk management-related roles to the committees of our board of directors fosters an atmosphere of significant involvement in the oversight of risk at the board level and complements our risk management policies. The oversight responsibility of our board of directors is facilitated by a management report process that is designed to provide both visibility and transparency to our board of directors about the identification, assessment and management of critical risks and management’s risk mitigation strategies.

Our risk management team, which includes members of senior management, including our Chief Financial Officer (“CFO”), Chief Information Officer (“CIO”) and General Counsel, as well as external consultants, works closely with our information technology department (“IT Department”) to continuously evaluate and address cybersecurity risks relevant to our business and operations. In addition, we have set company-wide policies and procedures that directly or indirectly relate to cybersecurity matters, such as policies related to encryption standards, antivirus protection, access removal, multifactor authentication, confidential information or use of the internet, social media, email and wireless devices. These policies go through an annual internal management review and approval process.

Our CIO and our Vice President of IT (“VP of IT”) are primarily responsible for our overall information security, strategy, policy, security engineering, operations and cybersecurity threat detection and the management of cybersecurity

risks. Our CIO and VP of IT, collectively, have over fifty years of experience working in the information technology and cybersecurity field and have extensive experience assessing and managing cybersecurity and information technology programs and cybersecurity risk. Our CIO and VP of IT hold degrees in the information technology and cybersecurity fields, as well as hold certain cybersecurity and other relevant technology certifications. The CIO meets with our Chief Executive Officer (“CEO”), on a weekly basis, and the CFO, on a monthly basis, to discuss all relevant business risks, including cybersecurity risks and threats. In addition to regular reports from our CIO and vice president of internal audit regarding our program for managing our information security risks, including data privacy and protection risks we face, the CIO and VP of IT also meet quarterly with the Risk Committee to inform them of current cybersecurity risks and threats, as well as cybersecurity enhancement projects. Our full board of directors receives an annual update regarding the current cybersecurity environment from our CIO, which may include presentations from external consultants. Our Enterprise Risk Management (“ERM”) committee, which includes several members of senior management, including our CFO, our CIO, and a Certified Information Systems Auditor, also presents all of our top organizational and operational risks, including information security-related risks, focus areas and accomplishments throughout our various businesses, to the Risk Committee on a quarterly basis.

Our IT Department management team meets monthly to assess and review cybersecurity status, which includes dashboard reviews, operational risks and company compliance. Annually, our internal audit group and third-party consultants meet with our IT Department to perform risk assessment walkthrough meetings, discuss potential enhancements, materiality of risks and alignment with the Center for Internet Security Critical Security Controls framework. In addition, we engage third-party consultants to perform annual red team exercises and external penetration tests.

We promote a culture of cybersecurity compliance throughout our organization, including required monthly cybersecurity training for all employees with company accounts and annual training for service-related employees on cybersecurity related topics, including social engineering (e.g., phishing, vishing and smishing), ransomware, denial of service or information, and other security breach tactics. We conduct quarterly ERM discussions where top risk owners discuss how risks have changed and how such risks are being addressed with approaches designed to mitigate such risks.

In addition to assessing our own cybersecurity preparedness and as part of our overall cybersecurity risk management framework, we also consider and evaluate cybersecurity risks associated with our use of third-party service providers. We perform a formal System and Organization Controls (“SOC”) review process annually on our financially significant third-party service providers, which includes our internal assessment of complementary user entity controls. All other material third-party service providers undergo assessment as a contract is entered into or renewed to ensure cybersecurity alignment. Our internal audit group meets regularly with management team members of Marriott, our third-party hotel manager, to assess security applications compliance. We also regularly meet with management team members of Marriott to understand system upgrades, changes and associated risks with third-party managed applications. In addition, we generally require our third-party service providers to promptly notify us of any actual or suspected breach impacting our data or operations.

In assessing cybersecurity threats, our IT Department has established controls and procedures for responding to cybersecurity incidents, including a process to evaluate the significance of a cybersecurity incident. Members of senior management, including our General Counsel and CFO, are tasked with performing a materiality assessment in the event of a cybersecurity incident, which includes the consideration of relevant quantitative and qualitative factors, as well as SEC guidance. Based on the results of this evaluation, further escalation of the cybersecurity event may occur, which may include our CEO, our board of directors and/or law enforcement. In addition, members of senior management will determine, based on the assessment described above, whether the cybersecurity incident requires disclosure with the SEC.

We currently maintain a cybersecurity insurance policy that provides coverage for security incidents and periodically meet with our insurer to discuss emerging trends in cybersecurity. We do not believe that any risks we have identified to date from cybersecurity threats, including as a result of any previous cybersecurity incidents, have materially affected or are reasonably likely to materially affect us, including our business strategy, results of operations or financial condition. However, notwithstanding the programs, policies and procedures described above, there can be no assurance that we or businesses with which we interact will not experience a cybersecurity incident that materially affects us in the future. For

more information about the cybersecurity risks we face, see the risk factor entitled “Cybersecurity incidents, including the failure to protect the integrity or availability of IT systems or the security of confidential information, or the introduction of malware or ransomware, could harm our business.” in Item 1A. Risk Factors of Part I of this Annual Report on Form 10-K.

Item 2. *Properties*

Hospitality Segment

Hotel	Location	Rooms	Meeting, Exhibit and Pre-Function Space (sq. ft.)
Gaylord Opryland	Nashville, TN	2,888	640,000
Gaylord National	National Harbor, MD (Washington, DC area)	1,996	501,000
Gaylord Texan	Grapevine, TX (Dallas area)	1,814	488,000
Gaylord Palms	Kissimmee, FL (Orlando area)	1,718	467,000
Gaylord Rockies	Aurora, CO (Denver area)	1,501	409,000
JW Marriott Hill Country	San Antonio, TX	1,002	268,000
Inn at Opryland	Nashville, TN	303	14,000
AC Hotel	National Harbor, MD (Washington, DC area)	192	3,700

We own our Opryland complex in Nashville, Tennessee, which includes the site of Gaylord Opryland (approximately 172 acres) and Gaylord Springs (over 200 acres). We also own the approximately 6-acre site of the Inn at Opryland, which is located near the Opryland complex. We have leased a 65-acre tract in Osceola County, Florida, on which the Gaylord Palms is located, pursuant to a 75-year ground lease with a 24-year renewal option. We acquired approximately 85 acres in Grapevine, Texas, through ownership (approximately 75 acres) and ground lease (approximately 10 acres), on which the Gaylord Texan is located. We also own an additional approximately 40 acres of property near the Gaylord Texan. We own approximately 42 acres on the Potomac River in Prince George’s County, Maryland, on which the Gaylord National is located and we own fee title to the condominium unit in the eight-story building in which the AC Hotel is located. We own approximately 85 acres on which Gaylord Rockies is located and approximately 130 acres of undeveloped land adjacent to Gaylord Rockies. On June 30, 2023, we purchased approximately 600 acres in San Antonio, Texas, on which JW Marriott Hill Country is located, and in November 2023, we purchased approximately 38 additional adjacent acres. Each of our hotel properties in the Hospitality segment is leased or subleased to one of our TRSs, and each such TRS has engaged Marriott to manage the day-to-day operations of the hotel. For a description of the management agreements with Marriott, see “Management Agreements” in Item 1, “Business.” For the operating results of our hotels on a property basis, see “Operating Results – Detailed Segment Financial Information” in Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations.”

Entertainment Segment

We own the General Jackson’s docking facility and the Grand Ole Opry House, each of which is located adjacent to the Gaylord Opryland complex. In downtown Nashville, we own the Ryman Auditorium, Ole Red Nashville, Category 10, and an adjacent 17,000 square foot building. In Austin, we own Block 21, which includes the Moody Theater, the 3TEN at ACL Live Club, the W Austin, and approximately 53,000 square feet of other Class A commercial space. Our TRSs have engaged Marriott to manage the day-to-day operations of the General Jackson Showboat and the W Austin. For a description of the management agreements with Marriott, see “Management Agreements” in Item 1, “Business.”

Corporate and Other

We own our executive offices and headquarters located at One Gaylord Drive, Nashville, Tennessee, which consists of a five-story office building comprising approximately 80,000 square feet. We believe that these facilities and the facilities related to each of our business segments are generally well maintained.

Item 3. *Legal Proceedings*

We and various of our subsidiaries are involved in claims and lawsuits incidental to the ordinary course of our businesses, such as personal injury actions by guests and employees and complaints alleging employee discrimination. We maintain various insurance policies, including general liability and property damage insurance, as well as workers' compensation, business interruption, and other policies, which we believe provide adequate coverage for the risks associated with our range of operations. We believe that we are adequately insured against these claims by our existing insurance policies and that the outcome of any pending claims or proceedings will not have a material effect on our financial statements.

For further discussion of legal proceedings, see "Note 11 – Commitments and Contingencies" to our consolidated financial statements included herein.

Item 4. *Mine Safety Disclosures*

None.

PART II

Item 5. *Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities*

Our common stock is listed on the New York Stock Exchange under the symbol "RHP".

Holders

There were approximately 750 record holders of our common stock at January 31, 2025.

Issuer Purchases of Equity Securities

No shares of the Company's common stock were repurchased during the three months ended December 31, 2024.

Unregistered Sales of Equity Securities

The Company did not sell any of its securities during the fiscal year ended December 31, 2024 that were not registered under the Securities Act of 1933, as amended (the "Securities Act").

Other Information

To maintain our qualification as a REIT for federal income tax purposes, we must distribute at least 90% of our REIT taxable income each year. Our board of directors has approved a dividend policy pursuant to which we will pay minimum dividends to stockholders of 100% of REIT taxable income annually. Any future dividend is subject to our board of directors' determinations as to the amount of distributions and the timing thereof.

The terms of our credit facility restrict our ability to pay dividends. We are restricted in our ability to pay a dividend to our stockholders if the aggregate amount of all distributions to our stockholders in a given year exceeds 95% of our funds from operations (as defined in the credit facility) for that fiscal year. Notwithstanding this restriction, we are permitted to pay dividends to stockholders to the extent necessary to maintain our status as a REIT.

Information relating to compensation plans under which our common stock is authorized for issuance is set forth in Part III, Item 12 of this Annual Report on Form 10-K.

Item 6. *Reserved*

Item 7. *Management's Discussion and Analysis of Financial Condition and Results of Operations*

This section of this Annual Report on Form 10-K generally discusses 2024 and 2023 items and year-to-year comparisons between 2024 and 2023. Discussions of 2022 items and year-to-year comparisons between 2023 and 2022 that are not included in this Form 10-K can be found in "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Part II, Item 7 of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2023.

Overview

We are a Delaware corporation, originally incorporated in 1956, that, following our REIT conversion in 2012, began operating as a self-advised and self-administered REIT for federal income tax purposes on January 1, 2013, specializing in group-oriented, destination hotel assets in urban and resort markets. Our core holdings include a network of five upscale, meetings-focused resorts totaling 9,917 rooms that are managed by Marriott International, Inc. ("Marriott") under the Gaylord Hotels brand. These five resorts, which we refer to as our Gaylord Hotels properties, consist of the Gaylord Opryland Resort & Convention Center in Nashville, Tennessee ("Gaylord Opryland"), the Gaylord Palms Resort & Convention Center near Orlando, Florida ("Gaylord Palms"), the Gaylord Texan Resort & Convention Center near Dallas, Texas ("Gaylord Texan"), the Gaylord National Resort & Convention Center near Washington D.C. ("Gaylord National"), and the Gaylord Rockies Resort & Convention Center near Denver, Colorado ("Gaylord Rockies"). Our other owned hotel assets managed by Marriott include the JW Marriott San Antonio Hill Country Resort & Spa ("JW Marriott Hill Country") (effective June 30, 2023), the Inn at Opryland, an overflow hotel adjacent to Gaylord Opryland, and the AC Hotel at National Harbor, Washington D.C. ("AC Hotel"), an overflow hotel adjacent to Gaylord National.

Each of our award-winning Gaylord Hotels properties, as well as the JW Marriott Hill Country, incorporates not only high-quality lodging, but also at least 400,000 square feet (268,000 in the case of JW Marriott Hill Country) of meeting, convention and exhibition space, superb food and beverage options and retail and spa facilities within a single self-contained property. As a result, our Gaylord Hotels properties and JW Marriott Hill Country provide a convenient and entertaining environment for convention guests. Our Gaylord Hotels properties and JW Marriott Hill Country focus on the large group meetings market in the United States.

Our goal is to be the nation's premier hospitality REIT for group-oriented, destination hotel assets in urban and resort markets.

We also own a controlling 70% equity interest in a business comprised of a number of entertainment and media assets, known as the Opry Entertainment Group ("OEG"), which we report as our Entertainment segment. These assets include the Grand Ole Opry, the legendary weekly showcase of country music's finest performers for 99 years; the Ryman Auditorium, the storied live music venue and former home of the Grand Ole Opry located in downtown Nashville; WSM-AM, the Opry's radio home; Ole Red, a brand of Blake Shelton-themed bar, music venue and event spaces; Category 10, a Luke Combs-themed bar, music venue and event space that opened in November 2024; as of May 31, 2022, Block 21, a mixed-use entertainment, lodging, office, and retail complex located in Austin, Texas ("Block 21"); and as of January 3, 2025, a majority equity interest in Southern Entertainment, a Charlotte, North Carolina-based national music festival and events production company. Prior to June 16, 2022, we owned 100% of OEG.

See "Forward-Looking Statements" and "Risk Factors" under Part I of this Annual Report on Form 10-K for important information regarding forward-looking statements made in this report and risks and uncertainties we face.

Significant 2024 and 2023 Activities

Significant activities we have undertaken in 2024 and 2023 include (as well as where you can find more information herein or in the accompanying consolidated financial statements):

- In March and April 2024, issued \$1 billion in 6.50% senior notes due 2032, repaid previously outstanding \$800 million Gaylord Rockies term loan, and repaid \$200.0 million under our term loan B and reduced the applicable interest rate margins – Note 4, “Debt”
- In June 2024, refinanced our existing OEG credit facility, including reducing the applicable interest rate margins under each of the \$65 million OEG revolver and \$300 million OEG term loan B, as well as upsized the OEG revolver to \$80 million of potential capacity – Note 4, “Debt”
- In May 2023, refinanced our previous credit facility by entering into a new credit agreement, which extended the maturity dates and increased the principal balance of the term loan B – Note 4, “Debt”
- In June 2023, issued \$400 million in 7.25% senior notes due 2028 – Note 4, “Debt”, completed an equity offering of 4.4 million shares of our common stock for net proceeds of \$395 million – Note 9, “Equity” and purchased JW Marriott Hill Country – Note 1, “Description of the Business and Summary of Significant Accounting Policies”
- We have continued investment in our existing properties through \$407.9 million and \$206.8 million in capital expenditures in 2024 and 2023, respectively – “Liquidity and Capital Resources”
- We have paid \$266.1 million and \$176.0 million in cash distributions in 2024 and 2023, respectively – Note 9, “Equity”

Dividend Policy

Our board of directors has approved a dividend policy pursuant to which we will make minimum dividends of 100% of REIT taxable income annually, subject to the board of directors’ future determinations as to the amount of any distributions and the timing thereof. The dividend policy may be altered at any time by our board of directors (as otherwise permitted by our credit agreement) and certain provisions of our agreements governing our indebtedness may prohibit us from paying dividends in accordance with any policy we may adopt.

Our Operations

Our operations are organized into three principal business segments:

- Hospitality, consisting of our Gaylord Hotels properties, JW Marriott Hill Country (effective June 30, 2023), the Inn at Opryland, and the AC Hotel.
- Entertainment, consisting of the Grand Ole Opry, the Ryman Auditorium, WSM-AM, Ole Red, Block 21 (effective May 31, 2022), Category 10, and our other Nashville-based attractions.
- Corporate and Other, consisting of our corporate expenses.

For the years ended December 31, 2024, 2023 and 2022, our total revenues were divided among these business segments as follows:

<u>Segment</u>	<u>2024</u>	<u>2023</u>	<u>2022</u>
Hospitality	85 %	85 %	85 %
Entertainment	15 %	15 %	15 %
Corporate and Other	0 %	0 %	0 %

Key Performance Indicators

The operating results of our Hospitality segment are highly dependent on the volume of customers at our hotels and the quality of the customer mix at our hotels, which are managed by Marriott. These factors impact the price that Marriott can charge for our hotel rooms and other amenities, such as food and beverage and meeting space. The following key performance indicators are commonly used in the hospitality industry and are used by management to evaluate hotel performance and potentially allocate capital expenditures:

- hotel occupancy – a volume indicator;
- average daily rate (“ADR”) – a price indicator calculated by dividing rooms revenue by the number of rooms sold;
- revenue per available room (“RevPAR”) – a summary measure of hotel results calculated by dividing rooms revenue by room nights available to guests for the period;
- total revenue per available room (“Total RevPAR”) – a summary measure of hotel results calculated by dividing the sum of room, food and beverage and other ancillary service revenue by room nights available to guests for the period; and
- net definite room nights booked – a volume indicator which represents the total number of definite bookings for future room nights at our hotels confirmed during the applicable period, net of cancellations.

In addition to GAAP measures such as revenues, net income and operating income, we also use certain “non-GAAP financial measures,” which are measures of our historical performance that are not calculated and presented in accordance with GAAP within the meaning of applicable SEC rules. These measures include:

- Earnings Before Interest Expense, Income Taxes, Depreciation and Amortization for Real Estate (“EBITDA_{re}”), Adjusted EBITDA_{re} and Adjusted EBITDA_{re}, Excluding Noncontrolling Interest in Consolidated Joint Venture, and
- Funds from Operations (“FFO”) available to common stockholders and unit holders and Adjusted FFO available to common stockholders and unitholders.

See “Non-GAAP Financial Measures” below for further discussion.

The results of operations of our Hospitality segment are affected by the number and type of group meetings and conventions scheduled to attend our hotels in a given period. A variety of factors can affect the results of any interim period, including the nature and quality of the group meetings and conventions attending our hotels during such period, which meetings and conventions have often been contracted for several years in advance, the level of attrition our hotels experience, and the level of transient business at our hotels during such period. Increases in costs, including labor costs, insurance costs, costs of food and other supplies, and energy costs have affected our operations in recent years and in the future could negatively affect our results, particularly during an inflationary economic environment. We rely on Marriott, as the manager of our hotels, to manage these factors and to offset any identified shortfalls in occupancy.

Summary Financial Results

The following table summarizes our financial results for the years ended December 31, 2024, 2023 and 2022 (in thousands, except percentages and per share data):

	2024	% Change	2023	% Change	2022
Total revenues	\$ 2,339,226	8.4 %	\$ 2,158,136	19.5 %	\$ 1,805,969
Total operating expenses	1,848,392	8.4 %	1,704,452	15.3 %	1,478,819
Operating income	490,834	8.2 %	453,684	38.7 %	327,150
Net income	280,190	(18.0)%	341,800	153.3 %	134,948
Net income available to common stockholders	271,638	(12.7)%	311,217	141.3 %	128,993
Net income available to common stockholders per share - diluted	4.38	(18.3)%	5.36	130.0 %	2.33

2024 Results as Compared to 2023 Results

The increase in our total revenues during 2024, as compared to 2023, is attributable to increases in Hospitality segment and Entertainment segment revenues of \$163.6 million and \$17.5 million, respectively, as presented in the tables below.

The increase in total operating expenses during 2024, as compared to 2023, is primarily the result of increases in Hospitality segment and Entertainment segment expenses of \$99.3 million and \$18.2 million, respectively, and an increase in depreciation expense of \$24.4 million, as presented in the tables below.

The above factors resulted in a \$37.2 million improvement in operating income for 2024, as compared to 2023.

Our \$61.6 million decrease in net income in 2024, as compared to 2023, was due primarily to the following factors, each as described more fully below:

- A \$13.8 million provision for income taxes in 2024, as compared to a \$93.7 million benefit for income taxes in 2023, primarily related to the release of \$112.5 million in valuation allowance in 2023.
- A \$7.5 million increase in interest expense, net in 2024, as compared to 2023.
- A \$17.6 million decrease in loss from unconsolidated joint ventures in 2024, as compared to 2023.

Factors and Trends Contributing to Performance and Current Environment

Important factors and trends contributing to our performance during 2024, as compared to 2023, were:

- The addition of JW Marriott Hill Country resulted in an increase of \$127.7 million in revenues; the property averaged \$219.58 in RevPAR and \$601.32 in Total RevPAR.
- An increase in same-store (Hospitality segment excluding JW Marriott Hill Country) ADR of 3.7% in 2024 over 2023, reflective of our continued pricing strategy.
- A same-store increase of 3.4% in outside-the-room spend in our Hospitality segment in 2024, as compared to 2023, primarily as a result of increased banquet and technology spending by groups.
- Same-store in-the-year-for-the-year cancelled room nights at our hotels decreased 41.3% in 2024, as compared to 2023.

- A same-store decrease in transient room nights traveled in 2024 of 11.2%, as compared to 2023, due to softness in transient demand at Gaylord Palms, Gaylord Opryland and Gaylord Texan. In addition, the rooms renovation at Gaylord Palms also impacted demand during 2024.
- On a same-store basis, group room nights on the books for all future years at our hotels at December 31, 2024 is approximately 4.8% higher than the number on the books at December 31, 2023. In addition, the estimated ADR on those group room nights on the books at December 31, 2024 is 5.8% higher than the estimated ADR on the books at December 31, 2023.
- An increase in Entertainment segment revenue of 5.4% in 2024, as compared to 2023, related to Ole Red Las Vegas, which opened January 2024, partially offset by a decrease related to the Wildhorse Saloon as it was closed and being rebranded as Category 10 and a decrease at the W Austin, primarily as a result of the disruption caused by the construction of enhancements at the property.
- Total operating expenses for 2024 were reduced by a \$9.1 million refund of Tennessee franchise tax for prior years caused by a change in tax law, comprised of \$5.6 million, \$3.4 million and \$0.1 million in our Hospitality segment, Entertainment segment and Corporate and Other segment, respectively.
- Our strong revenues have partially mitigated increasing costs in the current inflationary environment, which include increased interest rates, which drove higher interest expense on our debt, as well as increased insurance, utilities and other costs. The current inflationary environment is expected to continue in at least the near future.

Operating Results – Detailed Segment Financial Information

Hospitality Segment

Total Segment Results. The following presents the financial results of our Hospitality segment for the years ended December 31, 2024, 2023 and 2022 (in thousands, except percentages and performance metrics):

	<u>2024</u>	<u>% Change</u>	<u>2023</u>	<u>% Change</u>	<u>2022</u>
Revenues:					
Rooms	\$ 744,587	6.2 %	\$ 701,138	17.7 %	\$ 595,544
Food and beverage	940,827	13.1 %	831,796	24.7 %	667,009

Net Definite Group Room Nights Booked	2,292,558	(0.4)%	2,302,717	27.5 %	1,805,598

- (1) We calculate Hospitality segment RevPAR by dividing rooms revenue by room nights available to guests for the period. Room nights available to guests include nights that rooms are out of service. Hospitality segment RevPAR is not comparable to similarly titled measures such as revenues.
- (2) We calculate Hospitality segment Total RevPAR by dividing the sum of room, food and beverage, and other ancillary services revenue (which equals Hospitality segment revenue) by room nights available to guests for the period. Room nights available to guests include nights that rooms are out of service. Hospitality segment Total RevPAR is not comparable to similarly titled measures such as revenues.
- (3) Same-store Hospitality segment metrics do not include JW Marriott Hill Country, which we purchased June 30, 2023.

Total Hospitality revenues in 2024 include \$43.0 million in attrition and cancellation fee collections, a \$0.8 million decrease from 2023.

The percentage of group versus transient business based on rooms sold for our Hospitality segment for the years ended December 31 was approximately as follows:

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Group	74 %	73 %	69 %
Transient	26 %	27 %	31 %

The type of group based on rooms sold for our Hospitality segment for the years ended December 31 was approximately as follows:

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Corporate Groups	59 %	50 %	51 %
Associations	27 %	34 %	32 %
Other Groups	14 %	16 %	17 %

Other hotel expenses for the following years ended December 31 included (in thousands):

	<u>2024</u>	<u>% Change</u>	<u>2023</u>	<u>% Change</u>	<u>2022</u>
Administrative employment costs	\$ 196,189	11.4 %	\$ 176,112	14.4 %	\$ 153,882
Utilities	47,197	12.2 %	42,055	13.3 %	37,120
Property taxes	44,803	12.1 %	39,951	18.7 %	33,650
Other	267,365	2.4 %	261,210	12.3 %	232,639
Total other hotel expenses	<u>\$ 555,554</u>	7.0 %	<u>\$ 519,328</u>	13.6 %	<u>\$ 457,291</u>

Each of the other hotel expense categories above increased in 2024, as compared to 2023, due to the addition of JW Marriott Hill Country. Administrative employment costs include salaries and benefits for hotel administrative functions, including, among others, senior management, accounting, human resources, sales, conference services, engineering and security. The increase in administrative employment costs during 2024, as compared to 2023, also includes an increase at Gaylord Opryland related to increased employment costs within the marketing and engineering departments. The increase in utility costs during 2024, as compared to 2023, also includes an increase at Gaylord Texan due to increased rates. The increase in other expenses, which include supplies, advertising, maintenance costs and consulting costs, during 2024, as compared to 2023, was partially offset by a decrease at Gaylord Opryland due to a refund of Tennessee franchise tax for prior years caused by a change in tax law, as well as decreases at Gaylord Palms and Gaylord National primarily due to decreased occupancy levels.

Each of our management agreements with Marriott requires us to pay Marriott a base management fee based on the gross revenues from the applicable property for each fiscal year or portion thereof. The applicable percentage for our Gaylord Hotels properties, excluding Gaylord Rockies, is approximately 2% of gross revenues, Gaylord Rockies is approximately 3% of gross revenues, and JW Marriott Hill Country is approximately 3.5% of gross revenues. Additionally, we pay Marriott an incentive management fee based on the profitability of our hotels. We incurred \$46.7 million, \$41.3 million and \$33.7 million in total base management fees to Marriott related to our Hospitality segment during 2024, 2023 and 2022, respectively. We also incurred \$29.9 million, \$28.3 million and \$12.8 million in incentive management fees for our Hospitality segment during 2024, 2023 and 2022, respectively. Management fees are presented throughout this Annual Report on Form 10-K net of the amortization of the deferred management rights proceeds discussed in Note 5, "Deferred Management Rights Proceeds," to the consolidated financial statements included herein.

Hospitality segment depreciation and amortization expense increased in 2024, as compared to 2023, primarily due to the depreciable assets associated with JW Marriott Hill Country, which we purchased June 30, 2023.

Property-Level Results. The following presents the property-level financial results of our Hospitality segment for the years ended December 31, 2024, 2023 and 2022.

Gaylord Opryland Results. The results of Gaylord Opryland for the years ended December 31, 2024, 2023 and 2022 are as follows (in thousands, except percentages and performance metrics):

	2024	% Change	2023	% Change	2022
Revenues:

(1) We purchased JW Marriott Hill Country on June 30, 2023.

Entertainment Segment

Entertainment segment financial results for 2022 include Block 21 beginning May 31, 2022. The following presents the financial results of our Entertainment segment for the years ended December 31, 2024, 2023 and 2022 (in thousands, except percentages):

	<u>2024</u>	<u>% Change</u>	<u>2023</u>	<u>% Change (1)</u>	<u>2022</u>
Revenues	\$ 342,176	5.4 %	\$ 324,658	21.1 %	\$ 267,995
Operating expenses (2)	(241,847)	8.1 %	(223,663)	18.6 %	(188,545)
Preopening costs	(4,618)	253.1 %	(1,308)	145.9 %	(532)
Depreciation and amortization	(29,519)	25.0 %	(23,611)	28.2 %	(18,420)
Operating income	<u>\$ 66,192</u>	<u>(13.0)%</u>	<u>\$ 76,076</u>	<u>25.7 %</u>	<u>\$ 60,498</u>

(1) We purchased Block 21 on May 31, 2022.

(2) Operating expenses for 2024 were reduced by a refund of \$3.4 million of Tennessee franchise tax for prior years caused by a change in tax law.

Revenues increased in our Entertainment segment in 2024, as compared to 2023, as incremental revenue from Ole Red Las Vegas, which opened in January 2024, was partially offset by the Wildhorse Saloon as it was closed and being rebranded as Category 10 and a decrease at W Austin, primarily as a result of the disruption caused by the construction of enhancements at the property.

Entertainment segment operating expenses increased in 2024, as compared to 2023, primarily due to the opening of Ole Red Las Vegas, partially offset by the temporary closure of the Wildhorse Saloon, as well as a refund of Tennessee franchise tax for prior years caused by a change in tax law.

Depreciation and amortization increased in 2024, as compared to 2023, primarily due to the addition of depreciable assets associated with Ole Red Las Vegas.

Corporate and Other Segment

The following presents the financial results of our Corporate and Other segment for the years ended December 31, 2024, 2023 and 2022 (in thousands, except percentages):

	<u>2024</u>	<u>% Change</u>	<u>2023</u>	<u>% Change</u>	<u>2022</u>
Operating expenses	\$ 41,819	(2.3)%	\$ 42,789	(0.4)%	\$ 42,982
(Gain) loss on sale of assets	(270)	(100.0)%	—	(100.0)%	469
Depreciation and amortization	918	5.9 %	867	5.6 %	821
Operating loss	<u>\$ (42,467)</u>	<u>2.7 %</u>	<u>\$ (43,656)</u>	<u>1.4 %</u>	<u>\$ (44,272)</u>

Corporate and Other operating expenses, which consist primarily of costs associated with senior management salaries and benefits, legal, human resources, accounting, pension and other administrative costs, decreased in 2024, as compared to 2023, primarily as a result of a decrease in employment expenses.

Operating Results – Preopening costs

Preopening costs for 2024 primarily include costs associated with Category 10, which opened in November 2024 and Ole Red Las Vegas, which opened in January 2024. Preopening costs for 2023 primarily include costs associated with Ole Red Las Vegas.

Operating Results – Gain (Loss) on Sale of Assets

Gain on sale of assets for 2024 and loss on sale of assets for 2022 includes the sale of miscellaneous corporate assets.

Non-Operating Results Affecting Net Income

General

The following table summarizes the other factors which affected our net income for the years ended December 31, 2024, 2023 and 2022 (in thousands, except percentages):

	2024	% Change	2023	% Change	2022
Interest expense	\$ 225,395	6.6 %	\$ 211,370	42.4 %	\$ 148,406
Interest income	27,977	30.6 %	21,423	272.6 %	5,750
Loss on extinguishment of debt	(2,479)	(10.1)%	(2,252)	(45.6)%	(1,547)
Income (loss) from unconsolidated joint ventures	275	101.6 %	(17,308)	(57.8)%	(10,967)
Other gains and (losses), net	2,814	(28.2)%	3,921	125.0 %	1,743
(Provision) benefit for income taxes	(13,836)	(114.8)%	93,702	341.7 %	(38,775)

Interest Expense

The following presents interest expense associated with our outstanding borrowings, including the impact of interest rate swaps (in thousands, except percentages):

	2024	% Change	2023	% Change	2022
RHP Revolving Credit Facility	\$ 4,056	(2.4)%	\$ 4,156	(38.3)%	\$ 6,740
RHP Term Loan A	—	— %	—	(100.0)%	3,805
RHP Term Loan B	27,703	(11.8)%	31,395	134.6 %	13,383
RHP Senior Notes	143,592	83.0 %	78,481	25.5 %	62,532
Gaylord Rockies Term Loan	15,495	(72.5)%	56,295	34.4 %	41,891
OEG Revolver	2,127	66.6 %	1,277	141.9 %	528
OEG Term Loan	30,682	(6.7)%	32,881	128.9 %	14,363
Block 21 CMBS Loan	8,421	(0.9)%	8,499	68.2 %	5,052
Other (1)	(6,681)	(313.9)%	(1,614)	(1,541.1)%	112
Total interest expense	<u>\$ 225,395</u>	6.6 %	<u>\$ 211,370</u>	42.4 %	<u>\$ 148,406</u>

(1) Other includes capitalized interest, as well as other miscellaneous items.

Interest expense increased in 2024, as compared to 2023, due primarily to higher interest rates and higher levels of indebtedness attributable to the \$1 billion in 6.50% senior notes, partially offset by the prepayment of the Gaylord Rockies \$800 million term loan.

Our weighted average interest rate on our borrowings, excluding capitalized interest, but including the impact of interest rate swaps, was 6.7% and 6.6% in 2024 and 2023, respectively.

Interest Income

Interest income includes amounts earned on our cash balances, as well as the bonds that were received in connection with the development of Gaylord National, which we hold as notes receivable. See Note 3, "Notes Receivable," to the accompanying consolidated financial statements included herein for additional discussion of interest income on these bonds.

Loss on Extinguishment of Debt

As a result of the March 2024 repayment of the Gaylord Rockies \$800 million term loan, the April 2024 repricing of the RHP term loan B, the June 2024 refinancing of the OEG credit agreement, and the December 2024 repricing of the RHP term loan B, we recognized a loss on extinguishment of debt of \$2.5 million in 2024.

As a result of the May 2023 refinancing of our credit facility and the extension of the Gaylord Rockies \$800 million term loan, we recognized a loss on extinguishment of debt of \$2.3 million in 2023.

Income (Loss) from Unconsolidated Joint Ventures

The loss from unconsolidated joint ventures for 2023 represents our equity method share of losses associated with our previous investment in Circle.

In September 2023, we and our joint venture partner agreed to wind down Circle, and operations ceased on December 31, 2023. As a result, we incurred a loss related to Circle of approximately \$10.5 million, which is included in loss from unconsolidated joint ventures in the accompanying consolidated statement of operations for 2023.

Other Gains and (Losses), net

Other gains and (losses), net for 2024 and 2023 primarily includes a gain of \$3.2 million and \$6.1 million, respectively, from a fund associated with the Gaylord National bonds to reimburse us for certain marketing and maintenance expenses.

(Provision) Benefit for Income Taxes

As a REIT, we generally are not subject to federal corporate income taxes on ordinary taxable income and capital gains income from real estate investments that we distribute to our stockholders. We are required to pay federal and state corporate income taxes on earnings of our TRSs.

During 2024 and 2023, we recorded an income tax (provision) benefit of \$(13.8) million and \$93.7 million, respectively. These results differ from the statutory rate primarily due to the REIT dividends paid deduction for both years and a change in valuation allowance at the TRSs in 2023.

We evaluate our deferred tax assets each reporting period to determine if it is more likely than not that those assets will be realized or if a valuation allowance is needed. In the fourth quarter of 2023, due to continued improvement in our financial results coming out of the COVID-19 pandemic and the projected future taxable income of our TRSs, we determined that the release of a significant portion of our federal and state valuation allowance was appropriate. This release of valuation allowance of \$112.5 million was the primary factor in the large income tax benefit for 2023.

Non-GAAP Financial Measures

We present the following non-GAAP financial measures we believe are useful to investors as key measures of our operating performance:

EBITDAre, Adjusted EBITDAre and Adjusted EBITDAre, Excluding Noncontrolling Interest in Consolidated Joint Venture Definition

We calculate EBITDAre, which is defined by the National Association of Real Estate Investment Trusts (“NAREIT”) in its September 2017 white paper as net income (calculated in accordance with GAAP) plus interest expense, income tax expense, depreciation and amortization, gains or losses on the disposition of depreciated property (including gains or losses on change in control), impairment write-downs of depreciated property and of investments in unconsolidated affiliates caused by a decrease in the value of depreciated property of the affiliate, and adjustments to reflect the entity’s share of EBITDAre of unconsolidated affiliates.

Adjusted EBITDAre is then calculated as EBITDAre, plus to the extent the following adjustments occurred during the periods presented:

- preopening costs;
- non-cash lease expense;
- equity-based compensation expense;
- impairment charges that do not meet the NAREIT definition above;
- credit losses on held-to-maturity securities;
- transaction costs of acquisitions;
- interest income on bonds;
- loss on extinguishment of debt;
- pension settlement charges;
- pro rata Adjusted EBITDAre from unconsolidated joint ventures; and
- any other adjustments we have identified herein.

We then exclude the pro rata share of Adjusted EBITDAre related to noncontrolling interests in consolidated joint ventures to calculate Adjusted EBITDAre, Excluding Noncontrolling Interest in Consolidated Joint Venture.

We use EBITDAre, Adjusted EBITDAre and Adjusted EBITDAre, Excluding Noncontrolling Interest in Consolidated Joint Venture to evaluate our operating performance. We believe that the presentation of these non-GAAP financial measures provides useful information to investors regarding our operating performance and debt leverage metrics, and that the presentation of these non-GAAP financial measures, when combined with the primary GAAP presentation of net income, is beneficial to an investor’s complete understanding of our operating performance. We make additional adjustments to EBITDAre when evaluating our performance because we believe that presenting Adjusted EBITDAre and Adjusted EBITDAre, Excluding Noncontrolling Interest in Consolidated Joint Venture provides useful information to investors regarding our operating performance and debt leverage metrics.

FFO, Adjusted FFO, and Adjusted FFO available to common stockholders and unit holders Definition

We calculate FFO, which definition is clarified by NAREIT in its December 2018 white paper as net income (calculated in accordance with GAAP) excluding depreciation and amortization (excluding amortization of deferred financing costs and debt discounts), gains and losses from the sale of certain real estate assets, gains and losses from a change in control, impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciated real estate held by the entity, income (loss) from consolidated joint ventures attributable to noncontrolling interest, and pro rata adjustments from unconsolidated joint ventures.

To calculate Adjusted FFO available to common stockholders and unit holders, we then exclude, to the extent the following adjustments occurred during the periods presented:

- right-of-use asset amortization;
- impairment charges that do not meet the NAREIT definition above;
- write-offs of deferred financing costs;
- amortization of debt discounts or premiums and amortization of deferred financing costs;
- loss on extinguishment of debt;
- non-cash lease expense;
- credit loss on held-to-maturity securities;
- pension settlement charges;
- additional pro rata adjustments from unconsolidated joint ventures;
- (gains) losses on other assets;
- transaction costs of acquisitions;
- deferred income tax expense (benefit); and
- any other adjustments we have identified herein.

FFO available to common stockholders and unit holders and Adjusted FFO available to common stockholders and unit holders exclude the ownership portion of the joint ventures not controlled or owned by the Company.

We believe that the presentation of these non-GAAP financial measures provides useful information to investors regarding the performance of our ongoing operations because each presents a measure of our operations without regard to specified non-cash items such as real estate depreciation and amortization, gain or loss on sale of assets and certain other items, which we believe are not indicative of the performance of our underlying hotel properties. We believe that these items are more representative of our asset base than our ongoing operations. We also use these non-GAAP financial measures as measures in determining our results after considering the impact of our capital structure.

We caution investors that non-GAAP financial measures we present may not be comparable to similar measures disclosed by other companies, because not all companies calculate these non-GAAP measures in the same manner. The non-GAAP financial measures we present should not be considered as alternative measures of our net income, operating performance, cash flow or liquidity. These non-GAAP financial measures may include funds that may not be available for our discretionary use due to functional requirements to conserve funds for capital expenditures and property acquisitions and other commitments and uncertainties. Although we believe that these non-GAAP financial measures can enhance an investor's understanding of our results of operations, these non-GAAP financial measures, when viewed individually, are not necessarily better indicators of any trend as compared to GAAP measures such as net income, operating income, or cash flow from operations.

[Table of Contents](#)

The following is a reconciliation of our consolidated GAAP net income to EBITDAre and Adjusted EBITDAre for the years ended December 31, 2024, 2023 and 2022 (in thousands):

	2024	2023	2022
Net income	\$ 280,190	\$ 341,800	\$ 134,948

(1) In 2023, we and our joint venture partner agreed to wind down the Circle joint venture, with operations ceasing December 31, 2023. As a result, we incurred a loss related to Circle of approximately \$10.5 million in 2023.

Liquidity and Capital Resources

Cash Flows Provided By Operating Activities. Cash flow from operating activities is the principal source of cash used to fund our operating expenses, interest payments on debt, maintenance capital expenditures, and dividends to stockholders. During 2024, our net cash flows provided by operating activities were \$576.5 million, primarily reflecting our net income before depreciation expense, amortization expense and other non-cash charges of approximately \$550.3 million and favorable changes in working capital of approximately \$26.2 million. The favorable changes in working capital primarily resulted from an increase in deferred revenues associated with increased advanced room deposits on future hotel room stays and a decrease in accounts receivable associated with a difference in timing of credit card settlements.

During 2023, our net cash flows provided by operating activities were \$557.1 million, primarily reflecting our net income before depreciation expense, amortization expense and other non-cash charges of approximately \$500.6 million and favorable changes in working capital of approximately \$56.5 million. The favorable changes in working capital primarily resulted from an increase in deferred revenues associated with increased advanced room deposits on future hotel room stays.

Cash Flows Used in Investing Activities. During 2024, our primary use of funds for investing activities was the purchase of property and equipment, which totaled \$407.9 million, and consisted primarily of enhancements at Gaylord Rockies to construct a new events pavilion, enhance the grand lodge and reposition its food and beverage outlets; enhancements to meeting spaces at Gaylord Opryland; the conversion of the Wildhorse Saloon to Category 10; a rooms renovation at the W Austin and common area enhancements at Block 21; the completion of Ole Red Las Vegas; a rooms and lobby renovation at Gaylord Palms; and ongoing maintenance capital expenditures for each of our existing properties.

During 2023, our primary use of funds for investing activities was the use of \$791.5 million in net cash to purchase JW Marriott Hill Country and purchases of property and equipment, which totaled \$206.8 million. Purchases of property and equipment consisted primarily of the construction of Ole Red Las Vegas; enhancements at Gaylord Rockies to better position the property for our group customers; a rooms, restaurant and meeting space renovation at Gaylord Palms; enhancements to the offerings at Block 21; and ongoing maintenance capital expenditures for each of our existing properties.

Cash Flows Provided By (Used In) Financing Activities. Our cash flows from financing activities primarily reflect the incurrence and repayment of long-term debt and the payment of cash dividends. During 2024, net cash flows used in financing activities were \$290.3 million, primarily reflecting the issuance of \$1 billion in 6.50% senior notes, offset by the prepayment of the Gaylord Rockies \$800.0 million term loan, the net repayment of \$203.5 million under our term loan B, the payment of \$266.1 million in cash distributions, and the payment of \$23.7 million in deferred financing costs.

During 2023, net cash flows provided by financing activities were \$711.9 million, primarily reflecting the issuance of \$400.0 million in 7.25% senior notes, \$395.4 million in net proceeds from the issuance of approximately 4.4 million shares of our common stock, and the net borrowing of \$121.3 million under our refinanced credit facility, partially offset by the payment of \$176.0 million in cash distributions, and the payment of \$23.4 million in deferred financing costs.

Liquidity

At December 31, 2024, we had \$477.7 million in unrestricted cash and \$754.7 million available for borrowing in the aggregate under our revolving credit facility and the OEG revolving credit facility. During 2024, we issued \$1 billion in 6.50% senior notes, repaid the \$800.0 million Gaylord Rockies term loan, incurred capital expenditures of \$407.9 million, paid \$266.1 million in cash distributions, and repaid \$203.5 million under our term loan B. These changes, partially offset by the cash flows provided by operations discussed above, were the primary factors in the decrease in our cash balance from 2023 to 2024.

We anticipate investing in our operations during 2025 by spending between approximately \$400 million and \$500 million in capital expenditures, which includes projects at Gaylord Opryland for the renovation of a ballroom and pre-

function space, the development of a sports bar, pavilion and event lawn, and a meeting space expansion; a rooms renovation at Gaylord Texan; and ongoing maintenance capital for each of our current facilities. Further, our dividend policy provides that we will make minimum dividends of 100% of REIT taxable income annually. We currently have no debt maturities until January 2026. We believe we will be able to refinance our debt agreements prior to their maturities.

We believe that our cash on hand and cash flow from operations, together with amounts available for borrowing under each of our revolving credit facility and the OEG revolving credit facility, will be adequate to fund our general short-term commitments, as well as: (i) current operating expenses, (ii) interest expense on long-term debt obligations, (iii) financing lease and operating lease obligations, (iv) declared dividends and (v) the capital expenditures described above. Our ability to draw on our credit facility and the OEG revolving credit facility is subject to the satisfaction of provisions of the credit facility and the OEG revolving credit facility, as applicable.

Our outstanding principal debt agreements are described below. At December 31, 2024, there were no defaults under the covenants related to our outstanding debt.

Principal Debt Agreements

Credit Facility. On May 18, 2023, we entered into a Credit Agreement (as modified pursuant to the First Incremental Agreement and the Second Incremental Agreement (each as hereinafter defined) and as further supplemented, the “Credit Agreement”), among the Company, as a guarantor, the Operating Partnership, as borrower, certain other subsidiaries of the Company party thereto, as guarantors, certain subsidiaries of the Company party thereto, as pledgors, the lenders party thereto and Wells Fargo Bank, National Association, as administrative agent, which replaced the Company’s previous credit facility. The Credit Agreement provides for a \$700.0 million revolving credit facility (the “Revolver”) and a senior secured term loan B (the “Term Loan B”) (in the original principal amount of \$500.0 million, which was reduced to \$295.0 million on March 28, 2024), as well as an accordion feature that will allow us to increase the facilities by an aggregate of up to \$475 million, which may be allocated between the Revolver and the Term Loan B at our option.

Each of the Revolver and Term Loan B is guaranteed by us, each of our subsidiaries that own the Gaylord Hotels properties and certain of our other subsidiaries. Each of the Revolver and the Term Loan B is secured by equity pledges of our subsidiaries that are the fee owners of Gaylord Opryland and Gaylord Texan, their respective direct and indirect parent entities, and the equity of Ryman Hotel Operations Holdco, LLC, a wholly owned indirect subsidiary of the Company. Assets and equity of OEG are not subject to the liens of the Credit Agreement.

In addition, each of the Revolver and Term Loan B contains certain covenants which, among other things, limit the incurrence of additional indebtedness, investments, dividends, transactions with affiliates, asset sales, acquisitions, mergers and consolidations, liens and encumbrances and other matters customarily restricted in such agreements. The material financial covenants, ratios or tests contained in the Credit Agreement are as follows:

- We must maintain a consolidated net leverage ratio of not greater than 6.50x.
- We must maintain a consolidated fixed charge coverage ratio of not less than 1.50x.
- Our secured indebtedness must not exceed 30% of consolidated total asset value.
- Our secured recourse indebtedness must not exceed 10% of consolidated total asset value.
- Unencumbered leverage ratio must not exceed 55% (with the ability to surge to 60% in connection with a material acquisition).
- Unencumbered adjusted NOI to unsecured interest expense ratio of not less than 2.0x.

If an event of default shall occur and be continuing under the Credit Agreement, the commitments under the Credit Agreement may be terminated and the principal amount outstanding under the Credit Agreement, together with all accrued unpaid interest and other amounts owing in respect thereof, may be declared immediately due and payable.

Revolving Credit Facility. The maturity date of the Revolver is May 18, 2027, with the option to extend the maturity date for a maximum of one additional year through either (i) a single 12-month extension option or (ii) two individual six-month extensions. Borrowings under the Revolver bear interest at an annual rate equal to, at our option, either (i) Adjusted Term SOFR plus the applicable margin ranging from 1.40% to 2.00%, (ii) Adjusted Daily Simple SOFR plus the applicable margin ranging from 1.40% to 2.00% or (iii) a base rate as set in the Credit Agreement plus the applicable margin ranging from 0.40% to 1.00%, with each option dependent upon our consolidated net leverage ratio (as defined in the Credit Agreement). Principal is payable in full at maturity, and the Revolver was undrawn at closing.

For purposes of the Revolver, Adjusted Term SOFR is calculated as the sum of Term SOFR plus an adjustment of 0.10% (all as more specifically described in the Credit Agreement), subject to a floor of 0.00%. Adjusted Daily Simple SOFR is calculated as the sum of SOFR plus an adjustment of 0.10% (all as more specifically described in the Credit Agreement), subject to a floor of 0.00%.

At December 31, 2024, no amounts were outstanding under the Revolver, and the lending banks had issued \$4.3 million of letters of credit under the Credit Agreement, which left \$695.7 million of availability under the Revolver (subject to the satisfaction of debt incurrence tests under the indentures governing our \$1 billion in aggregate principal amount of senior notes due 2032 (the "\$1 Billion 6.50% Senior Notes"), our \$700 million in aggregate principal amount of senior notes due 2027 (the "\$700 Million 4.75% Senior Notes"), our \$600 million in aggregate principal amount of senior notes due 2029 (the "\$600 Million 4.50% Senior Notes") and our \$400 million in aggregate principal amount of senior notes due 2028 (" \$400 Million 7.25% Senior Notes"), which we met at December 31, 2024).

Term Loan B. The Term Loan B has a maturity date of May 18, 2030. Prior to the effectiveness of the First Incremental Agreement and the Second Incremental Agreement (as hereinafter defined), the applicable interest rate margins for borrowings under the Term Loan B were, at our option, either (i) Term SOFR plus 2.75%, (ii) Daily Simple SOFR plus 2.75% or (iii) a base rate as set in the Credit Agreement plus 1.75%. In addition, if for any fiscal year there is Excess Cash Flow (as defined in the Credit Agreement), an additional principal amount is required. Amounts borrowed under the Term Loan B that are repaid or prepaid may not be reborrowed.

On April 12, 2024, we entered into an Incremental Tranche B Term Loan Agreement (the "First Incremental Agreement"), which supplemented the Credit Agreement and included the addition of certain new lenders and the removal of certain other lenders. The First Incremental Agreement reduced the applicable interest rate margins for the loans advanced under the refinanced Term Loan B. The applicable interest rate margins for the refinanced Term Loan B under the First Incremental Agreement were (i) 2.25% for SOFR Loans (as defined in the Credit Agreement) and (ii) 1.25% for base rate loans.

On December 19, 2024, we entered into an additional Incremental Tranche B Term Loan Agreement (the "Second Incremental Agreement"), which supplements the Credit Agreement. The Second Incremental Agreement reduces the applicable interest rate margins for the loans advanced under the refinanced Term Loan B. The applicable interest rate margins for the refinanced Term Loan B under the Second Incremental Agreement are (i) 2.00% for SOFR Loans (as defined in the Credit Agreement) and (ii) 1.00% for base rate loans. Further, the Second Incremental Agreement provides for the applicable interest rate margins to be further reduced by an additional 0.25% upon our meeting certain criteria as set forth in the Second Incremental Agreement.

At December 31, 2024, the interest rate on the Term Loan B was Term SOFR plus 2.00%. Neither the First Incremental Agreement nor the Second Incremental Agreement changed the maturity dates under the Credit Agreement or resulted in any increase in principal indebtedness. In addition, the Second Incremental Agreement confirms that the annual amortization under the Term Loan B is 1% of the refinanced \$293.5 million outstanding principal amount, with the balance due at maturity. At December 31, 2024, \$292.8 million in borrowings were outstanding under the Term Loan B.

For purposes of the Term Loan B, each of Term SOFR and Daily Simple SOFR are subject to a floor of 0.00%.

\$1 Billion 6.50% Senior Notes. On March 28, 2024, the Operating Partnership and RHP Finance Corporation (“Finco”) (collectively, the “issuing subsidiaries”) completed the private placement of \$1.0 billion in aggregate principal amount of 6.50% senior notes due 2032, which are guaranteed by the Company and its subsidiaries that guarantee the Credit Agreement. The \$1 Billion 6.50% Senior Notes and guarantees were issued pursuant to an indenture by and among the issuing subsidiaries, the guarantors and U.S. Bank Trust Company, National Association, as trustee. The \$1 Billion 6.50% Senior Notes have a maturity date of April 1, 2032 and bear interest at 6.50% per annum, payable semi-annually in cash in arrears on April 1 and October 1 each year, beginning October 1, 2024. The \$1 Billion 6.50% Senior Notes are general unsecured and unsubordinated obligations of the issuing subsidiaries and rank equal in right of payment with such subsidiaries’ existing and future senior unsecured indebtedness, including the \$700 Million 4.75% Senior Notes, the \$600 Million 4.50% Senior Notes and the \$400 Million 7.25% Senior Notes, and senior in right of payment to future subordinated indebtedness, if any. The \$1 Billion 6.50% Senior Notes are effectively subordinated to the issuing subsidiaries’ secured indebtedness to the extent of the value of the assets securing such indebtedness. The guarantees rank equally in right of payment with the applicable guarantor’s existing and future senior unsecured indebtedness and senior in right of payment to any future subordinated indebtedness of such guarantor. The \$1 Billion 6.50% Senior Notes are effectively subordinated to any secured indebtedness of any guarantor to the extent of the value of the assets securing such indebtedness and structurally subordinated to all indebtedness and other obligations of the Operating Partnership’s subsidiaries that do not guarantee the \$1 Billion 6.50% Senior Notes.

The net proceeds from the issuance of the \$1 Billion 6.50% Senior Notes totaled approximately \$983 million, after deducting the initial purchasers’ discounts, commissions and offering expenses. We used a portion of these net proceeds to prepay the indebtedness outstanding under our previous \$800.0 million Gaylord Rockies term loan and used the remaining proceeds, together with cash on hand, to repay \$200.0 million under the Term Loan B.

The \$1 Billion 6.50% Senior Notes are redeemable before April 1, 2027, in whole or in part, at 100.00%, plus accrued and unpaid interest thereon to, but not including, the redemption date, plus a make-whole premium. The \$1 Billion 6.50% Senior Notes will be redeemable, in whole or in part, at any time on or after April 1, 2027 at a redemption price expressed as a percentage of the principal amount thereof, which percentage is 103.250%, 101.625% and 100.000% beginning on April 1 of 2027, 2028, and 2029, respectively, plus accrued and unpaid interest thereon to, but not including, the redemption date.

\$700 Million 4.75% Senior Notes. In September 2019, the Operating Partnership and Finco completed the private placement of \$500.0 million in aggregate principal amount of senior notes due 2027, which are guaranteed by the Company and its subsidiaries that guarantee the Credit Agreement. The \$500 Million 4.75% Senior Notes and guarantees were issued pursuant to an indenture by and among the issuing subsidiaries and the guarantors and U.S. Bank National Association as trustee. The \$500 Million 4.75% Senior Notes have a maturity date of October 15, 2027 and bear interest at 4.75% per annum, payable semi-annually in cash in arrears on April 15 and October 15 of each year. The \$500 Million 4.75% Senior Notes are general unsecured and unsubordinated obligations of the issuing subsidiaries and rank equal in right of payment with such subsidiaries’ existing and future senior unsecured indebtedness, including the \$1 Billion 6.50% Senior Notes, the \$600 Million 4.50% Senior Notes, and the \$400 Million 7.25% Senior Notes, and senior in right of payment to future subordinated indebtedness, if any. The \$500 Million 4.75% Senior Notes are effectively subordinated to the issuing subsidiaries’ secured indebtedness to the extent of the value of the assets securing such indebtedness. The guarantees rank equally in right of payment with the applicable guarantor’s existing and future senior unsecured indebtedness and senior in right of payment to any future subordinated indebtedness of such guarantor. The \$500 Million 4.75% Senior Notes are effectively subordinated to any secured indebtedness of any guarantor to the extent of the value of the assets securing such indebtedness and structurally subordinated to all indebtedness and other obligations of the Operating Partnership’s subsidiaries that do not guarantee the \$500 Million 4.75% Senior Notes.

In October 2019, we completed a tack-on private placement of \$200.0 million in aggregate principal amount of 4.75% senior notes due 2027 (the “additional 2027 notes”) at an issue price of 101.250% of their aggregate principal amount plus accrued interest from the September 19, 2019 issue date for the \$500 Million 4.75% Senior Notes. The additional 2027 notes and the \$500 Million 4.75% Senior Notes constitute a single class of securities (collectively, the “\$700 Million 4.75% Senior Notes”). All other terms and conditions of the additional 2027 notes are identical to the \$500 Million 4.75% Senior Notes.

The \$700 Million 4.75% Senior Notes are redeemable, in whole or in part, at a redemption price expressed as a percentage of the principal amount thereof, which percentage is 101.188% and 100.00% beginning on October 15 of 2024, and 2025, respectively, plus accrued and unpaid interest thereon to, but not including, the redemption date.

We completed a registered offer to exchange the \$700 Million 4.75% Senior Notes for registered notes with substantially identical terms as the \$700 Million 4.75% Senior Notes in July 2020.

\$600 Million 4.50% Senior Notes. In February 2021, the Operating Partnership and Finco completed the private placement of \$600.0 million in aggregate principal amount of senior notes due 2029, which are guaranteed by the Company and its subsidiaries that guarantee the Credit Agreement. The \$600 Million 4.50% Senior Notes and guarantees were issued pursuant to an indenture by and among the issuing subsidiaries and the guarantors and U.S. Bank National Association as trustee. The \$600 Million 4.50% Senior Notes have a maturity date of February 15, 2029 and bear interest at 4.50% per annum, payable semi-annually in cash in arrears on February 15 and August 15 each year. The \$600 Million 4.50% Senior Notes are general unsecured and unsubordinated obligations of the issuing subsidiaries and rank equal in right of payment with such subsidiaries' existing and future senior unsecured indebtedness, including the \$1 Billion 6.50% Senior Notes, the \$700 Million 4.75% Senior Notes, and the \$400 Million 7.25% Senior Notes, and senior in right of payment to future subordinated indebtedness, if any. The \$600 Million 4.50% Senior Notes are effectively subordinated to the issuing subsidiaries' secured indebtedness to the extent of the value of the assets securing such indebtedness. The guarantees rank equally in right of payment with the applicable guarantor's existing and future senior unsecured indebtedness and senior in right of payment to any future subordinated indebtedness of such guarantor. The \$600 Million 4.50% Senior Notes are effectively subordinated to any secured indebtedness of any guarantor to the extent of the value of the assets securing such indebtedness and structurally subordinated to all indebtedness and other obligations of the Operating Partnership's subsidiaries that do not guarantee the \$600 Million 4.50% Senior Notes.

The \$600 Million 4.50% Senior Notes are redeemable, in whole or in part, at a redemption price expressed as a percentage of the principal amount thereof, which percentage is 101.500%, 100.750%, and 100.000% beginning on February 15 of 2025, 2026, and 2027, respectively, plus accrued and unpaid interest thereon to, but not including, the redemption date.

\$400 Million 7.25% Senior Notes. In June 2023, the Operating Partnership and Finco completed the private placement of \$400.0 million in aggregate principal amount of 7.25% senior notes due 2028, which are guaranteed by the Company and its subsidiaries that guarantee the Credit Agreement. The \$400 Million 7.25% Senior Notes and guarantees were issued pursuant to an indenture by and among the issuing subsidiaries, the guarantors and U.S. Bank Trust Company National Association as trustee. The \$400 Million 7.25% Senior Notes have a maturity date of July 15, 2028 and bear interest at 7.25% per annum, payable semi-annually in cash in arrears on January 15 and July 15 each year. The \$400 Million 7.25% Senior Notes are general unsecured and unsubordinated obligations of the issuing subsidiaries and rank equal in right of payment with such subsidiaries' existing and future senior unsecured indebtedness, including the \$1 Billion 6.50% Senior Notes, the \$700 Million 4.75% Senior Notes and \$600 Million 4.50% Senior Notes, and senior in right of payment to future subordinated indebtedness, if any. The \$400 Million 7.25% Senior Notes are effectively subordinated to the issuing subsidiaries' secured indebtedness to the extent of the value of the assets securing such indebtedness. The guarantees rank equally in right of payment with the applicable guarantor's existing and future senior unsecured indebtedness and senior in right of payment to any future subordinated indebtedness of such guarantor. The \$400 Million 7.25% Senior Notes are effectively subordinated to any secured indebtedness of any guarantor to the extent of the value of the assets securing such indebtedness and structurally subordinated to all indebtedness and other obligations of the Operating Partnership's subsidiaries that do not guarantee the \$400 Million 7.25% Senior Notes.

The \$400 Million 7.25% Senior Notes are redeemable before July 15, 2025, in whole or in part, at 100.00%, plus accrued and unpaid interest thereon to, but not including, the redemption date, plus a make-whole premium. The \$400 Million 7.25% Senior Notes will be redeemable, in whole or in part, at any time on or after July 15, 2025 at a redemption price expressed as a percentage of the principal amount thereof, which percentage is 103.625%, 101.813% and 100.000% beginning on July 15 of 2025, 2026, and 2027, respectively, plus accrued and unpaid interest thereon to, but not including, the redemption date.

Each of the indentures governing the \$1 Billion 6.50% Senior Notes, the \$700 Million 4.75% Senior Notes, the \$600 Million 4.50% Senior Notes and the \$400 Million 7.25% Senior Notes contain certain covenants which, among other things and subject to certain exceptions and qualifications, limit the incurrence of additional indebtedness, investments, dividends, transactions with affiliates, assets sales, acquisitions, mergers and consolidations, liens and encumbrances and other matters customarily restricted in such agreements. In addition, if the Company experiences certain kinds of changes of control, the Company must offer to repurchase some or all of the senior notes at 101% of their principal amount, plus accrued and unpaid interest, if any, up to, but excluding, the repurchase date.

Previous \$800 Million Gaylord Rockies Term Loan. In July 2019, Aurora Convention Center Hotel, LLC and Aurora Convention Center Hotel Lessee, LLC, the entities that comprise Gaylord Rockies, entered into a Second Amended and Restated Loan Agreement (the “Gaylord Rockies Loan”) with Wells Fargo Bank, National Association, as administrative agent. The Gaylord Rockies Loan consisted of an \$800.0 million secured term loan facility, with a maturity date of July 2, 2024 with two, one-year extension options remaining, subject to certain requirements in the Gaylord Rockies Loan, and bore interest at Adjusted Daily Simple SOFR plus 2.50%. We previously entered into an interest rate swap to fix the SOFR portion of the interest rate at 5.2105% for the fifth year of the loan. We designated this interest rate swap as an effective cash flow hedge.

On March 28, 2024, we paid off the Gaylord Rockies Loan with the proceeds from the \$1 Billion 6.50% Senior Notes discussed above and terminated the interest rate swap.

OEG Credit Agreement. On June 28, 2024, OEG Borrower, LLC (“OEG Borrower”) and OEG Finance, LLC (“OEG Finance”), each a wholly owned direct or indirect subsidiary of OEG, entered into a certain First Amendment, which amends the Credit Agreement dated as of June 16, 2022 among OEG Borrower, as borrower, OEG Finance, certain subsidiaries of OEG Borrower from time to time party thereto as guarantors, the lenders party thereto and JPMorgan Chase Bank, N.A., as administrative agent (the “Original OEG Credit Agreement”). As amended, the credit facility (the “Amended OEG Credit Agreement”) includes certain amended terms including lower interest rates, extended maturities and modifications to various covenants.

The Amended OEG Credit Agreement provides for (i) a senior secured term loan facility in the aggregate principal amount of \$300.0 million (the “OEG Term Loan”) and (ii) a senior secured revolving credit facility in an aggregate principal amount not to exceed \$80.0 million (the “OEG Revolver”). The OEG Term Loan refinances and replaces the former term loan in the outstanding principal amount of \$294.8 million as of June 28, 2024 and the OEG Revolver replaces the former senior secured revolving credit facility in an aggregate principal amount not to exceed \$65.0 million. At December 31, 2024, \$299.3 million was outstanding under the OEG Term Loan and \$21.0 million was outstanding under the OEG Revolver.

The OEG Term Loan and OEG Revolver are each secured by substantially all of the assets of OEG Finance and each of its wholly owned subsidiaries (other than Block 21-related subsidiaries, as more specifically described in the Amended OEG Credit Agreement). The OEG Term Loan bears interest at a rate equal to either, at OEG Borrower’s election, as of the closing contemplated by the Amended OEG Credit Agreement, (a) the Alternate Base Rate plus 2.50% or (b) Adjusted Term SOFR plus 3.50% (all as more specifically described in the Amended OEG Credit Agreement). In November 2022, OEG entered into an interest rate swap to fix the SOFR portion of the interest rate on \$100.0 million of borrowings at 4.533% through December 2025. Borrowings under the OEG Revolver bear interest at a rate equal to either, at OEG Borrower’s election, as of the closing contemplated by the Amended OEG Credit Agreement, (a) the Alternate Base Rate plus the Applicable Rate (as defined in the Amended OEG Credit Agreement) or (b) Adjusted Term SOFR plus the Applicable Rate. Under the Amended OEG Credit Agreement, (i) the Applicable Rate for Alternative Base Rate loans will be between 2.75% and 2.25% and (ii) the Applicable Rate for Adjusted Term SOFR loans will be between 3.75% and 3.25%, in each of (i) and (ii) based upon the First Lien Leverage Ratio of OEG Finance and its consolidated subsidiaries (as more specifically described in the Amended OEG Credit Agreement). The Applicable Rate for borrowings under the OEG Revolver as of December 31, 2024 is 2.50% for Alternative Base Rate Loans and 3.50% for Adjusted Term SOFR loans.

The OEG Term Loan matures on June 28, 2031, and the OEG Revolver matures on June 28, 2029. OEG used the proceeds from the OEG Term Loan to refinance the original term loan under the Original OEG Credit Agreement.

Block 21 CMBS Loan. At the closing of the purchase of Block 21 on May 31, 2022, a subsidiary of the Company assumed a \$136 million, ten-year, non-recourse term loan secured by a mortgage on Block 21 (the “Block 21 CMBS Loan”). The Block 21 CMBS Loan has a fixed interest rate of 5.58% per annum, payable monthly, matures January 5, 2026, and provides for payments due monthly based on a 30-year amortization. At December 31, 2024, \$129.0 million was outstanding under the Block 21 CMBS Loan.

The Block 21 CMBS Loan contains customary financial covenants and other restrictions, including sponsor net worth and liquidity requirements, and debt service coverage ratio targets that Block 21 must meet in order to avoid a “Trigger Period,” the occurrence of which does not constitute a default. The disruption caused by a significant renovation of the rooms and public spaces at the W Austin negatively impacted the results of Block 21 and resulted in the Trigger Period being effective starting September 30, 2024. During the Trigger Period, cash in excess of operating expenses, debt service and certain reserves is deposited in a reserve account and held until Block 21 exits the Trigger Period by achieving a specified minimum debt service coverage ratio on a trailing twelve-month basis, at which time the reserved cash will be released to Block 21 and its owner.

Additional Debt Limitations. Pursuant to the terms of the management agreements and pooling agreement with Marriott for our Gaylord Hotels properties, excluding Gaylord Rockies, we are subject to certain debt limitations described below.

The management agreements provide for the following limitations on indebtedness encumbering a hotel:

- The aggregate principal balance of all mortgage and mezzanine debt encumbering the hotel shall be no greater than 75% of the fair market value of the hotel; and
- The ratio of (a) aggregate Operating Profit (as defined in the management agreement) in the 12 months prior to the closing on the mortgage or mezzanine debt to (b) annual debt service for the hotel shall equal or exceed 1.2:1; but is subject to the pooling agreement described below.

The pooled limitations on Secured Debt (as defined in the pooling agreement) are as follows:

- The aggregate principal balance of all mortgage and mezzanine debt on Pooled Hotels (as defined in the pooling agreement), shall be no more than 75% of the fair market value of Pooled Hotels.
- The ratio of (a) aggregate Operating Profit (as defined in the pooling agreement) of Pooled Hotels in the 12 months prior to closing on any mortgage or mezzanine debt, to (b) annual debt service for the Pooled Hotels, shall equal or exceed 1.2:1.

Gaylord Rockies is not a Pooled Hotel for this purpose.

Estimated Interest on Principal Debt Agreements

Based on the stated interest rates on our fixed-rate debt and the rates in effect at December 31, 2024 for our variable-rate debt after considering interest rate swaps, our estimated interest obligations over the next five years are \$837.9 million. These estimated obligations are \$205.2 million in 2025, \$198.2 million in 2026, \$189.4 million in 2027, \$148.6 million in 2028, and \$96.6 million in 2029. Variable rates, as well as outstanding principal balances, could change in future periods. See “Principal Debt Agreements” above for a discussion of our outstanding long-term debt. See “Supplemental Cash Flow Information” in Note 1 to our consolidated financial statements included herein for a discussion of the interest we paid during 2024, 2023 and 2022.

Inflation

Inflation has had a more meaningful impact on our business during recent periods than in historical periods. However, favorable ADR and outside-the-room spend in our Hospitality segment and business levels in our Entertainment segment

in recent years have reduced the impact of increased operating costs, including increased insurance, utilities and other costs, on our financial position and results of operations.

Additionally, increased interest rates have driven higher interest expense on our debt. In an effort to mitigate the impact of increased interest rates, at December 31, 2024, 85% of our outstanding debt is fixed-rate debt, after considering the impact of interest rate swaps.

We continue to monitor inflationary pressures and may need to consider potential mitigation actions in future periods. A prolonged inflationary environment could adversely affect our operating costs, customer spending and bookings, and our financial results.

Supplemental Guarantor Financial Information

The Company’s \$1 Billion 6.50% Senior Notes, the \$700 Million 4.75% Senior Notes, \$600 Million 4.50% Senior Notes and \$400 Million 7.25% Senior Notes were each issued by the Issuers and are guaranteed on a senior unsecured basis by the Company (as the parent company), each of the Operating Partnership’s subsidiaries that own the Gaylord Hotels properties and certain other of the Company’s subsidiaries, each of which also guarantees the Operating Partnership’s Credit Agreement, as amended (such subsidiary guarantors, together with the Company, the “Guarantors”). The Guarantors are 100% owned by the Operating Partnership or the Company, and the guarantees are full and unconditional and joint and several. The guarantees rank equally in right of payment with each Guarantor’s existing and future senior unsecured indebtedness and senior in right of payment to all future subordinated indebtedness, if any, of such Guarantor. Not all of the Company’s subsidiaries have guaranteed these senior notes, and the guarantees are structurally subordinated to all indebtedness and other obligations of such subsidiaries that have not guaranteed these senior notes.

The following tables present summarized financial information for the Issuers and the Guarantors on a combined basis and the intercompany balances and transactions between these parties, as well as any investments in or equity in earnings from non-guarantor subsidiaries, have been eliminated (amounts in thousands):

	December 31, 2024
Other assets	\$ 3,318,192
Total assets	<u>\$ 3,318,192</u>
Net payables due to non-guarantor subsidiaries	\$ 239,157
Other liabilities	3,204,169
Total liabilities	<u>\$ 3,443,326</u>
Total noncontrolling interest	<u>\$ 3,657</u>
	Year Ended December 31, 2024
Revenues from non-guarantor subsidiaries	\$ 585,855
Operating expenses (excluding expenses to non-guarantor subsidiaries)	168,004
Expenses to non-guarantor subsidiaries	21,724
Operating income	396,127
Interest income from non-guarantor subsidiaries	2,491
Net income	224,218
Net income available to common stockholders	215,666

Critical Accounting Policies and Estimates

Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” discusses our consolidated financial statements, which have been prepared in accordance with U.S. generally accepted accounting principles. Accounting estimates are an integral part of the preparation of the consolidated financial statements and the financial reporting process and are based upon current judgments. The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reported period. Certain accounting estimates are particularly sensitive because of their complexity and the possibility that future events affecting them may differ materially from our current judgments and estimates.

This listing of critical accounting policies is not intended to be a comprehensive list of all of our accounting policies. In many cases, the accounting treatment of a particular transaction is specifically dictated by generally accepted accounting principles, with no need for management’s judgment regarding accounting policy. We believe that of our significant accounting policies, which are discussed in Note 1 to the consolidated financial statements included herein, the following involve a higher degree of judgment and complexity.

Impairment of long-lived and other assets. In accounting for our long-lived and other assets, we assess our long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of the assets or asset groups may not be recoverable. Factors we consider when assessing whether impairment indicators exist include (i) significant under-performance relative to historical or projected future operating results, (ii) significant changes in the manner of our use of assets or the strategy for our overall business, or (iii) significant negative industry or economic trends.

Recoverability of property and equipment and definite-lived intangible assets that will continue to be used is measured by comparing the carrying amount of the asset or asset group to the related total future undiscounted net cash flows. If an asset or asset group’s carrying value is not recoverable through those cash flows, the asset group is considered to be impaired. The impairment is measured by the difference between the assets’ carrying amount and their fair value, which is estimated using discounted cash flow analyses that utilize comprehensive cash flow projections, as well as observable market data to the extent available. Estimating the total future undiscounted net cash flows, as well as the fair value of assets or asset groups, if necessary, requires management to make assumptions and projections of future cash flows, long-term growth rates, asset holding periods, and other factors. The assumptions used to assess impairment consider historical trends, macroeconomic conditions, and projections consistent with our operating strategy. Changes in these estimates and assumptions can have a significant impact on the assessment, which could result in material impairment losses.

Credit losses on financial assets. We assess our financial assets, including the bonds we received in 2008 related to the Gaylord National construction (“Gaylord National Bonds”), and our accounts receivable for credit losses utilizing the expected loss model prescribed by ASC 326, “*Financial Instruments – Credit Losses*,” and record a reserve, in the form of an allowance for credit losses, against the amortized cost basis for the portion of the financial asset that will not be recovered due to credit losses.

We provide credit loss reserves for the Gaylord National Bonds by comparing the amortized cost basis to their present value. If the amortized cost basis exceeds the present value, an expected credit loss exists and the allowance for credit losses is measured as the difference between the bonds’ amortized cost basis and present value, which is estimated using discounted cash flow analyses that utilize comprehensive cash flow projections over the contractual life of the bonds, as well as observable market data to the extent available. Our estimate of the present value of the Gaylord National Bonds is sensitive to the significant assumptions of the discounted cash flow analysis, which include the projections of hotel taxes (which are based on expected hotel rooms revenues) and property taxes, both of which are affected by expectations about future market and economic conditions, particularly those in the Washington D.C. market. Further, such assumptions require significant judgment as the Gaylord National Bonds and related projected cash flows continue for an extended period of time through 2037.

Income taxes. As a REIT, generally we will not be subject to federal corporate income taxes on ordinary taxable income and capital gains income from real estate investments that we distribute to our stockholders. We will continue to be required to pay federal and state corporate income taxes on earnings of our TRSs.

Our deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases, using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

We must assess the likelihood that we will be able to recover our deferred tax assets. If recovery is not likely, the provision for taxes is increased by recording a reserve, in the form of a valuation allowance, against the estimated deferred tax assets that will not ultimately be recoverable.

In addition, we must evaluate uncertainties in the application of complex tax regulations in the calculation of tax liabilities. We provide for uncertain tax positions and the related interest and penalties based upon management's assessment of whether a tax benefit is more likely than not to be sustained upon examination by tax authorities. We make this assessment based on only the technical merits of the tax position. At December 31, 2024 and 2023, we had no accruals for unrecognized tax benefits. We recognize interest and penalties related to uncertain tax positions, if any, in income tax expense. At December 31, 2024 and 2023, we have accrued no interest or penalties related to uncertain tax positions.

Acquisitions and Purchase Price Allocations. Accounting for the acquisition of an entity as a business combination, becoming the primary beneficiary of a previously unconsolidated variable interest entity, or a significant asset acquisition requires an allocation of the purchase price to the assets acquired and the liabilities assumed in the transaction based on their respective estimated fair values, which requires us to make significant estimates and assumptions regarding the fair value of the acquired assets and liabilities assumed. We may engage third parties to provide valuation services to assist in the fair value determinations of the long-lived assets acquired and the liabilities assumed. The most difficult estimations of individual fair values are those involving long-lived assets, such as property, equipment, and intangible assets, that are assumed as part of the transaction, as well as any noncontrolling interests. When making fair value determinations, we consider market data for similar assets, expected cash flows discounted at risk-adjusted rates, and replacement cost for assets, among other information. Management judgment is required when making the significant assumptions used to value long-lived and identifiable intangible assets, which include projected revenue growth, estimated cash flows, discount rates, and other factors.

Legal Contingencies. We are subject to various legal proceedings and claims, the outcomes of which are subject to significant uncertainty. We record an accrual for loss contingencies when a loss is probable and the amount of the loss can be reasonably estimated, the determination of which requires significant judgment. We review these accruals each reporting period and make revisions based on changes in facts and circumstances, but resolution of legal matters in a manner inconsistent with our expectations could have a material impact on our financial condition and operating results.

Recently Issued Accounting Standards

For a discussion of recently issued accounting standards, see Note 1 to our consolidated financial statements included herein.

Item 7A. *Quantitative and Qualitative Disclosures about Market Risk*

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposures to market risk are from changes in interest rates, including the rising interest rates experienced in recent years, and changes in asset values of investments that fund our pension plan. See Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations," and Item 1A, "Risk Factors," in this Annual Report on Form 10-K for more discussion on how interest rate increases affect our operations and financial condition.

Risk Related to Changes in Interest Rates

At December 31, 2024, borrowings outstanding under the Term Loan B bore interest at an annual rate of SOFR plus 2.0%. If SOFR were to increase by 100 basis points, our annual interest cost on the \$292.8 million in borrowings outstanding at December 31, 2024 would increase by approximately \$2.9 million.

At December 31, 2024, borrowings outstanding under the OEG Term Loan bore interest at an annual rate of SOFR plus 3.5%. We have hedged our interest rate exposure on \$100.0 million of borrowings under the OEG Term Loan with an interest rate swap that fixes the SOFR portion of interest payments through December 2025. If Adjusted Term SOFR were to increase by 100 basis points, our annual interest cost on the \$199.3 million in borrowings outstanding under the OEG Term Loan that are not hedged at December 31, 2024 would increase by approximately \$2.0 million.

Certain of our outstanding cash balances are occasionally invested overnight with high credit quality financial institutions. We do not have significant exposure to changing interest rates on invested cash at December 31, 2024. As a result, the interest rate market risk implicit in these investments at December 31, 2024, if any, is low.

Risk Related to Changes in Asset Values that Fund our Pension Plans

The expected rates of return on the assets that fund our defined benefit pension plan are based on the asset allocation of the plan and the long-term projected return on those assets, which represent a diversified mix of equity securities, fixed income securities and cash. At December 31, 2024, the value of the investments in the pension fund was \$51.0 million, and an immediate ten percent decrease in the value of the investments in the fund would have reduced the value of the fund by approximately \$5.1 million.

Summary

Based upon our overall market risk exposures at December 31, 2024, we believe that the effects of changes in interest rates related to our borrowings and asset values of investments that fund our pension plan could be material to our consolidated financial position, results of operations or cash flows.

Item 8. *Financial Statements and Supplementary Data*

Information with respect to this Item is contained in the Company's consolidated financial statements included in the Index beginning on page 76 of this Annual Report on Form 10-K and incorporated by reference herein.

Item 9. *Changes in and Disagreements with Accountants on Accounting and Financial Disclosure*

None.

Item 9A. *Controls and Procedures*

Conclusion Regarding the Effectiveness of Disclosure Controls and Procedures

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we conducted an evaluation of our disclosure controls and procedures, as such term is defined under Rule 13a-15(e) and Rule 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as of the end of the period covered by this Annual Report. Based on this evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures were effective, as of the end of the period covered by this Annual Report.

Management’s Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act. The Company’s internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. The Company’s internal control over financial reporting includes those policies and procedures that:

- pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of the Company’s internal control over financial reporting as of December 31, 2024. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) in Internal Control - Integrated Framework.

Based on management’s assessment and those criteria, management believes that, as of December 31, 2024, the Company’s internal control over financial reporting was effective.

The Company’s independent registered public accounting firm, Ernst & Young LLP, has issued an attestation report on the Company’s internal control over financial reporting, which is included herein.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting that occurred during the quarter ended December 31, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information

During the fiscal quarter ended December 31, 2024, none of our directors or officers (as defined in Rule 16a-1(f) of the Exchange Act) adopted or terminated a “Rule 10b5-1 trading arrangement” or “non-Rule 10b5-1 trading arrangement” (in each case, as defined in Item 408 of Regulation S-K).

Item 9C. Disclosure Regarding Foreign Jurisdictions that Prevent Inspections

Not applicable.

PART III

Item 10. *Directors, Executive Officers and Corporate Governance*

Information about our Board of Directors required by Item 401 of Regulation S-K is incorporated herein by reference to the discussion under the heading “Proposal 1: Election of the Ten (10) Nominees for Director Identified in this Proxy Statement” in our Proxy Statement for the 2025 Annual Meeting of Stockholders, to be filed with the SEC. Information regarding procedures for stockholder nominations to our Board of Directors required by Item 407(c)(3) of Regulation S-K is incorporated by reference to the discussion under the heading “Submitting Stockholder Proposals and Nominations for 2026 Annual Meeting” in our Proxy Statement for the 2025 Annual Meeting of Stockholders, to be filed with the SEC.

Information required by Item 405 of Regulation S-K is incorporated herein by reference to the discussion under the heading “Delinquent Section 16(a) Reports” in our Proxy Statement for the 2025 Annual Meeting of Stockholders, to be filed with the SEC.

Information required by Item 408(b) of Regulation S-K is incorporated herein by reference to the discussion under the heading “Company Information – Insider Trading Policy” in our Proxy Statement for the 2025 Annual Meeting of Stockholders, to be filed with the SEC. A copy of the insider trading policy is filed as an exhibit to this Annual Report on Form 10-K.

Certain other information concerning executive officers and certain other officers of the Company is included in Item 1 of Part I of this Annual Report on Form 10-K under the caption “Information about our Executive Officers.”

The Company has a separately designated audit committee of the Board of Directors established in accordance with the Exchange Act. Erin Helgren, Fazal Merchant, Christine Pantoya and Robert Prather currently serve as members of the Audit Committee, and Mr. Merchant serves as its chairman. Our Board of Directors has determined that Mr. Merchant is an “audit committee financial expert” as defined by the SEC and is independent, as that term is defined in the Exchange Act and the listing standards of the New York Stock Exchange.

Our Board of Directors has adopted a Code of Business Conduct and Ethics applicable to the members of our Board of Directors and our officers, including our Principal Executive Officer, Principal Financial Officer and Principal Accounting Officer. In addition, the Board of Directors has adopted Corporate Governance Guidelines and restated charters for our Audit Committee, Human Resources Committee, Risk Committee, and Nominating and Corporate Governance Committee. You can access our Code of Business Conduct and Ethics, Corporate Governance Guidelines and current committee charters on our website at www.rymanhp.com or request a copy of any of the foregoing by writing to the following address: Ryman Hospitality Properties, Inc., Attention: Secretary, One Gaylord Drive, Nashville, Tennessee 37214. We will make any legally required disclosures regarding amendments to, or waivers of, provisions of the Code of Business Conduct and Ethics, Corporate Governance Guidelines or current committee charters on our website. In accordance with the corporate governance listing standards of the New York Stock Exchange, the Company has designated Mr. Michael Roth as the lead director at all meetings of non-management directors, which meetings will be held on a regular basis. Stockholders, employees and other interested parties may communicate with Mr. Roth, individual non-management directors, or the non-management directors as a group, by email at boardofdirectors@rymanhp.com.

Item 11. *Executive Compensation*

The information required by this Item is incorporated herein by reference to the discussions under the headings “Director Compensation,” “Compensation Discussion and Analysis,” “Executive Compensation – 2024 Summary Compensation Table,” “2024 Grants of Plan-Based Awards,” “Outstanding Equity Awards at 2024 Fiscal Year End,” “2024 Option Exercises and Stock Vested,” “Company Information – CEO Pay Ratio,” “2024 Pay Versus Performance,” “Other Compensation Information – Pension Benefits,” “Other Compensation Information – Nonqualified Deferred Compensation,” “Other Compensation Information – 2024 Nonqualified Deferred Compensation Table,” “Potential Payments on Termination or Change of Control,” “Company Information – Committees of the Board – Compensation

Committee Interlocks and Insider Participation,” and “Human Resources Committee Report” in our Proxy Statement for the 2025 Annual Meeting of Stockholders, to be filed with the SEC.

Item 12. *Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters*

The information required by this Item is incorporated herein by reference to the discussions under the headings “Stock Ownership” and “Equity Compensation Plan Information” in our Proxy Statement for the 2025 Annual Meeting of Stockholders, to be filed with the SEC.

Item 13. *Certain Relationships and Related Transactions, and Director Independence*

The information required by this Item is incorporated herein by reference to the discussions under the headings “Company Information – Corporate Governance – Independence of Directors” and “Certain Transactions” in our Proxy Statement for the 2025 Annual Meeting of Stockholders, to be filed with the SEC.

Item 14. *Principal Accountant Fees and Services*

The information required by this Item is incorporated herein by reference to the discussion under the heading “Our Independent Registered Public Accounting Firm” in our Proxy Statement for the 2025 Annual Meeting of Stockholders, to be filed with the SEC.

PART IV

Item 15. *Exhibits and Financial Statement Schedules*

(a)(1) *Financial Statements*

The accompanying index to financial statements on page 76 of this Annual Report on Form 10-K is provided in response to this Item.

(a)(2) *Financial Statement Schedules*

The following financial statement schedules are filed as a part of this report and are included herein beginning on page 118 of this Annual Report on Form 10-K:

- Schedule II – Valuation and Qualifying Accounts
- Schedule III – Real Estate and Accumulated Depreciation

All other financial statement schedules for which provision is made in the applicable accounting regulations of the SEC are not required under the related instructions or are inapplicable and, therefore, have been omitted.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and the Board of Directors of Ryman Hospitality Properties, Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Ryman Hospitality Properties, Inc. and subsidiaries (the Company) as of December 31, 2024 and 2023, the related consolidated statements of operations, comprehensive income, equity (deficit) and noncontrolling interest and cash flows for each of the three years in the period ended December 31, 2024, and the related notes and financial statement schedules listed in the Index at Item 15(a)(2) (collectively referred to as the “consolidated financial statements”). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company at December 31, 2024 and 2023, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2024, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company’s internal control over financial reporting as of December 31, 2024, based on criteria established in Internal Control – Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework), and our report dated February 21, 2025 expressed an unqualified opinion thereon.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current period audit of the financial statements that was communicated or required to be communicated to the audit committee and that: (1) relates to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective or complex judgments. The communication of the critical audit matter does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

National bonds credit loss reserve

Description of the Matter

At December 31, 2024, the Company holds within Notes Receivable two issuances of governmental bonds (the Bonds) received in connection with the development of the Gaylord National Resort & Convention Center which are reported at a total carrying value of \$57.8 million, net of a credit loss reserve of \$38.0 million. At December 31, 2024, the Series B bond is fully reserved. The Series A bond is of higher priority than other tranches which fall between the Company's two issuances. The Company assesses the Bonds for credit losses, which requires an estimate of projected tax revenues that will service the Bonds over the remaining term. The Bonds and related accounting are more fully described in Notes 1 and 3 to the consolidated financial statements.

Auditing management's assessment of the valuation of the credit loss reserve for the Bonds was complex and judgmental due to the significant estimation required in projecting tax revenues, specifically hotel occupancy taxes and special hotel occupancy taxes generated from the Gaylord National Resort & Convention Center which provide revenues to fund the Bonds. In particular, the estimate of credit losses is impacted by the projections of hotel taxes (which are based on estimated hotel revenues), which are judgmental as the Bonds and related projected cash flows continue for an extended period of time through 2037.

How We Addressed the Matter in Our Audit

We obtained an understanding, evaluated the design and tested the operating effectiveness of controls over the Company's estimation of the credit loss reserve for the Bonds, including controls over management's review of the projections described above.

To test the Company's determination of the credit loss reserve as of December 31, 2024, we performed audit procedures that included, among others, assessing the methodology utilized by management, testing the projections discussed above and the related underlying data used by the Company in its evaluation, and testing the mathematical accuracy of the calculations. In performing those procedures, we compared hotel revenue projections used by management to current industry forecasts. We also involved valuation specialists to assist in assessing the Company's hotel revenue projections used in the credit loss analysis.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Stockholders and the Board of Directors of Ryman Hospitality Properties, Inc.

Opinion on Internal Control Over Financial Reporting

We have audited Ryman Hospitality Properties, Inc. and subsidiaries' internal control over financial reporting as of December 31, 2024, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) (the COSO criteria). In our opinion, Ryman Hospitality Properties, Inc. and subsidiaries (the Company) maintained, in all material respects, effective internal control over financial reporting as of December 31, 2024, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheets of the Company as of December 31, 2024 and 2023, the related consolidated statements of operations, comprehensive income, equity (deficit) and noncontrolling interest and cash flows for each of the three years in the period ended December 31, 2024, and the related notes and financial statement schedules listed in the Index at Item 15(a)(2), and our report dated February 21, 2025, expressed an unqualified opinion thereon.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects.

Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

RYMAN HOSPITALITY PROPERTIES, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Description of the Business and Summary of Significant Accounting Policies

For financial statement presentation and reporting purposes, the Company is the successor to Gaylord Entertainment Company, a Delaware corporation (“Gaylord”). As part of the plan to restructure the business operations of Gaylord to facilitate its qualification as a real estate investment trust (“REIT”) for federal income tax purposes, Gaylord merged with and into its wholly-owned subsidiary, Ryman Hospitality Properties, Inc., a Delaware corporation (“Ryman”), on October 1, 2012, with Ryman as the surviving corporation (the “Merger”). At 12:01 a.m. on October 1, 2012, the effective time of the Merger, Ryman succeeded to and began conducting, directly or indirectly, all of the business conducted by Gaylord immediately prior to the Merger. The “Company” refers to Ryman and its subsidiaries and to Gaylord.

On January 1, 2013, the Company began operating as a REIT for federal income tax purposes, specializing in group-oriented, destination hotel assets in urban and resort markets. The Company’s owned assets include a network of upscale, meetings-focused resorts that are managed by Marriott International, Inc. (“Marriott”) under the Gaylord Hotels brand. These five resorts, which the Company refers to as the Gaylord Hotels properties, consist of the Gaylord Opryland Resort & Convention Center in Nashville, Tennessee (“Gaylord Opryland”), the Gaylord Palms Resort & Convention Center near Orlando, Florida (“Gaylord Palms”), the Gaylord Texan Resort & Convention Center near Dallas, Texas (“Gaylord Texan”), the Gaylord National Resort & Convention Center near Washington D.C. (“Gaylord National”), and the Gaylord Rockies Resort & Convention Center near Denver, Colorado (“Gaylord Rockies”). The Company’s other owned hotel assets managed by Marriott include the JW Marriott San Antonio Hill Country Resort & Spa (“JW Marriott Hill Country”) (effective June 30, 2023), the Inn at Opryland, an overflow hotel adjacent to Gaylord Opryland, and the AC Hotel at National Harbor, Washington D.C. (“AC Hotel”), an overflow hotel adjacent to Gaylord National.

The Company also owns a controlling 70% equity interest in OEG Attractions Holdings, LLC, a business comprised of a number of entertainment and media assets, known as the Opry Entertainment Group (“OEG”), which the Company reports as its Entertainment segment. These assets include the Grand Ole Opry, the legendary weekly showcase of country music’s finest performers; the Ryman Auditorium, the storied live music venue and former home of the Grand Ole Opry; WSM-AM, the Opry’s radio home; Ole Red, a brand of Blake Shelton-themed bar, music venue and event spaces; Category 10, a Luke Combs-themed bar, music venue and event space that opened in November 2024; as of May 31, 2022, Block 21, a mixed-use entertainment, lodging, office, and retail complex located in Austin, Texas (“Block 21”); and as of January 3, 2025, a majority equity interest in Southern Entertainment, a Charlotte, North Carolina-based national music festival and events production company. Prior to June 16, 2022, the Company owned 100% of OEG. See “OEG Transaction” in this Note 1 for further disclosure. OEG also previously owned a 50% interest in a joint venture that created and distributed a linear multicast and over-the-top channel dedicated to the country music lifestyle (“Circle”).

The Company conducts its business through an umbrella partnership REIT, in which all of its assets are held by, and all of its operations are conducted through, RHP Hotel Properties, LP, a subsidiary operating partnership (the “Operating Partnership”) that the Company formed in connection with its REIT conversion. Ryman and the non-controlling operating partnership unit holders discussed in “Income Per Share” in this Note 1 are the sole limited partners of the Operating Partnership, and Ryman currently owns, either directly or indirectly, 99.3% of the partnership units of the Operating Partnership. RHP Finance Corporation, a Delaware corporation (“Finco”), was formed as a wholly-owned subsidiary of the Operating Partnership for the sole purpose of being an issuer of debt securities with the Operating Partnership. Neither Ryman nor Finco has any material assets, other than Ryman’s investment in the Operating Partnership and its 100%-owned subsidiaries. Neither the Operating Partnership nor Finco has any business, operations, financial results or other material information, other than the business, operations, financial results and other material information described in this Annual Report on Form 10-K and Ryman’s other reports, documents or other information filed with the Securities and Exchange Commission pursuant to the Securities Exchange Act of 1934, as amended.

The Company principally operates, through its subsidiaries and its property managers, as applicable, in the following business segments: Hospitality; Entertainment; and Corporate and Other. The Company's fiscal year ends on December 31 for all periods presented.

Business Segments

Hospitality

The Hospitality segment includes the Gaylord Hotels properties, JW Marriott Hill Country (effective June 30, 2023), the Inn at Opryland and the AC Hotel, each of which is managed by Marriott pursuant to a management agreement for each hotel.

Entertainment

The Entertainment segment includes the OEG business, specifically the Grand Ole Opry, the Ryman Auditorium, WSM-AM, Ole Red, Category 10, Block 21, and OEG's previous investment in the Circle joint venture, among various others. Marriott manages the day-to-day operations of the General Jackson and the W Austin, which is part of the Block 21 complex, pursuant to management agreements.

Corporate and Other

The Corporate and Other segment includes operating and general and administrative expenses related to the overall management of the Company which are not allocated to the other reportable segments, including certain costs for the Company's retirement plans, equity-based compensation plans, information technology, human resources, accounting, and other administrative expenses.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of the Company and its subsidiaries. The Company's investments in non-controlled entities in which it has the ability to exercise significant influence over operating and financial policies are accounted for by the equity method. All significant intercompany accounts and transactions have been eliminated in consolidation.

The Company analyzes its variable interests, including loans, guarantees, management agreements, leasing arrangements and equity investments, to determine if an entity in which it has a variable interest is a variable interest entity ("VIE"). This analysis primarily includes a qualitative review, which is based on a review of the design of the entity, its organizational structure, including decision-making ability, and relevant financial agreements. This analysis is also used to determine if the Company must consolidate the VIE as the primary beneficiary.

In September 2023, the Company and its joint venture partner agreed to wind down the Circle joint venture, with operations ceasing December 31, 2023. As a result, the Company incurred a loss related to Circle of approximately \$10.5 million, which is included in loss from unconsolidated joint ventures in the accompanying consolidated statement of operations for 2023.

OEG Transaction

On June 16, 2022, the Company and certain of its subsidiaries consummated the transactions contemplated by an investment agreement (the "Investment Agreement") with Atairos Group, Inc. ("Atairos") and A-OEG Holdings, LLC, an affiliate of Atairos (the "OEG Investor"), pursuant to which OEG issued and sold to the OEG Investor, and the OEG Investor acquired, 30% of the equity interests of OEG for approximately \$296.0 million (the "OEG Transaction").

The Company retains a controlling 70% equity interest in OEG and continues to consolidate the assets, liabilities and results of operations of OEG in the accompanying consolidated financial statements. The portion of OEG that the Company does not own is recorded as noncontrolling interest in consolidated joint venture, which is classified as

mezzanine equity in the accompanying consolidated balance sheets, and any adjustment necessary to reflect the noncontrolling interest at its redemption value is shown in the accompanying consolidated statements of equity (deficit) and noncontrolling interest. After the payment of transaction expenses, the Company used substantially all of the net proceeds from the OEG Transaction, together with the net proceeds the Company received from the OEG Term Loan (as defined below), to repay the then-outstanding balance of the Company's former \$300 million term loan A and to pay down substantially all borrowings then outstanding under the Company's revolving credit facility.

Pursuant to the Second Amended and Restated Limited Liability Company Agreement for OEG entered into at the closing of the OEG Transaction (the "OEG LLC Agreement"), OEG is governed by a Board of Managers (the "Board"), subject to member consent to certain actions. The Board initially consists of six members, four designated by the Company and two designated by the OEG Investor. Board membership may be modified from time to time to reflect the proportional ownership of outstanding units by each party. Subject to certain ownership thresholds, the approval of both parties will be required with respect to certain "major decisions" affecting OEG, including, but not limited to, approval of OEG's annual operating budget in the event of changes exceeding certain thresholds, the incurrence of certain debt, the issuance of new equity securities, and mergers, acquisitions or dispositions in excess of a certain dollar threshold.

The OEG Investor will have the option to acquire additional common units of OEG from the Company (the "Purchase Option") in the fourth quarter of 2025 in an amount equal to the lesser of \$125 million or the maximum amount of proceeds that the Company may receive with respect to its compliance with applicable REIT tests, provided that the OEG Investor may not purchase an amount of common units that would result in the Company owning less than 51% of the outstanding common units after giving effect to the purchase. If the OEG Investor elects to exercise the Purchase Option, then (i) beginning on June 16, 2027 (the fifth anniversary of the OEG Investor's original investment in OEG (the "Fifth Anniversary")), the OEG Investor will have the right to demand that OEG undertake a Qualified IPO and (ii) the OEG Investor's rights with respect to the IPO Request Put Right, the Seven-Year Put Right, an IPO Payment and a Sale Payment, each as defined in the OEG LLC Agreement and described below, will expire. The Purchase Option will terminate upon the occurrence of a Qualified IPO, a Sale of OEG or a Qualified Spinoff, each as defined in the OEG LLC Agreement.

IPO Request Put Right. If OEG has not completed a Qualified IPO prior to June 16, 2026 (the fourth anniversary of the OEG Investor's original investment in OEG (the "Fourth Anniversary")), the OEG Investor may request that OEG undertake a Qualified IPO. If the Company, through its subsidiary RHP Hotels, LLC (the "Ryman Member"), declines to undertake such Qualified IPO, the OEG Investor may cause the Ryman Member to acquire all of the OEG Investor's interest in OEG at a price equal to 1.5 times the OEG Investor's equity investment (the "IPO Request Put Price").

Seven-Year Put Right. If OEG has not completed a Qualified IPO, Sale of OEG or a Qualified Spinoff prior to June 16, 2029 (the seventh anniversary of the OEG Investor's original investment in OEG (the "Seventh Anniversary")), the OEG Investor may cause the Ryman Member to acquire all of the OEG Investor's interest in OEG at a price equal to the fair value of the OEG Investor's equity interest (the "Seven-Year Put Price").

The IPO Request Put Price and the Seven-Year Put Price may each be settled in either cash or Company stock, at the Company's option, and the IPO Request Put Right and the Seven-Year Put Right will each terminate at the first closing of the Purchase Option.

IPO Payment. Upon a Qualified IPO that occurs on or before the Seventh Anniversary, the OEG Investor will be entitled to an IPO Payment if the Post IPO Investor Stake Value (as defined in OEG LLC Agreement) measured on the 120th trading day post-IPO does not equal or exceed the Minimum Investor Stake Value (as defined in the OEG LLC Agreement). If the IPO occurs after the Fourth Anniversary, the IPO Payment will be capped at 50% of the OEG Investor's investment in OEG (the "Payment Cap"). Any IPO Payment may be satisfied in either cash, OEG equity owned by the Ryman Member, or Company stock, at the Company's option.

Sale Payment. Upon a sale of OEG (but excluding a Qualified Spinoff) that occurs on or before the Seventh Anniversary, the OEG Investor will be entitled to a Sale Payment if the value of the OEG Investor's retained invested equity (implied by the sale) does not equal or exceed the Minimum Investor Sale Value (as defined in the OEG LLC Agreement). If a sale of OEG occurs after the Fifth Anniversary, any Sale Payment will be capped at the Payment Cap.

Any Sale Payment may be satisfied in either cash, a preferential cash distribution, additional consideration in the Sale of OEG or Company stock at the Company's option.

The above descriptions related to the OEG LLC Agreement do not purport to be complete and are qualified in their entirety by reference to the OEG LLC Agreement filed as [Exhibit 10.11 to this Annual Report on Form 10-K](#) and incorporated herein by reference.

JW Marriott Hill Country Transaction

On June 30, 2023, the Company purchased JW Marriott Hill Country for approximately \$800 million. Located amid approximately 600 acres in the Texas Hill Country region outside of San Antonio, JW Marriott Hill Country, which opened in 2010, is a premier group-oriented resort with 1,002 rooms and 268,000 total square feet of indoor and outdoor meeting and event space. The resort's amenities include a spa, several food and beverage outlets, a water experience, and TPC San Antonio, which features two 18-hole golf courses. The Company funded the purchase price with approximately \$395 million in net proceeds of an underwritten registered public offering of approximately 4.4 million shares of the Company's common stock (see Note 9, "Equity"), approximately \$393 million in net proceeds of a private placement of \$400 million aggregate principal amount of 7.25% senior notes due 2028 (see Note 4, "Debt") and cash on hand. JW Marriott Hill Country assets and operations are reflected in the Company's Hospitality segment beginning June 30, 2023.

The Company performed a valuation of the fair value of the acquired assets and liabilities assumed as of June 30, 2023. The valuations of the various components of property and equipment were determined principally based on the cost approach, which uses assumptions regarding replacement values from established indices. The valuation of intangible assets was based on various methods to evaluate the values of advanced bookings previously received for the hotel and the values of golf memberships and water rights for the golf course. The Company considers each of these estimates as Level 3 fair value measurements.

The Company determined that the acquisition represents an asset acquisition and has capitalized transaction costs and allocated the purchase price to the relative fair values of assets acquired and liabilities assumed, adjusted for working capital adjustments as set forth in the purchase agreement and transaction costs, as follows (amounts in thousands):

Property and equipment	\$ 772,821
Cash and cash equivalents - unrestricted	12,690
Cash and cash equivalents - restricted	5,477
Trade receivables	14,743
Prepaid expenses and other assets	3,953
Intangible assets	25,097
Total assets acquired	<u>834,781</u>
Accounts payable and accrued liabilities	<u>(25,148)</u>
Total liabilities assumed	<u>(25,148)</u>
Net assets acquired	<u>\$ 809,633</u>

Block 21 Transaction

On May 31, 2022, the Company purchased Block 21 for a stated purchase price of \$260 million, as subsequently adjusted to \$255 million pursuant to the terms of the purchase agreement, which included the assumption of approximately \$136 million of existing mortgage debt. Block 21 is the home of the Austin City Limits Live at The Moody Theater ("ACL Live"), a 2,750-seat entertainment venue that serves as the filming location for the Austin City Limits television series. The Block 21 complex also includes the 251-room W Austin, the 3TEN at ACL Live club and approximately 53,000 square feet of other Class A commercial space. The Company funded the cash portion of the purchase price with cash on hand and borrowings under its revolving credit facility. The acquisition was accounted for as a business combination, given the different nature of the principal operations acquired (a hotel and an entertainment venue). Block 21 assets and operations are reflected in the Company's Entertainment segment beginning May 31, 2022.

The Company performed a preliminary valuation of the fair value of the acquired assets and liabilities assumed as of May 31, 2022. The valuations of the various components of property and equipment were determined principally based on the cost approach, which uses assumptions regarding replacement values from established indices. The valuation of intangible assets was based on various methods to evaluate the values of leases in place and advanced bookings previously received for the hotel. The valuation of assumed debt was principally based on a discounted cash flow approach using market interest rates at the time of the transaction. The Company considers each of these estimates as Level 3 fair value measurements. Other acquired assets were valued at, and fair value approximated, carrying value. Based on the aggregation of fair values as compared to consideration transferred, the Company concluded that there was no goodwill or bargain purchase gain related to the business combination. The Company performed an income approach evaluation of the acquired set which corroborated the conclusion that there was no goodwill related to the acquisition. Such evaluation included assumptions of future projected cash flows, which were based on the future projected occupancy and average daily rate for the W Austin, future anticipated cash flows at ACL Live, and market discount rates.

Utilizing the valuation, the Company performed a purchase price allocation for the acquired assets and liabilities of Block 21. As a result, the Company allocated the purchase price, adjusted for working capital adjustments as defined in the purchase agreement, as follows (amounts in thousands):

Property and equipment	\$	237,159
Cash and cash equivalents - unrestricted		8,493
Cash and cash equivalents - restricted		12,450
Trade receivables		1,405
Prepaid expenses and other assets		1,085
Intangible assets		1,723
Total assets acquired		<u>262,315</u>
Debt		(132,531)
Accounts payable and accrued liabilities		(14,774)
Other liabilities		(75)
Total liabilities assumed		<u>(147,380)</u>
Net assets acquired	\$	<u>114,935</u>

During the first quarter of 2023, the Company concluded its valuation of the fair value of the acquired assets and liabilities assumed as of May 31, 2022, and no significant changes were made to the provisional amounts presented above.

The Company incurred \$1.3 million in acquisition-related expenses in 2022, which are included in entertainment expenses in the accompanying consolidated statement of operations.

Property and Equipment

Property and equipment are stated at cost or initially at estimated fair value if recorded in connection with purchase accounting. Improvements and significant renovations that extend the lives of existing assets are capitalized. Interest on funds borrowed to finance the construction of major capital additions is included in the cost of the applicable capital addition. Maintenance and repairs are charged to expense as incurred. Property and equipment are generally depreciated using the straight-line method over the following estimated useful lives:

Buildings	40 years
Land improvements	20 years
Furniture, fixtures and equipment	5-8 years
Leasehold improvements	The shorter of the lease term or useful life

Cash and Cash Equivalents — Unrestricted

The Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. The Company maintains cash and cash equivalents balances in excess of insured limits with various financial institutions.

Cash and Cash Equivalents — Restricted

Restricted cash and cash equivalents primarily represent funds held by our property manager for furniture, fixtures and equipment reserves. In addition, based on its loan agreement, Block 21 must maintain a restricted cash balance related to debt service, property tax, insurance and other payments.

Effective September 30, 2024, Block 21 was in a Trigger Period (as defined in Note 4, “Debt”). Such cash amounts held as a result of the Trigger Period are also included in restricted cash for 2024.

Supplemental Cash Flow Information

Cash paid for interest, net considering amounts from interest rate swaps, for the years ended December 31 was comprised of (amounts in thousands):

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Debt interest paid	\$ 210,650	\$ 183,479	\$ 135,467
Capitalized interest	(7,560)	(2,483)	(183)
Cash paid for interest, net of capitalized interest	<u>\$ 203,090</u>	<u>\$ 180,996</u>	<u>\$ 135,284</u>

Net cash payments of income taxes in 2024, 2023 and 2022 were \$3.0 million, \$6.5 million and \$27.0 million, respectively.

Accounts Receivable

The Company’s accounts receivable are primarily generated by meetings and convention attendees’ room nights and food and beverage. Receivables arising from these sales are not collateralized. Credit risk associated with the accounts receivable is minimized due to the large and diverse nature of the customer base.

Credit Loss Reserves on Receivables

The Company provides for credit loss reserves based upon a percentage of accounts receivable that considers historical write-offs, current economic conditions, and management’s expectations about future economic conditions, as well as periodic evaluations of the aging of accounts receivable.

The Company provides credit loss reserves for the Gaylord National bonds by comparing the amortized cost basis to their present value. If the amortized cost basis exceeds the present value, an expected credit loss exists and the allowance for credit losses is measured as the difference between the bonds’ amortized cost basis and present value, which is estimated using discounted cash flow analyses that utilize comprehensive cash flow projections over the contractual life of the bonds, as well as observable market data to the extent available. The Company considers each of these estimates as Level 3 fair value measurements.

Prepaid Expenses and Other Assets

Prepaid expenses and other assets at December 31 consist of (amounts in thousands):

	2024	2023
Prepaid expenses	\$ 26,872	\$ 22,458
Supplemental deferred compensation plan assets	37,440	33,073
Tax rebate receivables	34,780	34,324
Inventories	16,134	14,007
Right-of-use assets for operating leases	22,079	18,134
Deferred financing costs on revolving credit facilities	6,162	8,420
Other	34,624	24,394
Total prepaid expenses and other assets	<u>\$ 178,091</u>	<u>\$ 154,810</u>

Prepaid expenses consist of prepayments for property taxes, insurance and other contracts that will be expensed during the subsequent year. Inventories consist primarily of food and beverage inventory for resale and retail inventory sold in the Entertainment segment. Inventory is carried at the lower of cost or net realizable value. Cost is computed on an average cost basis. Other assets include capitalized software costs, non-trade receivables, and investments in joint ventures, among others.

Gaylord Rockies is party to an incentive agreement with the local government that provides that Gaylord Rockies is entitled to receive monthly rebates of certain city and state taxes, including property, sales and lodging taxes. The term of the rebate agreement varies by type of tax but ranges from 25-33 years from commencement of the construction of Gaylord Rockies. Gaylord Rockies earned \$52.2 million, \$52.8 million and \$38.4 million in rebates in 2024, 2023 and 2022, respectively, which are generally recorded as a reduction in other hotel expenses in the accompanying consolidated statements of operations.

Intangible Assets

In connection with the Company's purchase price allocation of the Gaylord Rockies joint venture, the Company acquired certain definite-lived intangibles, which are shown on the accompanying consolidated balance sheets. Included in these intangibles are the original estimated fair value of advanced bookings of \$125.5 million and the original estimated fair value related to the Gaylord Hotels trade name, which Marriott owns, of \$115.3 million. The advanced bookings asset was amortized on a straight-line basis over a period of 3.5 years, which corresponded with the period in which the advanced bookings related, and the value in the trade name is being amortized on a straight-line basis over 30 years, which is the period of the Marriott management agreement.

The gross carrying amount of intangible assets at December 31, 2024 and 2023 was \$274.9 million and \$279.8 million, respectively. Accumulated amortization of intangible assets at December 31, 2024 and 2023 was \$158.5 million and \$155.6 million, respectively. Amortization expense related to intangible assets during 2024, 2023 and 2022 was \$7.8 million, \$6.8 million and \$22.7 million, respectively. The estimated amounts of amortization expense for the next five years are as follows (amounts in thousands):

2025	\$ 7,694
2026	7,456
2027	5,458
2028	5,329
2029	5,329
	<u>\$ 31,266</u>

Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities at December 31 consist of (amounts in thousands):

	<u>2024</u>	<u>2023</u>
Trade accounts payable	\$ 58,366	\$ 57,030
Property and other taxes payable	91,941	90,558
Deferred revenues	173,029	159,762
Accrued salaries and benefits	45,780	57,502
Interest payable	48,415	39,870
Other accrued liabilities	49,040	59,998
Total accounts payable and accrued liabilities	<u>\$ 466,571</u>	<u>\$ 464,720</u>

Deferred revenues consist primarily of deposits on advance bookings of hotel rooms and advance ticket sales at the Company's entertainment properties, as well as uncollected attrition and cancellation fees. Other accrued liabilities include accruals for, among others, purchasing, meeting planner commissions and utilities.

Income Taxes

The Company establishes deferred tax assets and liabilities based on the difference between the financial statement and income tax carrying amounts of assets and liabilities using existing tax laws and tax rates. The Company reports a liability for unrecognized tax benefits resulting from uncertain tax positions taken or expected to be taken in a tax return, if any. The Company recognizes interest and penalties, if any, related to unrecognized tax benefits in income tax expense. See Note 10, "Income Taxes," for more detail on the Company's income taxes.

The effect on deferred tax assets and liabilities of a change in the tax rate is recognized in income in the period that includes the enactment date of the rate change. The Company records a valuation allowance to reduce its deferred tax assets to the amount that is more likely than not to be realized. The Company has considered all available positive and negative evidence in assessing the need for a valuation allowance.

Deferred Management Rights Proceeds

The Company has deferred and amortizes the proceeds received from Marriott that were allocated to the sale of the management rights, as discussed further in Note 5, "Deferred Management Rights Proceeds," on a straight-line basis over the term of the hotel management agreements, including extensions, as a reduction in management fee expense in the accompanying consolidated statements of operations.

Other Liabilities

Other liabilities at December 31 consist of (amounts in thousands):

	<u>2024</u>	<u>2023</u>
Pension and postretirement benefits liability	\$ 12,649	\$ 17,404
Deferred compensation liability	37,440	33,073
Derivative liabilities	386	1,322
Other	16,330	14,859
Total other liabilities	<u>\$ 66,805</u>	<u>\$ 66,658</u>

Deferred Financing Costs

Deferred financing costs ("DFCs") consist of loan fees and other costs of financing that are amortized over the term of the related financing agreements, using the effective interest method, and are generally presented as a reduction of the related debt liability. DFCs on the Company's revolving credit facility and the OEG revolving credit facility are included

in prepaid expenses and other assets when the related revolving credit facility has no outstanding balance. During 2024, 2023 and 2022, DFCs of \$10.7 million, \$10.7 million and \$9.8 million, respectively, were amortized to interest expense in the accompanying consolidated statements of operations.

Noncontrolling Interests

OEG

The noncontrolling interest in consolidated joint venture for 2024 and 2023 represents the minority investor's proportionate share of the assets and liabilities of OEG, adjusted for changes in the redemption value of the related put rights. The noncontrolling interest is classified in the mezzanine section of the consolidated balance sheets as the related redemption options do not meet the requirements for permanent equity classification because these redemption options may be redeemed by the holder as described above in "OEG Transaction."

The initial value of the noncontrolling interest in OEG, which included certain put rights, was estimated based on the purchase price received from the OEG Investor. In general, the carrying value will be based on the greater of the accumulated historical cost or the put right redemption value, and at December 31, 2024, approximates the fair value of the noncontrolling interest. An adjustment is also made for the OEG Investor's proportionate share of income or loss in the accompanying consolidated statements of operations.

OP Units

Certain former owners of interests in the previous Gaylord Rockies joint venture received units of the Operating Partnership ("OP Units") in exchange for their interests. Such OP Units have economic terms that are substantially similar to shares of the Company's common stock and are redeemable at the option of the holders thereof.

The noncontrolling interest in the Operating Partnership represents the limited partners' proportionate share of the equity of the Operating Partnership. The noncontrolling interest is classified in the equity section of the consolidated balance sheets, separately from stockholders' equity, as the related redemption options are redeemable for cash, or if the Company so elects, in unregistered shares of the Company's common stock on a one-for-one basis, subject to certain adjustments. An adjustment is made for the limited partners' proportionate share of income or loss in the accompanying consolidated statements of operations. At December 31, 2024, 0.4 million outstanding OP Units, or 0.7% of the outstanding OP Units, were held by the noncontrolling limited partners and are included as a component of equity in the accompanying consolidated balance sheets. The Company owns, directly or indirectly, the remaining 99.3% of the outstanding OP Units.

Revenue Recognition

Revenues from occupied hotel rooms are recognized over time as the daily hotel stay is provided to hotel groups and guests. Revenues from concessions, food and beverage sales and group meeting services are recognized over the period or at the point in time those goods or services are delivered to the hotel group or guest. Revenues from ancillary services at the Company's hotels, such as spa, parking, and transportation services, are generally recognized at the time the goods or services are provided. Cancellation fees and attrition fees, which are charged to groups when they do not fulfill the minimum number of room nights or minimum food and beverage spending requirements originally contracted for, are generally recognized as revenue in the period the Company determines it is probable that a significant reversal in the amount of revenue recognized will not occur, which is typically the period these fees are collected. The Company generally recognizes revenues from the Entertainment segment at the point in time that services are provided or goods are delivered or shipped to the customer, as applicable. Cash received from advanced ticket sales is deferred and recognized as revenue at the time of the event. Entertainment segment revenues from licenses of content are recognized at the point in time the content is delivered to the licensee and the licensee can use and benefit from the content. The Company is required to collect certain taxes from customers on behalf of government agencies and remit these to the applicable governmental entity on a periodic basis. These taxes are collected from customers at the time of purchase but are not included in revenue. The Company records a liability upon collection from the customer and relieves the liability when payments are remitted to the applicable governmental agency.

The Company's revenues disaggregated by major source are as follows (in thousands):

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Hotel group rooms	\$ 509,014	\$ 462,674	\$ 364,835
Hotel transient rooms	235,573	238,464	230,709
Hotel food and beverage - banquets	666,525	569,803	440,364
Hotel food and beverage - outlets	274,302	261,993	226,645
Hotel other	311,636	300,544	275,421
Entertainment admissions/ticketing	126,897	124,647	107,377
Entertainment food and beverage	125,862	107,335	89,931
Entertainment retail and other	89,417	92,676	70,687
Total revenues	<u>\$ 2,339,226</u>	<u>\$ 2,158,136</u>	<u>\$ 1,805,969</u>

The Company's Hospitality segment revenues disaggregated by location are as follows (in thousands):

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Gaylord Opryland	\$ 495,552	\$ 474,884	\$ 424,188
Gaylord Palms	302,371	309,616	279,578
Gaylord Texan	351,151	358,399	307,318
Gaylord National	311,330	307,139	249,849
Gaylord Rockies	290,141	266,737	253,326
JW Marriott Hill Country	220,524	92,813	—
AC Hotel	12,647	11,997	10,419
Inn at Opryland and other	13,334	11,893	13,296
Total Hospitality segment revenues	<u>\$ 1,997,050</u>	<u>\$ 1,833,478</u>	<u>\$ 1,537,974</u>

The majority of the Company's Entertainment segment revenues are concentrated in Nashville, Tennessee; Las Vegas, Nevada; and Austin, Texas.

The Company records deferred revenues when cash payments are received in advance of its performance obligations, primarily related to advanced deposits on hotel rooms in its Hospitality segment and advanced ticketing in its OEG venues. At December 31, 2024 and 2023, the Company had \$173.0 million and \$159.8 million, respectively, in deferred revenues, which are included in accounts payable and accrued liabilities in the accompanying consolidated balance sheets. Of the amount outstanding at December 31, 2023, approximately \$117.5 million was recognized in revenues during 2024.

Management Fees

The Company pays Marriott a base management fee based on the gross revenues from the applicable property for each fiscal year or portion thereof. The applicable percentage for the Gaylord Hotels properties, excluding Gaylord Rockies, is approximately 2% of gross revenues, Gaylord Rockies is approximately 3% of revenues, and JW Marriott Hill Country is approximately 3.5% of gross revenues. Additionally, the Company pays Marriott an incentive management fee based on the profitability of the properties. The Company incurred \$48.0 million, \$42.8 million and \$35.1 million in base management fees to Marriott during 2024, 2023 and 2022, respectively. The Company incurred \$30.0 million, \$28.5 million and \$13.5 million in incentive fees to Marriott during 2024, 2023 and 2022, respectively. Management fees are presented in the consolidated statements of operations net of the amortization of the deferred management rights proceeds discussed further in Note 5, "Deferred Management Rights Proceeds."

Advertising Costs

Advertising costs are expensed as incurred and were \$71.4 million, \$65.0 million, and \$55.1 million for 2024, 2023 and 2022, respectively.

Stock-Based Compensation

The Company has stock-based employee compensation plans, which are described more fully in Note 7, “Stock Plans.” The Company accounts for its stock-based compensation plan under the provisions of Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 718, “*Compensation – Stock Compensation.*”

Preopening Costs

The Company expenses the costs associated with start-up activities and organization costs associated with its development or reopening of hotels and significant attractions as incurred. The Company’s preopening costs during 2024 include costs associated with Category 10, which opened in November 2024 and Ole Red Las Vegas, which opened in January 2024. The Company’s preopening costs during 2023 include costs associated with Ole Red Las Vegas. The Company’s preopening costs during 2022 include costs associated with Ole Red Nashville International Airport, which opened in May 2022.

Derivative Financial Instruments

The Company has entered into and may in the future enter into additional interest rate swap agreements to hedge against interest rate fluctuations. The Company does not use derivatives for trading or speculative purposes and currently does not hold any derivatives that are not designated as hedges.

For derivatives designated as and that qualify as cash flow hedges of interest rate risk, the gain or loss on the derivative resulting from recording each instrument at estimated fair value is recorded in accumulated other comprehensive loss and subsequently reclassified to interest expense in the same period during which the hedged transaction affects earnings. These amounts reported in accumulated other comprehensive loss will be reclassified to interest expense as interest payments are made on the related variable-rate debt. The Company estimates that \$0.4 million will be reclassified from accumulated other comprehensive loss to interest expense in the next twelve months.

Impairment of Long-Lived and Other Assets

In accounting for the Company’s long-lived and other assets (including its property and equipment and intangible assets), the Company assesses its long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying value of the assets or asset group may not be recoverable.

Recoverability of property and equipment and definite-lived intangible assets that will continue to be used is measured by comparing the carrying amount of the asset or asset group to the related total future undiscounted net cash flows. If an asset or asset group’s carrying value is not recoverable through those cash flows, the asset group is considered to be impaired. The impairment is measured by the excess of the assets’ carrying amount over their fair value, which is estimated using discounted cash flow analyses that utilize comprehensive cash flow projections, as well as observable market data to the extent available.

The Company recorded no impairment losses during 2024, 2023 or 2022.

Income Per Share

Income per share is measured as basic earnings per share and diluted earnings per share. Basic earnings per share is computed by dividing net income by the weighted average number of common shares outstanding during the year. Diluted earnings per share is computed by dividing net income by the weighted average number of common shares outstanding after considering the effect of conversion of dilutive instruments, calculated using the treasury stock method or if-converted method, as applicable. Net income per share amounts are calculated as follows for the years ended December 31 (income and share amounts in thousands):

	2024	2023	2022
Numerator:			
Net income available to common stockholders	\$ 271,638	\$ 311,217	\$ 128,993
Net income attributable to noncontrolling interest in consolidated joint venture	6,760	—	—
Net income available to common stockholders - if-converted method	<u>\$ 278,398</u>	<u>\$ 311,217</u>	<u>\$ 128,993</u>
Denominator:			
Weighted average shares outstanding - basic	59,859	57,750	55,140
Effect of dilutive stock-based compensation	281	311	237
Effect of dilutive put rights	3,492	—	—
Weighted average shares outstanding - diluted	<u>63,632</u>	<u>58,061</u>	<u>55,377</u>
Basic income per share available to common stockholders	\$ 4.54	\$ 5.39	\$ 2.34
Diluted income per share available to common stockholders	\$ 4.38	\$ 5.36	\$ 2.33

As more fully discussed above in “OEG Transaction,” although currently not exercisable, the OEG Investor has certain put rights (the “OEG Put Rights”) to require the Company to purchase the OEG Investor’s equity interest in OEG, which the Company may pay in cash or Company stock, at the Company’s option. The Company calculated potential dilution for the OEG Put Rights based on the if-converted method, which assumes the OEG Put Rights were converted on the first day of the period or the date of issuance and the OEG Investor’s noncontrolling equity interest was redeemed in exchange for shares of the Company’s common stock. For 2023 and 2022, the effect of the OEG Put Rights was the equivalent of 4.2 million and 1.9 million shares, respectively, of Company common stock outstanding. Because the OEG Put Rights were anti-dilutive for 2023 and 2022, such incremental shares were excluded from the computation of dilutive earnings per share.

The OP Units held by the noncontrolling interest holders in the Operating Partnership have been excluded from the denominator of the diluted income per share calculation as there would be no effect on the calculation of diluted earnings per share because the income or loss attributable to the OP Units held by the noncontrolling interest holders would also be added or subtracted to derive net income available to common stockholders.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reported periods. Actual results could differ from those estimates.

Newly Issued Accounting Standards

In November 2023, the FASB issued ASU No. 2023-07, “*Improvements to Reportable Segment Disclosures*,” requiring public entities to provide disclosures of significant segment expenses and other segment items, as well as to provide in interim periods all disclosures about a reportable segment’s profit or loss and assets that are currently required annually. The Company retrospectively adopted this guidance for fiscal year 2024 and will retrospectively adopt this guidance for

interim periods beginning in fiscal year 2025. This adoption did not have a material impact on the Company's financial statements.

In December 2023, the FASB issued ASU No. 2023-09, "Improvements to Income Tax Disclosures," requiring public entities to provide additional information in the rate reconciliation, to disclose annually income taxes paid disaggregated by federal, state and foreign taxes and to disaggregate the information by jurisdiction based on a quantitative threshold. The guidance is applied prospectively, but with the option to apply retrospectively, and will be effective for the Company for fiscal year 2025. The Company is currently evaluating the impact of this ASU but does not anticipate this adoption to have a material impact on the Company's financial statements.

In November 2024, the FASB issued ASU No. 2024-03, "Expense Disaggregation Disclosures," requiring public companies to disclose, on an annual and interim basis, disaggregated information about certain income statement line items, including employee compensation, purchases of inventory, depreciation, intangible asset amortization and depletion for each income statement line item that includes those expenses. The guidance is applied prospectively, but with the option to apply retrospectively, and will be effective for the Company for fiscal year 2027. The Company is currently evaluating the impact of this ASU but does not anticipate this adoption to have a material impact on the Company's financial statements.

2. Property and Equipment

Property and equipment at December 31 is recorded at cost, with the exception of right-of-use finance leases and the initial value assigned to assets acquired in an acquisition, and summarized as follows (amounts in thousands):

	2024	2023
Land and land improvements	\$ 613,870	\$ 605,500
Buildings	4,593,839	4,396,302
Furniture, fixtures and equipment	1,329,039	1,138,769
Right-of-use finance lease assets	1,017	1,793
Construction-in-progress	110,897	122,923
	<u>6,648,662</u>	<u>6,265,287</u>
Accumulated depreciation and amortization	<u>(2,524,280)</u>	<u>(2,309,701)</u>
Property and equipment, net	<u>\$ 4,124,382</u>	<u>\$ 3,955,586</u>

Depreciation expense, including amortization of assets under finance lease obligations, during 2024, 2023 and 2022 was \$226.8 million, \$203.3 million, and \$184.7 million, respectively.

In June 2017, the Company entered into an agreement with the Industrial Development Board of the Metropolitan Government of Nashville and Davidson County (the "Board") to implement a tax abatement plan related to Gaylord Opryland. The tax abatement plan provides for the capping of real property taxes for a period of eight years by legally transferring title to the Gaylord Opryland real property to the Board. The Board financed the acquisition of the Gaylord Opryland real property by issuing a \$650 million industrial revenue bond to the Company. The Board then leased this property back to the Company. The Company is obligated to make lease payments equal to the debt service on the industrial revenue bond. No cash was exchanged, and no cash will be exchanged in connection with the Company's lease payments under the lease. The tax abatement period extends through the term of the lease, which coincides with the nine-year maturity of the bond. At any time, the Company has the option to repurchase the real property at a de minimis amount. Due to the form of these transactions, the Company has not recorded the bond or the lease obligation associated with the sale lease-back transaction, and the cost of the Gaylord Opryland real property remains recorded on the balance sheets and is being depreciated over its estimated useful life.

3. Notes Receivable

In connection with the development of Gaylord National, Prince George's County, Maryland ("the County") issued a bond with a face value of \$95 million ("Series A Bond") and an additional bond with a face value of \$50 million ("Series B Bond"), which were delivered to the Company upon substantial completion and opening of Gaylord National

in 2008. The interest rate on the Series A Bond and Series B Bond is 8.0% and 10.0%, respectively. The maturity dates of the Series A Bond and the Series B Bond are July 1, 2034 and September 1, 2037, respectively.

Upon receipt in 2008, the Company calculated the present value of the future debt service payments from the Series A Bond and Series B Bond based on their effective interest rates of 8.04% and 11.42%, respectively, and recorded the notes receivable at their discounted values of \$93.8 million and \$38.3 million, respectively. The Company records the amortization of discount on these notes receivable as interest income over the terms of the notes. The Company is currently holding the bonds, which have aggregate carrying values and approximate fair values of \$57.8 million and \$61.8 million at December 31, 2024 and 2023, respectively, net of a credit loss reserve of \$38.0 million at each period. The Company earns interest income on the debt service on the notes receivable, which are payable from tax increments, hotel taxes and special hotel rental taxes generated from the development through the maturity dates. Interest income is recorded on an accrual basis to the extent that such amounts are expected to be collected. During the periods presented, the Company has accrued interest only on the Series A Bond. The Company's estimate of credit loss reserves is sensitive to significant assumptions, which include the projections of hotel taxes (which are based on expected hotel revenues) and property taxes, both of which are affected by expectations about future market and economic conditions, particularly those in the Washington D.C. market. These assumptions are based on Level 3 inputs. Further, such assumptions are judgmental as the bonds and related projected cash flows continue for an extended period of time through 2037.

The Company has the intent and ability to hold the Series A Bond and Series B Bond to maturity and had at inception expected to receive all debt service payments due. As a result of reduced long-range tax revenue projections over the life of the Series B Bond as well as certain cumulative priority payments due to others, in 2017, the Company no longer believed it would receive all debt service payments due under the note, and the Company considered the Series B Bond to be other-than-temporarily impaired ("OTTI"). The amount of the OTTI related to changing market conditions, or the increase in the discount rate, of \$6.5 million was recorded as an increase to other comprehensive loss in 2017 and is amortized as an adjustment to the carrying value of the Series B Bond in the accompanying consolidated balance sheets. The discount rate was determined based on the then-current market interest rates of notes receivable with comparable market ratings and the then-current expectations about the timing of debt service payments under the note.

The Company performs a quarterly assessment of credit losses, which considers the estimate of projected tax revenues that will service the bonds over their remaining terms. At December 31, 2024 and 2023, the Series B Bond is fully reserved. The Series A Bond is of higher priority than other tranches which fall between the Company's two issuances.

During 2024, 2023 and 2022, the Company recorded interest income of \$4.6 million, \$4.9 million and \$5.3 million, respectively, on these bonds. The Company received payments of \$8.8 million, \$11.0 million and \$9.1 million during 2024, 2023 and 2022, respectively, relating to these notes receivable, which include principal and interest payments.

4. Debt

The Company's debt and finance lease obligations at December 31 consisted of (amounts in thousands):

	2024	2023
\$700M Revolving Credit Facility	\$ —	\$ —
Term Loan B	292,791	496,250
4.75% Senior Notes	700,000	700,000
7.25% Senior Notes	400,000	400,000
4.50% Senior Notes	600,000	600,000
6.50% Senior Notes	1,000,000	—
Gaylord Rockies Term Loan	—	800,000
\$80M OEG Revolver	21,000	5,000
OEG Term Loan	299,250	296,250
Block 21 CMBS Loan	128,967	131,871
Finance lease obligations	55	138
Unamortized deferred financing costs	(51,484)	(38,309)
Unamortized discounts and premiums, net	(12,183)	(14,172)
Total debt	<u>\$ 3,378,396</u>	<u>\$ 3,377,028</u>

At December 31, 2024, there were no defaults under the covenants related to the Company's outstanding debt.

Annual maturities of long-term debt, excluding finance lease obligations, are as follows (amounts in thousands):

	2025	2026	2027	2028	2029	Years Thereafter	Total
\$700M Revolving Credit Facility	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —	\$ —

Total	<u>\$ 9,029</u>	<u>\$ 131,808</u>	<u>\$ 705,935</u>	<u>\$ 405,935</u>	<u>\$ 626,935</u>	<u>\$ 1,562,366</u>	<u>\$ 3,442,008</u>

Credit Facility

On May 18, 2023, the Company entered into a Credit Agreement (as modified pursuant to the First Incremental Agreement and the Second Incremental Agreement (each as hereinafter defined) and as further supplemented, the "Credit Agreement"), among the Company, as a guarantor, the Operating Partnership, as borrower, certain other subsidiaries of the Company party thereto, as guarantors, certain subsidiaries of the Company party thereto, as pledgors, the lenders party thereto and Wells Fargo Bank, National Association, as administrative agent, which replaced the Company's previous credit facility. The Credit Agreement provides a \$700.0 million revolving credit facility (the "Revolver") and a senior secured term loan B (the "Term Loan B") (in the original principal amount of \$500.0 million, which was reduced to \$295.0 million on March 28, 2024), as well as an accordion feature that will allow the Company to increase the facilities by an aggregate total of up to \$475 million, which may be allocated between the Revolver and the Term Loan B at the Company's option. The Revolver replaced the Company's previous \$700 million revolving credit facility, and a portion of the proceeds from the Term Loan B were used to repay in full the approximately \$370 million balance of the Company's previous term loan B. The Revolver was undrawn at closing.

Each of the Revolver and Term Loan B is guaranteed by the Company, each of the Company's subsidiaries that own the Gaylord Hotels properties, and certain other of the Company's subsidiaries. Each is secured by equity pledges of the

Company's subsidiaries that are the fee owners of Gaylord Opryland and Gaylord Texan, their respective direct and indirect parent entities, and the equity of Ryman Hotel Operations Holdco, LLC, a wholly owned indirect subsidiary of the Company. Assets and equity of OEG are not subject to the liens of the Credit Agreement.

Each of the Revolver and Term Loan B contains certain covenants which, among other things, limit the incurrence of additional indebtedness, investments, dividends, transactions with affiliates, asset sales, acquisitions, mergers and consolidations, liens and encumbrances and other matters customarily restricted in such agreements.

If an event of default shall occur and be continuing under the Credit Agreement, the commitments under the Credit Agreement may be terminated and the principal amount outstanding under the Credit Agreement, together with all accrued unpaid interest and other amounts owing in respect thereof, may be declared immediately due and payable.

\$700 Million Revolving Credit Facility

The maturity of the Revolver is May 18, 2027, with the option to extend the maturity date for a maximum of one additional year through either (i) a single twelve-month extension option or (ii) two individual six-month extensions. Borrowings under the Revolver bear interest at an annual rate equal to, at the Company's option, either (i) Adjusted Term SOFR plus the applicable margin ranging from 1.40% to 2.00%, (ii) Adjusted Daily Simple SOFR plus the applicable margin ranging from 1.40% to 2.00%, or (iii) a base rate as set in the Credit Agreement plus the applicable margin ranging from 0.40% to 1.00%, with each option dependent upon the Company's consolidated net leverage ratio (as defined in the Credit Agreement). Principal is payable in full at maturity.

Term Loan B

The Term Loan B has a maturity of May 18, 2030. Prior to the effectiveness of the First Incremental Agreement and the Second Incremental Agreement (as hereinafter defined), the applicable interest rate margins for borrowings under the Term Loan B were, at the Company's option, either (i) Term SOFR plus 2.75%, (ii) Daily Simple SOFR plus 2.75%, or (iii) a base rate as set in the Credit Agreement plus 1.75%. Amounts borrowed under the Term Loan B that are repaid or prepaid may not be reborrowed.

On April 12, 2024, the Company entered into an Incremental Tranche B Term Loan Agreement (the "First Incremental Agreement"), which supplemented the Credit Agreement and included the addition of certain new lenders and removal of certain other lenders. The First Incremental Agreement reduced the applicable interest rate margins for the loans advanced under the refinanced Term Loan B. The applicable interest rate margins for the refinanced Term Loan B under the First Incremental Agreement were (i) 2.25% for SOFR Loans (as defined in the Credit Agreement) and (ii) 1.25% for base rate loans.

On December 19, 2024, the Company entered into an additional Incremental Tranche B Term Loan Agreement (the "Second Incremental Agreement"), which supplements the Credit Agreement. The Second Incremental Agreement reduces the applicable interest rate margins for the loans advanced under the refinanced Term Loan B. The applicable interest rate margins for the refinanced Term Loan B under the Second Incremental Agreement are (i) 2.00% for SOFR Loans (as defined in the Credit Agreement) and (ii) 1.00% for base rate loans. Further, the Second Incremental Agreement provides for the applicable interest rate margins to be further reduced by an additional 0.25% upon the Company meeting certain criteria as set forth in the Second Incremental Agreement.

At December 31, 2024, the interest rate on the Term Loan B was Term SOFR plus 2.00%. Neither the First Incremental Agreement nor the Second Incremental Agreement changed the maturity dates under the Credit Agreement or resulted in any increase in principal indebtedness. In addition, the Second Incremental Agreement confirms that the annual amortization under the Term Loan B is 1.0% of the refinanced \$293.5 million outstanding principal amount, with the balance due at maturity. If for any fiscal year there is Excess Cash Flow (as defined in the Credit Agreement), an additional principal amount is required.

For purposes of the Term Loan B, each of Term SOFR and Daily Simple SOFR are subject to a floor of 0.00%.

\$1 Billion 6.50% Senior Notes Due 2032

On March 28, 2024, the Operating Partnership and Finco (collectively, the “issuing subsidiaries”) completed the private placement of \$1.0 billion in aggregate principal amount of 6.50% senior notes due 2032 (the \$1 Billion 6.50% Senior Notes”), which are guaranteed by the Company and its subsidiaries that guarantee the Credit Agreement.

The \$1 Billion 6.50% Senior Notes and guarantees were issued pursuant to an indenture by and among the issuing subsidiaries, the guarantors and U.S. Bank National Association, as trustee. The \$1 Billion 6.50% Senior Notes have a maturity date of April 1, 2032 and bear interest at 6.50% per annum, payable semi-annually in cash in arrears on April 1 and October 1 each year, beginning October 1, 2024. The \$1 Billion 6.50% Senior Notes are general unsecured and unsubordinated obligations of the issuing subsidiaries and rank equal in right of payment with such subsidiaries’ existing and future senior unsecured indebtedness, including the Company’s \$700 million 4.75% Senior Notes, the \$600 Million 4.50% Senior Notes and the \$400 Million 7.25% Senior Notes, and senior in right of payment to future subordinated indebtedness, if any.

The \$1 Billion 6.50% Senior Notes are effectively subordinated to the issuing subsidiaries’ secured indebtedness to the extent of the value of the assets securing such indebtedness. The guarantees rank equally in right of payment with the applicable guarantor’s existing and future senior unsecured indebtedness and senior in right of payment to any future subordinated indebtedness of such guarantor. The \$1 Billion 6.50% Senior Notes are effectively subordinated to any secured indebtedness of any guarantor to the extent of the value of the assets securing such indebtedness and structurally subordinated to all indebtedness and other obligations of the Operating Partnership’s subsidiaries that do not guarantee the \$1 Billion 6.50% Senior Notes.

The net proceeds from the issuance of the \$1 Billion 6.50% Senior Notes totaled approximately \$983 million, after deducting the initial purchasers’ discounts, commissions and offering expenses. The Company used a portion of these net proceeds to prepay the indebtedness outstanding under the Company’s previous \$800.0 million Gaylord Rockies term loan and used the remaining proceeds, together with cash on hand, to repay \$200.0 million under the Term Loan B.

The \$1 Billion 6.50% Senior Notes are redeemable before April 1, 2027, in whole or in part, at 100.00%, plus accrued and unpaid interest thereon to, but not including, the redemption date, plus a make-whole premium. The \$1 Billion 6.50% Senior Notes will be redeemable, in whole or in part, at any time after April 1, 2027 at a redemption price expressed as a percentage of the principal amount thereof, which percentage is 103.250%, 101.625%, and 100.000% beginning on April 1 of 2027, 2028, and 2029, respectively, plus accrued and unpaid interest thereon to, but not including, the redemption date.

\$700 Million 4.75% Senior Notes Due 2027

In September 2019, the Operating Partnership and Finco completed the private placement of \$500.0 million in aggregate principal amount of senior notes due 2027 (the “\$500 Million 4.75% Senior Notes”), which are guaranteed by the Company and its subsidiaries that guarantee the Credit Agreement.

The \$500 Million 4.75% Senior Notes and guarantees were issued pursuant to an indenture by and among the issuing subsidiaries and the guarantors and U.S. Bank National Association as trustee. The \$500 Million 4.75% Senior Notes have a maturity date of October 15, 2027 and bear interest at 4.75% per annum, payable semi-annually in cash in arrears on April 15 and October 15 of each year. The \$500 Million 4.75% Senior Notes are general unsecured and unsubordinated obligations of the issuing subsidiaries and rank equal in right of payment with such subsidiaries’ existing and future senior unsecured indebtedness, including the Company’s \$1 Billion 6.50% Senior Notes, the \$600 Million 4.50% Senior Notes and the \$400 Million 7.25% Senior Notes, and senior in right of payment to future subordinated indebtedness, if any.

The \$500 Million 4.75% Senior Notes are effectively subordinated to the issuing subsidiaries’ secured indebtedness to the extent of the value of the assets securing such indebtedness. The guarantees rank equally in right of payment with the applicable guarantor’s existing and future senior unsecured indebtedness and senior in right of payment to any future subordinated indebtedness of such guarantor. The \$500 Million 4.75% Senior Notes are effectively subordinated to any secured indebtedness of any guarantor to the extent of the value of the assets securing such indebtedness and structurally

subordinated to all indebtedness and other obligations of the Operating Partnership's subsidiaries that do not guarantee the \$500 Million 4.75% Senior Notes.

In October 2019, the Operating Partnership and Finco completed a tack-on private placement of \$200.0 million in aggregate principal amount of 4.75% senior notes due 2027 (the "additional 2027 notes") at an issue price of 101.250% of their aggregate principal amount plus accrued interest from the September 2019 issue date for the \$500 Million 4.75% Senior Notes. The additional 2027 notes and the \$500 Million 4.75% Senior Notes constitute a single class of securities (collectively, the "\$700 Million 4.75% Senior Notes"). All other terms and conditions of the additional 2027 notes are identical to the \$500 Million 4.75% Senior Notes.

The \$700 Million 4.75% Senior Notes are redeemable, in whole or in part, at a redemption price expressed as a percentage of the principal amount thereof, which percentage is 101.188% and 100.00% beginning on October 15 of 2024 and 2025, respectively, plus accrued and unpaid interest thereon to, but not including, the redemption date.

The Company completed a registered offer to exchange the \$700 Million 4.75% Senior Notes for registered notes with substantially identical terms as the \$700 Million 4.75% Senior Notes in July 2020.

\$600 Million 4.50% Senior Notes Due 2029

On February 17, 2021, the Operating Partnership and Finco completed the private placement of \$600.0 million in aggregate principal amount of 4.50% senior notes due 2029 (the "\$600 Million 4.50% Senior Notes"), which are guaranteed by the Company and its subsidiaries that guarantee the Credit Agreement.

The \$600 Million 4.50% Senior Notes and guarantees were issued pursuant to an indenture by and among the issuing subsidiaries, the guarantors and U.S. Bank National Association, as trustee. The \$600 Million 4.50% Senior Notes have a maturity date of February 15, 2029 and bear interest at 4.50% per annum, payable semi-annually in cash in arrears on February 15 and August 15 each year. The \$600 Million 4.50% Senior Notes are general unsecured and unsubordinated obligations of the issuing subsidiaries and rank equal in right of payment with such subsidiaries' existing and future senior unsecured indebtedness, including the Company's \$1 Billion 6.50% Senior Notes, the \$700 Million 4.75% Senior Notes and the \$400 Million 7.25% Senior Notes, and senior in right of payment to future subordinated indebtedness, if any.

The \$600 Million 4.50% Senior Notes are effectively subordinated to the issuing subsidiaries' secured indebtedness to the extent of the value of the assets securing such indebtedness. The guarantees rank equally in right of payment with the applicable guarantor's existing and future senior unsecured indebtedness and senior in right of payment to any future subordinated indebtedness of such guarantor. The \$600 Million 4.50% Senior Notes are effectively subordinated to any secured indebtedness of any guarantor to the extent of the value of the assets securing such indebtedness and structurally subordinated to all indebtedness and other obligations of the Operating Partnership's subsidiaries that do not guarantee the \$600 Million 4.50% Senior Notes.

The \$600 Million 4.50% Senior Notes are redeemable, in whole or in part, at a redemption price expressed as a percentage of the principal amount thereof, which percentage is 101.500%, 100.750%, and 100.000% beginning on February 15 of 2025, 2026, and 2027, respectively, plus accrued and unpaid interest thereon to, but not including, the redemption date.

\$400 Million 7.25% Senior Notes Due 2028

On June 22, 2023, the Operating Partnership and Finco (collectively, the "issuing subsidiaries") completed the private placement of \$400.0 million in aggregate principal amount of 7.25% senior notes due 2028 (the "\$400 Million 7.25% Senior Notes"), which are guaranteed by the Company and its subsidiaries that guarantee the Credit Agreement.

The \$400 Million 7.25% Senior Notes and guarantees were issued pursuant to an indenture by and among the issuing subsidiaries, the guarantors and U.S. Bank Trust Company, National Association, as trustee. The \$400 Million 7.25% Senior Notes have a maturity date of July 15, 2028 and bear interest at 7.25% per annum, payable semi-annually in cash in arrears on January 15 and July 15 each year. The \$400 Million 7.25% Senior Notes are general unsecured and

unsubordinated obligations of the issuing subsidiaries and rank equal in right of payment with such subsidiaries' existing and future senior unsecured indebtedness, including the Company's \$1 Billion 6.50% Senior Notes, the \$700 Million 4.75% Senior Notes and \$600 Million 4.50% Senior Notes, and senior in right of payment to future subordinated indebtedness, if any.

The \$400 Million 7.25% Senior Notes are effectively subordinated to the issuing subsidiaries' secured indebtedness to the extent of the value of the assets securing such indebtedness. The guarantees rank equally in right of payment with the applicable guarantor's existing and future senior unsecured indebtedness and senior in right of payment to any future subordinated indebtedness of such guarantor. The \$400 Million 7.25% Senior Notes are effectively subordinated to any secured indebtedness of any guarantor to the extent of the value of the assets securing such indebtedness and structurally subordinated to all indebtedness and other obligations of the Operating Partnership's subsidiaries that do not guarantee the \$400 Million 7.25% Senior Notes.

The net proceeds from the issuance of the \$400 Million 7.25% Senior Notes totaled approximately \$393 million, after deducting the initial purchasers' discounts, commissions and offering expenses. The Company used these proceeds to pay a portion of the purchase price for JW Marriott Hill Country discussed in Note 1.

The \$400 Million 7.25% Senior Notes are redeemable before July 15, 2025, in whole or in part, at 100.00%, plus accrued and unpaid interest thereon to, but not including, the redemption date, plus a make-whole premium. The \$400 Million 7.25% Senior Notes will be redeemable, in whole or in part, at any time on or after July 15, 2025 at a redemption price expressed as a percentage of the principal amount thereof, which percentage is 103.625%, 101.813%, and 100.000% beginning on July 15 of 2025, 2026, and 2027, respectively, plus accrued and unpaid interest thereon to, but not including, the redemption date.

Previous \$800 Million Gaylord Rockies Term Loan

In July 2019, Aurora Convention Center Hotel, LLC and Aurora Convention Center Hotel Lessee, LLC, the entities that comprise Gaylord Rockies, entered into a Second Amended and Restated Loan Agreement (the "Gaylord Rockies Loan") with Wells Fargo Bank, National Association, as administrative agent. The Gaylord Rockies Loan consisted of an \$800.0 million secured term loan facility, with a maturity date of July 2, 2024 with two, one-year extension options remaining, subject to certain requirements in the Gaylord Rockies Loan, and bore interest at Adjusted Daily Simple SOFR plus 2.50%. The Company previously entered into an interest rate swap to fix the SOFR portion of the interest rate at 5.2105% for the fifth year of the loan. The Company designated this interest rate swap as an effective cash flow hedge.

On March 28, 2024, the Company paid off the Gaylord Rockies Loan with the proceeds from the \$1 Billion 6.50% Senior Notes and terminated the interest rate swap.

OEG Credit Agreement

On June 28, 2024, OEG Borrower, LLC ("OEG Borrower") and OEG Finance, LLC ("OEG Finance"), each a wholly owned direct or indirect subsidiary of OEG, entered into a First Amendment, which amends the Credit Agreement dated as of June 16, 2022 among OEG Borrower, as borrower, OEG Finance, certain subsidiaries of OEG Borrower from time to time party thereto as guarantors, the lenders party thereto and JP Morgan Chase Bank, N.A., as administrative agent (the "Original OEG Credit Agreement"). As amended, the credit facility (the "Amended OEG Credit Agreement") includes certain amended terms including lower interest rates, extended maturities and modifications to various covenants.

The Amended OEG Credit Agreement provides for (i) a senior secured term loan facility in the aggregate principal amount of \$300.0 million (the "OEG Term Loan") and (ii) a senior secured revolving credit facility in an aggregate principal amount not to exceed \$80.0 million (the "OEG Revolver"). The OEG Term Loan refinances and replaces the former term loan in the outstanding principal amount of \$294.8 million as of June 28, 2024 and the OEG Revolver replaces the former senior secured revolving credit facility in an aggregate principal amount not to exceed \$65.0 million.

The OEG Term Loan and OEG Revolver are each secured by substantially all of the assets of OEG Finance and each of its wholly owned subsidiaries (other than Block 21-related subsidiaries, as more specifically described in the OEG Credit Agreement). The OEG Term Loan bears interest at a rate equal to either, at OEG Borrower's election, as of the closing date contemplated by the Amended OEG Credit Agreement, (a) the Alternate Base Rate plus 2.50% or (b) Adjusted Term SOFR plus 3.50% (all as more specifically described in the Amended OEG Credit Agreement). In November 2022, OEG entered into an interest rate swap to fix the SOFR portion of the interest rate on \$100.0 million of borrowings at 4.533% through December 2025. The OEG Revolver bears interest at a rate equal to either, at OEG Borrower's election, as of the closing contemplated by the Amended OEG Credit Agreement, (a) the Alternate Base Rate plus the Applicable Rate (as defined in the Amended OEG Credit Agreement) or (b) Adjusted Term SOFR plus the Applicable Rate. Under the Amended OEG Credit Agreement, (i) the Applicable Rate for Alternative Base Rate loans will be between 2.75% and 2.25% and (ii) the Applicable Rate for Adjusted Term SOFR loans will be between 3.75% and 3.25%, in each of (i) and (ii) based upon the First Lien Leverage Ratio of OEG Finance and its consolidated subsidiaries (as more specifically described in the Amended OEG Credit Agreement). The Applicable Rate for borrowings under the OEG Revolver at December 31, 2024 is 2.50% for Alternative Base Rate Loans and 3.50% for Adjusted Term SOFR loans.

The OEG Term Loan matures on June 28, 2031, and the OEG Revolver matures on June 28, 2029. OEG used the proceeds from the OEG Term Loan to refinance the original term loan under the Original OEG Credit Agreement.

Block 21 CMBS Loan

At the closing of the purchase of Block 21 on May 31, 2022, a subsidiary of the Company assumed a \$136 million, ten-year, non-recourse term loan secured by a mortgage on Block 21 (the "Block 21 CMBS Loan"). The Block 21 CMBS Loan has a fixed interest rate of 5.58% per annum, payable monthly, matures January 5, 2026, and payments are due monthly based on a 30-year amortization.

The Block 21 CMBS Loan contains customary financial covenants and other restrictions, including sponsor net worth and liquidity requirements, and debt service coverage ratio targets that Block 21 must meet in order to avoid a "Trigger Period," the occurrence of which does not constitute a default. The disruption caused by a significant renovation of the rooms and public spaces at the W Austin negatively impacted the results of Block 21 and resulted in the Trigger Period being effective starting September 30, 2024. During the Trigger Period, cash in excess of operating expenses, debt service and certain reserves is deposited in a reserve account and held until Block 21 exits the Trigger Period by achieving a specified minimum debt service coverage ratio on a trailing twelve-month basis, at which time the reserved cash will be released to Block 21 and its owner.

Interest Rate Derivatives

The Company has entered into or previously entered into interest rate swaps to manage interest rate risk associated with the previous Gaylord Rockies Loan and a portion of the OEG Term Loan. Each swap has been designated as a cash flow hedge whereby the Company receives variable-rate amounts in exchange for fixed-rate payments over the life of the agreement without exchange of the underlying principal amount.

In March 2024, as discussed above, the Company paid off the Gaylord Rockies Loan and subsequently terminated the associated interest rate swap. The Company received approximately \$0.2 million from the counterparty to the swap, which has been recorded as a reduction in interest expense for 2024.

The estimated fair values of the Company’s derivative financial instruments at December 31 are as follows (in thousands):

Hedged Debt	Type	Strike Rate	Index	Maturity Date	Notional Amount	Estimated Fair Value Asset (Liability) Balance	
						December 31, 2024	December 31, 2023
Gaylord Rockies Term Loan	Interest Rate Swap	5.2105%	Daily SOFR	July 2, 2024	\$ 800,000	\$ -	\$ (474)
OEG Term Loan	Interest Rate Swap	4.5330%	3-month SOFR	December 18, 2025	100,000	(386)	(848)
						<u>\$ (386)</u>	<u>\$ (1,322)</u>

Derivative financial instruments in an asset position are included in prepaid expenses and other assets and those in a liability position are included in other liabilities in the accompanying consolidated balance sheets.

The effect of the Company’s derivative financial instruments on the accompanying consolidated statements of operations and comprehensive income for the years ended December 31 is as follows (in thousands):

	Amount of Gain (Loss) Recognized in OCI on Derivatives		Location of Gain (Loss) Reclassified from Accumulated OCI into Income (Expense)	Amount of Gain (Loss) Reclassified from Accumulated OCI into Income (Expense)	
	2024	2023		2024	2023
Derivatives in Cash Flow Hedging Relationships:					
Interest rate swaps	\$ 1,940	\$ 670	Interest expense	\$ 1,003	\$ 12,177
Total derivatives	<u>\$ 1,940</u>	<u>\$ 670</u>		<u>\$ 1,003</u>	<u>\$ 12,177</u>

Reclassifications from accumulated other comprehensive loss for interest rate swaps are shown in the table above and included in interest expense. Total consolidated interest expense for 2024, 2023 and 2022 was \$225.4 million, \$211.4 million and \$148.4 million, respectively.

At December 31, 2024, the fair value of derivatives in a net liability position including accrued interest but excluding any adjustment for nonperformance risk related to these agreements was \$0.4 million. As of December 31, 2024, the Company has not posted any collateral related to these agreements and was not in breach of any agreement provisions. If the Company had breached any of these provisions, it could have been required to settle its obligations under the agreements at the aggregate termination value of \$0.4 million. In addition, the Company has an agreement with its derivative counterparty that contains a provision whereby the Company could be declared in default on its derivative obligations if repayment of the underlying indebtedness is accelerated by the lender due to the Company’s default on the indebtedness.

5. Deferred Management Rights Proceeds

On October 1, 2012, the Company consummated its agreement to sell the Gaylord Hotels brand and rights to manage the Gaylord Hotels properties (the “Management Rights”) to Marriott for \$210.0 million in cash. Effective October 1, 2012, Marriott assumed responsibility for managing the day-to-day operations of the Gaylord Hotels properties pursuant to a management agreement for each such property. The Company allocated \$190.0 million of the purchase price to the Management Rights, based on the Company’s estimates of the fair values for the respective components. For financial reporting purposes, the amount related to the Management Rights was deferred and is amortized on a straight-line basis over the 65-year term of the hotel management agreements, including extensions, as a reduction in management fee expense.

6. Leases

The Company is a lessee of a 65.3 acre site in Osceola County, Florida on which Gaylord Palms is located; building or land leases for Ole Red Gatlinburg, Ole Red Orlando, Ole Red Tishomingo, Ole Red Nashville International Airport and Ole Red Las Vegas; and various warehouse, general office and other equipment leases. The Gaylord Palms land lease has a term through 2074, which may be extended through January 2101, at the Company's discretion. The leases for Ole Red locations range from five to ten years, with renewal options ranging from five to fifty-five years, at the Company's discretion, with the exception of Ole Red Nashville International Airport, which has no extension option. Extension options are not considered reasonably assured and thus are not included in the Company's calculation of its right-of-use assets and lease liabilities. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

The terms of the Gaylord Palms lease include variable lease payments based upon net revenues at Gaylord Palms and certain other of the Company's leases include rental payments adjusted periodically for inflation. The Company recorded \$3.6 million, \$3.5 million and \$3.0 million of contingent rental expense related to Gaylord Palms in 2024, 2023 and 2022, respectively.

As the discount rate implicit in the Company's operating leases is not readily determinable, the Company applies judgments related to the determination of the discount rates used to calculate the lease liability as required by Accounting Standards Codification Topic 842, "*Leases*". The Company calculates its incremental borrowing rates by utilizing judgments and estimates regarding the Company's secured borrowing rates, market credit rating, comparable bond yield curve, and adjustments to market yield curves to determine a securitized rate.

The Company's lease cost for the years ended December 31 is as follows (in thousands):

	2024	2023	2022
Operating lease cost	\$ 19,264	\$ 18,346	\$ 15,694
Finance lease cost:			
Amortization of right-of-use assets	189	163	122
Interest on lease liabilities	2	25	33
Net lease cost	<u>\$ 19,455</u>	<u>\$ 18,534</u>	<u>\$ 15,849</u>

Future minimum lease payments under non-cancelable leases at December 31, 2024 are as follows (in thousands):

	Operating Leases	Finance Leases
Year 1	\$ 11,015	\$ 39
Year 2	10,962	18
Year 3	10,778	—
Year 4	10,227	—
Year 5	9,581	—
Years thereafter	548,081	—
Total future minimum lease payments	600,644	57
Less amount representing interest	(465,527)	(2)
Total present value of minimum payments	<u>\$ 135,117</u>	<u>\$ 55</u>

The remaining lease term and discount rate for the Company's leases are as follows:

Weighted-average remaining lease term:	
Operating leases	41.3 years
Finance leases	1.5 years
Weighted-average discount rate:	
Operating leases	7.0 %
Finance leases	2.0 %

7. Stock Plans

On May 9, 2024, the Company's shareholders approved the Company's 2024 Omnibus Incentive Plan (the "2024 Plan"). The 2024 Plan replaces the Company's previous 2016 Omnibus Incentive Plan (the "2016 Plan") and no new awards will be made under the 2016 Plan; however, awards granted under the 2016 Plan will continue to be governed by the 2016 Plan. The 2024 Plan permits the grant of stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards and other share-based awards to its directors, employees and consultants. At December 31, 2024, approximately 1.8 million shares of common stock remained available for issuance pursuant to future grants of awards under the 2024 Plan.

Restricted stock units granted to employees vest one to four years from the date of grant, subject to any applicable performance targets, and restricted stock units granted to non-employee directors vest one year from the date of grant, unless the recipient chooses to defer the vesting for a period of time. Depending on the type of award, the fair value of restricted stock units is determined either based on the market price of the Company's stock at the date of grant or based on a Monte-Carlo valuation. Forfeitures are estimated based on historical experience. The Company generally records compensation expense equal to the fair value of each restricted stock unit granted over the vesting period. The weighted-average grant-date fair value of restricted stock units granted during 2024, 2023, and 2022 was \$113.10, \$85.25, and \$82.66, respectively.

A summary of the status of the Company's restricted stock units as of December 31, 2024 and changes during the year ended December 31, 2024, is presented below:

Restricted Stock Units	Shares	Weighted Average Grant-Date Fair Value
Nonvested shares at January 1, 2024	601,855	\$ 77.59
Granted	171,959	113.10
Vested	(297,490)	76.18
Canceled	(27,859)	97.13
Nonvested shares at December 31, 2024	<u>448,465</u>	<u>91.04</u>

The fair value of all restricted stock units that vested during 2024, 2023 and 2022 was \$34.4 million, \$14.9 million and \$12.9 million, respectively.

At December 31, 2024, there was \$22.4 million of total unrecognized compensation cost related to restricted stock units granted under the Company's equity incentive plans. That cost is expected to be recognized over a weighted-average period of 2.3 years.

The compensation cost that has been charged against pre-tax income for all of the Company's stock-based compensation plans was \$13.9 million, \$15.4 million, and \$15.0 million for 2024, 2023, and 2022, respectively. The total income tax benefit recognized in the accompanying consolidated statements of operations for all of the Company's stock-based employee compensation plans was \$3.2 million, \$3.5 million, and \$3.5 million for 2024, 2023, and 2022, respectively.

The actual tax benefit realized from exercise, vesting or cancellation of the stock-based employee compensation arrangements during 2024, 2023, and 2022 totaled \$3.2 million, \$0, and \$0.5 million, respectively, and is reflected as an adjustment to (provision) benefit for income taxes in the accompanying consolidated statements of operations.

8. Pension Plans

Prior to January 1, 2001, the Company maintained a noncontributory defined benefit pension plan in which substantially all of its employees were eligible to participate upon meeting the pension plan's participation requirements. The benefits were based on years of service and compensation levels. On December 31, 2000, benefits credited under the plan's previous formula were frozen. On January 1, 2001, the Company amended its defined benefit pension plan to determine future benefits using a cash balance formula. Under the cash formula, each participant had an account which was credited monthly with 3% of qualified earnings and the interest earned on their previous month-end cash balance. In addition, the Company included a "grandfather" clause which assures that those participating at January 1, 2001 will receive the greater of the benefit calculated under the cash balance plan and the benefit that would have been payable if the defined benefit plan had remained in existence. The benefit payable to a terminated vested participant upon retirement at age 65, or as early as age 55 if the participant had 15 years of service at the time the plan was frozen, is equal to the participant's account balance, which increases with interest credits over time. At retirement, the employee generally receives the balance in the account as a lump sum. The funding policy of the Company is to contribute annually an amount which equals or exceeds the minimum required by applicable law. On December 31, 2001, the plan was frozen such that no new participants were allowed to enter the plan and existing participants were no longer eligible to earn service credits.

As a result of increased lump-sum distributions from the retirement plan during 2024, 2023 and 2022, net settlement losses of \$0.9 million, \$1.3 million and \$1.9 million were recognized in 2024, 2023 and 2022, respectively. These settlement losses have been classified as other gains and (losses), net in the accompanying consolidated statements of operations.

The following table sets forth the funded status of the retirement plan at December 31 (amounts in thousands):

	<u>2024</u>	<u>2023</u>
CHANGE IN BENEFIT OBLIGATION:		
Benefit obligation at beginning of year	\$ 57,778	\$ 60,922
Interest cost	2,501	2,794
Actuarial gain	(2,445)	(188)
Benefits paid	(5,486)	(5,750)
Benefit obligation at end of year	<u>52,348</u>	<u>57,778</u>
CHANGE IN PLAN ASSETS:		
Fair value of plan assets at beginning of year	52,642	52,269
Actual return on plan assets	3,801	6,123
Benefits paid	(5,486)	(5,750)
Fair value of plan assets at end of year	<u>50,957</u>	<u>52,642</u>
Funded status and accrued pension cost	<u>\$ (1,391)</u>	<u>\$ (5,136)</u>

Net periodic pension expense reflected in other gains and (losses), net in the accompanying consolidated statements of operations included the following components for the years ended December 31 (amounts in thousands):

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Interest cost	\$ 2,501	\$ 2,794	\$ 2,253
Expected return on plan assets	(3,000)	(2,904)	(3,701)
Amortization of net actuarial loss	465	681	667
Net settlement loss	858	1,313	1,894
Total net periodic pension expense	<u>\$ 824</u>	<u>\$ 1,884</u>	<u>\$ 1,113</u>

Assumptions

The assumptions used to determine the benefit obligation at December 31 are as follows:

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Discount rate	5.28 %	4.66 %	4.85 %
Rate of compensation increase	N/A	N/A	N/A

The weighted-average assumptions used to determine the net periodic pension expense for years ended December 31 are as follows:

	<u>2024</u>	<u>2023</u>	<u>2022</u>
Discount rate	4.65 %	5.02 %	3.33 %
Rate of compensation increase	N/A	N/A	N/A
Expected long-term rate of return on plan assets	6.00 %	6.00 %	6.00 %

The rate of increase in future compensation levels was not applicable for any reported years due to the Company amending the plan to freeze the cash balance benefit as described above.

The Company determines the overall expected long-term rate of return on plan assets based on its estimate of the return that plan assets will provide over the period that benefits are expected to be paid out. In preparing this estimate, the Company assesses the rates of return on each current allocation of plan assets and advice from its third-party actuary and investment consultants. The expected return on plan assets is a long-term assumption and generally does not significantly change annually. While historical returns are considered, the rate of return assumption is primarily based on projections of expected returns based on fair value, using economic data and financial models to estimate the probability of returns. The probability distribution of annualized returns for the portfolio using current asset allocations is used to determine the expected range of returns for a ten-to-twenty-year horizon. While management believes that the

assumptions used are appropriate, differences in actual experience or changes in assumptions may affect the Company's pension obligations and expense.

Plan Assets

The plan's overall strategy is to achieve a rate of return necessary to fund benefit payments by utilizing a variety of asset types, investment strategies and investment managers. The plan seeks to achieve a long-term rate of return over inflation resulting from income, capital gains, or both, which assists the plan in meeting its long-term objectives.

The long-term target allocations for the plan's assets are managed dynamically according to a sliding scale correlating with the funded status of the plan. As the plan's funded status increases, allocations are moved away from equity securities toward fixed income securities. Equity securities primarily include large cap and mid cap companies. Fixed income securities primarily include corporate bonds of companies in diversified industries, mortgage-backed securities and U.S. Treasuries. Investments in hedge funds and private equity funds are not held by the plan.

The allocation of the defined benefit pension plan's assets at December 31 is as follows (amounts in thousands):

<u>Asset Class</u>	<u>2024</u>	<u>2023</u>
Cash	\$ 1,066	\$ 1,013
Mutual funds	49,891	51,629
Total	<u>\$ 50,957</u>	<u>\$ 52,642</u>

All of the assets held by the plan consist of money market and mutual funds traded in an active market. The Company determined the fair value of these assets based on the net asset value per unit of the funds or the portfolio, which is based upon quoted market prices in an active market. Therefore, the Company has categorized these investments as Level 1.

Periodically, and based on market conditions, the entire account is rebalanced to maintain the desired allocation and the investment policy is reviewed. Within each asset class, plan assets are allocated to various investment styles. Professional managers manage all assets of the plan, and professional advisors assist the plan in the attainment of its objectives.

Expected Contributions and Benefit Payments

The Company does not expect to be required to contribute to its defined benefit pension plan in 2025. Based on the Company's assumptions discussed above, the Company expects to make the following estimated future benefit payments under the plan during the years ending December 31 (amounts in thousands):

2025	\$ 9,217
2026	4,864
2027	5,281
2028	5,634
2029	5,093
2030 - 2034	18,703

Other Information

The Company also maintains non-qualified pension plans (the "Non-Qualified Plans") to provide benefits to certain key employees. The Non-Qualified Plans are not funded, and the beneficiaries' rights to receive distributions under these plans constitute unsecured claims to be paid from the Company's general assets. At December 31, 2024, the Non-Qualified Plans' projected benefit obligations and accumulated benefit obligations were \$10.2 million.

The Company's obligation related to its qualified and non-qualified pension plans of \$11.6 million and \$16.2 million at December 31, 2024 and 2023, respectively, is included in other liabilities in the accompanying consolidated balance sheets. The change in the deferred net loss related to the Company's retirement plans during 2024, 2023 and 2022

resulted in an increase (decrease) in equity of \$5.1 million, \$5.3 million and \$(0.6) million, respectively. Each of these adjustments to equity due to the change in the minimum liability is included in other comprehensive loss in the accompanying consolidated statements of equity (deficit) and noncontrolling interest.

The combined net gain, amortization of net loss, and net settlement loss recognized in other comprehensive income (loss) for the years ended December 31, 2024, 2023 and 2022 was \$5.1 million, \$5.3 million and \$(0.6) million, respectively, net of taxes of \$1.2 million, \$1.6 million and \$0, respectively. Included in accumulated other comprehensive loss at December 31, 2024 and 2023 are unrecognized actuarial losses of \$16.4 million and \$21.5 million (\$12.4 million and \$16.3 million net of tax), respectively, that have not yet been recognized in net periodic pension expense. Net losses are amortized into net periodic pension expense based on the life expectancy of plan participants expected to receive benefits, using a corridor approach based on the greater of projected benefit obligation or fair value of plan assets.

9. Equity

Equity Offering

In June 2023, the Company completed an underwritten public offering of approximately 4.4 million shares of its common stock, par value \$0.01 per share, at a price to the public of \$93.25 per share. Net proceeds to the Company, after deducting underwriting discounts and commissions and other expenses paid by the Company, were approximately \$395 million. The Company used the proceeds to pay a portion of the purchase price for JW Marriott Hill Country discussed in Note 1.

Dividends

During 2024, the Company's board of directors declared quarterly dividends and distributions totaling \$4.45 per share of common stock/OP Unit for the full year, or an aggregate of \$268.3 million in cash.

During 2023, the Company's board of directors declared quarterly dividends and distributions totaling \$3.85 per share of common stock/OP Unit for the full year, or an aggregate of \$228.1 million in cash.

During 2022, the Company's board of directors declared total 2022 dividends and distributions in the amount of \$0.35 per share of common stock/OP Unit, or an aggregate of \$19.4 million in cash.

To maintain its qualification as a REIT for federal income tax purposes, the Company must distribute at least 90% of its REIT taxable income each year. The Company's dividend policy provides that the Company will make minimum dividends of 100% of REIT taxable income annually, subject to the Company's board of directors' future determinations as to the amount of any distributions and the timing thereof. The dividend policy may be altered at any time by the Company's board of directors.

Treasury Stock

On December 18, 2008, following approval by the Human Resources Committee and the Board of Directors, the Company and the Company's Chairman of the Board of Directors and then-Chief Executive Officer ("Executive") entered into an amendment to Executive's employment agreement. The amendment provided Executive with the option of making an irrevocable election to invest his existing Supplemental Employee Retirement Plan ("SERP") benefit in Company common stock, which election Executive subsequently made. The investment was made by a rabbi trust in which, during January 2009, the independent trustee of the rabbi trust purchased shares of Company common stock in the open market in compliance with applicable law. Executive is only entitled to a distribution of the Company common stock held by the rabbi trust in satisfaction of his SERP benefit. As such, the Company believes that the ownership of shares of common stock by the rabbi trust and the distribution of those shares to Executive in satisfaction of his SERP benefit meets the requirements necessary so that the Company will not recognize any increase or decrease in expense as a result of subsequent changes in the value of the Company common stock, and the purchased shares are treated as treasury stock and the SERP benefit is included in additional paid-in capital in the Company's accompanying

consolidated financial statements. The increase in treasury stock for a particular year represents dividends received on shares of Company common stock held by the rabbi trust.

Accumulated Other Comprehensive Loss

Changes in accumulated other comprehensive loss by component consisted of the following (amounts in thousands):

	Minimum Pension Liability	Other-Than- Temporary Impairment of Investment	Interest Rate Derivatives	Total
Balance, December 31, 2021	\$ (16,419)	\$ (3,298)	\$ (9,363)	\$ (29,080)
Gains (losses) arising during period	(1,428)	—	16,007	14,579
Amounts reclassified from accumulated other comprehensive loss	(174)	211	3,541	3,578
Net other comprehensive income (loss)	(1,602)	211	19,548	18,157
Balance, December 31, 2022	\$ (18,021)	\$ (3,087)	\$ 10,185	\$ (10,923)
Gains arising during period	4,428	—	670	5,098
Amounts reclassified from accumulated other comprehensive loss	(308)	209	(12,177)	(12,276)
Income tax expense	(1,286)	—	—	(1,286)
Net other comprehensive income (loss)	2,834	209	(11,507)	(8,464)
Balance, December 31, 2023	\$ (15,187)	\$ (2,878)	\$ (1,322)	\$ (19,387)
Gains arising during period	4,538	—	1,940	6,478
Amounts reclassified from accumulated other comprehensive loss	(553)	211	(1,003)	(1,345)
Income tax expense	(918)	—	—	(918)
Net other comprehensive income	3,067	211	937	4,215
Balance, December 31, 2024	\$ (12,120)	\$ (2,667)	\$ (385)	\$ (15,172)

10. Income Taxes

The Company has elected to be taxed as a REIT effective January 1, 2013, pursuant to the U.S. Internal Revenue Code of 1986, as amended. As a REIT, the Company generally will not be subject to federal corporate income taxes on ordinary taxable income and capital gains income from real estate investments that it distributes to its stockholders. The Company pays federal and state corporate income taxes on earnings of its taxable REIT subsidiaries (“TRSS”).

The income tax (provision) benefit for continuing operations consists of the following (amounts in thousands):

	2024	2023	2022
CURRENT:			
Federal	\$ (359)	\$ 797	\$ (21,936)
State	(3,281)	(2,920)	(8,595)
Total current provision	(3,640)	(2,123)	(30,531)
DEFERRED:			
Federal	(9,233)	79,710	(9,115)
State	(963)	16,115	871
Total deferred (provision) benefit	(10,196)	95,825	(8,244)
Total (provision) benefit for income taxes	\$ (13,836)	\$ 93,702	\$ (38,775)

The Company evaluates its deferred tax assets each reporting period to determine if it is more likely than not that those assets will be realized or if a valuation allowance is needed. In the fourth quarter of 2023, due to continued improvement in the Company’s financial results coming out of the COVID-19 pandemic and the projected future taxable income of its TRSSs, the Company determined that the release of a significant portion of its federal and state valuation allowance was

appropriate. This release of valuation allowance of \$112.5 million was the primary factor in the income tax benefit for 2023.

The Company is required to distribute at least 90% of its annual taxable income, excluding net capital gains, to its stockholders in order to maintain its qualification as a REIT. The taxability of distributions to stockholders is determined by the Company's earnings and profits, which differs from net income reported for financial reporting purposes. The estimated taxability of cash distributions to common stockholders is shown in the table below (per common share) (unaudited):

	2024	2023	2022
Ordinary income	\$ 4.28	\$ 3.75	\$ 0.28
Capital gains	0.07	0.10	0.07
Return of capital	—	—	—
	<u>\$ 4.35</u>	<u>\$ 3.85</u>	<u>\$ 0.35</u>

The differences between the income tax provision calculated at the statutory U.S. federal income tax rate of 21% and the actual income tax (provision) benefit recorded for continuing operations are as follows (amounts in thousands):

	2024	2023	2022
Statutory federal income tax provision	\$ (61,746)	\$ (52,101)	\$ (36,482)
Adjustment for nontaxable income of the REIT	49,043	44,968	3,565
State tax provision (net of federal taxes)	(4,215)	(11,934)	(13,597)
Permanent share-based compensation adjustment	2,723	34	440
Other permanent items	(594)	(531)	(365)
Change in federal valuation allowance	—	87,330	1,914
Change in state valuation allowance (net of federal taxes)	(29)	25,128	5,873
Other	982	808	(123)
	<u>\$ (13,836)</u>	<u>\$ 93,702</u>	<u>\$ (38,775)</u>

Significant components of the Company's deferred tax assets and liabilities at December 31 are as follows (amounts in thousands):

	2024	2023
DEFERRED TAX ASSETS:		
Accounting reserves and accruals	\$ 21,023	\$ 22,340
Pension plans	3,091	4,249
Deferred management rights proceeds	39,763	40,280
Federal and State net operating loss carryforwards	125,692	102,032
Tax credits and other carryforwards	17,181	8,881
Other assets	3,993	6,205
Total deferred tax assets	210,743	183,987
Valuation allowance	(5,595)	(5,557)
Total deferred tax assets, net of valuation allowance	205,148	178,430
DEFERRED TAX LIABILITIES:		
Property and equipment, net	125,025	90,792
Other liabilities	9,612	6,014
Total deferred tax liabilities	134,637	96,806
Net deferred tax assets	<u>\$ 70,511</u>	<u>\$ 81,624</u>

TRS federal net operating loss carryforwards at December 31, 2024 totaled \$488.7 million, resulting in a deferred tax asset of \$102.6 million, and do not expire. The REIT has no federal net operating losses as of December 31, 2024. The TRS federal interest limitation carryforward at December 31, 2024 totaled \$70.0 million, resulting in a deferred tax asset of \$14.7 million that does not expire. The use of certain federal net operating losses, credits and other deferred tax assets is limited to the Company's future taxable earnings. As a result, a valuation allowance was provided for certain federal

deferred tax assets in 2022 and was fully released in 2023. The valuation allowance related to federal deferred tax assets increased (decreased) \$0, \$(87.3) million and \$(1.6) million in 2024, 2023 and 2022, respectively.

State net operating loss carryforwards at December 31, 2024 totaled \$612.1 million, resulting in a deferred tax benefit of \$23.1 million, which will expire between 2025 and 2044. The use of certain state net operating losses, credits and other state deferred tax assets is limited to the future taxable earnings of separate legal entities. As a result, a valuation allowance has been provided for certain state deferred tax assets, including loss carryforwards. The valuation allowance related to state deferred tax assets increased (decreased) \$0, \$(25.1) million and \$(5.8) million in 2024, 2023 and 2022, respectively.

The Company has concluded IRS examinations of the TRS through the 2015 tax year. For federal income tax purposes and substantially all the states with which the Company has nexus, the statute of limitations has expired through 2020. However, the Company has federal and state net operating loss carryforwards from closed years, which could be adjusted upon audit. The Company is routinely subject to other various jurisdictional income tax audits; however, there were no outstanding state or local audits at December 31, 2024. In addition, the Company has evaluated the effects of the Inflation Reduction Act signed into law in 2022 and believes that it has no material effect on the Company's financial statements.

At December 31, 2024 and 2023, the Company had no accruals for unrecognized tax benefits. The Company recognizes interest and penalties related to uncertain tax positions, if any, in income tax expense. At December 31, 2024 and 2023, the Company has accrued no interest or penalties related to uncertain tax positions.

11. Commitments and Contingencies

On April 9, 2024, the Company received service of process in a lawsuit naming the Company and a subsidiary as co-defendants with Marriott, as the manager, and multiple contractors in a personal injury lawsuit filed by the individual plaintiffs in Colorado state court. The lawsuit relates to a May 2023 incident at the Gaylord Rockies indoor pool amenity involving the collapse of HVAC equipment. The complaint requests an unspecified amount of damages related to alleged injuries to two guests. The Company intends to vigorously defend the lawsuit and believes it has strong defenses. The lawsuit is in its early stages so the Company cannot predict its likely outcome or estimate the range of possible loss, but the Company does not believe that the outcome will have a material impact on the Company's financial position.

The Company entered into a tax protection agreement in connection with the December 31, 2018 purchase of additional interests in the Gaylord Rockies joint venture, which will generally require the Company to, among other things, indemnify certain minority partners that were members of the Gaylord Rockies joint venture for 50% of any income taxes incurred by them as a result of a direct or indirect sale or other disposition of the Gaylord Rockies joint venture within seven years of closing, and for 100% of any income taxes incurred by them as a result of the failure to comply with certain obligations related to nonrecourse liability allocations and debt guarantee opportunities for the purpose of protecting such parties' tax bases.

In connection with the purchase of Block 21, the Company provided limited guarantees to the Block 21 lenders under the Block 21 CMBS Loan via a guaranty agreement, a guaranty of completion agreement and an environmental indemnity.

As of January 1, 2022, the Company is self-insured for certain losses related to employee medical benefits. The Company has purchased stop-loss coverage in order to limit its exposure to any significant levels of claims relating to workers' compensation and employee medical benefits for which it is self-insured.

The Company has entered into employment agreements with certain officers, which provide for severance payments upon certain events, including after a change of control.

The Company, in the ordinary course of business, is involved in certain legal actions and claims on a variety of other matters. It is the opinion of management that such legal actions will not have a material effect on the financial statements of the Company.

12. Fair Value Measurements

The Company uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The investments held by the Company in connection with its deferred compensation plan consist of money market and mutual funds traded in an active market. The Company determined the fair value of these assets based on the net asset value per unit of the funds or the portfolio, which is based upon quoted market prices in an active market. Therefore, the Company has categorized these investments as Level 1.

The Company's interest rate swaps consist of over-the-counter swap contracts, which are not traded on a public exchange. The Company determines the fair value of these swap contracts based on a widely accepted valuation methodology of netting the discounted future fixed cash flows and the discounted expected variable cash flows, using interest rates derived from observable market interest rate curves and volatilities, with appropriate adjustments for any significant impact of non-performance risk of the parties to the swap contracts. Therefore, these swap contracts have been classified as Level 2.

The Company has consistently applied these valuation techniques in all periods presented and believes it has obtained the most accurate information available for the types of instruments it holds.

The Company's assets and liabilities that are required to be measured at fair value on a recurring basis at December 31, were as follows (in thousands):

	December 31, 2024	Markets for Identical Assets (Level 1)	Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Deferred compensation plan investments	\$ 37,440	\$ 37,440	\$ —	\$ —
Total assets measured at fair value	<u>\$ 37,440</u>	<u>\$ 37,440</u>	<u>\$ —</u>	<u>\$ —</u>
Variable to fixed interest rate swaps	\$ 386	\$ —	\$ 386	\$ —
Total liabilities measured at fair value	<u>\$ 386</u>	<u>\$ —</u>	<u>\$ 386</u>	<u>\$ —</u>

	December 31, 2023	Markets for Identical Assets (Level 1)	Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Deferred compensation plan investments	\$ 33,073	\$ 33,073	\$ —	\$ —
Total assets measured at fair value	<u>\$ 33,073</u>	<u>\$ 33,073</u>	<u>\$ —</u>	<u>\$ —</u>
Variable to fixed interest rate swaps	\$ 1,322	\$ —	\$ 1,322	\$ —
Total liabilities measured at fair value	<u>\$ 1,322</u>	<u>\$ —</u>	<u>\$ 1,322</u>	<u>\$ —</u>

The remainder of the assets and liabilities held by the Company at December 31, 2024 are not required to be recorded at fair value, and financial assets and liabilities approximate fair value.

See the "JW Marriott Hill Country Transaction" and the "Block 21 Transaction" sections of Note 1 for additional disclosures related to the fair value measurements used in accounting for the purchase of JW Marriott Hill Country and Block 21.

13. Financial Reporting By Business Segments

The Company's operations are organized into the following principal business segments:

- *Hospitality*, which includes the Gaylord Hotels properties, JW Marriott Hill Country (effective June 30, 2023), the Inn at Opryland and the AC Hotel;
- *Entertainment*, which includes the OEG business, specifically, the Grand Ole Opry, the Ryman Auditorium, WSM-AM, Ole Red, Category 10, Block 21, and the Company's previous investment in Circle; and
- *Corporate and Other*, which includes operating and general and administrative expenses related to the overall management of the Company which are not allocated to the other reportable segments.

The Company's chief operating decision maker ("CODM") is comprised of the Company's chief executive officer and the Company's chief financial officer. The CODM uses segment operating income (loss) to evaluate the performance of each segment and to allocate resources.

[Table of Contents](#)

The accounting policies for each segment are the same as those described in Note 1, “Description of the Business and Summary of Significant Accounting Policies.” The Company does not have intersegment sales or transfers. The following information (amounts in thousands) is derived directly from the segments’ internal financial reports used by the CODM and for corporate management purposes.

	For the Year Ended December 31, 2024

- (1) Includes equity pledges under the Company's credit facility. At December 31, 2024, \$297.1 million in borrowings and letters of credit were outstanding under such facility.
- (2) The aggregate cost of these assets for federal income tax purposes (unaudited) is approximately \$3.5 billion at December 31, 2024.

**Ryman Hospitality Properties, Inc. (the “Company”)
Summary of Director and Executive Officer Compensation**

I. Director Compensation. Directors who are employees of the Company do not receive additional compensation for serving as directors of the Company. The following table sets forth current rates of cash compensation for the Company’s non-employee directors.

Retainers	2025
Board retainer	\$ 80,000
Lead Non-Management Director retainer	\$ 30,000
Audit chair retainer	\$ 30,000
Human Resources chair retainer	\$ 20,000
Nominating and Corporate Governance chair retainer	\$ 20,000
Risk chair retainer	\$ 20,000
Audit member retainer	\$ 10,000
Human Resources member retainer	\$ 10,000
Nominating and Corporate Governance member retainer	\$ 7,500
Risk member retainer	\$ 10,000

Non-employee directors may elect payments in cash or defer a portion of their cash compensation and receive restricted stock units pursuant to the Company’s 2024 Omnibus Incentive Plan with a value equal to the fees, based on the fair market value of the Company’s common stock on the date of issuance. Such restricted stock units will be deferred until a specified date or the end of the director’s service on the Board of Directors. All directors are reimbursed for expenses incurred in attending meetings.

In addition, each non-employee director receives, as of the date of our board meeting following our annual meeting of stockholders, an annual grant of restricted stock units having a dollar value of \$120,000, based upon the fair market value of the Company’s common stock on the date of grant. The restricted stock units vest fully on the first anniversary of the date of grant, pursuant to the Company’s 2024 Omnibus Incentive Plan, unless deferred by the director until a specified date or the end of the director’s service on the Board of Directors. Directors do not receive fees for attending meetings.

II. Executive Officer Compensation. The following table sets forth the 2025 annual base salaries and the fiscal 2024 short-term incentive compensation provided to the Company’s Chief Executive Officer, Chief Financial Officer and the three other most highly compensated executive officers to be named in the Company’s proxy statement to be filed in connection with the 2025 annual meeting of stockholders (the “Named Executive Officers”).

Executive Officer	2025 Salary	Fiscal 2024 Bonus Amount
Mark Fioravanti	\$950,000	\$1,650,000
Colin Reed	\$525,000	\$943,272
Jennifer Hutcheson	\$543,375	\$674,827
Patrick Chaffin	\$595,125	\$753,250
Scott Lynn	\$501,976	\$627,421

The following table sets forth the fiscal 2025 bonus targets as a percentage of 2025 base salary set for the Company's Named Executive Officers:

Executive Officer	Threshold	Target	Maximum
Mark Fioravanti	87.5%	175%	350%
Colin Reed	87.5%	175%	350%
Jennifer Hutcheson	62.5%	125%	250%
Patrick Chaffin	62.5%	125%	250%
Scott Lynn	62.5%	125%	250%

These amounts were unchanged from fiscal year 2024. The fiscal 2025 bonuses will be determined based upon the achievement of certain financial goals, and, if earned, will be paid pursuant to the Company's cash incentive compensation program under the Company's 2025 Incentive Compensation Plan.

On February 20, 2025, as part of an annual grant to designated management-level employees, including the Named Executive Officers, the Named Executive Officers received the following long-term incentive awards pursuant to the Company's 2024 Omnibus Incentive Plan:

- Awards of performance-based restricted stock units for the 2025-2027 performance period, as listed in the table below, of which up to 150% will vest on March 15, 2028 based on the achievement of Total Stockholder Return ("TSR") against a designated peer group (the "Performance-Based RSUs").
- Awards of time-based restricted stock units, as listed in the table below, vesting ratably over four years beginning on March 15, 2026 (the "Time-Based RSUs").

The long-term incentive awards to each Named Executive Officer were as follows:

Executive Officer	Time-Based RSUs	Performance-Based RSUs
Mark Fioravanti	16,064	16,947
Colin Reed	7,608	8,028
Jennifer Hutcheson	3,940	4,154
Patrick Chaffin	3,596	3,792
Scott Lynn	3,032	3,198

Certain performance-based restricted stock unit awards under the Company's 2016 Omnibus Incentive Plan previously granted to the Named Executive Officers, with respect to performance periods ended December 31, 2024, will vest on March 15, 2025 as will be reflected in Form 4 filings to be made with the SEC.

III. Additional Information. The foregoing information is summary in nature. Additional information regarding the compensation of directors and Named Executive Officers will be provided in the Company's filings with the SEC, including the proxy statement to be filed in connection with the 2025 annual meeting of stockholders.

RYMAN HOSPITALITY PROPERTIES, INC.
STATEMENT OF COMPANY POLICY REGARDING INSIDER TRADING

**This Policy is Applicable to All Directors, Officers
and Employees of the Company.**

The Need for a Policy Statement

Ryman Hospitality Properties, Inc., a Delaware corporation (together with its affiliates and subsidiaries, unless context otherwise requires, the "Company") has adopted the following policy (the "Policy") to provide guidelines with respect to transactions in Company securities and the handling of material nonpublic information about the Company, the companies with which the Company does business or any other company as a result of such Company Insider's service or employment with the Company. Each Company Insider is responsible for ensuring that such Company Insider does not violate federal or state securities laws or this Policy. This policy is designed to promote compliance with the federal and state securities laws and to protect the Company, as well as Company Insiders, from the very serious liabilities, penalties and reputational damage that can result from violations of these laws.

Engaging in transactions in securities while in possession of material nonpublic information ("insider trading") or the selective disclosure of such information to others who may trade or advise others to trade ("tipping") is prohibited by federal and state laws. Insider trading and/or tipping also compromises the Company's reputation for integrity and ethical conduct, a reputation that the Company and its employees and directors have all worked hard to establish and cannot afford to have damaged.

Certain Defined Terms

"Applicable Person" means each Company Insider and any Related Party thereof.

"Company Insider" means (i) every officer, director and employee of the Company, and this Policy extends to activities within and outside their duties to the Company; and (ii) other persons designated by the Company, such as contractors or consultants who have access to material nonpublic information.

"Exchange Act" means the Securities Exchange Act of 1934, as amended.

"Related Party" means (i) all members of a Company Insider's family who reside with such Company Insider (including a spouse, children, children away at college, stepchildren, grandchildren, parents, stepparents, grandparents, siblings and in-laws), anyone else who lives in the Company Insider's household and any family members who do not live in the Company Insider's household if the Company Insider directs, influences or controls their securities transactions; and (ii) any entities that a Company Insider influences or controls, including any corporations, limited liability companies, partnerships or trusts; and (iii) in the case of any Section 16 Person, any other individual or entity whose ownership is otherwise required to be reported on any filings made by such person under Section 16 of the Exchange Act.

"Section 16 Person" means any member of the board of directors or any individual who is serving as an "officer" (as defined by Exchange Act Rule 16a-1(f) (or any successor provision thereof)) of the Company.

Potential Penalties for Insider Trading Violations

The penalties provided by applicable law for trading on or communicating material nonpublic information are severe, both for individuals involved in such unlawful conduct and their employers. Any person violating applicable insider trading or tipping laws can be subject to various penalties even if the person does not personally benefit from the violation. Penalties for violating insider trading or tipping laws may include imprisonment or other criminal penalties, civil penalties, civil injunctions and the disgorgement of profits from or losses avoided as a result of such offense. In addition, the federal securities laws impose potential liability on companies and other "controlling persons" (as defined in the Exchange Act) if they fail to take reasonable steps to prevent insider trading or tipping violations by applicable personnel. Moreover, in addition to the authority of the Securities and Exchange Commission ("SEC") to investigate and prosecute offenders, applicable federal law includes a bounty provision permitting payments to persons who provide information leading to the imposition of a civil penalty for insider trading violations, and also provides a private right of action under certain circumstances in connection with insider trading violations.

In addition, violation of this Policy or federal or state insider trading or tipping laws by any person may, in the case of a director, subject the director to dismissal proceedings and, in the case of an officer or employee, subject the officer or employee to disciplinary action by the Company including termination for cause. Additionally, any penalty—

even an investigation which does not result in legal action—can tarnish one's reputation and irreparably damage a career.

Policy Statement on Insider Trading

Policy. It is the policy of the Company that no Applicable Person while aware of material nonpublic information may (a) engage in any transaction in Company securities (other than pursuant to a pre-approved trading plan that complies with Rule 10b5-1, including the Company's Individual Rule 10b5-1 Trading Plan Guidelines, which are attached hereto as Annex A), (b) engage in any transaction in the securities of any other company or otherwise take any action to take advantage of such material nonpublic information (including entering into any transaction involving the securities of another company that is economically-linked to the Company, inclusive of all significant Company partners, collaborators, customers, suppliers, vendors, industry peers, or competitors of the Company, or a company that is involved in a potential transaction or other business relationship with the Company), or (c) communicate such material nonpublic information to others outside the Company, including Related Parties, other family and friends, in violation of applicable law.

Transactions by Related Parties. The terms of this Policy will apply to any Related Party of a Company Insider, and transactions by any such Related Party will generally be treated as if they were for the Company Insider's own account. Company Insiders are responsible for the compliance with this Policy by any Related Party, and as such Company Insiders should make sure that each Related Party is aware of the need to confer with the Company Insider before they engage in transactions in Company securities.

Company Securities Subject to Policy. Except as otherwise set forth herein, this Policy applies to any and all transactions in the Company's securities, including transactions in common stock, preferred stock, restricted stock, restricted stock units, options, puts, calls, gifts, short sales, hedging, pledging and any other type of securities that the Company may issue from time to time. This Policy includes trades made pursuant to any investment direction under employee benefit plans as well as trades in the open market. For example, sales of stock acquired through the Company's 2024 Omnibus Incentive Plan (or other stock plan) or transactions in the self-directed portion of the Company's 401(k) Savings Plan are covered by this Policy. This Policy also applies to the exercise of options with an immediate sale of some or all of the shares through a broker.

If a Company Insider ("you" or "yours") has any questions about whether a transaction you (or a Related Party of yours) are considering may be covered by this Policy, you should seek advice from the Company's General Counsel, who has been designated as the Compliance Officer to monitor compliance with this Policy.

Rule 10b5-1 Trading Plans

Rule 10b5-1 presents an opportunity for directors, officers and employees to establish arrangements to sell, purchase, or gift Company securities without the restrictions of trading windows and black-out periods, even while in possession of material nonpublic information. Rule 10b5-1 will protect directors, officers and employees from insider trading liability under Rule 10b5-1 for transactions under a previously established contract, plan or instruction to trade in the Company's stock (a "Trading Plan") entered into (i) while not in possession of material nonpublic information, (ii) in good faith and (iii) in accordance with the terms of Rule 10b5-1 and all applicable state laws and will be exempt from the trading restrictions set forth in this Policy. All Trading Plans adopted by directors, officers and employees of the Company must be pre-cleared by the Company's General Counsel, and must comply with the Company's Individual Rule 10b5-1 Trading Plan Guidelines, which are attached hereto as Annex A.

Trading Plans do not exempt individuals from complying with Section 16 short-swing profit rules or liability. Furthermore, Trading Plans only provide an "affirmative defense" in the event there is an insider trading lawsuit. It does not prevent someone from bringing a lawsuit.

Considerations Related to Insider Trading

Tippling. You must not disclose or otherwise communicate material nonpublic information to others (except persons within the Company or third-party agents of the Company, such as outside legal counsel or independent advisors of the Company, whose positions require them to be aware of the information) or recommend or express any opinion concerning any transaction in any securities on the basis of such material nonpublic information. This practice, known as "tippling", also violates the securities laws and can result in the same civil and criminal penalties that apply to insider trading, whether or not the tipper derives any benefit from another's actions. To avoid tipping (or even creating the appearance of tipping) you should be careful to avoid discussing material nonpublic information in any place where they might be overheard (i.e., in restaurants, elevators or airplanes).

Benefit of Hindsight. If your securities trading transactions become the subject of scrutiny, they will be viewed after the fact with the benefit of hindsight. As a result, questions concerning the materiality of particular information should be resolved in favor of materiality, and trading should be avoided. If you learn something that leads you to want to engage in a securities transaction, chances are that information will be considered material in any subsequent investigation or litigation.

No Exceptions. Transactions that may be necessary or justifiable for independent reasons (such as the need to raise money for an emergency expenditure) are no exception to this Policy. Even the appearance of an improper transaction should be avoided to preserve the Company's reputation for adhering to the highest standards of conduct.

Definition of Material Nonpublic Information

Material Information. Information is generally deemed material if a reasonable investor (i) is substantially likely to consider it important in making an investment decision to buy, hold or sell a security, or (ii) will view it as significantly altering the "total mix" of information made available. Therefore, any information that could reasonably be expected to affect the price of a security is material. Material information is not limited to financial information, and both positive and negative information can be considered material. There is no bright-line standard for assessing materiality. Instead, materiality is based on an assessment of all the facts and circumstances, and is often evaluated with the benefit of hindsight. While it is not possible to define all categories of that could be deemed "material," the following matters ordinarily should be considered material:

- Projections of future earnings or losses or changes in such projections;
- Financial performance, especially quarterly and year-end earnings or significant changes in financial performance;
- Actual changes in earnings;
- A pending or prospective joint venture, merger, acquisition, tender offer or financing;
- A significant sale of assets or disposition of a subsidiary;
- A gain or loss of a significant contract, customer or supplier or significant material changes in the profitability status of a current contract;
- The opening of a new property or development or release of a new product or service;
- Changes in a previously announced schedule for the opening of a new property, development or release of a new product or service;
- Changes in management, other major personnel changes or labor negotiations;
- Changes in compensation policy;
- Significant accounting developments;
- Changes in the Company's auditors or auditor notification that the Company may no longer rely on an auditor report;
- Actual or threatened major litigation, or the resolution of such litigation;
- Significant breaches of information technology systems or other events impacting cybersecurity;
- The contents of forthcoming publications that may affect the market price of the Company's securities;
- Significant increases or decreases in dividends, changes in the cadence of dividends, or the declaration of a stock split or the offering of additional securities; or
- Financial liquidity problems.

Nonpublic Information. Nonpublic information is information that is not generally known or available to the public nor widely disseminated. Information is considered to be available to the public only when it has been released to the public through appropriate channels, *e.g.*, by means of an announcement on the Dow Jones broad tape, a wire service such as AP, radio, television, newspapers and magazines of wide circulation or documents filed or furnished with the SEC, and enough time has elapsed to permit the investment market to absorb and evaluate the information. As a general rule, information is considered nonpublic until the third full business day after public disclosure. Thus, you should refrain from trading or communicating such information, until the third full business day after the public announcement.

Any Company Insider who is unsure whether the information that he or she possesses is material or nonpublic should consult the Company's General Counsel and Secretary for guidance before (A) trading in any (i) Company securities or (ii) securities of another publicly traded company that is economically-linked to the Company, inclusive of all significant Company partners, collaborators, customers, suppliers, vendors, industry peers, or competitors of the Company, or (B) disclosing or otherwise communicating such information to others.

Confidentiality Procedures

Maintaining the confidentiality of Company information is essential for competitive, security and other business reasons, as well as to comply with securities laws. All information a Company Insider learns about the Company or its business plans in connection with such Company Insider's employment or service to the Company is potentially "inside" information until publicly disclosed by the Company. The Company Insider should treat all such information as confidential and proprietary to the Company. The Company Insider may not disclose it to others, including but not limited to any Related Party, any other family members, other relatives or business or social acquaintances, who do not need to know the information as part of their work or service for the Company.

Company Insiders who are in possession of material nonpublic information about the Company should therefore take steps to ensure that the confidentiality of such information is protected. Such steps may include: adopting code names, using passwords for computerized information, shredding confidential documents, locking files and desk drawers containing sensitive information, labeling documents "confidential," limiting the copying of sensitive documents and maintaining a record of other employees who request access to confidential documents or files.

Also, the timing and nature of the Company's disclosure of material information to outsiders is subject to legal rules, the breach of which could result in substantial liability to the Company Insider, the Company and its management. Accordingly, it is important that only specifically designated representatives of the Company discuss the Company with the news media, securities analysts, and investors. Inquiries of this type received by a Company Insider should be referred to the Company's General Counsel.

Certain Transactions

Hedging. The Company considers it inappropriate for any Company Insider to engage in any transactions designed to hedge or offset any decrease in the market value of the Company's equity securities (commonly referred to as "hedging" or "monetization" transactions), because such transactions may permit you to continue to own the Company's securities but without the full risks and rewards of ownership, resulting in you no longer having the same objectives as the Company's other shareholders. Accordingly, hedging transactions, including, but not limited to, through the use of financial instruments such as exchange funds, equity swaps, puts, calls, collars, forwards and other derivative instruments, or through the establishment of a short position in the Company's equity securities, are prohibited.

Gifts. Except as otherwise provided below, any gifts of Company securities are transactions subject to the terms of this Policy.

Vesting of Stock-Based Awards. This Policy does not apply to the vesting of restricted stock awards, restricted stock unit awards, performance share awards or other stock-based awards of the Company, or the exercise of tax withholding rights via net settlement procedures pursuant to which the Company withholds shares of common stock to satisfy tax withholding requirements upon the vesting of any such stock-based awards; provided, however, that this Policy applies to any broker-assisted or other market sales of the Company's common stock to satisfy such tax withholding requirements.

Exercise of Stock-Based Awards. This Policy does not apply to the exercise of any stock option award or other stock-based awards of the Company; provided, however, that (i) any such exercise by a Section 16 Person is subject to the pre-clearance procedures; and (ii) the sale of any Company common stock acquired upon the exercise of any such award is subject to this Policy. In addition, this Policy does not apply to net settlement procedures in connection with the exercise of any stock option award or other stock-based awards of the Company pursuant to which the Company withholds shares of common stock to satisfy tax withholding requirements or to satisfy any applicable exercise price of any such award; provided, however, that this Policy applies to any broker-assisted or other market sales of the Company's common stock to satisfy such tax withholding requirements or such exercise price obligations.

Standing and Limit Orders. Standing and limit orders (excluding standing and limit orders pursuant to the terms of any Rule 10b5-1 plans, as described in this Policy) create heightened risks for insider trading violations similar to the use of margin accounts. There is no control over the timing of purchases or sales that result from standing instructions to a broker, and as a result the broker could execute a transaction when the owner is aware of material non-public information. The Company therefore strongly discourages placing standing or limit orders on the Company's securities. If a person subject to this Policy determines that such person must use a standing or limit order with respect to Company securities, the order should be limited to a short duration and any transactions in connection therewith must otherwise comply with this Policy.

Short Sales. Short sales of the Company's securities (i.e., the sale of a security that the seller does not own) may evidence an expectation on the part of the seller that the securities will decline in value, and therefore have the potential to signal to the market that the seller lacks confidence in the Company's prospects. In addition, short sales may reduce a seller's incentive to seek to improve the Company's performance. For these reasons, short sales of the Company's securities by Applicable Persons are prohibited. Moreover, Section 16(c) of the Exchange Act prohibits any Section 16 Person from engaging in short sales with respect to equity securities.

Margin Accounts and Pledging. Securities held in a margin account as collateral for a margin loan may be sold by a broker without the customer's consent if the customer fails to meet a margin call. Similarly, securities pledged (or hypothecated) as collateral for a loan may be sold in foreclosure if the borrower defaults on the loan. Because a margin sale or foreclosure sale may occur at a time when the pledgor is aware of material non-public information or otherwise is not permitted to trade in the Company's securities, each Applicable Person is prohibited from holding the Company's securities in a margin account or otherwise pledging the Company's securities as collateral for a loan, except as set forth in the Company's Policy Regarding Special Trading Procedures.

Publicly Traded Options. Given the relatively short term of publicly-traded options, transactions in options may create the appearance that a person is trading based on material non-public information. Additionally, transactions in options may focus a person's attention on short-term performance at the expense of a company's long-term objectives. Accordingly, transactions in puts, calls or other derivative securities in relation to the Company's securities by any Applicable Person is prohibited.

Transactions Following Termination of Service

This Policy continues to apply to transactions in Company securities after termination of service to the Company. If an Applicable Person is in possession of material nonpublic information when such Applicable Person's service terminates, such Applicable Person may not trade in the Company's securities until any such material nonpublic information has become public or is no longer material.

Personal Responsibility; Assistance

Each Company Insider should remember that the ultimate responsibility for adhering to this Policy and avoiding improper trading or tipping rests with such Company Insider. In this regard, it is important that each Company Insider use such Company Insider's best judgment.

Compliance with this Policy by all Applicable Persons is of the utmost importance both for such Applicable Person and for the Company. Any person who has any questions about the application of this Policy to any particular situation should seek guidance from the Company's General Counsel. You should consult your legal and financial advisors as needed. Any action on the part of the Company, the Company's General Counsel, (or the General Counsel's designee) or any other employee or any director pursuant to this Policy (or otherwise) does not constitute legal advice or insulate a person from liability under applicable securities laws.

Adopted effective as of December 5, 2024.

Annex A to Statement of Company Policy Regarding Insider Trading
Individual Rule 10b5-1 Trading Plan Guidelines

The Securities and Exchange Commission enacted Rule 10b5-1 (the "Rule") to give directors, officers and employees who were often in possession of material, nonpublic information ("Insiders") greater flexibility to engage in transactions in their company's stock. If Insiders follow the requirements of the Rule, Insiders will have an affirmative defense from insider trading liability for trades made under an effective written plan for trading securities (commonly referred to as a Rule 10b5-1 Plan). In each case, Insiders must act in good faith with respect to the Rule 10b5-1 Plan ("Plan") and not as part of a scheme to evade the prohibitions against unlawful insider trading.

As set forth in the Ryman Hospitality Properties, Inc. Statement of Company Policy Regarding Insider Trading (the "Policy"), the Company permits its Insiders to purchase or sell shares of Company common stock pursuant to a Plan under certain circumstances. The Company has set forth the following guidelines (the "Guidelines") to provide Insiders with clarity as to what parameters must be followed in order to adopt a Plan that is compliant with the Company's Policy. These Guidelines are in addition to, and not in lieu of, the requirements and conditions of the Rule. Any questions regarding the Guidelines should be directed to the Company's General Counsel.

1. **Pre-Clearance.** All Plans must be submitted in writing and pre-cleared by the Company's General Counsel (or the General Counsel's designee) at least five (5) trading days prior to the entry into the Plan. The Company reserves the right to withhold pre-clearance of any Plan that the Company determines is not consistent with the rules regarding such Plans. Notwithstanding any pre-clearance of a Plan, the Company assumes no liability for the consequences of any transaction made pursuant to such Plan.

2. **Plan Adoption.** All Plans must be entered into during an open trading window and when the Insider is not in possession of any material, nonpublic information.

3. **Plan Format.** All Plans must be in writing and must not allow the Insider to exercise any subsequent influence over how, when or whether to effect trades in Company securities under the Plan. Additionally, Plans must (a) expressly state the amount, price and dates on which transactions may be executed, (b) provide a written formula for determining amounts, prices and dates or (c) delegate discretion on those matters to an independent third party.

4. **Cooling-Off Period.**

A. If the Insider is a Company director or officer (as defined in Rule 16a-1 under the Securities Exchange Act of 1934, as amended (a "Section 16 Person")), the Plan must not permit any trades to occur until the later of (a) 90 days following adoption or modification of the Plan or (b) two (2) business days following the disclosure of the Company's financial results in a Form 10-Q or Form 10-K for the fiscal quarter in which the Plan was adopted or modified (but, in any event, this required cooling-off period is subject to a maximum of 120 days after adoption of the Plan).

B. If the Insider is not a Section 16 Person (but is also not the Company), the Plan must not permit any trades to occur until the expiration of a cooling-off period 30 days after the adoption or modification of such Plan.

5. **Multiple Plans.** Pursuant to the Rule, a person may only rely on the affirmative defense for a single-trade plan once during any consecutive 12-month period. A single-trade plan is a 10b5-1 trading plan designed to effect the purchase or sale of the total amount of the securities subject to the plan as a single transaction. Further, only one Plan may be in effect at any time, unless one of three exemptions is met, which are:

A. A person may enter into more than one Plan with different broker-dealers or other agents and treat the Plans as a single Plan so long as, when taken as a whole, the "plan" complies with all of the rule's requirements;

B. A person may adopt one later-commencing Plan so long as trading under the later-commencing Plan is not authorized to begin until after all trades under the earlier-commencing Plan are completed or expire without execution. If the earlier-commencing Plan is terminated earlier, the later-commencing Plan must have a cooling-off period that starts when the first Plan terminates; and

C. A person may have an additional Plan set up solely to sell securities as necessary to satisfy tax-withholding obligations arising exclusively from the vesting of a compensatory award, otherwise known as a “sell-to-cover” transaction.

6. Trades Outside of the Plan. Once a Plan is established, Insiders may transact in securities that are not subject to the currently existing Plan. Such transactions continue to be subject to the Company’s Policy, including, to the extent applicable, the pre-clearance provisions and procedures of the Company’s Policy Regarding Special Trading Procedures, as applicable. Under no circumstances will opposite-way open market transactions be permitted.

7. Plan Duration. The minimum duration of a Plan is six months and the maximum duration is two years.

8. Certification. When entering into a Plan, an Insider must certify that at the time of adoption of the Plan that the Insider: (1) is not aware of any material, non-public information; and (2) is adopting the Plan in good faith and not as part of a plan or scheme to evade the prohibitions of the Rule.

9. Modifications. Plan modifications are prohibited. As provided in the Rule, any modification or change to the amount, price, or timing of the purchase or sale of the securities underlying a Plan is a termination of such Plan and the adoption of a new Plan. In addition, a Plan modification, such as the substitution or removal of a broker that is executing trades pursuant to a Rule 10b5-1 arrangement on behalf of the person, that changes the price or date on which purchases or sales are to be executed, is a termination of such Plan and the adoption of a new Plan.

10. Early Terminations. The early termination of a Plan could affect the availability of the Rule’s affirmative defense for prior Plan transactions if it calls into question whether the Plan was entered into in good faith and not as part of a plan to avoid the insider trading rules. **Because of this risk, early terminations are strongly discouraged.** In the event an Insider determines to terminate a Plan early, every effort should be taken to terminate the Plan during an open window. Early termination of a Plan during a quiet (or blackout) period requires extenuating circumstances and is subject to legal review. In the event an Insider early terminates his or her Plan, such Insider (i) will be subject to the cooling-off period for the subsequent Plan that starts when the first Plan is terminated, as noted above, and (ii) may be (A) prohibited from adopting future Plans, (B) prohibited from transacting in securities outside of a Plan, or (C) subject to other restrictions at the sole discretion of the Company’s General Counsel.

11. Brokers and Broker Reporting. Each Plan must require the broker counterparty to promptly report to the Company’s designated representative the details of every transaction executed under a Plan, but in any event, such detail shall be provided no later than one (1) trading day after the execution date.

12. Public Disclosure of Plan Transactions. Transactions executed pursuant to a Plan will be indicated as such on the Insider’s Form 4, if applicable. In addition, beginning with the first periodic filing that covers the Company’s first full fiscal period that begins on or after April 1, 2023, the Company will be required to disclose in its periodic reports (i.e., 10-Qs and 10-Ks) the adoption or termination of a Plan by any Section 16 Person during the last completed quarter, including a description of the material terms of such a Plan, other than terms with respect to price.

13. Securities Laws. A Plan does not relieve Insiders from their obligations to comply with the requirements of applicable securities laws. You will need to coordinate with your broker and the Company to ensure that all of these requirements are satisfied and that all required notices and reports are timely and accurately filed.

**RYMAN HOSPITALITY PROPERTIES, INC.
COMPANY POLICY REGARDING SPECIAL TRADING PROCEDURES**

**This Policy is Applicable Only to Directors, Section 16 Executive Officers and Other Employees
Designated by the Company.**

Concurrently with the adoption of this Company Policy Regarding Special Trading Procedures (this "Trading Policy"), Ryman Hospitality Partners, Inc., a Delaware corporation (together with its affiliates and subsidiaries, unless context otherwise requires, the "Company") has adopted a Statement of Company Policy Regarding Insider Trading, including the Company's Individual Rule 10b5-1 Trading Plan Guidelines attached as Annex A thereto (collectively, the "Insider Trading Statement") applicable to all Company directors, officers and employees and such other persons as specified therein, which also has been furnished to you. This Trading Policy places limitations, in addition to those included in the Insider Trading Statement, on transactions in certain securities for directors, executive officers and certain other employees who may have regular access to material nonpublic information in the performance of their duties ("Covered Persons").

To provide assistance in preventing inadvertent violations and avoiding even the appearance of an improper transaction (which could result, for example, where a Covered Person engages in a trade while unaware of a pending major development), the procedures set forth below must be followed by all Covered Persons.

Blackout Periods and Preclearance

The Company has put in place "blackout" periods during which Covered Persons shall refrain from trading (including purchases, sales, gifts or other transactions) in Company securities. It is Company policy that a Covered Person may not trade Company securities during the four calendar periods commencing at market close on the 20th calendar day of the third month of the then-current fiscal quarter and ending, in each case, on the third full business day after the Company's annual or quarterly earnings release.

In unusual circumstances, such as a significant announcement that may likely affect the Company, the Company may impose a special blackout period. If you are subject to special blackout, you will be notified by the Company's General Counsel. However, the existence of a special blackout period generally will not be announced other than to those who are aware of the event giving rise to the blackout. Accordingly, if you are notified of a special blackout period you should not disclose the existence of the blackout to others.

The "blackout" periods do not apply to stock option exercises or other periodic or regular savings or deferred compensation plan purchases, unless the Company has suspended such option exercises or purchases (which would occur only under unusual circumstances). Moreover, the "blackout" periods would not apply to transactions pursuant to a previously submitted written plan approved by the Company's General Counsel, as consistent with Rule 10b5-1 including the Insider Trading Statement.

However, the "blackout" periods do cover market sales of stock received pursuant to the 2024 Omnibus Incentive Plan (or other stock plan) and transfers into or out of the Company's stock fund under the 401(k) Savings Plan. In addition, transactions involving Company securities held by or in the name of any member of a Covered Person's family who resides with such Covered Person, including a spouse, children, children away at college, stepchildren, grandchildren, parents, stepparents, grandparents, siblings and in-laws, anyone else who lives in the Covered Person's household and any family members who do not live in the Covered Person's household if the Covered Person directs, influences or controls their securities transactions, as well as other entities such as trusts, corporations and partnerships in which he or she has an interest (collectively, each a "Related Party"), also are restricted.

It is Company policy that all transactions by the Company's directors, executive officers and other senior officers (a group more narrow than the Covered Persons) involving Company securities must be specifically precleared by the Company's General Counsel. If the Company's General Counsel desires to complete any trades involving Company securities, the General Counsel must first obtain approval of the Chief Executive Officer of the Company.

If, upon requesting approval, a Covered Person is advised that Company securities may be traded, the individual may buy, sell or gift the securities within two full business days after receiving permission, provided that the individual does not acquire material nonpublic information during that time. If for any reason the trade is not completed within the two full business days, preclearance must be obtained again before the securities may be traded. If, upon requesting approval or otherwise, a Covered Person is advised that the securities may not be traded, the individual may not buy, sell or gift any securities under any circumstances, or inform anyone within or outside the Company of the restriction. This trading restriction will remain in effect until the individual subsequently receives preclearance to trade.

Section 16

Periodic Reporting

Section 16(a) of the Securities Exchange Act of 1934 (the "1934 Act") requires that directors, executive officers and beneficial owners of at least ten-percent of the Company's common stock file reports with the Securities and Exchange Commission (the "SEC") and the New York Stock Exchange (the "NYSE") concerning their beneficial ownership of equity securities of the Company and changes in such holdings. The SEC's rules essentially include two beneficial ownership concepts. The first, used in determining who is a greater than ten-percent stockholder required to file Section 16 reports, focuses on a person's voting or investment power over securities as a major factor in determining beneficial ownership. As a practical matter, if a person has sole or shared voting or investment power over securities that will usually be sufficient to find that those securities are beneficially owned for purposes of Section 16.

Once a person, whether an executive officer, director or greater than ten-percent stockholder, is required to file Section 16 reports, the SEC uses a second beneficial ownership concept, based on such person's direct or indirect "pecuniary interest" in securities, to determine which transactions need to be reported and are subject to potential profit disgorgement. Essentially, this second test is predicated on an insider's ability to profit from purchases or sales of securities. In determining the existence of a pecuniary interest, a person has a pecuniary interest in securities held by members of his or her immediate family if they share the same household. A person may also be held to be the beneficial owner of securities held by a partnership, corporation, trust or other entity over which he or she has a controlling influence. Finally, special rules exist for fiduciaries and beneficiaries of trusts and partners of partnerships. Given the difficulty of applying Section 16's "beneficial ownership" and "pecuniary interest" concepts, the Company is prepared to assist executive officers, directors and other filing persons in making such determinations.

The initial filing report is the Form 3, which lists direct or indirect stock ownership (including ownership by immediate family members) as of the date a person elected a director or executive officer of the Company. Virtually all transactions directly or indirectly affecting Company stock ownership by a Covered Person, his or her immediate family and other entities in which he or she has an interest must be reported. This includes transactions conducted pursuant to the Company's employee benefit plans. Generally, a Form 4 is due any time a Covered Person's stock ownership changes. There is also an annual end-of-year Form 5 filing that is required to be filed in certain circumstances. These reports must be filed with the SEC, the NYSE and the Company and become a matter of public record.

The Form 3 must be received by the SEC within ten days after the date on which a person first becomes a director, executive officer or ten-percent holder subject to Section 16. A Form 4 must be received by the SEC within two days after there has been a non-exempt transaction which results in a change in beneficial ownership. The Form 5 must be received by the SEC within 45 days of the Company's fiscal year end by every person who was an insider at any time during the fiscal year and who had an exempt transaction not otherwise reported. As part of the 1934 Act, the Company will be required to report by name in the Form 10-K or proxy statement any failures to file or late filings of Forms 3, 4 or 5 by executive officers or directors.

Directors and executive officers will also be required to file a Form 4 for non-exempt transactions completed after they cease to be a director or executive officer of the Company if such transactions occur within six months of their last non-exempt transaction while an executive officer or director. Moreover, no later than 45 days after the end of the fiscal year in which the resignation occurs, a Form 5 may be required with respect to certain exempt transactions. Furthermore, a Form 5 may be required to report any exempt or otherwise reportable transactions in the six-month period after ceasing to be an executive officer or director. The consequences of a late filing or a failure to file under the SEC rules may be significant. For example:

- Fines for each filing violation by an executive, director or greater than ten-percent stockholder, cease and desist orders, director and officer bars and injunctions.
- Disclosure in the Company's Proxy Statement or Form 10-K.

Under the SEC rules, the filing requirements are solely the responsibility of the individual executive officer or director; however, the Company has a program in place to assist and monitor these filings. Please contact the Company's General Counsel for assistance. As in the past, the Company will prepare and mail the Forms; however, it remains the responsibility of directors and executive officers to timely notify the Company of any stock transactions and to review, approve and sign the Forms. If a director or executive officer elects to mail his or her own Form, he or she is asked to retain a written receipt from the post office or other service and deliver a copy of the Form and receipt to the Company.

You should consult your legal and financial advisors as needed. Any action on the part of the Company, the Company's General Counsel (or the General Counsel's designee) or any other employee or any director pursuant to this policy (or otherwise) does not constitute legal advice or insulate a person from liability under applicable securities laws.

Short-Swing Profits

Supplementing the reporting requirements of Section 16(a) is the "short-swing" trading provision contained in Section 16(b) of the 1934 Act. Section 16(b) provides that any profit realized by an executive officer or director from any purchase and sale, or sale and purchase, of any equity security of the Company within any period of less than six months shall inure to, and be recovered by, the Company. Unlike other provisions in the federal securities laws, intent to take unfair advantage of non-public information is not required for recovery under Section 16(b). In other words, transactions in the Company's securities within six months of one another can lead to disgorgement, irrespective of the reasons for or purposes of the transaction. The recovery for short-swing profits belongs to the Company and cannot be waived. Additionally, the 1934 Act authorizes stockholders to bring these actions under certain circumstances.

It is irrelevant for Section 16(b) purposes whether the purchase or the sale comes first. Furthermore, courts will match the lowest purchase price with the highest sale price. Thus, although the executive officer or director may have realized an overall economic loss, he or she may be treated for Section 16(b) purposes as having realized a profit.

Most exercises and conversions of derivative securities, including option exercises, are not considered a purchase; however, the acquisition still must be reported. Stock acquired on the exercise of a Company stock option may not be sold until six months after the option grant date.

Other Securities Law Restrictions

The federal securities laws also impose on each Covered Person other restrictions which are not related to the possession of material nonpublic information. Even if a Covered Person has no material nonpublic information, a Covered Person may not sell publicly securities of the Company unless such sale is covered by an effective registration statement or is being made pursuant to the registration requirement. Rule 144 under the Securities Act of 1933, as amended ("Rule 144") provides an exemption from registration for sales made through transactions with brokers, provided that a number of conditions are met. Rule 144 sets forth various requirements (including volume, manner of sale and current public information requirements) with respect to the sale of securities by any "affiliate," which may be deemed to include a Covered Person. If a Covered Person, or any Related Party thereof, is permitted to make a public sale pursuant to this Trading Policy and the Insider Trading Statement, a Covered Person should advise his or her broker that he or she is selling pursuant to Rule 144 and he or she may be obligated to file a Form 144 with the SEC and the NYSE. If a Covered Person, or any Related Party thereof, intends to sell Company securities, such Covered Person must coordinate with the Company's General Counsel and the broker of such Covered Person as part of the pre-clearance process to ensure any applicable compliance with Rule 144. The Company's General Counsel has copies of Form 144 and is able to advise and provide assistance in connection with such transactions.

In addition, when the Company is engaged in a distribution of its securities through a public offering or otherwise, a Covered Person may not purchase any securities, whether or not he or she is in possession of material nonpublic information, until such distribution has been completed. If there are any questions about purchases while the Company is engaged in such a distribution, advice should be sought from the Company's General Counsel.

Compliance With the Insider Trading Statement

Except as set forth under the section entitled "Anti-Hedging and Pledging Pre-Approval" in this Trading Policy, the procedures set forth in this Trading Policy are in addition to the policies set forth in the Insider Trading Statement and are not a substitute therefor. A Covered Person is responsible for complying with both the Insider Trading Statement and this Trading Policy. Thus, even if a Covered Person receives preclearance and no blackout period is in effect, a Covered Person, and any of such Covered Person's Related Parties may not "tip" or trade in Company securities if in possession of material nonpublic information about the Company.

Anti-Hedging and Pledging Pre-Approval Policy

The Company considers it inappropriate for any executive officer or director to engage in any transactions designed to hedge or offset any decrease in the market value of the Company's equity securities (commonly referred to as "hedging" or "monetization" transactions), including, but not limited to, through the use of financial instruments such as exchange funds, equity swaps, puts, calls, collars, forwards and other derivative instruments, or through the

establishment of a short position in the Company's equity securities. Therefore, such transactions are prohibited. This prohibition also includes transactions, such as forward sale contracts, in which the stockholder continues to own the underlying security without all the risks or rewards of ownership. The prohibitions in this paragraph do not apply to the exercise of stock options granted as part of a Company incentive plan.

Additionally, executive officers and directors may not pledge, including by holding Company securities in a margin account, or otherwise encumber Company stock without obtaining prior pre-clearance of the Human Resources Committee; provided that such pre-clearance will not be required for: (1) loans from the Company's 401k Savings Plan accounts; (2) the involuntary imposition of liens, such as tax liens or liens arising from legal proceedings, or customary purchase and sale agreements, such as Rule 10b5-1 plans; or (3) pledges of less than a "significant" amount of Company stock. The term "significant" means the lesser of 0.50% of the Company's outstanding equity securities and 10% of the equity securities of the Company owned by the executive officer or director. In addition, any pledged shares do not count towards an executive officer's or director's stock ownership requirements.

Compliance with the Policy Following Termination of Service

If any Covered Person is aware of material non-public information with respect to the Company when such person terminates service as a director, officer, employee or consultant of the Company, such person may not engage in any transactions subject to this Trading Policy and the Insider Trading Statement involving the Company's securities until that information has become public or is no longer material. Additionally, if such person's service with the Company terminates during any blackout period, such person will continue to be subject to the restrictions set forth in this Trading Policy and the Insider Trading Statement until such blackout period has ended.

This Trading Policy will still apply to any Covered Person regarding, (i) any transactions within the six-month period following the termination of such Covered Person's service as a Section 16 Person also must not be subject to short-swing liability under Section 16(b) of the Exchange Act and (ii) in order to ensure compliance with Rule 144 as described above, any such individual must notify the Company prior to making any sales of the Company's securities during the three months following such time that such individual ceases serving as a Section 16 Person.

If there are any questions regarding this Trading Policy or the Insider Trading Statement, or the Company's policy with respect to Rule 10b5-1 plans, please contact the Company's General Counsel.

Adopted effective as of December 5, 2024.

CERTIFICATION

I, Mark Fioravanti, certify that:

1. I have reviewed this annual report on Form 10-K of Ryman Hospitality Properties, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's Board of Directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
